### D. Policy, Compliance, and State Accountability Report

D. Hertzler went over policy and compliance, noting that CalOPS internally is reviewing and revising the previously used handbooks, replacing them with a Student and Family Catalog. Also finalizing financial and operational MOUs with NorCal and M Bay, approval in September.

Regarding accountability, AB 2254 passed, this will affect CalOPS positively by showcasing additional data on student achievement. SB 1380 did not pass, so there was no impact on CalOPS.

Board Bylaws will require more revisions than initially expected, so they are being revised by legal now and will be brought for approval in September. Notification will be sent to authorizing districts to notify of the changing bylaws when it is required.

D. Hertzler announced that B. Hartelt and P. Hedrick both resigned from the board, the latter effective immediately, due to his acceptance of a teaching position at CalOPS. He stated that two positions are now open on the board and board members will be recruited over summer to fill the spots. If any qualified individuals are interested, they should reach out to D. Hertzler, E. Pavlich, or R. Savage.

### E. Student Achievement Update

L. Dombek offered updates on the Local Indicator Report which reflects how the school is doing based on the 6 priorities listed: curriculum, standards, parent and family engagement, and school climate. Priorities are ranked 1-5 and CalOPS is at a 4 for most of these priorities with a few 5s.

### F. Financial Update

L. Carter went over the funding determination. This year was only for SoCal. The recommendation was 100% for 4 years, next step will be going to California State Board of Education. Final determination should be July 7th.

May Revise was released on May 10th, but did not have too much of an effect on CalOPS. Funding based off ADA will increase by 1.07%. Funding for staff is 19.1%, unchanged. Insurance is also unchanged at .05%. L. Carter noted that deferrals are one thing to keep an eye on. They have not impacted the school in the past, and likely won't if they occur, but they will be watched. One other piece that could affect CalOPS is being

required to do a spending plan for any unused funds at the end of each year. Typically these funds are required to be used over the course of 3 years, so this would require CalOPS develop annual reports when all the funds have not been spent, which would not be an issue.

B. Hartelt left at 4:15 PM.
