California Online Public Schools

THIS AGREEMENT ("Agreement") is entered into as of the August 28, 2024 ("Effective Date") by and between **California Online Public Schools,** having an office at 33272 Valle Road San Juan Capistrano, CA 92675 ("CalOPS") and **Community Therapy Services, LLC**, having an office at **3527 River Rd., Toledo, OH 43614** ("Contractor"), (individually a "Party" and together "the Parties").

RECITALS

A. CalOPS wishes to engage Contractor as an independent contractor for the purpose of completing certain specified tasks on the terms and conditions set forth below; and

B. Contractor wishes to provide the Services (as defined below) in accordance with the terns of this Agreement.

IT IS THEREFORE AGREED:

1. REPONSIBILITIES OF CONTRACTOR. Contractor agrees to do the following:

A. Perform the Services as described in a written Work Assignment in the form of **Exhibit A** attached hereto and made a part hereof (collectively, the "Services") in a workmanlike manner and in accordance with generally accepted practices and principles of Contractor's trade and as may be necessary to complete the Services in a timely manner. **Exhibit A** may be amended from time to time, or supplemented with additional or revised Services to be rendered by Contractor, as agreed upon in a writing signed by both Parties.

B. Review Contractor's progress either verbally or in writing, as requested by CalOPS from time to time, and allow CalOPS to inspect all work accomplished and/or in progress pursuant to this Agreement.

C. Supply all tools, equipment and supplies required to perform the Services except to the extent that the Services must be performed on or with CalOPS equipment, as agreed to by CalOPS.

D. Be solely responsible to pay all social security, withholding, unemployment and other taxes, whether local, state or federal as and when they become due.

2. BACKGROUND CHECKS

A. As used herein, the term "background check" shall mean a social security number verification, searches of the local and national sex offender registry search, and a criminal history search (i) in the national/federal databases, and (ii) for any state and county in which the individual has resided within the last seven years. As used herein, the term "cleared" shall mean the individual has a verified social security number and has no charges or convictions in the individual's background check report which would affect an individual's ability to do his or her job and/or the safety of the workplace or our customers.

B. Contractor shall submit to CalOPS a written certification that (a) Contractor has completed comparable background check for any of its employees and approved subcontractors who provide direct or virtual services to CalOPS' students, and (b) each such individual has been cleared. Further, Contractor shall update its written certification as to any employees and/or subcontractors added to Contractor's employ if those individuals will be providing any Services

under this Agreement. If any individuals under the Contractor's employ have any charges or convictions on their record, Contractor should obtain written approval from CalOPS' Human Resources Department that such charge or conviction would not affect an individual's ability to do his or her job and/or the safety of the workplace or our customers.

C. Contractor and/or Contractor's employees and subcontractors, as applicable, shall not perform Services under this Agreement until the background check has been cleared.

D. Contractor shall report any changes to the information obtained in the initial background check to CalOPS. Failure to comply with the requirements of this Section 2 shall be grounds for immediate termination of this Agreement.

3. TERM AND TERMINATION

A. Term. This Agreement will become effective on the Effective Date specified above. Either Party may terminate this Agreement prior to its expiration upon thirty (30) days prior written notice to the other Party. In addition, either Party may terminate a Work Assignment immediately for an uncured breach by the other Party.

B. Obligations on Termination. In the event this Agreement is terminated by either Party for any reason: (1) Contractor will terminate all Services in progress in an orderly manner as soon as practical and in accordance with a schedule agreed to by CalOPS, unless CalOPS specifies in the notice of termination that Services in progress should be completed, (2) Contractor will promptly (not later than ten (10) days after the effective date of termination) deliver to CalOPS all Work Product, Confidential Information (both as defined below) and any equipment and/or materials of any type belonging to CalOPS, (3) CalOPS will pay Contractor for all accepted Services and reimbursable expenses accrued as of the effective date of termination upon the earlier of their due dates or thirty (30) days after the effective date of termination, and (4) Contractor will promptly refund to CalOPS any monies paid by CalOPS in advance for Services not rendered. Termination of this Agreement will not relieve the Parties of any applicable obligation or liability under this Agreement, nor will it affect or impair the rights of a Party arising prior to such termination.

4. INDEPENDENT CONTRACTOR STATUS

A. While the desired results of Contractor's Services will be mutually agreed upon, Contractor will control the manner in which the Services are provided.

B. This Agreement shall not render Contractor an employee, partner, agent of, or joint venturer with CalOPS for any purpose. Contractor represents and warrants that Contractor is an independent contractor with no authority to contract for CalOPS or in any way to bind or to commit CalOPS to an agreement of any kind or to assume any liabilities of any nature in the name of or on behalf of CalOPS.

C. Contractor shall not be entitled to any remuneration, benefits, or expenses other than as specifically provided for in this Agreement. Contractor shall have no claim against CalOPS for vacation pay, sick leave, retirement benefits, worker's compensation, health or disability benefits, unemployment insurance benefits, or employee benefits of any kind. Contractor agrees that CalOPS shall not be liable for taxes, unemployment insurance, employers' liability, employer's FICA, social security, Medicare, withholding tax, or other taxes or withholding for or on behalf of Contractor. All such costs shall be Contractor's sole responsibility, and Contractor shall indemnify and hold CalOPS harmless from any and all damages, claims and expenses arising out of or resulting from any claims asserted by any taxing or other government authority as a result of or in connection with said payments.

5. COMPENSATION AND PAYMENT

A. Compensation. Unless otherwise specified in the applicable Work Assignment, CalOPS agrees to pay Contractor for the Services, monthly in arrears, in accordance with the rates set forth in

the applicable Work Assignment, which are fixed for the duration of that particular Work Assignment. CalOPS will not be responsible to pay any overtime rates (higher rates for hours in excess of eight (8) hours per day or forty (40) hours per week). Time spent traveling is not billable.

B. Invoice Procedures. All invoices are to be submitted to the address set forth on the signature page of this Agreement. CalOPS will pay a properly submitted and undisputed itemized invoice, supported by all relevant receipts, within thirty (30) days of receipt. Invoices must include a brief description of the Services performed, the time expended by Contractor in performing the Services, and details for all expenses incurred during the preceding month, with supporting documentation allocated by contract number and Work Assignment number, where these are provided. Unless otherwise agreed upon in a Work Assignment, Contractor will not be compensated for Services or reimbursed for expenses which are invoiced more than sixty (60) days after the performance of such Services or incurring of such expenses.

C. Taxes. Contractor shall pay all required taxes on Contractor's income from CalOPS under this Agreement. Contractor will provide CalOPS with Contractor's taxpayer identification number or social security number, as applicable.

6. CONFIDENTIALITY

A. Contractor acknowledges that, during the term of this Agreement and in the course of performing Contractor's obligations hereunder, Contractor may have access to Confidential Information (as defined below) concerning CalOPS and its students, customers and/or business partners. Contractor acknowledges that CalOPS has developed, compiled, and otherwise obtained, often at great expense, this information, which has great value to CalOPS' business. Contractor agrees to hold in strict confidence and in trust for the sole benefit of CalOPS all Confidential Information and will not disclose any Confidential Information, directly or indirectly, to anyone outside of CalOPS, or use, copy, publish, summarize such information except during Contractor's work for CalOPS to the extent necessary to carry out Contractor's responsibilities under this Agreement.

B. The reference to "Confidential Information" in this Agreement means all information and any idea in whatever form, tangible or intangible, whether disclosed to or learned or developed by Contractor pertaining in any manner to the business of CalOPS (or any of its affiliates) or to CalOPS' customers or business partners unless: (i) the information is or becomes publicly known through lawful means; (ii) the information was rightfully in Contractor's possession or part of Contractor's general knowledge prior to engagement by CalOPS; (iii) the information is disclosed to Contractor without confidential restriction by a third party who rightfully possesses the information (without confidential restriction) and did not learn of it, directly or indirectly, from CalOPS; or (iv) the information must be disclosed by operation of law, provided Contractor promptly notifies CalOPS of any such request for disclosure in order to allow CalOPS full opportunity to seek the appropriate protective orders. Contractor further understands that CalOPS considers the following information to be included, without limitation, in the definition of Confidential Information, whether in written or verbal form, and including electronic data recorded or retrieved by any means: (1) CalOPS' methodology and other non-public information regarding development of its educational content, curricula, teaching outlines, lesson plans, testing processes and procedures (collectively, "Educational Content") and third party content incorporated into CalOPS' Educational Content; (2) student records and other student-related personal information; (3) information regarding business strategy and operations, such as business plans, methods, marketing strategies, outreach plans and sales information, pricing information, customer and prospect lists, and the identities and locations of vendors and Contractors providing services or materials to or on behalf of CalOPS; (4) information regarding product development, such as product designs and concepts, development methods, computer software, inventions, and other work product; (5) financial information, such as budget and expense information, economic models, pricing, cost and sales data, operating and other financial reports and analysis; and (6) human resource information, such as compensation policies and schedules, employee recruiting and retention plans, organization charts, and personnel data; and (7) any other trade secrets or other similar non-public information that may provide CalOPS with a strategic advantage or could harm CalOPS if publicly disclosed.

C. Contractor recognizes that CalOPS has received, and in the future will receive, from third parties their confidential information subject to a duty on CalOPS' part to maintain the confidentiality of such information and to use it only for certain limited purposes. Contractor agrees that

Contractor owes CalOPS and such third parties, during the term of Contractor's work for CalOPS and thereafter, a duty to hold all such confidential information in the strictest confidence and, except with the prior written authorization of CalOPS, not to disclose it to any person, firm or corporation (except as necessary in carrying out Contractor's work for CalOPS consistent with CalOPS' agreement with such third party) or to use it for the benefit of anyone other than for CalOPS or such third party (consistent with CalOPS' agreement with such third party).

D. Contractor understands that, by virtue of its performance under this Agreement, Contractor may possess access to educational records protected under the Family Educational Rights and Privacy Act of 1974 ("FERPA") where Contractor acts in the capacity of a 'School Official" with a legitimate educational interest. Contractor acknowledges that the intentional disclosure of any FERPA protected information to any unauthorized person could subject Contractor to criminal and civil penalties imposed by law. Contractor further acknowledges that such willful or unauthorized disclosure also violates CalOPS' policy and could result in immediate termination of this Agreement.

E. In addition to the items set forth in this Agreement, clinical and medical records are also "Confidential Information" under this Agreement, and each Party expressly agrees to comply, to the extent and in the manner required by the applicable statutory and regulatory regime, with the laws and regulations governing the use, disclosure, and duties and obligations to protect protected health information, as may be amended from time to time (collectively, "Applicable Laws"), including, without limitation, FERPA; Subtitle D of the Health Information Technology of Economic and Clinical Health Act ("HITECH"); and the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), including the implementation of all required safeguards to prevent disclosure of protected health information by either Party, its employees or agents. A failure to comply with Applicable Laws is a breach of this Agreement, and the non-breaching Party may terminate this Agreement in accordance with the terms hereof for the breaching Party's failure to timely cure any such breach.

F. Without limiting Contractor's obligation of confidentiality herein, Contractor shall maintain data privacy and information security to ensure the security and confidentiality of data that identifies a person about whom such data is collected, disclosed, transferred, stored or otherwise used, including, without limitation, data relating to students, their parents, employees and other individuals ("Personal Data"). Contractor will limit the use and disclosure of Personal Data solely as necessary to perform its obligations under this Agreement. Contractor will comply with applicable laws, rules and regulations related to the protection of Personal Data. Contractor and shall notify CalOPS in writing immediately (and in any event within 24 hours) upon learning of any accidental or intentional breach of the security of Personal Data, or any unlawful or unauthorized access, uses or disclosures of Personal Data ("Security Breach"), and provide detailed information regarding the nature and scope of the Security Breach, the actual or potential cause of the breach, the measures being taken by Contractor to investigate the breach, correct or mitigate the breach, and to prevent future breaches.

7. INSURANCE

A. Contractor will obtain and maintain insurance policies (including without limitation, General Liability-Comprehensive form, and statutory workers' compensation insurance) that are sufficient to provide adequate protection for Contractor and/or CalOPS against claims which may arise from Services performed by Contractor under this Agreement. Contractor's insurance must respond on a primary basis without contribution from any other insurance carrier by CalOPS until limits become exhausted. Contractor will provide CalOPS with certificates of insurance and other supporting materials as CalOPS may reasonably request to evidence Contractor's continuing compliance with this provision.

B. In the event that Contractor breaches this Section 8 and fails to carry such insurance, Contractor acknowledges that as the remedy for such breach, which remedy shall be nonexclusive, Contractor shall reimburse and hold harmless CalOPS, its affiliates, agents and employees from and against any damages, claims, and expenses arising out of or resulting from work conducted by Contractor. Such obligation shall include a duty to defend, and shall require Contractor to reimburse CalOPS for all professional fees and costs, including legal and accounting fees, incurred in connection with or arising out of such failure regardless of whether the matter proceeds to litigation.

8. SUBCONTRACTING

Contractor may not subcontract any of the Services without CalOPS' consent which, in view of the personal nature of services to be provided by Contractor, may be withheld at the sole discretion of CalOPS. If CalOPS consents to a particular subcontract, Contractor shall assume the same liability and responsibility for that subcontractor's conduct and performance as if Contractor performed all Services performed by the subcontractor. CalOPS will not incur any additional fees, costs or charges with regard to any subcontract. Contractor agrees to require any approved subcontractor to comply with all of the terms and conditions of this Agreement.

9. INDEMNITY

CalOPS shall not be liable under any contract or obligation of the Contractor, except as otherwise expressly provided in this Agreement, or for any act or omission of the Contractor. Contractor agrees to indemnify and hold CalOPS harmless from and against any and all losses, damages, costs and expenses (including reasonable attorney's fees) that are caused by or arise out of any intentional or negligent omission, act, or other misconduct by Contractor in connection with the Services performed or any and all other obligations of the Contractor under this Agreement. Likewise CalOPS agrees to indemnify and hold Contractor harmless from and against any and all losses, damages, costs and expenses (including reasonable attorney's fees) that are caused by or arise out of any intentional or negligent omission, act, or other misconduct by CalOPS or its officers, employees, independent contractors, agents or volunteers in connection with the Services performed or any and all other obligations of CalOPS under this agreement.

10. GENERAL PROVISIONS

A. Entire Agreement. This Agreement and the attached Exhibits constitute the entire agreement between the Parties and supersede any and all previous representations, understandings, discussions or agreements between the Parties as to the subject matter hereof. This Agreement may only be amended by an instrument in writing signed by both Parties. Terms in a Work Assignment have precedence over conflicting terms in this Agreement, but have applicability only to that Work Assignment. Any modification or extension of a Work Assignment must be by written amendment to that Work Assignment.

B. Joint Drafting and Neutral Construction. It is acknowledged that this Agreement is the product of negotiation between the Parties hereto, and the fact that a particular party prepared the draft(s) or the final form of this Agreement shall not be relevant in the construction or interpretation of this Agreement should any provision or portion of this Agreement be deemed to be ambiguous.

If, for any reason, a successful Party incurs costs of collection and or attorney's fees due and payable according to this Agreement, or in otherwise enforcing this Agreement, the unsuccessful Party shall be responsible for and shall pay all attorney fees, costs of collection and all other expenses associated with such collection or enforcement efforts.

D. Notices. Any notice given in connection with this Agreement shall be given in writing and shall be deemed to have been sufficiently given or served for all purposes if and as of the date it is delivered by hand, received by overnight courier, or within three (3) business days of being sent by registered or certified mail, postage prepaid to the Parties at the following addresses (or to such other address as hereafter may be designated in writing by such Party to the other Party):

E. Severability. If any section, condition, provision or covenant of this Agreement is held to be invalid or unenforceable, either in itself or as to any particular Party, the remainder of this Agreement will continue in force unless it would be inequitable and inconsistent with the purpose of the Agreement to continue to do so.

F. Waiver. The failure of either Party to insist upon a strict performance of any one of the terms or conditions of this Agreement or to exercise any right, remedy or election set forth herein or permitted by law shall not constitute nor be construed as a waiver or relinquishment for the future of such term, condition, right, remedy or election, but such items shall continue and remain in force and effect. All rights or remedies of either Party specified in this Agreement and all other rights or remedies that either Party may have at law, in equity or otherwise shall be distinct, separate and cumulative rights or remedies, and no one of them, whether exercised by the Party seeking enforcement or not, shall be deemed to be in exclusion of any other right or remedy of such Party. J. Electronic Signatures. This Agreement and related documents may be accepted in electronic form (e.g., by scanned copy of the signed document, an electronic or digital signature or other means of demonstrating assent) and each Party's acceptance will be deemed binding on the Parties. Each Party acknowledges and agrees it will not contest the validity or enforceability of this Agreement and related documents, including under any applicable statute of frauds, because they were accepted and/or signed in electronic form. Each Party further acknowledges and agrees that it will not contest the validity or enforceability of a signed facsimile copy of this Agreement and related documents on the basis that it lacks an original handwritten signature. Facsimile signatures shall be considered valid signatures as of the date hereof. 05/03/2024	Nohemi Moffatt	Connections Academy- SoCal	Aiden Ilaoa	Speech Therapy	11:00 AM	11:30 AM	0.50	Regular	Student arrived on time to therapy. Had just finished cooking class where they made 'inn'n'out' burgers. Student wanted to recreate picture faces based on his stuffies. Worked on 'sh' today, WM word level 100%, WI word level 100%, WF word level 100%; some phrases where 'sh' was also produced. Sentences had to be reduced to phrases for maximal support. Very low intelligibility, but did say some words out of context that were approximations with careful listening. Continue per IEP.
05/10/2024	Nohemi Moffatt	Connections Academy- SoCal	Aiden Ilaoa	Speech Therapy	11:00 AM	11:30 AM	0.50	Regular	Student arrived on time to therapy. Reported that he had been making a mother's day card in his last class. Worked on a digital mother's day card in speech today. Lots of groping to get many words out, significantly impacting intelligibility, especially when no context is present (like when he was trying to share that he had family from Chicago over). Continue per IEP.
05/24/2024	Nohemi Moffatt	Connections Academy- SoCal	Aiden Ilaoa	Speech Therapy	11:00 AM	11:30 AM	0.50	Regular	Student arrived 13 minutes late to therapy the dance party ending late and him having to use the restroom. Worked on 'sh' in two word positions today: initial with 100% accuracy and final with 80% accuracy. Attempted to have him imitated very short, structured complete sentences of 4 words, with 50% accuracy (needed the sentences chunked into phrases). Intelligibility was still very low, but with careful attempts and increasing familiarity on the provider's part, he was able to say phrase approximations like "rock and roll." Worked on Danny the Hulk for the fun part of therapy. Continue per IEP.
05/31/2024	Nohemi Moffatt	Connections Academy- SoCal	Aiden Ilaoa	Speech Therapy	11:00 AM	11:30 AM	0.50	Regular	Student arrived on time to therapy. Worked on initial 'th' sounds in words 90% accuracy but not able to do phrases (has to be prompted for each word individually). Medial 'th' still substitutes for /v/ with overexaggerated tongue placement on some words and no attempt on others (like 'mother'). Make it 'face' activity using his own face on USLP. Education to respite worker about modeling phrases to encourage him to put words together. Continue per IEP.

Worked on reviewing video scenes and picking up on cues that something went wrong. He missed some nonverbal cues and misinterpreted situations (like the girl with the bottle of water not being polite when asking someone to open it). 1/5 accuracy, but his connection was also laggy and that may have affected what he understood from the videos. 1. **LIEN DATE:** Each year, the Assessor assesses all the taxable property in the county to the person(s) owning, claiming, possessing, or controlling it on the lien date of **January 1st** – except state-assessed property (Sec. 405). If you were the owner of record on 12:01 a.m. on the first day of January, you are responsible for paying these taxes (Sec. 2192). Unsecured property taxes are due as of the tax lien date (Sec. 2901). Unsecured property taxes are **not prorated** based on partial ownership or dates owned.

2. **OWNERSHIP ON JANUARY 1, 2024 DETERMINES THE OBLIGATION TO PAY TAXES: The disposal (sale, loss, closure, non-operation, damage or destruction, etc.) of property after the lien date of January 1, 2024 does not relieve the Assessee from paying the property taxes nor does it reduce the property taxes owed. View the limited options to have penalties cancelled at octreasurer.com/penaltyinfo.**

3. **DUE DATES:** The Unsecured property tax bills that are sent out on or before July 31 are **due on receipt** and since the due date of August 31, 2024 falls on a weekend, **it is delinquent if not paid by September 3, 2024**. Tax bills generated after July 31are due on receipt and are delinquent after the last day of the next month. (Ex. A bill generated in September is delinquent after October 31). If the due date falls on a Saturday, Sunday or legal holiday, payments made on the next business day are not considered delinquent (Sec. 2922). Partial payments are accepted, but to avoid delinquent penalties, pay in full by September 3, 2024.

4. **PENALTIES AND DELINQUENT PROPERTY TAX ENFORCEMENT: If the tax bill is not paid by the last timely payment date, a 10% penalty plus a fee of $75 per assessment will be added to the outstanding balance.** If the tax bill remains unpaid after 60 days, additional penalties of 1.5% per month (18% per year) will be charged on the first day of each month starting November 1, 2024. In addition, if the balance remains unpaid, a tax lien will be recorded against the Assessee, and a recording fee of $10 will be added to the outstanding amount until the bill is paid in full. **A tax lien may affect your credit rating.** Tax liens may be enforced at any time after a tax lien is recorded and may include seizure and sale (Sec. 2951) of any of the following **property belonging or assessed to the Assessee** such as (a) personal property, including bank accounts (b) improvements (c) possessory interest and money owed to the debtor by the state, such as state tax refunds or lottery winnings, (GC 12419.8). Registration holds will be placed with the DMV for delinquent taxes due on boats/vessels.

5. **PAYMENT METHODS:**

   (A) MAIL OR IN PERSON: Payments by mail must be postmarked by the U.S. Post Office (USPS) on or before the last timely date to avoid late penalties and fees. If the envelope is not postmarked by the USPS, it will be considered received as of the date it was received in our office. **Office machine cancellation marks will not be accepted.** If you wait until the last week to mail your check, have your envelope hand stamped with a USPS postmark. Checks must be payable to the County of Orange, paid in U.S currency and drawn on a U.S. bank. Checks are processed electronically, and your account will be debited the same day the payment is received. If your check is returned unpaid by your bank, we may represent your check electronically and charge an NSF fee. Payment options, such as checks, money orders and cash, are accepted in person at 601 N. Ross St., County Service Center until 5:00 p.m. PST, and check payments can be put in the outside depository drop box off Ross St. until 11:59 p.m. PST on the last timely payment date to avoid penalties.

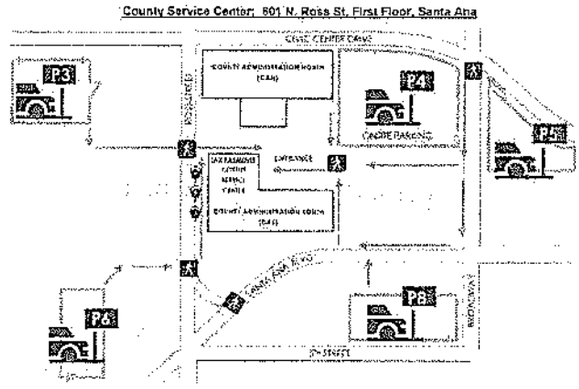
   (B) eCHECK: Pay your tax bill online at octreasurer.com/octaxbill using a checking or savings account at **no cost.** Make sure you enter your email address to receive your payment receipt by email and retain the receipt number from the website when the transaction is completed as proof of timely payment. If a receipt number is not provided, the payment was not processed. You will receive same day credit for payment, but it may take 2-3 business days to be debited from your bank account. Online payments through the Tax Collector's authorized website must be completed on or before 11:59 p.m. PST on the due date to avoid penalties.

   (C) CREDIT/DEBIT CARD: Pay your tax bill online at octreasurer.com/octaxbill or through our automated telephone system at (714) 834-3411 using a credit or debit card. Acceptable cards include American Express, Discover, Visa and MasterCard. A service fee of 2.29% of the transaction amount (minimum of $1.95) will be added for credit or online debit card payments. In-person debit card payments will be charged a flat $2.95 fee. These fees are charged by the credit card processor which the County of Orange does not benefit from. Payments online will receive a payment receipt by email, retain the receipt number from the website when the transaction is completed as proof of timely payment. **If a receipt number is not provided, the payment was not processed.** Online payments processed at octreasurer.com/octaxbill must be completed on or before 11:59 p.m. PST on the due date to avoid penalties.

   (D) ONLINE BANKING: Online banking payments from 3rd party vendors must be received by September 3, 2024. These mailed envelopes are not date stamped by the USPS. To ensure timely credit and avoid late penalties, request these type of payments at least seven business days prior to the last timely payment date. Payments must be made payable to the County of Orange and include the seven-digit Tax Collector Reference Number (TC Ref #) in the account number field (i.e., XXXXXXX). Do not include any other alpha characters with your TC Ref #. You will be charged all applicable late penalties and fees if payment is received from the 3rd party vendor after September 3, 2024. Or, pay online at octreasurer.com/octaxbill with eCheck for same day credit and a receipt.

6. **BUSINESS PROPERTY:** This includes Machinery, Equipment, Furniture, Photocopiers, Computers, Leased Equipment, Tools, Molds/Dies, and Supplies. In addition, commercial & private aircraft and boats and personal watercraft are also considered unsecured personal property. Property valued at $10,000 or less will be exempted from property taxes. Disagree with the assessed value? File an appeal at assessmentappeals.ocgov.com by December 2, 2024.

7. **TRANSFERRED BILLS:** Escape Assessments, Mobile Home and Possessory interest tax bills on real property are transferred to the Unsecured tax roll on July 1 of each fiscal year once they become delinquent. An unsecured supplemental bill is also created when a reappraisal occurs after a subsequent change in ownership. It is then billed on the Unsecured tax roll because the owner responsible for the property taxes either no longer owns or controls the property.



8. **FOUR-YEAR PAYMENT PLAN:** This payment plan only applies to Unsecured taxes due on an Escape assessment if the following criteria are met:
   (A) The tax amount due is more than $500.00.
   (B) The taxes due are for a prior fiscal year.
   (C) A Four-Year Payment Plan form is submitted to the Treasurer-Tax Collector prior to the due date along with at least 20% of the taxes due plus the applicable processing fee. Tax liens will be recorded for all assessments on the Four-Year Payment Plan until all taxes, penalties and fees have been paid. Interest at the rate of 0.75% per month (9% per year) will be added to the outstanding balance if the Escape assessment was due, in whole or in part, to the error, omission or other fault of the Assessee. If an annual installment is not paid timely, the remaining balance of taxes will immediately become due, plus a 10% penalty and interest of 1.5% per month (18% per year) will be added as of the assessment's original due date. It is the Assessee's responsibility to pay installments in a timely manner. The payment plan will terminate should Unsecured property taxes become delinquent on any other property or if the property under the plan changes ownership. The installment payment plan form is available at octreasurer.com/octaxbill under the Most Popular section, email us at ttcinfo@ttc.ocgov.com or call (714) 834-3411 for assistance.

9. **CHANGE OF ADDRESS:** To avoid late penalties and fees, notify the Assessor of any change in the mailing address. The law states that **failure to receive a tax bill does not relieve an Assessee of responsibility for the timely payment of taxes. Delinquent penalties and fees accrue if payment is not made by the last timely payment date.** The Change of Address form is available at ocassessor.gov/forms. 1. **LIEN DATE:** Each year, the Assessor assesses all the taxable property in the county to the person(s) owning, claiming, possessing, or controlling it on the lien date of **January 1st** – except state-assessed property (Sec. 405). If you were the owner of record on 12:01 a.m. on the first day of January, you are responsible for paying these taxes (Sec. 2192). Unsecured property taxes are due as of the tax lien date (Sec. 2901). Unsecured property taxes are **not prorated** based on partial ownership or dates owned.

2. **OWNERSHIP ON JANUARY 1, 2024 DETERMINES THE OBLIGATION TO PAY TAXES: The disposal (sale, loss, closure, non-operation, damage or destruction, etc.) of property after the lien date of January 1, 2024 does not relieve the Assessee from paying the property taxes nor does it reduce the property taxes owed. View the limited options to have penalties cancelled at octreasurer.com/penaltyinfo.**

3. **DUE DATES:** The Unsecured property tax bills that are sent out on or before July 31 are **due on receipt** and since the due date of August 31, 2024 falls on a weekend, it **is delinquent if not paid by September 3, 2024.** Tax bills generated after July 31are due on receipt and are delinquent after the last day of the next month. (Ex. A bill generated in September is delinquent after October 31). If the due date falls on a Saturday, Sunday or legal holiday, payments made on the next business day are not considered delinquent (Sec. 2922). Partial payments are accepted, but to avoid delinquent penalties, pay in full by September 3, 2024.

4. **PENALTIES AND DELINQUENT PROPERTY TAX ENFORCEMENT: If the tax bill is not paid by the last timely payment date, a 10% penalty plus a fee of $75 per assessment will be added to the outstanding balance.** If the tax bill remains unpaid after 60 days, additional penalties of 1.5% per month (18% per year) will be charged on the first day of each month starting November 1, 2024. In addition, if the balance remains unpaid, a tax lien will be recorded against the Assessee, and a recording fee of $10 will be added to the outstanding amount until the bill is paid in full. **A tax lien may affect your credit rating.** Tax liens may be enforced at any time after a tax lien is recorded and may include seizure and sale (Sec. 2951) of any of the following **property belonging or assessed to the Assessee**: such as (a) personal property, including bank accounts (b) improvements (c) possessory interest and money owed to the debtor by the state, such as state tax refunds or lottery winnings. (GC 12419.8). Registration holds will be placed with the DMV for delinquent taxes due on boats/vessels.

5. **PAYMENT METHODS:**

   (A) MAIL OR IN PERSON: Payments by mail must be postmarked by the U.S. Post Office (USPS) on or before the last timely date to avoid late penalties and fees. If the envelope is not postmarked by the USPS, it will be considered received as of the date it was received in our office. **Office machine cancellation marks will not be accepted**. If you wait until the last week to mail your check, have your envelope hand stamped with a USPS postmark. Checks must be payable to the County of Orange, paid in U.S currency and drawn on a U.S. bank. Checks are processed electronically, and your account will be debited the same day the payment is received. Online payments through the Tax Collector's authorized website must be completed on or before 11:59 p.m. PST on the due date to avoid penalties.

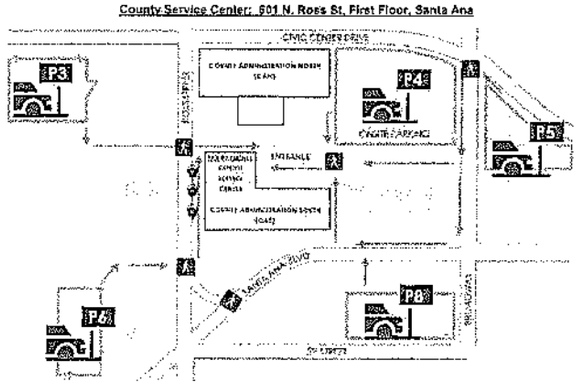
Do not include any other alpha characters with your TC Ref #. You will be charged all applicable late penalties and fees if payment is received from the 3rd party vendor after September 3, 2024. Or, pay online at octreasurer.com/octaxbill with eCheck for same day credit and a receipt.

6. **BUSINESS PROPERTY:** This includes Machinery, Equipment, Furniture, Photocopiers, Computers, Leased Equipment, Tools, Molds/Dies, and Supplies. In addition, commercial & private aircraft and boats and personal watercraft are also considered unsecured personal property. Property valued at $10,000 or less will be exempted from property taxes. Disagree with the assessed value? File an appeal at assessmentappeals.ocgov.com by December 2, 2024.

7. **TRANSFERRED BILLS:** Escape Assessments, Mobile Home and Possessory interest tax bills on real property are transferred to the Unsecured tax roll on July 1 of each fiscal year once they become delinquent. An unsecured supplemental bill is also created when a reappraisal occurs after a subsequent change in ownership. It is then billed on the Unsecured tax roll because the owner responsible for the property taxes either no longer owns or controls the property.



8. **FOUR-YEAR PAYMENT PLAN:** This payment plan only applies to Unsecured taxes due on an Escape assessment if the following criteria are met:
   (A) The tax amount due is more than $500.00.
   (B) The taxes due are for a prior fiscal year.
   (C) A Four-Year Payment Plan form is submitted to the Treasurer-Tax Collector prior to the due date along with at least 20% of the taxes due plus the applicable processing fee. Tax liens will be recorded for all assessments on the Four-Year Payment Plan until all taxes, penalties and fees have been paid. Interest at the rate of 0.75% per month (9% per year) will be added to the outstanding balance if the Escape assessment was due, in whole or in part, to the error, omission or other fault of the Assessee. If an annual installment is not paid timely, the remaining balance of taxes will immediately become due, plus a 10% penalty and interest of 1.5% per month (18% per year) will be added as of the assessment's original due date. It is the Assessee's responsibility to pay installments in a timely manner. The payment plan will terminate should Unsecured property taxes become delinquent on any other property or if the property under the plan changes ownership. The installment payment plan form is available at octreasurer.com/octaxbill under the Most Popular section, email us at ttcinfo@ttc.ocgov.com or call (714) 834-3411 for assistance.

9. **CHANGE OF ADDRESS:** To avoid late penalties and fees, notify the Assessor of any change in the mailing address. The law states that **failure to receive a tax bill does not relieve an Assessee of responsibility for the timely payment of taxes. Delinquent penalties and fees accrue if payment is not made by the last timely payment date.** The Change of Address form is available at ocassessor.gov/forms. Sign up for the unsecured payment reminder at octreasurer.com/eSubscriptions to avoid late penalties. Search for all bills online at octreasurer.com/octaxbill including by business name, N#, CF# and TC Ref#.

10. **CHANGE OF OWNERSHIP / CHANGE OF OWNERSHIP STATEMENT (COS) PENALTY APPEAL:** The law requires anyone acquiring an interest in real property, or a mobile home subject to local property taxation, to file a Change of Ownership Statement with the Office of the Assessor. This form is available on the Assessor's website at ocassessor.gov/forms or call (714) 834-5031 for assistance. If you disagree with a **COS PENALTY** as shown on this tax bill, you have the right to file an Assessment Appeal Application no later than 60 days of the date printed on the tax bill or the postmark date, whichever is later. 11. **ASSESSMENT APPEAL FOR ANNUAL PROPERTY ASSESSMENTS:** If you disagree with the assessed value as shown on this tax bill, you have the right to an informal assessment review. If you and the Assessor are unable to agree on value pursuant to the informal assessment review, you may file a formal appeal by completing an Assessment Appeal Application form with the Office of the Clerk of the Board of Supervisors Assessment Appeals Division between July 2 and December 2, 2024. The application form and instructions are available online at assessmentappeals.ocgov.com or in person at the Office of the Clerk of the Board of Supervisors, Assessment Appeals Division, 400 W. SERVICE AGREEMENT

Section 4: Policies

SCHEDULING:
CKH will need someone designated in Client organization to work with on scheduling and event planning needs.

CKH will contact you upon confirmed signing of this Agreement to begin setting up dates for Products and Services to be rendered on the applicable Products and Services section.

Confirmation of all scheduled dates of service will be made via email and is subject to cancellation terms as listed in this Agreement.

CKH may need to communicate with the Client's members/Participant(s) via e-mail to communicate pertinent details about events or products they are attending/experiencing. These e-mail addresses are not shared with any third-party organizations and are only used for the events they are attending. These email addresses are NOT used for soliciting purposes.

FACILITIES/EVENT SET-UP:
You and CKH will mutually agree upon the location of any event as part of the Products and Services section, which should be resolved at least 30 days prior to a scheduled service. CKH will provide event-specific details for any scheduled service (including square footage requirements, AV needs, schedule, and other logistics to be coordinated). Should any of those details need to be altered, prior approval by CKH would be needed.

RECORDING/MEDIA:
Video and/or audio taping of events is strictly prohibited without prior written approval by CKH.
Media representatives are not allowed to attend events without prior written approval by CKH.

DEPOSITS and CANCELLATIONS:

- No deposit is required.
- CKH requires a cancellation notice of 90 days prior to any scheduled date of service. A cancellation notice received inside the 90-day window will result in the full contractual fee being assessed as of the date of cancellation. To the extent not offset by duplicate expenses incurred by CKH, the fee charged for such cancellation may be credited to the event once that event is rescheduled, although any amounts paid for Products or Services that are unused by your organization within the 12 months following the date of signature of this Agreement will be forfeited.
- Travel expenses that CKH has incurred and that must be cancelled because of the Client rescheduling or cancelling a product(s) or service(s) without at least two weeks' advance notice may result in extra charges to the Client.
- In the event an assigned CKH Consultant/Strategist is subject to illness, travel delay, or unavoidable emergencies, the event can be rescheduled/restructured/reassigned.
- Force Majeure: Except with regard to payment obligations, neither party shall be liable to the other for any failure or delay in performing its obligations under this Agreement where such failure or delay is as a result of Acts of God (including fire, flood, earthquake, storm, hurricane or other natural disasters), pandemics, epidemics, war, invasion, act of foreign enemies, hostilities (whether war is declared or not), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, government sanction, blockage, embargo, labor dispute, strike, lockout or interruption or failure of electricity or telephone service, and no other Party will have a right to terminate this Agreement in such circumstances. Any Party asserting Force Majeure as an excuse shall have the burden of proving that reasonable steps were taken (under the circumstances) to minimize delay or damages caused by foreseeable events, that all non-excused obligations were substantially fulfilled, and that the other Party was timely notified of the likelihood or actual occurrence which would justify such an assertion so that other prudent precautions could be contemplated.

RESOURCES:

SERVICE AGREEMENT

During the course of providing the Products and Services, participants will be provided with various Resources, some of which shall be distributed by hand or by email to participants during or in preparation or follow-up to particular events, and others of which shall be accessed through websites operated by CKH ("**Websites**"). For the purpose of accessing some or all of the Resources used during our provision of the Products and Services, you will be required to create an account through one or more of the Websites. In the process, you will be required to accept the Terms of Use for the Websites, which will govern your rights and obligations with respect to the content accessed through those Websites, to the extent such Terms of Use are consistent with this Agreement.

Section 5: Intellectual Property

COPYRIGHTS & TECHNOLOGY RIGHTS
CKH's intellectual property is a crucial part of providing training materials and consulting services to its clients, and CKH could not continue its work if its clients did not honor and respect CKH's intellectual property rights. All copyrights and other forms of intellectual property protection pertaining to the Resources, including without limitation all content and functionality on or of the Websites, as well as all text, graphics, images, logos, icons, audio, video, tables, algorithms, analytics, reports, and dynamic content associated with the Resources, whether prearranged or created or modified during the course of providing the Products and Services, as well as the selection, arrangement and "look and feel" of all the foregoing, (excluding personal data belonging to you or your authorized users) are the exclusive property of CKH or its licensors. **None of our work or work product is done on a "work for hire" basis, and all our material and work product is owned exclusively by CKH and is subject to one or more of the following: copyright, trademark, patent, license, or trade secret.** Intellectual property and learning/know-how that may be developed while working with any client shall remain the property of CKH. By entering into this Agreement, you are expressly acknowledging and agreeing to the matters set forth in this paragraph and you are agreeing that none of the training materials, notebooks, videos, presentations, processes or concepts may be used by you, for any purpose, without the express advance written consent of CKH. All textual, dramatic, audio, and/or visual Resources are protected by U.S. and international copyright laws. All rights not expressly granted are reserved.

TRADEMARKS:
The trademarks, service marks, designs, and logos displayed on or in conjunction with the Products, Services, Resources or Websites (collectively, the "**Trademarks**") are the registered and unregistered trademarks of CKH and its licensors. You agree that you will obtain advance written consent from CKH before referring to or attributing any information to CKH or its licensors in any public medium (e.g., signage, press releases, websites, etc.) for advertising or promotion purposes, or for the purpose of informing or influencing any third party, understanding that such consent may be denied for any or no reason. You also agree that you will not use or reproduce any Trademark of, or imply any endorsement by or relationship with, CKH or its licensors.

USE OF RESOURCES:
Capturing Kids' Hearts grants individual participants of training a limited, non-exclusive, revocable, and non-transferable license for the Term of this Agreement to view, access, download, display, and otherwise use specific Capturing Kids' Hearts Resources for their personal and classroom use only. Resources are made available to participants based upon their completed training and provided during training or through site content of Websites.

Access to Resources for participants is based upon both their completion of specific training(s) with Capturing Kids' Hearts and the contractual relationship between Capturing Kids' Hearts and the Client, the organization of which the participant is a current member. The relationship with a Client is documented in the products listed in the Products and Services Section and determines the varying levels of access to Resources based upon the training, products or subscriptions purchased. If the participant is no longer part of the Client's organization, the participant will no longer have access to the resources.

APPLICABLE RESTRICTIONS & REQUIREMENTS:
Any unauthorized use of Resources is prohibited and may violate copyright, trademark, patent, and other applicable laws or regulations and could result in criminal or civil penalties. All Resources are made available for use by you only to the extent

that such use complies with all Applicable Restrictions & Requirements. For these purposes, "**Applicable Restrictions & Requirements**" means any and all of the following: (i) the provisions of this Agreement; (ii) the Terms of Use associated with the Websites; (iii) any other CKH agreements or Products and Services that may be applicable to you; (iv) any written instructions or restrictions provided to you by CKH; and (v) any instructions or restrictions printed on or otherwise accompanying any copies of the Resources that are provided to you, or that appear on Websites that are associated with such Resources. To be clear, except to the extent expressly permitted in writing as part of the Applicable Restrictions & Requirements, your rights do not include rights to do any of the following (collectively, "**Prohibited Actions**"), all of which you are prohibited from doing without CKH's express prior written consent: (i) reproduce, modify, translate, aggregate, distribute, sell, commercially exploit, transmit, post, make derivatives of, or publicly disclose any of the Resources, or any portion thereof, in any way not expressly permitted in writing by CKH; (ii) remove, redact, or omit any and all copyright and other proprietary notices displayed on the Resources or on any permitted copies thereof; (iii) use of any data mining, robots or similar data gathering or extraction methods in connection with the Resources or the Websites; (iv) download (other than page caching) of any portion of the Resources or the Websites except to the extent expressly authorized during provision of the Products and Services; (v) reverse engineer or access the Resources or the Websites in order to develop or use any competitive website, content, app, product or service; (vi) use any of the Websites, Products or Resources other than for their intended purposes; (vii) resell any Resources or other Products delivered or otherwise acquired by you during the course of the Services or otherwise through the Websites; (viii) store, transport or use any Products or Resources in an unsafe or reckless manner or in any manner prohibited by law or regulation; or (ix) use any of the Resources in any manner not permitted by law or regulation. CKH may also impose additional reasonable limits on the scope of your access to and use of the Resources, including limits on time or number of materials accessed or machines used to access such Resources, in part to prevent unauthorized third-party access to or use of such Resources.

CONFIDENTIALITY:
This Agreement and its various terms (including the pricing, combination of services and solutions, and other terms of all associated Products and Services section) as well as metrics, observations and personal information about Client's participants that may be contained or reflected in Deliverables (collectively, "**Confidential Information**") shall be treated as confidential by Client and shall not be disclosed to any third parties throughout the Term of this Agreement and for five (5) years thereafter. However, notwithstanding the foregoing, Client may disclose such Confidential Information in compliance with judicial or other governmental orders or open records requests, provided that (i) Client shall give CKH at least ten business days advance written notice before so disclosing in response to such orders or requests, and (ii) Client shall reasonably cooperate with CKH to accommodate any requests from CKH to secure protective orders or to limit the scope of responses to the extent legally permissible.

Section 6: Disclaimers

Client accepts and must accept all of the Resources, Access, Products and Services, including any work products, results or deliverables produced thereby (collectively, "**Deliverables**"), "AS IS" and with all faults and errors. CKH HEREBY DISCLAIMS ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, THAT MIGHT RELATE TO THE RESOURCES, ACCESS, SERVICES OR ANY DELIVERABLES, EXCEPT FOR ANY SPECIFIC WARRANTIES THAT MAY BE EXPRESSLY PROVIDED IN THE TERMS OF THIS AGREEMENT, IF ANY. The entire risk as to the functionality, operation, and results is with the Client, and neither CKH nor any of its Consultants or other representatives assumes any risk or obligation in connection therewith. CKH hereby disclaims any and all liability, risk, obligation, or responsibility for decisions made or actions taken by Client after use of the Products, Resources, Access, Services, or any Deliverables. CKH shall in no way be responsible or liable for CLIENT'S use of (1) the Resources, Access, Products, Services, or Deliverables, (2) the information and data provided by third parties in order to use the Resources, Access, Products, Services or Deliverables; or (3) the information or results obtained through the Resources, Access, Products, Services or Deliverables. CKH does not guarantee or warrant any particular result or success as a result of the use of the Resources, Access, Products, Services, or Deliverables. Instead, the Resources, Access, Products, Services, and Deliverables should be considered tools to assist the Client, but they should not be treated as a singular solution.

SERVICE AGREEMENT

In no event shall CKH or any of its Consultants or other representatives be liable for or responsible for any indirect, incidental, or consequential damages or injuries related to Client's or its representative's use of: (1) the Resources, Access, Products, Services or Deliverables; (2) the information and data provided by third parties in order to use the Resources, Access, Products, Services or Deliverables; or (3) the information or results obtained through the Resources, Access, Products, Services or Deliverables. The maximum possible liability of CKH shall not exceed the lesser of (a) the amount that the Client paid for the Resources, Access, Products, Services, or Deliverables that directly relate to the claim giving rise to such liability or (b) the full retail cost of those same Resources, Access, Products, Services or Deliverables.

No information shared by CKH verbally or in writing can be constituted to be professional advice, such as medical, legal, financial, psychological, business, or counseling advice. Diagnosing medical or psychological conditions cannot be done through a coaching process and should only be done by licensed professionals.

Section 7: Entirety & Interpretation

Once accepted, this Agreement together with the Terms of Use associated with our Websites represents the entire agreement, and supersedes any and all previous understandings, between you and CKH as pertains to our Products and Services and your Access to Resources. To be valid and enforceable, any amendment or modification to this Agreement, which may be in the form of a subsequent Products and Services Amendment that expressly invokes this Agreement, must be in a writing and signed by the respective authorized representatives to be bound thereby. This Agreement shall be construed, interpreted, and enforced exclusively under the laws and venue applicable in College Station, Brazos County, Texas. Section and paragraph headings have been included in this Agreement in hopes of facilitating ease of reference, but such headings shall not affect the interpretation of this Agreement. In the event of any inconsistency that cannot be reasonably resolved between this Agreement and an applicable Products and Services, the Products and Services section shall control for purposes of resolving the inconsistency, and a more recent Products and Services section shall control over inconsistent terms in Products and Services section(s). To the extent of any inconsistency that cannot be reasonably resolved between this Agreement and the Terms of Use associated with our Websites, this Agreement shall control throughout the Term, while the Terms of Use will control after the Term. You also agree that this Agreement will not be construed against CKH by virtue of having drafted it.

Section 8: Acceptance & Term

To indicate your acceptance of this Agreement without changes, the Client should have its authorized representative sign where indicated below and return the signed Agreement to Capturing Kids' Hearts via email to angie.shoffner@capturingkidshearts.org. Once returned, the date of your authorized representative's signature shall be treated as the effective start date of this Agreement. The enforceable term of this Agreement ("**Term**") shall extend until all services on the Products and Services section are from the Effective Date, unless sooner terminated, except that the Term shall be automatically extended through the last day of your Subscription Access, including any and all Renewal Terms for such Access.

Either party to this Agreement may terminate this Agreement at any point during the Term by providing ninety days' written notice to the other in the event that such other party materially breaches any provision of this Agreement, unless that other party cures such breach during those ninety days. All unpaid payment obligations and all rights and obligations under Intellectual Property of this Agreement shall survive any termination of this Agreement.

SERVICE AGREEMENT

Agreement, will endeavor to see that all policies and related details are understood and completed by all Client involved parties in the planning of the Products and Services. Title IX Policy Prohibiting Discrimination on the Basis of Sex

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Effective August, 1 2024

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of California Online Public Schools ("Charter School") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

Charter School does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] Charter School will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in Charter School's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom Charter School does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the Charter School Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by Charter School. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

[1] Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by Charter School to provide an aid, benefit, or service under Charter School's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from Charter School's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
    - The degree to which the conduct affected the complainant's ability to access Charter School's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within Charter School's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in Charter School's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex,

including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through Charter School.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to

participate in Charter School's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) Charter School's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to Charter School that objectively can be understood as a request for Charter School to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of Charter School whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom Charter School has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated Charter School's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to Charter School's education program or activity, including measures that are designed to protect the safety of the parties or Charter School's educational environment; or (2) provide support during Charter School's grievance procedures or during an informal resolution process.

Title IX Coordinator

The Board of Directors of Charter School ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Pam Ucan, Payroll & Benefits Administrator
c/o California Online Public Schools
33272 Valle Road
San Juan Capistrano, CA 92675
(800) 906-5166
pucan@californiaops.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator until a new Coordinator is designated:

Ryan Dreifus, Assistant Director of Human Resources
c/o California Online Public Schools
33272 Valle Road
San Juan Capistrano, CA 92675
(800) 906-5166
rdreifus@californiaops.org

The Coordinator is responsible for coordinating Charter School's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy,

monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure Charter School's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Superintendent, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes Charter School from requiring an employee or other person authorized by Charter School to provide aid, benefit, or service under Charter School's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at Charter School, if any, can be found on the Charter School website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether Charter School could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the

health or safety of the complainant or other person, or prevents Charter School from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Charter School's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or Charter School's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact Ryan Dreifus, Assistant Director of Human Resources (**rdreifus@californiaops.org**) who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of Charter School's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under Charter School's Title IX grievance procedures, Charter School may offer an informal resolution process to the parties. Charter School does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;

- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by Charter School for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. Charter School will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decision maker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

Charter School has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints of made by students, employees, or other individuals who are participating or attempting to participate in Charter School's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

Charter School requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

Charter School will treat complainants and respondents equitably. Charter School presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

Charter School may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

Charter School allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

Charter School will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

Charter School will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, Charter School will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

Charter School may dismiss a complaint if:

- Charter School is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in Charter School's education program or activity and is not employed by Charter School;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and Charter School determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- Charter School determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, Charter School will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable Charter School policy.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- Charter School's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the date(s) and location(s) of the alleged incident(s), to the extent that information is available to Charter School;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if Charter School provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

Charter School may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with Charter School's policies.

Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. Charter School has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by Charter School to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless Charter School obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

Charter School will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find Charter School's determination unsatisfactory, the party may, within five (5) business days of notice of Charter School's determination, submit a written appeal to the Superintendent, who will serve as the decision maker for the appeal or designate a decisionmaker for the appeal. The decision maker for the appeal must not have taken part in the investigation of the allegations.

The decision maker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by Charter School including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Charter School's education program or activity.

No party, witness, or other person participating in Charter School's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on Charter School's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

Charter School will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the Charter School employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and
- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to Charter School's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of Charter School's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide Charter School's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any Charter School leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees, Coordinators and designees, investigators, decisionmakers, and other persons who are responsible for implementing Charter School's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

Charter School will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions Charter School took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. Charter School will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Reclassification of English Language Learners Policy

California Online Public Schools

Reclassification Criteria for Students Who Take the Summative ELPAC

Reclassification is the process determined by a school district if an English Learner has acquired sufficient proficiency in English to perform successfully in core subjects without ELD services. It is the process by which a student is reclassified from English learner (EL) to Fluent English Proficient (RFEP) status. The goal of CalOPS schools is that EL students receive high-quality instruction and support to become fluent in English as quickly as possible.

As Local Educational Agencies (LEAs), CalOPS schools are to establish "local reclassification policies" that allow for the "the effective and efficient conduct of the language reclassification process" (California Code of Regulations [5 CCR], Section 11303). LEAs are afforded flexibility when identifying appropriate measures of academic performance for local reclassification policy. This policy is designed to provide the framework for consistent and reliable local reclassification of EL students as they become fluent in English. Criteria for Reclassification EC Section 313(f) specifies four criteria that LEAs must use in reclassifying students from English learner to fluent English proficient (RFEP). The four criteria are:

1. Assessment of language proficiency using an objective assessment instrument, including, but not limited to, the English language development test that is developed or acquired pursuant to Section 60810.
2. Teacher evaluations, including, but not limited to, a review of the pupil's curriculum mastery
3. Parental opinion and consultation
4. Comparison of the performance of the pupil in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrates whether the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

CalOPS's reclassification criteria align with the CDE's requirements as follows:

1. Overall score of 4 on the student's most recent Summative ELPAC test.
    - Some EL students with unique or dually-identified needs, may need specific considerations for how this criterion is met as described in the student's individualized education plan (IEP). In such instances, the student's IEP team should confer to document and discuss how the student's

unique needs affect their ability to obtain an Overall PL 4.

2. Teacher evaluation of the student's academic performance. Students who have a C- or better in ELA on their most recent report card and who demonstrate grade- level proficiency.
    - If other reclassification criteria suggest that a student who scored at Summative ELPAC Overall PL 4 or Summative Alternate ELPAC Overall PL 3 (Fluent English Proficient) has learning deficits in other areas, decision-makers are encouraged to discuss these results with those who know the student (e.g., classroom teachers, parents, instructional specialists or coaches) to identify needed services and supports, so as not to preclude a student with unique needs from demonstrating readiness for reclassification.
3. Parental opinion and consultation: Parent(s) or guardians are contacted by phone and/or webmail to give input into whether the student is ready to be reclassified.
    - If the parent/guardian cannot be contacted by phone and/or webmail, the student will be reclassified. The school will continue to inform parents/guardians of their student's reclassification.
    - ELD Coordinator will document the following questions:
        a) How do you feel about your child's English language proficiency?
        b) Do you agree with reclassifying your student?
        c) Would you still want your child to continue receiving EL services until the end of the school year?
4. Students demonstrate English Proficiency on a basic skills assessment by any of the following:
    a. Grades K-2nd: Scores Above or meets standard on iReady (ELA)
    b. Grades 3rd- 5th: Scores Exceeded or Met Standard on CAASPP ELA, or equivalent score on the iReady assessment
    c. 6th-8th: Student scores Nearly met standard on CAASPP ELA, or equivalent score on the iReady ELA assessment.
    d. Grades 9th-12th: Student score Nearly met standard on CAASPP ELA or equivalent score on MAP
        - If other reclassification criteria suggest that a student who scored at Summative ELPAC Overall PL 4 or Summative Alternate ELPAC Overall PL 3 (Fluent English Proficient) has learning deficits in other areas, decision-makers are encouraged to discuss these results with those who know the student (e.g., classroom teachers, parents, instructional specialists or coaches) to identify needed services and supports, so as not to preclude a student with unique needs from reclassification or reclassify too soon.

Reclassification Criteria for Students Who Take the Summative Alternate ELPAC

The reclassification criteria set forth in EC Section 313 and 5 CCR Section 11303 are unchanged. The local IEP team and the ELD Coordinator, parent(s)/guardian(s), and other stakeholders determine other criteria for reclassification based on the student's needs. For dually identified students, their disability, as determined by the IEP team and not ELP, should not preclude them from meeting the LEA's reclassification criteria.

LEAs are required to continue using the following four criteria to establish reclassification policies and procedures:

1. Assessment of ELP (using an objective assessment instrument including, but not limited to, the state test of ELP)

2. Teacher evaluation (including, but not limited to, a review of the student's curriculum mastery)
3. Parent or guardian opinion and consultation
4. Comparison of the performance of the student in basic skills against an empirically established range of performance* in basic skills based upon the performance of English-proficient students of the same age that demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English.

*(*An assessment (e.g California Alternate Assessment [CAA] for ELA) administered across the entire school to students of the same age or grade level constitutes an empirically established range of performance.)*

CalOPS Alternate reclassification criteria align with the CDE's requirements as follows:

1. Assessment of English Language Proficiency: Overall PL 3 on the Summative Alternate ELPAC
2. Teacher Evaluation: The student's classroom performance information is based on the student's IEP goals for academic performance and ELD per EC Section 56345(a)(2) and 34 CFR Section 300.160(a).
    - The IEP team will determine if the student has demonstrated an appropriate academic performance level based on their abilities compared to English-proficient students with similar disabilities.
3. Parent Opinion and Consultation: Parent(s) or guardians are contacted and give input into whether the student is ready to be reclassified.
4. Comparison of Performance in Basic Skills: CAA ELA Score Level 3, or equivalent score on the iReady assessment
    - the IEP team should specify in the student's IEP an assessment of basic skills to meet the guidelines for reclassification (e.g., the CAA for ELA or a locally determined assessment) per EC Section 56345(a)(6)(B) and 34 CFR Section 300.160(a). If the IEP team selects any locally determined assessment, it must have technical data supporting its validity and reliability to measure basic skills. These can be standardized assessments the IEP team already uses to inform initial or triennial evaluations of eligibility. The IEP team may use this comprehensive approach to make decisions regarding program support and reclassification that will allow the student to make maximum progress, given the student's capacities.

Monitoring of Reclassified Students

Once a student is moved to RFEP status, an RFEP date is assigned, and the student is monitored for four years from the RFEP date. Monitoring will include reviews a minimum of two times throughout the school year using the RFEP Monitoring form. If the student is struggling, additional academic support will be provided based on an individual assessment of the student's needs.

RESPONSIBILITY

The Director of Educational Services, overseeing and in conjunction with the ELD Program Coordinator, is responsible for identifying students who may be reclassified based on ELPAC scores and for applying and documenting the remainder of the criteria and for oversight of the proper application of the reclassification policy to reclassification of EL students. The Coordinator of ELD is responsible for the identification of students who need to take the ELPAC and for the ELPAC administration and scoring. The Director of Business Services, overseeing and in conjunction with the staff member responsible for State Reporting, is responsible for gathering and reporting information to the state and to the Board of Directors regarding students who have been reclassified and for collecting any audit documentation or procedures that involve EL or RFEP students. The teaching staff assigned to each EL or RFEP student is responsible for the instruction of EL students, assistance with monitoring of RFEP students, and providing input into reclassification decisions.

Tobacco-Free School Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Effective for the 2024-25 School Year

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of secondhand smoke. California Online Public Schools ("CalOPS" or the "Charter School") provides instructional programs designed to discourage students from using tobacco products. The Charter School Governing Board ("Board") recognizes that smoking and other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with the goals of Charter School to provide a healthy environment for students and staff.

Charter School employees are expected to serve as models for good health practices that are consistent with these instructional programs.

In the best interest of students, employees, and the general public, the Charter School's Board therefore prohibits the use of tobacco products at all times on Charter School property and in Charter School vehicles. This prohibition applies to all employees, students, visitors, and other persons at the Charter School or at a Charter School-sponsored activity or athletic event. It applies to any meeting on any property owned, leased, or rented by or from Charter School. It also applies to any student while under the supervision and control of Charter School employees.

The products prohibited include any product containing tobacco or nicotine, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff, chew, clove cigarettes, betel, electronic cigarettes, electronic hookahs, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products.

This Policy does not prohibit the use or possession of prescription products, nicotine patches, nicotine gum or a nicotine replacement product or cessation aids that have been approved by the United States Food and Drug Administration.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. Smoking or use of any tobacco-related product is also prohibited within 250 feet of the youth sports event in the same park or facility where a youth sports event is taking place. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this Policy is prohibited.

The Superintendent or designee shall inform students, parents/guardians, employees, and the public about this Policy. All individuals on Charter School's premises share in the responsibility of adhering to this Policy. Additionally, Charter School will post signs stating "Tobacco use is prohibited" prominently at all entrances to Charter School property.

The Superintendent or designee shall maintain a list of clinics and community resources that may assist employees who wish to stop using tobacco products.

The Superintendent or designee may disseminate this information through annual written notifications, the CalOPS website, Student and Family Policy Catalog, and/or other appropriate methods of communication.

Appropriate Charter School officials will monitor Charter School property and facilities for compliance with this Board Policy. The Superintendent shall develop and maintain procedures to resolve grievances that may result from alleged non-compliance.

Any Charter School employee or student who violates this Policy shall be asked to refrain from smoking and shall be subject to disciplinary action as appropriate.

Any other person who violates this Tobacco-Free Schools Policy shall be informed of this Policy and asked to refrain from smoking. If the person fails to comply with this request, the Superintendent or designee may:

1. Direct the person to leave school property.
2. Request local law enforcement assistance in removing the person from the Charter School premises.
3. If the person repeatedly violates the Tobacco-Free Schools Policy, prohibit him/her from entering Charter School property for a specified period of time.

The Superintendent or designee shall not be required to physically eject a non-employee or non-student who is smoking or to request that the non-employee or non-student refrain from smoking under circumstances involving a risk of physical harm to the Charter School or any employee.

California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Adopted by CalOPS Board of Directors October 3, 2023
Revised July 25, 2024

Introduction

The Governing Board of California Online Public Schools ("Charter School") recognizes that Foster and Mobile Youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, CalOPS shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in CalOPS's local control and accountability plan ("LCAP").

Definitions

- *"Foster youth"* means any of the following:
  1. A child who has been removed from their home pursuant to Section 309 of the California Welfare and Institutions Code ("WIC").
  2. A child who is the subject of a petition filed pursuant to WIC section 300 or 602 (whether or not the child has been removed from the child's home by juvenile court).
  3. A child who is the subject of a petition filed pursuant WIC section 602, has been removed from the child's home by the juvenile court, and is in foster care.
  4. A nonminor under the transition jurisdiction of the juvenile court, as described in WIC section 450, who satisfies all of the following criteria:
     a. The nonminor has attained 18 years of age while under an order of foster care placement by the juvenile court.
     b. The nonminor is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization.
     c. The nonminor is participating in a transitional independent living case plan.

5. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court.[1]
6. A child who is the subject of a voluntary placement agreement, as defined in WIC section 11400.

- "*Former juvenile court school student*" means a student who, upon completion of the student's second year of high school, transfers from a juvenile court school to CalOPS.
- *"Child of a military family"* refers to a student who resides in the household of an active duty military member.
- *"Currently Migratory Child"* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to CalOPS from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. This includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
- *"Newcomer pupil"* is a person aged 3 to 21 years, who was not born in any of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, and has not been attending one or more schools in any one or more of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, for more than three (3) full academic years.
- *"Educational Rights Holder" ("ERH")* means a parent, guardian, or responsible adult appointed by a court to make educational decisions for a minor pursuant to WIC sections 319, 361 or 726, or a person holding the right to make educational decisions for the student pursuant to Education Code section 56055.
- *"School of origin"* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the CalOPS liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. For a foster youth who is an individual with exceptional needs as defined in Education Code section 56026, "school" as used in the definition of "school of origin" includes a placement in a nonpublic, nonsectarian school as defined in Education Code section 56034, subject to the requirements of Education Code section 56325.
- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.
- *"Partial coursework satisfactorily completed"* includes any portion of an individual course, even if the pupil did not complete the entire course.

Within this Policy, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer pupil will be referred to collectively as "Foster and Mobile Youth."

Foster and Mobile Youth Liaison

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to CalOPS, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the

[1] The Charter School shall not require an Indian tribe or tribal court representative to certify that any student is a dependent of an Indian tribe, consortium of tribes, or tribal organization.

following position as CalOPS's liaison for Foster and Mobile Youth:

Shannon Doss, School Social Worker
sdoss@californiaops.org
(909) 347-0058

The Foster and Mobile Youth Liaison shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in CalOPS, and checkout from CalOPS of foster youth.
2. Ensure proper transfer of credits, records, and grades when foster youth transfer to or from CalOPS.
3. When a foster youth is enrolling in CalOPS, the Foster and Mobile Youth Liaison shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to CalOPS.
4. When required by law, notify the foster youth's ERH, attorney, county social worker, and the appropriate representative of the county child welfare agency, and an Indian child's ERH, tribal social worker and if applicable, county social worker of the student's expulsion or involuntary removal, and, at least ten (10) calendar days preceding the date of the following:
    a. An expulsion hearing for a discretionary act under CalOPS's charter.
    b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under CalOPS's charter. The foster youth's ERH, attorney, county social worker, an Indian child's ERH, tribal social worker and if applicable, county social worker, and the agency representative will be invited to participate.
    c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's ERH, attorney, county social worker, an Indian child's ERH, tribal social worker and if applicable, county social worker, and the agency representative will be invited to participate.
5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.
6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.
7. Develop protocols and procedures for creating awareness for Charter School staff, including but not limited to teachers, directors and administrators, of the requirements for the proper enrollment, placement, and transfer of foster youth.
8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for CalOPS's foster youth.
9. Monitor the educational progress of foster youth and provide reports to the Superintendent or designee and the Governing Board based on indicators identified in CalOPS's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to WIC sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth

Liaison is advisory with respect to placement options and determination of the school of origin.

School Stability and Enrollment

CalOPS will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is in their best interest. CalOPS will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in CalOPS as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to CalOPS will be immediately enrolled (subject to CalOPS's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in CalOPS's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in CalOPS consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in CalOPS as the foster youth's school of origin,

the foster youth has the right to remain in CalOPS pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

If CalOPS operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Transportation

CalOPS shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that CalOPS assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. CalOPS is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, CalOPS shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

Effect of Absences on Grades

The grades of a foster youth shall not be lowered for any absence from CalOPS that is due to either of the following circumstances:

1. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.
2. A verified court appearance or related court-ordered activity.

Transfer of Coursework and Credits

CalOPS shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school[2], a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed. The credits accepted pursuant to this paragraph shall be applied for enrollment purposes to the same or equivalent course, if applicable, as the coursework completed in the prior public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school. For purposes of the official transcript, the credits accepted pursuant to this paragraph shall be added to the credits earned from the same or equivalent course for purposes of calculating the total credits earned for the course but shall separately identify the school and local educational agency in which the credits were earned.

If a Foster and Mobile Youth transfers in or out of Charter School, Charter School shall issue the full and partial credits on an official transcript for the pupil and shall ensure the transcript includes all of the following:

1. All full and partial credits and grades earned based on any measure of full or partial coursework being

[2] For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at a school of that local educational agency or a prior local educational agency, or any other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school.

2. The credits and grades for each school and local educational agency listed separately so it is clear where they were earned.
3. A complete record of the pupil's seat time, including both period attendance and days of enrollment.

If Charter School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the pupil, it shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits pursuant to this paragraph. The prior local educational agency shall issue appropriate credits and provide all academic and other records to Charter School within two business days of the request.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless CalOPS,, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall CalOPS prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

Applicability of Graduation Requirements

To obtain a high school diploma from CalOPS, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to CalOPS any time after the completion of their second year of high school, and newcomer pupils who are in their third or fourth year of high school, shall be exempt from any of CalOPS's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless CalOPS makes a finding that the student is reasonably able to complete CalOPS's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, may be used, whichever will qualify the student for the exemption. For a newcomer pupil, enrollment in grade 11 or 12, based on the average age of students in the third or fourth year of high school, may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into CalOPS, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If CalOPS fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the Foster and Mobile Youth otherwise qualifies for the exemption.

If a student is exempted from CalOPS's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at CalOPS, CalOPS shall not require or request that the student graduate before the end of their fourth year of high school.

The Superintendent or designee shall notify and consult with a Foster and Mobile Youth and their ERH if CalOPS grants an exemption from CalOPS's additional graduation requirements. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at CalOPS shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, CalOPS shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH, and the student at one time qualified for the exemption, even if the student is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated.

If the youth is exempted, CalOPS may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this Policy, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the student eligible while they are enrolled in school or if the student transfers to another school, including a charter school, or school district.

CalOPS shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from CalOPS's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is **reasonably able to complete the Charter School's additional graduation requirements** within the student's fifth year of high school, the Superintendent or designee shall:

1. Consult with the student and the student's ERH about the student's option to remain in school for a fifth year to complete CalOPS's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. Consult with the student and the student's ERH about how remaining in school for a fifth year will affect

the student's ability to gain admission to a postsecondary educational institution.

3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.
4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete CalOPS's graduation requirements.
5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements** **specified in Education Code Section 51225.3** within the student's fifth year of high school, the Superintendent or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and their ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is **not** eligible for an exemption in the year in which the pupil transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the pupil's ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, CalOPS shall provide written notice to the pupil and the pupil's ERH of the pupil's options to:
    i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**
    ii. Upon agreement with the pupil's ERH, stay in school for a fifth year to complete CalOPS's additional graduation requirements.

The pupil (if not a minor) or the pupil's ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, CalOPS will not prevent the juvenile court youth from enrolling in CalOPS and pursuing additional coursework if requested by the student or by the student's ERH.

Eligibility for Extracurricular Activities

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

CalOPS shall not charge any student who the Charter School knows is in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by CalOPS.

Student Records

When CalOPS receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, CalOPS shall provide these student records within two (2) business days. CalOPS shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational recordkeeping needs of Foster and Mobile Youth.

In accordance with CalOPS's Educational Records and Student Information Policy, under limited circumstances, CalOPS may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

Complaints of Noncompliance

Complaints of noncompliance with this Policy shall be governed by CalOPS's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Reporting Requirements

CalOPS shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from CalOPS's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this Policy, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

The term "*homeless children and youth*" means individuals who lack a fixed, regular and adequate nighttime residence and includes children and youth who (42 U.S.C. § 11434a):

The California Department of Education ("CDE") publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: **https://www.cde.ca.gov/sp/hs/**

Enrollment

CalOPS will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Charter School shall immediately admit/enroll the student for which CalOPS is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the

child or youth was last enrolled.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in CalOPS, if the youth would otherwise be eligible to attend and subject to CalOPS's capacity and pursuant to the procedures stated in CalOPS charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Superintendent or designee shall refer the parent/guardian to CalOPS Liaison. CalOPS Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If CalOPS operates an intersession program, Charter School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder ("ERH"), Indian custodian[1] in the case of an Indian child, or, if none of the preceding are applicable, an accompanied homeless student themselves shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by CalOPS on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Enrollment Disputes

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in CalOPS charter and Board policy), pending final resolution of the dispute, including all available appeals. The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to CalOPS Liaison. CalOPS Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

Housing Questionnaire

Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youth. Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE.

[1] "Indian custodian" means any Indian person who has legal custody of an Indian child under tribal law or custom or under State law or to whom temporary physical care, custody, and control has been transferred by the parent of such child. *Section 1903 of Title 25 of the United States Code*

Charter School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Charter School. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in the primary language other than English spoken by fifteen (15) percent or more of the students enrolled at Charter School and shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

Comparable Services

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Transportation services
- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in vocational and technical education
- Programs for gifted and talented students

Transportation

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School, as noted above. (42 U.S.C. § 11432(g)(4).)

If CalOPS does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School, at the request of the parent or guardian (or Charter School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the student's situation, but Charter School does not commit to any one method of transportation for all youth.

Eligibility for Extracurricular Activities

A homeless child or youth shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

CalOPS shall not charge any student who is a homeless youth any family fees associated with an After-School Education and Safety ("ASES") Program operated by CalOPS.

Professional Development

All administrators, teachers and employees of Charter School, including CalOPS Liaison, will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. CalOPS Liaison will verify that CalOPS is providing the required training to school personnel providing services to youth experiencing homelessness at least annually through the CDE's verification system. (Education Code Section 48852.5(c)(2).)

CalOPS Liaison shall offer training to Charter School certificated and classified employees providing services to students experiencing homelessness, including, but not limited to, teachers, support staff, and other school staff

who work with pupils, at least annually relating to:

1. Charter School's homeless education program policies; and
2. Recognition of signs that pupils are experiencing, or are at risk of experiencing, homelessness.

CalOPS Liaison shall inform such employees of the availability of training and the services CalOPS Liaison provides to aid in the identification and provision of services to students who are experiencing, or are at risk of experiencing, homelessness.

High School Graduation Requirements

Homeless students who transfer to CalOPS any time after the completion of their second year of high school shall be exempt from any of CalOPS's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete CalOPS's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into CalOPS, CalOPS shall notify the student, the student's educational rights holder, and CalOPS Liaison of the availability of the exemption and whether the student qualifies for an exemption.

CalOPS shall notify and consult with students who are exempted from CalOPS's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

CalOPS shall not require any student who would otherwise be entitled to remain in attendance at CalOPS to accept the exemption from CalOPS's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. CalOPS shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, CalOPS shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from CalOPS's additional graduation requirements will continue to apply while the student is enrolled in CalOPS or if the student transfers to another school even after the student no longer

meets the definition of a homeless child.

CalOPS shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from CalOPS's additional graduation requirements.

If a student who is exempted from CalOPS's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at CalOPS, CalOPS shall not require or request that the student graduate before the end of the student's fourth year of high school.

If CalOPS determines the student is reasonably able to complete CalOPS's additional graduation requirements by the end of the student's fifth year of high school, CalOPS shall do the following:

1. Consult with the student and the ERH regarding the student's option to remain at CalOPS for a fifth year to complete CalOPS's graduation requirements.
2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete CalOPS's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at CalOPS for a fifth year to complete CalOPS's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the ERH.
5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student **is not reasonably able to complete CalOPS's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Superintendent or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5^{th}) year to complete the statewide coursework requirements. Charter School shall consult with the homeless student and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is **not** eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, CalOPS shall provide written notice to the pupil and the ERH of the pupil's options to:
    i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**
    ii. Upon agreement with the ERH, stay in school for a fifth year to complete CalOPS's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from CalOPS's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work

CalOPS will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

CalOPS will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, CalOPS shall not require the student to retake the portion of the course the student completed unless CalOPS, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Notice

For any homeless student who seeks enrollment at CalOPS, written notice will be provided to the parent/guardian at the time of enrollment and at least annually while the student is enrolled at CalOPS.

Annual Policy Review

CalOPS shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at CalOPS. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school. Charter School's review of its homeless education program policies shall use resources developed by the CDE and posted on the CDE's internet website and resources developed by homeless education technical assistance centers established using funding from the American Rescue Plan Act of 2021.

School Website Posting

Charter School shall ensure that the following information is posted, and updated as necessary, on its internet website:

- The name and contact information of CalOPS Liaison(s) for homeless children and youths.
- The contact information of any employee or contractor that assists CalOPS Liaison in completing the Liaison's duties.
- Specific information regarding the educational rights and resources available to persons experiencing homelessness.

Complaints of Noncompliance

A complaint of noncompliance with any of the requirements outlined above may be filed through CalOPS's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

    7. Personal information such as, but not limited to, a student's name, the name of a student's parent or other family member, student identification numbers, social security numbers, photographs, biometric record or any other type of information that aids in identification of a student.

    An education record does not include any of the following:

    1. Records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record.
    2. Records maintained by a law enforcement unit of the Charter School that were created by that law enforcement unit for the purpose of law enforcement.
    3. In the case of a person who is employed by the Charter School but not in attendance at the Charter School, records made and maintained in the normal course of business, relate exclusively to the individual in that individual's capacity as an employee, and are not available for any other purpose.

4. Records of a student who is 18 years of age or older, or is attending an institution of postsecondary education, that are: a) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in their professional capacity or assisting in a paraprofessional capacity; b) made, maintained, or used only in connection with treatment of the student; and c) disclosed only to individuals providing the treatment. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are part of the program of instruction at the Charter School.
5. Records that only contain information about an individual after the individual is no longer a student at the Charter School.
6. Grades on peer-graded papers before they are collected and recorded by a teacher.

- "*Personally Identifiable Information*": Personally identifiable information ("PII") is information about a student that is contained in their education records that cannot be disclosed without compliance with the requirements of Family Educational Rights and Privacy Act of 2001 ("FERPA"). PII includes, but is not limited to: a student's name; the name of a student's parent or other family member; the address of a student or student's family; a personal identifier, such as the student's Social Security number, student number or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the Charter School reasonably believes knows the identity of the student to whom the education record relates.
- "*Directory Information*": Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The Charter School may disclose the PII that it has designated as directory information, consistent with the terms of the annual notice provided by the Charter School pursuant to the FERPA (20 U.S.C. § 1232g). The Charter School has designated the following information as directory information:

    2. Student's address
    3. Parent's/guardian's address
    4. Telephone listing
    5. Student's electronic mail address

    14. The most recent educational agency or institution attended
    15. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

- "*Parent*": Parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- "*Eligible Student*": Eligible student means a student who has reached eighteen (18) years of age.
- "*School Official*": A school official is a person employed by the Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Board of Directors of the Charter School. A school official also may include a volunteer for the Charter School or an independent contractor of the Charter School, consultant, vendor, or other party who performs an institutional service or function for which Charter School would otherwise use its own employees and who is under the direct control of the Charter School with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, or contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing their tasks.
- *"Legitimate Educational Interest*": A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Disclosure Of Directory Information

At the beginning of each school year, the Charter School shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent's or eligible student's right to require that the Charter School not release "directory information" without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify the Charter School in writing of the categories of "directory information" that it may not disclose without the parent's or eligible student's prior written consent. The Charter School will continue to honor a valid request to opt out of the disclosure of a former student's directory information made while the former student was in attendance unless the student rescinds the opt out request.

Annual Notification To Parents And Eligible Students

At the beginning of each school year, in addition to the notice required for directory information, the Charter School shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. The notice shall inform the parents and eligible students that they have the right to:

1. Inspect and review the student's education records;
2. Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading or otherwise in violation of the student's privacy rights;
3. Consent to disclosures of PII contained in the student's education records, except to the extent that disclosure is permitted without prior written consent pursuant to FERPA;
4. File with the U.S. Department of Education a complaint concerning alleged failures by the Charter School to comply with the requirements of FERPA and its promulgated regulations; and
5. Request that the Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

The notice must also include the following:

1. The procedure for exercising the right to inspect and review educational records;
2. The procedure for requesting amendment of records;

3. A statement that the Charter School forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer; and
4. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest.

Parental And Eligible Student Rights Relating To Education Records

Parents and eligible students have the right to review the student's education records. In order to do so, parents and eligible students shall submit a request to review education records in writing to the Superintendent. Within five (5) business days, the Charter School shall comply with the request.

1. Copies of Education Records

The Charter School will provide copies of requested documents within five (5) business days of a written request for copies. The Charter School may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

2. Hearing to Challenge Education Record

If the Superintendent or designee denies a parent/guardian or eligible student's request to amend an education record, the parent/guardian or eligible student may, within thirty business (30) days of the denial, request in writing that the parent/guardian or eligible student be given the opportunity for a hearing to challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student. Notice of the date, time and place of the hearing will be sent by the Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

3. Update and Reissuance of Pupil Records

The Charter School shall immediately update a **former** student's records to include the student's updated legal name or gender if the Charter School receives government-issued documentation demonstrating that the former student's legal name or gender has been changed. Acceptable government issued identification includes but is not limited to:

a. State-issued driver's license.

If a former student requests that their name or gender be changed and the requested records are reissued, the Charter School shall add a new document to the former student's file that includes all of the following:

a. The date of the request.
b. The date the requested records were reissued to the former student.
c. A list of the records that were requested by, and reissued to, the former student.
d. The type of documentation provided by the former student in order to demonstrate the legal name or gender change.
e. The name of the employee who completed the request.
f. The current and former name or gender of the former student.

Parent/Guardian or Eligible Student Rights at the Hearing

- To present information and evidence concerning a clerical or recording error in the education record which needs to be corrected. The hearing is not an opportunity to review substantive decisions by CalOPS concerning evaluation of academic work or outcomes of disciplinary proceedings.
- To have the hearing adjudicated by a hearing entity that does not have a direct interest in the outcome of the hearing;
- To be advised by one or more individuals, including counsel at their own expense;
- To have a full and fair opportunity to present evidence concerning requested corrections to the education record;
- To receive, within a reasonable period of time after the hearing, but not more than thirty (30) business days, a written decision based solely on the evidence provided at the hearing. The decision will include a summary of evidence and reasons for the decision; and
- To submit a statement into the student's education record commenting on the contested portion of the record which will be provided to any person who later views that portion of their education record, if the amendment is denied.

Charter School Rights and Responsibilities When a Hearing is Requested

- The Charter School shall appoint a neutral hearing entity that does not have a direct interest in the hearing outcome to preside over the hearing in accordance with FERPA requirements. The hearing shall in all respects be under the control of the hearing entity and shall not be subject to formal rules of evidence or procedure. The hearing entity may be either 1) a neutral hearing officer who is appointed by the Board Chair, and a Charter School employee, or 2) the Charter School Board of Directors.
- The Charter School shall deny a request for a hearing when the proposed amendment to the education record includes anything more than correcting clerical errors.
- The Charter School shall schedule a hearing within a reasonable time, but not more than thirty (30) business days, after receiving the hearing request.
- The Charter School shall provide evidence to the hearing entity to support the previous determination not to amend the student's education record.

Role of the Hearing Entity

- To allow the parent/guardian or an eligible student the opportunity to present evidence relevant to the issues raised. The hearing entity has the right to determine whether particular evidence presented is relevant to the record and issue(s) in question.
- To make their decision solely on the evidence presented at the hearing.

- To provide the parent/guardian or eligible student with a written decision, including a summary of the evidence and reason for the decision within a reasonable period of time after the hearing.

Outcome

If the hearing entity finds that the record is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, the Charter School will amend the record accordingly. The parent/guardian or eligible student will be notified in writing of the correction. If the hearing entity finds that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, the Charter School will notify the student of the right to place a statement in the record commenting on the contested portion of the record, or stating why the student disagrees with the decision not to amend, or both. The Charter School will maintain this statement with the contested portion of the student's education record for as long as the record is maintained. The statement will be disclosed whenever the Charter School is required to disclose the portion of the record to which the statement relates.

Disclosure Of Education Records And Directory Information

The Charter School must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below. The written permission must specify the records that may be disclosed, the purpose of the disclosure and the party or class of parties to whom the disclosure may be made. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records and the Charter School shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

The Charter School will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. The Charter School must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, the Charter School will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made. Note specifically that the Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

The Charter School will disclose education records, without prior written consent of the parent or eligible student, to the following parties:

1. School officials who have a legitimate educational interest as defined by 34 Code of Federal Regulations ("C.F.R.") Part 99;
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, the Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. The Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, the Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above;

3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
5. Organizations conducting certain studies for the Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);
6. Accrediting organizations in order to carry out their accrediting functions;
7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and/or a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by the Charter School for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by the Charter School; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by Charter School with respect to that alleged crime or offense. The Charter School may disclose the final results of the disciplinary proceeding, regardless of whether the Charter School concluded a violation was committed.

Solicitation and Disclosure of Student Information for Immigration Purposes

Charter School shall observe the following:

1. Except as required by state or federal law or as required to administer a state or federally supported education program, the Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of students or their family members.
2. If the Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, the Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.
3. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, the Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
4. The Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
5. The Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the Charter School prohibits disclosure, the Charter School

shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that is not otherwise subject to release, the Charter School shall not release the information. The Charter School will permanently keep the consent notice with the record file.

The Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

1. Notify a designated Charter School official about the information request.
2. Provide students and families with appropriate notice and a description of the immigration officer's request.
3. Document any verbal or written request for information by immigration authorities.
4. Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Contract for Digital Storage, Management, and Retrieval of Student Records

The Charter School may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code section 49073.1 and other applicable state and federal laws.

Record Keeping Requirements

The Charter School will maintain a record of each request for access to and each disclosure of PII from the education records of each student for as long as the records are maintained. For each request, the record must include the following information: the parties who have requested or received the information and the legitimate interests the parties had in requesting or obtaining the information.

For disclosures of PII to institutions that make disclosures of the information on behalf of the Charter School in accordance with 34 C.F.R. § 99.33(b), the record must include the names of the additional parties to which the receiving party may disclose the information on behalf of the Charter School and the legitimate interests that each of the additional parties has in requesting or obtaining the information.

These record keeping requirements do not apply to requests from or disclosure to parents or eligible students, the Charter School officials with a legitimate purpose of inspecting the records, a party with written consent from the parent or eligible student, a party seeking directory information, or a party seeking or receiving the records as directed by a court order or subpoena.

The records relating to disclosures of PII may be inspected by parents and eligible students, the Charter School officials (or their assistants) responsible for the custody of the records, and parties authorized by regulations for the purpose of auditing the recordkeeping procedures of the Charter School.

Student cumulative records may not be removed from the premises of the Charter School, unless the individual removing the record has a legitimate educational interest, and is authorized by the Superintendent, or by a majority of a quorum of the Board of Directors at a duly agendized meeting. Employees who remove student cumulative records or other student records from the Charter School premises without a legitimate educational interest and authorization may be subject to discipline. Employees are permitted to take student work-product,

or other appropriate student records, off premises without authorization for legitimate academic purposes (e.g. grading work-product, assigning credit, reviewing materials for classroom discussion, etc.).

Complaints

Parents and eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Student Privacy Policy Office

Approved by CalOPS Board of Directors October 03, 2023
Updated July 30, 2024

California Online Public Schools ("CalOPS") uses the required criteria and procedures to identify English Learner (EL) students. All incoming students are required to fill out the California Home Language Survey. Based on the information in this form, students may be referred for further language testing to identify their specific level of English proficiency. The testing and placement occur using tests required by California (such as the English Language Proficiency Assessments for California (ELPAC)) and using trained test administrators. The Charter School will implement policies to ensure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

Home Language Survey

CalOPS will administer the home language survey upon a student's initial enrollment in a California public school (on enrollment forms). The Home Language Survey consists of the following four questions:

- What language did the student learn when he or she first began to talk?
- What language does this student use most frequently at home?
- What language do you (the parents or guardians) most frequently use when speaking with your child?
- Which language is most often used by the adults in the home?

If any of the questions in the HLS indicates the use of a language other than English by the student or in the home, the student must be assessed for language proficiency.

English Language Proficiency Assessment

All students who indicate that their home language is other than English will be tested with the English Language Proficiency Assessments for California ("ELPAC"). The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment ("IA")

    - The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.
- Summative Assessment ("SA")
    - ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans K, 1, 2, 3–5, 6–8, 9–10, and 11–12. In kindergarten and grade 1, all domains are administered individually. In grades 2–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school.

The SA testing window will be from February 1 to May 31. The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window.

CalOPS will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from the publisher. The ELPAC shall be used to fulfill the requirements under the Every Student Succeeds Act for annual English proficiency testing.

Transitional Kindergarten(TK) Language Support Process

CalOPS will follow the guidelines set by Asembly Bill 2268, amending California Education Code (EC) sections 60810 and 313 which states that the ELPAC requirements no longer apply to Transitional Kindergarten (TK) students. The Home Language Survey (HLS) will be used as a prescreener to identify if the student needs any language support. If the HLS indicates a primary language other than English or American Sign Language on any of the first three questions of the HLS, then language support will be provided. Once these students enroll in Kindergarten, they will be eligible to be tested with the initial ELPAC or Initial Alternate ELPAC. Upon completion of testing in kindergarten, the students' ELAS of English Learner (EL) or Initial Fluent English Proficient will be determined.

Parents' Rights

The schools where students identified as English learners are enrolled are required to assess the student annually and notify parents of their child's proficiency level. The parents of English learners have a right to decline or opt

their children out of the school's language acquisition program or opt out of particular English learner services within a language acquisition program. If parents or guardians opt their child out of a school's EL program or specific EL services, the child will retain their EL status and will continue to be assessed annually with the Summative ELPAC. Parent(s)/ guardian(s) will submit a written request to the ELD Coordinator.

Parent/Guardian Request for Establishing a New Language Acquisition Program

Under Proposition 58, known as CA Ed.G.E Initiative, parents may request the language acquisition program that best suits their child. (EC § 310(a).) The purpose of the CA Ed.G.E. Initiative is to ensure that all children in California public schools receive the highest quality education, master the English language, and access high-quality, innovative, and research-based language programs that prepare them to participate in a global economy. (EC Section 300[n].)

Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].)

If a preferred program is not offered by the school, parents may make a request to establish a new language acquisition program using the form below. If a sufficient number of requests are received (30 within a school, or 20 within a single grade level), the district will review the feasibility of the request and provide a response to the school community within 60 days.

Parents should submit a written request to the grade level ELD Coordinator with the language acquisition program being requested.

Instructional Program Description for English Learners

The Structured English Immersion (SEI) model develops proficiency in English as rapidly and effectively as possible. This instructional program implemented in the TK-12th grade levels and all content areas works successfully in a virtual setting. The goal is to provide all students with English instruction and support to make the curriculum accessible. Instructors implement various instructional practices and strategies to support ELs in learning content area concepts while acquiring English language skills. EL students will receive virtual English language support based on grade and proficiency level. The instructors will support the EL student during a Live Class. EL students will receive Designated ELD instruction and Integrated ELD support within the content area classes.

Designated ELD Instruction

Designated ELD will occur during a dedicated time specific to the EL level (1, 2, 3, 4). The ELD teacher will target the students' language needs through a group or individual Live Class. The purpose of ELD is for literacy and oral development.

The three levels represent the stages of English language development, describing the expectations for how well the students can understand and use the English language at each level as they continue to build on existing language skills and knowledge.

Emerging:

Students at this level have minimally developed oral (listening and Speaking) and written(reading and writing) English skills. Students at this level typically progress very quickly, learning to use English for immediate needs as well as beginning to understand and use academic vocabulary and other features of academic language.

Expanding:

Students at this level have somewhat to moderately developed oral (listening and speaking) and written (reading and writing) skills. Students at this level receive instruction designed to challenge them to increase their English skills in more contexts and learn a greater variety of vocabulary and linguistic structures. Students will also apply their growing language skills in sophisticated, Grade-level, and age-appropriate ways.

Bridging:

Students at this level have moderately to well-developed oral(listening and speaking) and written(reading and writing) skills. Students at this level continue to learn and apply a range of high level English language skills in a wide variety of contexts, including comprehension and production of highly technical texts. The "bridge" alluded to is the transition to full engagement in grade-level academic tasks and activities in a variety of content areas without the need for specialized ELD instruction.

However, all EL students, regardless of the EL level, will participate in grade-level content areas with various scaffolding strategies to develop content knowledge and English development. Designated ELD instruction is aligned with the CA ELA/ELD Standards (2012) and focuses on the following:

- Live Classes and support calls focus on the four domains: Listening, Speaking, Reading and Writing
- Focus on vocabulary development
- Will teach language through content and themes
- Provide opportunities for meaningful speaking practice
- Build on background knowledge
- Teach through a variety of reading comprehension strategies

- Focus on providing targeted writing instruction.

The following table illustrates the Designated ELD instruction delivered and time devoted for TK-8th grade EL students.

High School Culture Café Section

Culture Café is a safe space reserved for all English Language Learners, ninth through twelfth grade, to practice their Speaking and Listening skills in a low-stress environment. Culture Cafe takes place from October to February, and resumes from May to June. Students of all language levels are invited to participate, creating a mix of abilities where Newcomers can learn from L3's, and L4's can bolster L1's, for example. Each week, students can log on to a 30-minute session where they are introduced to a cultural topic they may or may not be familiar with; such as traditions, music, dance, and cuisine from different cultures around the world. Students who attend are also entered into a monthly raffle to win a school t-shirt. The 2023-2024 school year will be our third year implementing this section.

Integrated ELD Instruction TK-12th Grade

Integrated ELD will occur with the content teacher of English Learners to make grade-level content comprehensible and accessible by using the appropriate ELD strategies. The ELD standards, used in tandem with the academic content standards, guide instruction. Live Classes focuses on language acquisition, helping students attain grade-level content and academic language. The following are examples of Integrated ELD Instruction:

1) Scaffolds used during Live Classes or portfolios to make content more accessible (such as word banks, graphic organizers, and sentence stems) to help students build on previous knowledge and strengthen areas for growth.
2) Monitor for understanding during a Live Class or weekly contact from the homeroom or ELD teacher.
3) Alternate Scaffolded Portfolio Assignments to help students demonstrate their content knowledge while also supporting their language growth.
4) The EL Homeroom Teacher works closely with the Content Area Teachers to ensure that scaffolds are implemented effectively and removed gradually once growth is measured. For example, the ELD and Economics teacher may determine a mutual goal to have their student who started the year writing a single paragraph confidently write four more paragraphs by the end of the semester.
5) Content Area teachers offer 1:1 support and implement scaffolds that allow students to complete assessment corrections and revisions that bolster their mastery of previously identified gaps in comprehension related to content and/or academic language. Teachers will encourage students to attend ELD Live Classes.

Differentiated Instruction

Differentiated instruction is different in every grade band, but shares the same objective of making the curriculum accessible to all students. The table below describes the differentiated instructional strategies implemented by grade span.

Elementary TK-5th Grade
• Alternate portfolios • Engaging lessons that involve reading, writing, speaking, drawing, and listening • Explicit teaching of comprehension • Progress monitoring in reading and oral language • Sentence starter and frames • Math manipulatives, and alternative assignments • Incorporate technology (starfall, kahoot, Nearpod, quizlet, etc.) as well as providing visual and added images to live class PPT's • Provide verbal and written instructions • Teaching language skills across all curriculum topics offer student choices • Cultural sensitivity: Teachers are culturally sensitive and incorporate diverse perspectives into the curriculum to engage ELs and make learning relevant
Middle School 6th-8th Grade
Social Studies 6th- 8th grade: • Offer project options for students. • Provide Thinking Maps and reading supports to help students with primary source analysis and paragraph writing. • Thinking Maps are worked on together during Live Classes (LLs) • Alternate portfolio using visual arts and bullet points instead of written paragraphs **Science 6th-8th Grade:** • Differentiated instructions- built into our science lesson videos and LL, explanation of vocab words, similar words prefix/ suffix use • Alternative portfolios • Science Support on Thursday **Math 6th-8th Grade:** • All tests are completed in DeltaMath which can be translated into any language. Examples are also included in the students' language preference • Tests and quizzes have built-in corrections, allowing students 30 days to complete, edit and correct or receive individualized help by booking an appointment with a teacher. • Review Live Session before every quiz and every test with a study guide and answer key. • Alternate portfolios are available (2 portfolios per semester, with 4-6 choices for students to show understanding). **Language Arts 6th-8th Grade:** • Study guides with examples, definitions, visuals and videos. • A help document is provided for tests with sentence starts for the short answer response questions. • Sentence starters are provided for discussion questions.

- An alternative portfolio may be offered.
- Graphic organizers and sample essays are provided for portfolios.
- Sentence starters on graphic organizers for writing assignments which scaffold student writing.

High School 9th-12th Grade

- ELD teachers and content area teachers work as a team to provide instruction.
- Scaffolding: Teachers often use visual aids such as charts, graphs, and pictures or scaffolding techniques like sentence stems, concept maps, essay templates, note taking templates and other graphic organizers to support ELs' understanding of concepts and complex ideas.
- Content Modification: While maintaining the rigor of the curriculum, teachers may modify assignments or readings to make them more accessible to EL students. They may also provide additional background information to develop cognitive schema.
- Cultural sensitivity: Teachers are culturally sensitive and incorporate diverse perspectives into the curriculum to engage ELs and make learning relevant.
- Academic Language Development: Students are encouraged to attend our Culture Cafe so they can practice their speaking and listening skills while listening to culturally relevant presentations.
- Individualized Instructional Support: Weekly Homeroom Calls with an ELD teacher provides an opportunity for 1:1 modeling, support, and intervention.

Progress Monitoring

All grade level bands will monitor student academic progress and provide the appropriate interventions to English Learners in grades TK-12th. The students are monitored regularly to provide any support needed due to language barriers in each subject matter. Progress Monitoring is regularly analyzed through student work, local assessments, as well as data analysis that tracks student engagement, growth, and overall performance. If a concern arises, a parent-teacher progress monitoring meeting will be held with the appropriate stakeholders. This allows the family to collaborate with the student's academic team (*Homeroom Teacher, Content-Area Teachers, Counselor, and Principal*). If interventions are needed to support the student, parents will be notified and included in the planning process to restore the student's good academic standing. Students will be monitored for an agreed upon time span at the Progress Monitoring Meeting. The exit criteria depend if improvement is demonstrated or if further assistance is required. If improvement is demonstrated, the Homeroom Teacher, Student, and Parent will stay in touch to encourage the student to stay on an upward academic trajectory. If further assistance is required, Homeroom Teachers will continue scheduling weekly/bi-weekly Progress Monitoring Meetings so the student's academic team can work to adjust their approach in individualizing instruction to bolster the student's academic success.

Reclassification Criteria For Students who Take the Summative ELPAC

Reclassification is the process determined by a school district if an English Learner has acquired sufficient proficiency in English to perform successfully in core subjects without ELD services. It is the process by which a student is reclassified from English learner (EL) to Fluent English Proficient (RFEP) status. The goal of CalOPS schools is that EL students receive high-quality instruction and support to become fluent in English as quickly as possible.

As Local Educational Agencies (LEAs), CalOPS schools are to establish "local reclassification policies" that allow for the "the effective and efficient conduct of the language reclassification process" (California Code of Regulations [5 CCR], Section 11303). LEAs are afforded flexibility when identifying appropriate measures of academic performance for local reclassification policy. This policy is designed to provide the framework for

consistent and reliable local reclassification of EL students as they become fluent in English. Criteria for Reclassification EC Section 313(f) specifies four criteria that LEAs must use in reclassifying students from English learner to fluent English proficient (RFEP). The four criteria are:

1. Assessment of language proficiency using an objective assessment instrument, including, but not limited to, the English language development test that is developed or acquired pursuant to Section 60810.
2. Teacher evaluations, including, but not limited to, a review of the pupil's curriculum mastery
3. Parental opinion and consultation
4. Comparison of the performance of the pupil in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrates whether the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

CalOPS's reclassification criteria align with the CDE's requirements as follows:

1. Overall score of 4 on the student's most recent Summative ELPAC test.
    - Some EL students with unique or dually-identified needs, may need specific considerations for how this criterion is met as described in the student's individualized education plan (IEP). In such instances, the student's IEP team should confer to document and discuss how the student's unique needs affect their ability to obtain an Overall PL 4.
2. Teacher evaluation of the student's academic performance. Students who have a C- or better in ELA on their most recent report card and who demonstrate

    grade- level proficiency.
    - **If other reclassification criteria suggest that a student who scored at Summative ELPAC Overall PL 4 or Summative Alternate ELPAC Overall PL 3 (Fluent English Proficient) has learning deficits in other areas,** decision-makers are encouraged to discuss these results with those who know the student (e.g., classroom teachers, parents, instructional specialists or coaches) to identify needed services and supports, so as not to preclude a student with unique needs from demonstrating readiness for reclassification.
3. Parental opinion and consultation: Parent(s) or guardians are contacted by phone and/or webmail to give input into whether the student is ready to be reclassified.
    - If the parent/guardian cannot be contacted by phone and/or webmail, the student will be reclassified. The school will continue to inform parents/guardians of their student's reclassification.
    - ELD Coordinator will document the following questions:
        a) How do you feel about your child's English language proficiency?
        b) Do you agree with reclassifying your student?
        c) Would you still want your child to continue receiving EL services until the end of the school year?
4. Students demonstrate English Proficiency on a basic skills assessment by any of the following:
    a. Grades K-2nd: Scores Above or meets standard on iReady (ELA)
    b. Grades 3rd- 5th: Scores Exceeded or Met Standard on CAASPP ELA, or equivalent score on the iReady assessment
    c. 6th-8th: Student scores Nearly met standard on CAASPP ELA, or equivalent score on the iReady ELA assessment.

d. Grades 9th-12th: Student score Nearly met standard on CAASPP ELA or equivalent score on MAP
    - If other reclassification criteria suggest that a student who scored at Summative ELPAC Overall PL 4 or Summative Alternate ELPAC Overall PL 3 (Fluent English Proficient) has learning deficits in other areas, decision-makers are encouraged to discuss these results with those who know the student (e.g., classroom teachers, parents, instructional specialists or coaches) to identify needed services and supports, so as not to preclude a student with unique needs from reclassification or reclassify too soon.

Reclassification Criteria for Students who Take the Summative Alternative ELPAC

The reclassification criteria set forth in EC Section 313 and 5 CCR Section 11303 are unchanged. The local IEP team and the ELD Coordinator, parent(s)/guardian(s), and other stakeholders determine other criteria for reclassification based on the student's needs. For dually identified students, their disability, as determined by the IEP team and not ELP, should not preclude them from meeting the LEA's reclassification criteria.

LEAs are required to continue using the following four criteria to establish reclassification policies and procedures:

1. Assessment of ELP (using an objective assessment instrument including, but not limited to, the state test of ELP)
2. Teacher evaluation (including, but not limited to, a review of the student's curriculum mastery)
3. Parent or guardian opinion and consultation
4. Comparison of the performance of the student in basic skills against an empirically established range of performance* in basic skills based upon the performance of English-proficient students of the same age that demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English.

    *An assessment (e.g California Alternate Assessment [CAA] for ELA) administered across the entire school to students of the same age or grade level constitutes an empirically established range of performance.

CalOPS's Alternate reclassification criteria align with the CDE's requirements as follows:

1. Assessment of English Language Proficiency: Overall PL 3 on the Summative Alternate ELPAC
2. Teacher Evaluation: The student's classroom performance information is based on the student's IEP goals for academic performance and ELD per EC Section 56345(a)(2) and 34 CFR Section 300.160(a).
    - The IEP team will determine if the student has demonstrated an appropriate academic performance level based on their abilities compared to English-proficient students with similar disabilities.
3. Parent Opinion and Consultation: Parent(s) or guardians are contacted and give input into whether the student is ready to be reclassified.
4. Comparison of Performance in Basic Skills: CAA ELA Score Level 3, or equivalent score on the iReady assessment
    - the IEP team should specify in the student's IEP an assessment of basic skills to meet the guidelines for reclassification (e.g., the CAA for ELA or a locally determined assessment) per EC Section 56345(a)(6)(B) and 34 CFR Section 300.160(a). If the IEP team selects any locally determined assessment, it must have technical data supporting its validity and reliability to measure basic skills. These can be standardized assessments the IEP team already uses to inform initial or triennial evaluations of eligibility. The IEP team may use

this comprehensive approach to make decisions regarding program support and reclassification that will allow the student to make maximum progress, given the student's capacities.

MONITORING OF RECLASSIFIED STUDENTS

Once a student is moved to RFEP status, an RFEP date is assigned, and the student is monitored for four years from the RFEP date. Monitoring will include reviews a minimum of two times throughout the school year using the RFEP Monitoring form. If the student is struggling, additional academic support will be provided based on an individual assessment of the student's needs.

CalOPS conducts the required ongoing assessments of progress regarding English proficiency for its EL students. All mandated state tests for EL students are administered as required by law. Support for families of EL students includes coordinating an interpreter to act as a liaison between the school and the family in their home language when needed. In addition, per state guidelines, when 15% or more of the students enrolled in a school speak a single primary language other than English, the school will examine what additional supports need to be in place for those families, such as translation of materials.

Special Education Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Updated July 30, 2024
Approved by CalOPS Board of Directors _____

The Board of Directors of California Online Public Schools ("CalOPS" or the "Charter School") recognizes the need to identify, evaluate, and serve students with disabilities in order to provide them with a free appropriate public education ("FAPE") in the least restrictive environment. Accordingly, this Policy has been adopted consistent with Education Code section 56195.8.

Identification, Referral, and Evaluation for Special Education

Charter School shall follow applicable state and federal law and regulations and Special Education Local Plan Area ("SELPA") policy with respect to the identification, referral, and assessments of students for special education and related services.

Child Find identification, referral, and activities include, but are not limited to, the following:

1. Charter School shall follow state and federal law and regulations and SELPA policy in its response to a request for identification of a student from a parent/guardian or student 18 years or older.
2. For a student who has not been previously identified or referred for special education and related services, and the student exhibits a potential need for early intervention, the teacher will work with the Learning Coach to implement program interventions. The student may exhibit one or more of the following to prompt early intervention: lack of academic progress, behavioral/emotional concerns, attendance/truancy issues, and/or speech/language difficulties. The teacher and/or Learning Coach may request a Student Support Team ("SST") meeting/Progress Monitoring Meeting (PMM) based on the student's response to interventions. The SST/PMM will meet and confer regarding additional strategies and considerations to support the student. The SST/PMM will also work to gather more information about the student's learning history and profile. SST/PMM may consult with a member of the special education team. The SST will monitor the student and meet again to review the student's progress and make additional recommendations as necessary. The SST may make a recommendation for referral to the Charter School's special education team. A recommendation for referral for an assessment under the IDEA may result.
    a. A parent/guardian may request an initial evaluation at any time to determine if a child is a child with a disability. Additionally, there may be circumstances where the SST/PMM process will be

shortened or bypassed. The use of the above-described strategies will not delay or deny the provision of a full and individual evaluation to a student suspected of having a disability.

Individualized Education Program ("IEP") Team Meetings

Charter School shall convene IEP team meetings with the legally required composition within all legally applicable timelines, in accordance with state and federal law and regulations and SELPA policy.

If a student's general or special education teacher requests a review of the student's assigned class, Charter School shall ensure this review is conducted. A mandatory IEP meeting shall be convened if the review indicates a change to the student's placement, instruction, related services, or any combination thereof may be required. The Case Manager or School Psychologist or Assistant Director of Special Education shall be responsible for completing the review within fifteen (15) school days of the teacher's request.

Procedural Safeguards

Parents/guardians shall receive written notice of their rights in accordance with state and federal law and regulation, and SELPA policy.

Please see **californiaops.org/special-education** for a copy of your procedural safeguards.

Nonpublic, Nonsectarian Services

Charter School may contract with state-certified nonpublic, nonsectarian schools or agencies to provide special education services or facilities when an appropriate public education program at Charter School is not available in accordance with Education Code section 56366 and Section 3062 of Title 5 of the California Code of Regulations. When entering into agreements with nonpublic, nonsectarian schools ("NPSs") or agencies ("NPAs"), Charter School shall consider the needs of the individual student and the recommendations of the IEP team. The IEP team shall remain accountable for monitoring the progress of students placed in nonpublic, nonsectarian programs towards the goals identified in each student's IEP.

In accordance with Education Code section 56366.1, when entering into a Master Contract with an NPS where Charter School has not previously placed a student, the Charter School shall conduct an onsite visit to the NPS at the time of placement. Charter School shall also conduct at least one onsite monitoring visit to the NPA during each school year in which the Charter School has a student attending pursuant to a Master Contract. The monitoring visit shall include the following:

- A review of services provided to the student through the individual service agreement between Charter School and the NPS;
- A review of progress the student is making toward the student's IEP goals;
- A review of progress the student is making toward the goals set forth in the student's behavior intervention plan;
- If applicable, an observation of the student during instruction;
- A walkthrough of the facility; and
- Any other reviews and/or observations deemed necessary by Charter School.

In accordance with Education Code section 56366.45, the Charter School shall, within fourteen (14) days of becoming aware of any change to the certification status of an NPS or NPA as a state-certified school or agency, inform parents/guardians of pupils who attend the NPS or receive services from the NPA, of the change in certification status. The notice to parents/guardians shall be sent via email or regular mail and include a copy of the procedural safeguards. The Charter School shall maintain a record of the notice and shall make this notice available for inspection upon request of the California Department of Education.

The Charter School shall follow state and federal law and regulations and SELPA policy when contracting with nonpublic, nonsectarian schools or agencies.

Resource Specialist Program

Charter School shall employ or contract with certificated resource specialists to provide services for students with disabilities which shall include, but not be limited to:

1. Providing instruction and services to students whose needs have been identified in an IEP developed by the IEP team and who are assigned to regular classroom teachers for a majority of the school day. Students shall not be enrolled in a resource specialist program for the majority of the school day without approval of the IEP team.
2. Providing information and assistance to students with disabilities and their parents/guardians.
3. Providing consultation, resource information, and material regarding students with disabilities to their parents/guardians and regular education staff members.
4. Coordinating special education services with the regular school programs for each student with disabilities enrolled in the resource specialist program.
5. Monitoring student progress on a regular basis, participating in the review and revision of IEPs as appropriate, and referring students who do not demonstrate appropriate progress to the IEP team.
6. At the secondary school level, emphasizing academic achievement, career and vocational development, and preparation for adult life.
7. Resource specialists shall not simultaneously be assigned to serve as resource specialists and to teach regular classes.

Charter School's resource specialist program shall be under the direction of a resource specialist who possesses:

1. A special education credential or clinical services credential with a special class authorization.
2. Three or more years of teaching experience, including both regular and special education teaching experience, as defined by rules and regulations of the Commission on Teacher Credentialing.
3. Demonstration of competencies required for a resource specialist as established by the Commission on Teacher Credentialing.

The Superintendent shall ensure that caseloads for special education teachers are within the maximum caseloads established by law, collective bargaining agreement, and/or SELPA policy. No resource specialist shall have a caseload which exceeds twenty-eight (28) students, unless a valid waiver is obtained through the State Board of Education, consistent with Title 5, California Code of Regulations, section 3100.

Transportation

Charter School shall ensure appropriate, no cost transportation services are provided for students with disabilities as specified in their IEP as a related service when required. The specific needs of the student shall be the primary consideration when an IEP team is determining the student's transportation needs. Considerations may include, but are not limited to, the student's health needs, travel distances, physical accessibility and safety of streets and sidewalks, accessibility of public transportation systems, midday or other transportation needs, extended-year services, and, as necessary, implementation of a behavioral intervention plan.

When transportation services are required, the Superintendent or designee shall arrange transportation schedules so that students with disabilities do not spend an excessive amount of time on buses compared to other students. Arrivals and departures shall not reduce the length of the school day for these students except as may

be prescribed on an individual basis.

When contracting with a nonpublic, nonsectarian school or agency to provide special education services, the Superintendent or designee shall ensure that the contract includes general administrative and financial agreements related to the provision of transportation services if specified in the student's IEP.

Guide dogs, signal dogs and service dogs trained to provide assistance to persons with disabilities may be transported in a school bus when accompanied by students with disabilities, teachers with disabilities, or persons training the dogs.

Charter School shall ensure that all school buses, school student activity buses, youth buses and childcare motor vehicles, whenever they may be used, are equipped with an operational child safety alert system. Charter School shall ensure that all buses are equipped with a passenger restraint system.

Mobile seating devices, when used, shall be compatible with the securement systems required by Federal Motor Vehicle Safety Standard No. 222 (49 C.F.R. § 571.222). Charter School shall ensure school bus drivers are trained in the proper installation of mobile seating devices in the securement systems.

Information on the Number of Individuals with Exceptional Needs

Information regarding the number of individuals with exceptional needs who are being provided special education and related services shall be provided in accordance with state and federal law and regulation and SELPA policy.

Revised and Approved by CalOPS Board of Directors on September 24, 2019
Revised and Approved by CalOPS Board of Directors on June 23, 2020
Revised July 31, 2024

Background

The California legislature passed SB 359, the California Mathematics Placement Act of 2015. The new law requires Local Educational Agencies, including charter schools, to have a board approved placement policy for mathematics for 9th grade students in place beginning with the 2016-17 school year. The intention of the state is to ensure that all students, regardless of race, ethnicity, gender, or socioeconomic background, have an equal chance to advance in mathematics, and to increase the number of students prepared to enter college and careers in science, technology, engineering, and mathematics (STEM). In particular, a student's 9th grade math course placement is a crucial crossroads for his or her future educational success. Misplacement in the sequence of mathematics courses can create a number of barriers and results in pupils being less competitive for college admissions. A fair, objective and transparent policy on 9th grade math placement may help reduce misplacement of students into the appropriate math course as they enter high school.

California Online Public Schools dedicates itself to educate and empower compassionate global citizens by leveraging 21st century education resources on behalf of students who need a more personalized approach to learning to maximize these students' potential and meet the highest performance standards.

This is supported by providing a personalized placement in math courses for all California Online Public Schools students, along with follow up monitoring of student success, in order to customize the student's educational plan to best meet the academic needs and educational goals of each student. California Online Public Schools serve a diverse population of students from many different backgrounds, and through the Personalized Performance Learning approach, the schools can support every student in achieving his or her academic potential, across all demographic groups. In the virtual school environment, students are often able to accelerate academically, and/or to work on academic content until mastery is achieved without facing many of the barriers that can be found in a traditional brick and mortar school setting.

California Online Public Schools are actively engaged in improving math performance in all grade levels. Progress can be monitored through the goals set in the Local Control and Accountability Plans (found on each school's website) and the annual School Improvement Plan.

Mathematics Placement

Math placement decisions are made by the school's counseling and Administrative Leadership team The standard math placement sequence is reviewed annually by the Director of Counseling, in consultation with the school's Administrative Leadership Team.

While the school counseling and Administrative Leadership team are primarily responsible for making math placement decisions, parents and students play a key role in the final decision. Families can make a request for a particular math placement during the enrollment or re-enrollment process.

The counseling staff members take into account multiple measures to determine the math course placement that will lead to the greatest student success for each student. Multiple objective academic measures of student performance are the most important indicators taken into consideration. These include student transcripts, past grades and report cards, performance in the previous math course, results of the statewide mathematics assessments, including interim and/or summative assessments as available, results of gifted and talented testing, and placement tests that are aligned to state-adopted content standards in mathematics. In addition to the objective academic measures, the recommendation of the parent(s) and, if the student was a California Online Public Schools student previously, the student's math teacher, are taken into consideration. For students with an active Individualized Education Program (IEP), the goals and progress of the IEP are taken into consideration.

The following guidelines are used when making math placement decisions for 9th grade students:

- Students entering 9th grade who have successfully completed a level of math of Geometry or above are placed into the next level math course.
- Students who have successfully completed the high school Algebra I requirement prior to 9th grade are placed into Geometry or higher.
- Students who enter 9th grade with a C or better in 8th grade math or Pre-Algebra or Algebra Readiness are placed in Algebra I.
- Students who enter 9th grade having already failed Algebra I, or who received a grade lower than a C in Pre-Algebra or Math 8 or Algebra Readiness, are placed into a slower paced Algebra I course that is divided into Part 1 and Part 2.
- Students who were in a non-traditional educational setting prior to entering 9th grade may use the alternative evaluation procedures laid out in the Student and Family Policy Catalog.

Accountability

In order to provide a transparent policy regarding Mathematics placement, the board approved policy will be posted on the CalOPS 'Notices' webpage.

Students and parents have the right to timely recourse if they do not agree with the school's math placement decision in accordance with the policies laid out in the Student and Family Policy Catalog. The first step in this process is contacting the student's counselor to discuss the placement decision.

The schools will monitor the success of the placement policy by reviewing math placement at the end of the first month of school each year. Placement will be re-evaluated using student success data. Students who are struggling will be given various academic interventions and supports. Students who appear to have mastered the material in a course may be considered for acceleration with the approval of their counselor.

Annually, each school will prepare a report of the math placements for the past year's 9th grade students, which includes the students' demographic information. This report will be presented to the Boards of Directors in a public meeting.

Bullying and Prohibited Behaviors

California Online Public Schools is committed to providing a safe, positive, productive, and nurturing educational environment for all its students, and encourages the promotion of positive interpersonal relations among members of the school community. The Nondiscrimination Statement and Title IX Policy for California Online Public Schools can be found in the Student and Family Policy Catalog and on the school's website.

Harassment, intimidation, bullying, cyber-bullying, and/or hazing toward any member of the school community, whether by or toward any student, staff, Caretaker, or other third parties, is strictly prohibited and will not be tolerated. Examples of such prohibited behavior include, but are not limited to, stalking, bullying/cyber bullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing. This prohibition includes aggressive behavior; physical, verbal, and psychological abuse; and violence within a dating relationship. These types of behavior are forms of intimidation and harassment and are strictly prohibited, regardless of whether the target of the prohibited behavior are members of a legally protected group, such as, but not limited to, sex, sexual orientation, gender identity, race, color, national origin, parenting or marital status, immigration status, disability or any other category protected by state or federal law.

The following definitions are intended to provide guidance in assessing whether a particular behavior is a prohibited behavior. They are not exhaustive in their scope and are not intended to replace the intuition of the individual. When in doubt as to whether a particular suspected behavior is a prohibited behavior, you are urged to rule on the side of caution and report your concerns to the appropriate authority, as provided for in this policy.

Harassment - any intentional behavior or course of conduct (whether written, verbal, graphic, or physical) directed at a specific person or group of persons that causes substantial physical and/or emotional distress or harm and is sufficiently severe, persistent, and/or pervasive that it creates an intimidating, threatening, and/or abusive educational environment for other person(s) and serves no legitimate purpose.

Bullying – a course of abusive treatment (whether written, verbal, graphic, or physical) that typically involves the use of force or coercion to affect others, particularly when habitual and involving an imbalance of power. It may involve verbal, written or cyber harassment, physical assault or coercion and may be directed persistently towards particular victims.

Cyber-bullying – the use of information and communication technologies, such as, but not limited to, cell phone, email, instant messaging, social media websites, Twitter, etc., to support deliberate and hostile behavior by an individual or group, that (i) is intended to harm others or (ii) that an objectively reasonable person would expect to

cause harm to others. Cyber-bullying includes the posting or other transmission of text, video, or images that are embarrassing, demeaning, or threatening in nature, regardless of whether the subject of such text, video, or images directed, consented to or otherwise acquiesced in the at issue posting or other transmission.

Possible forums for social media bullying include, but are not limited to:

- Internet websites with free registration and ease of registration.
- Internet websites offering comment forums or sections.
- Internet website offering peer-to-peer instant messaging.
- Internet websites offering image or video posting platforms.

Hazing – the use of ritual and other activities involving harassment, bullying, cyber-bullying, intimidation, abuse, or humiliation for the purpose of initiating a person or persons into a group, regardless of whether such person(s) consented to or otherwise acquiesced in the at issue behavior(s) and action(s).

Intimidation – a course of behavior that instills fear or a sense of inadequacy.

Violence within a dating relationship - any behavior by a student exhibited towards that student's dating partner that is an attempt to gain and/or maintain power and/or control over a dating partner through violence, threats of violence, and/or physical, verbal, psychological, and/or mental abuse.

Sexting - knowingly using a computer, or any other device capable of electronic data transmission or distribution, to transmit or distribute to another person any photograph or video which depicts nudity and/or text message that is sexually explicit and/or is harmful to minors. Knowingly possessing a photograph or video that was transmitted or distributed by another person as described above.

Sexual Harassment – (as defined by Title IX regulations) conduct on the basis of sex that may be one or more of the following:

1. An employee of CalOPS conditioning the provision of aid, benefit, or service of the school on an individual's participation in unwelcome sexual conduct (commonly referred to as quid pro quo).
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and offensive that it effectively denies a person equal access to the school's education program or activity.
3. Sexual assault means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the FBI.
4. Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim, and where the existence of such a relationship shall be determined based on a consideration of these factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
5. Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

Prohibited behaviors include all the above.

The School Administration and School Board will not tolerate any gestures, comments, threats, or actions which (i) cause, threaten to cause, or an objective and reasoned third-party would find was intended to cause, bodily harm or personal degradation, or (ii) creates, or an objective and reasoned third-party would determine was intended to create, an intimidating, threatening, or abusive environment for any student, staff member, member of the administration, Caretaker, or other third-party.

This Policy applies to all school-related activities and/or engagements, including, but not limited to, online school-related activities such as LiveLesson sessions, participation in clubs and activities, email messages, text messages, discussions, telephonic communications, and in-person activities, such as state testing, field trips, open houses, and any other in-person school-related activities on school property.

This Policy also applies to those activities or engagements which occur off school property if the student or employee is at any school-sponsored, school-approved, or school-related activity or function, such as field trips or events where students are under the school's control, in a school vehicle, where an employee is engaged in school business, or where the prohibited behavior is facilitated using any school property or resources.

Any student or student's Caretaker who believes that a student, any other student, or other third-party, has been or is the recipient of any of the above-described prohibited behaviors should immediately report the situation by using the Uniform Complaint Procedure found here:

CalOPS - **California Online Public Schools Uniform Complaint Procedures**

When the target of the prohibited behavior is a student, the School shall provide that student with a written copy of the rights, protections, and support services available to them. If there is any evidence that the student has experienced physical harm as a result of the prohibited behavior, the School shall promptly communicate that information to the appropriate personnel, including, but not limited to, emergency personnel and /or law enforcement.

If the investigation finds an instance of harassment, intimidation, bullying/cyberbullying, dating violence, or any other prohibited behavior has occurred, it will result in prompt and appropriate remedial and/or disciplinary action in accordance with the School's disciplinary process. This may include up to expulsion for students; up to discharge for employees; exclusion for Caretakers, guests, volunteers, and contractors; and removal from any official position and/or a request for a Board member(s) to resign. Individuals may also be referred to law enforcement officials. Remedial and/or disciplinary action for employees will follow the procedures outlined in the Employee Handbook. Remedial and/or disciplinary action for students will follow the procedures outlined in the Student and Family Policy Catalog.

When appropriate, the target(s) of the prohibited behavior (and/or such target(s') Caretaker(s)) shall be notified of the findings of the investigation, and, when appropriate, that action has been taken. In providing such notification, care shall be taken to respect the statutory privacy rights of the accused perpetrator of such harassment, intimidation, bullying/cyberbullying, and/or dating violence.
If, after investigation, the act(s) of prohibited behavior by a specific student is/are verified, the Superintendent or appropriate administrator shall notify in writing the Caretaker of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment, intimidation, bullying/cyberbullying, dating violence, or any other prohibited behavior will not be tolerated, independent of whether a complaint is substantiated. Such retaliation shall be considered a serious violation of school policy, and suspected retaliation should be reported in the same manner as prohibited behavior. Making intentionally false reports about prohibited behavior will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

This Policy shall not be interpreted as infringing upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by state or federal law).

Complaints

Students and/or their Caretakers may file formal written reports regarding any suspected prohibited behavior by following the Uniform Complaint Procedures available on the school website. Such reports should be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of the suspected prohibited behavior(s), and the names of any potential student or staff witnesses. Such reports shall be promptly forwarded to the designated person for review, investigation, and action.

Students and/or their Caretakers may make informal complaints of conduct that they consider to be prohibited behavior(s) by verbal report to a teacher, school administrator, or other school personnel. Such informal complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected prohibited behavior, and the names of any potential student or staff witnesses. A school staff member or administrator who received an informal complaint shall promptly document the complaint in writing.

This written report shall be promptly forwarded by the school staff member and/or administrator to the Superintendent or designee for review, investigation, and appropriate action.

Privacy/Confidentiality

The school will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the School's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

The Charter School's course requirements align with the A-G requirements that set forth the minimum standards for admission to California State University and University of California Colleges. Because the prescribed course of study may not accommodate the needs of some students, the Charter School will provide alternative means for the completion of prescribed courses as needed in accordance with State and Federal law and this Policy.

To determine whether students transferring into the Charter School have met course requirements, the Charter School's Superintendent will establish procedures to evaluate the comparability of course and/or students' understanding of course content. Such procedures shall include methods for determining the number of years of school attendance, the specific courses completed by the student and the value of credits earned. The Charter School shall accept for credit full or partial coursework satisfactorily completed by students while attending a public district or charter school, juvenile court school, or nonpublic nonsectarian school or agency.

Reduced Requirements for Foster and Highly Mobile Students

CalOPS recognizes that certain students are at risk of not completing high school due to interruptions in education and high mobility. The Charter School shall provide eligible highly mobile youth with the option to complete reduced course requirements to earn a high school diploma.

Highly mobile youth includes a student in foster care, a student who is a homeless child or youth, a former juvenile court school student, a student who is a child of a military family, a student who is a migratory child, or a student participating in a newcomer program.

A highly mobile youth who transfers into the Charter School any time after the youth completed their second year of high school or is participating in a newcomer program, and is unable to complete the Charter School's course requirements as defined above by the end of the Student's fourth year of high school will have the option to be exempted from all requirements that exceed California's minimum high school graduation requirements.

If a student is found eligible for an exemption to the Charter School's graduation requirements, the Charter School will notify the student and the student's parent/guardian/educational rights holder ("ERH") if any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges.

An identified youth and/or their ERH have the ultimate right to decide if the youth will pursue a high school diploma pursuant to the California minimum requirements or continue for a fifth year of high school to complete the Charter School's course requirements. The Charter School will not require a student to graduate before the completion of their fourth year.

For additional information regarding graduation requirements for highly mobile youth, the Charter School's complete policy Education of Foster and Mobile Youth Policy is available upon request at the main office.

Differential Graduation and Competency for Students with Disabilities

The Charter School recognizes that students with disabilities are entitled to a course of study that provides them with a free appropriate public education ("FAPE") and that modifications to the Charter School's regular course of study may be needed on an individualized basis to provide FAPE. In accordance with law, each student's individualized education program ("IEP") team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on daily instruction and state and districtwide assessments. The IEP team shall also determine the appropriate graduation track for each student with a disability based on the student's ability to complete the Charter School's prescribed course of study to earn a high school diploma.

No student shall be classified as eligible for differential standards of proficiency for the purpose of circumventing the legal requirement to maintain academic eligibility for extracurricular or co curricular activities.

Exemption for Students with Disabilities

Notwithstanding any other law, the Charter School shall exempt an individual with exceptional needs who entered ninth grade in the 2022-23 school year and later, from all coursework and other requirements adopted by the governing board or governing body of the local educational agency ***that are additional to*** the statewide graduation requirements, if the student's IEP provides for the following per Education Code 51225.31(a) and (b).

1. The student is required to take the alternate assessment aligned to alternate achievement standards in grade 11, as described in subdivision (k) of Section 60640.
2. The pupil is required to complete state standards aligned coursework to meet the statewide coursework requirements specified in Section 51225.3.

In order to be eligible for an alternative diploma, a student *must* have a significant cognitive disability and be on track to complete California's minimum coursework requirements for graduation.

A student who meets the above criteria shall be awarded a diploma of graduation from high school that conforms with minimal state graduation requirements pursuant to Education Code Section 51225.3 (CA State Minimum Requirements Diploma). The award of a CA State Minimum Requirements Diploma does not change the Charter School's obligation to provide a free appropriate public education ("FAPE") or otherwise constitute a change in placement.

Before a student with exceptional needs begins grade 10, the student's IEP team shall determine and notify the parent or guardian of the student of whether the student may be eligible to graduate with the CA State Minimum Requirements Diploma per Education Code 51225.31(c).

Any student who meets the criteria as stated above for a CA State Minimum Requirements Diploma shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a student of similar age would be eligible to participate. Participation in graduation activities shall not be construed as termination of the provision of free appropriate public education per Education Code 51225.31(d).

Certificate of Completion

The Charter School Superintendent or designee shall award a certificate of completion instead of a high school diploma, if a student with exceptional needs has minimally met one (1) of the following requirements:

1. Satisfactorily completed a prescribed alternative course of study approved by the Charter School Governing Board which has jurisdiction over the student as identified in the IEP.
2. Satisfactorily met the student's IEP goals and objectives during high school as determined by the IEP team.
3. Satisfactorily attended high school, participated in the instruction as prescribed in the student's IEP, and met the objectives of the statement of transition services.

The Superintendent or designee shall ensure a student with disabilities who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any Charter School activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. In addition, the Superintendent or designee shall ensure that the student will continue to have access to special education related supports and services until the student meets the Charter School's criteria to receive a high school diploma or until age 22.

Whether a student receives a certificate of completion or a diploma is confidential. The Charter School does not inform other students whether their peers are receiving a certificate or a diploma, and all students will participate equally in graduation ceremonies and activities.

California High School Proficiency Exam

The California Proficiency Program ("CPP") has replaced the California High School Proficiency Exam (CHSPE) established by California Education Code Section 48412. The CPP utilizes the State Board of Education approved GED® or HiSET® subtests for language arts and mathematics to measure proficiency.

Students may take the CPP with paper-pencil or on a computer at a testing center, or at home, online, with live proctoring. (Note: paper-pencil tests are only available at testing centers). The CPP tests are offered in English and Spanish.

The CPP allows students who need to verify their high school level skills. In some cases, students take the test and leave high school early to work or attend college. Those who pass the test receive a Certificate of Proficiency, which is equal by law to a California high school diploma, from the State Board of Education. However, the Certificate of Proficiency is not equivalent to completing all course work required for graduation from high school. If a student is planning to continue their studies in a college or university, they should contact the admissions office of the institution they plan to attend so that the student may understand that institution's admission requirements including whether or not the Certificate of Proficiency will be sufficient for admission.

People who are sixteen years of age or older; or who have completed one year of enrollment in grade ten; or who will have completed one year of enrollment in grade ten at the end of the semester during which the exam is

administered may take the test. There is no upper age limit to take the test, please find all eligibility requirements HERE. In addition to regular examinations, the examinations may also be conducted for all eligible persons at least once during each summer recess and may be conducted at any other time that the California Department of Education ("CDE") deems necessary to accommodate eligible persons whose religious convictions or physical handicaps prevent their attending one of the regular examinations. There is a fee to take the test, though the fee will be waived for homeless and foster youth who submit required paperwork, and for examinees who have not attained 25 years of age as of the date of the scheduled examination

Charter School will distribute an announcement to each student in grades eleven and twelve explaining the CPP. This announcement will be distributed in time sufficient to enable interested students to meet all examination registration requirements for the fall test of that year.

Honorary Diploma

The Charter School may confer an honorary high school diploma upon a student who is terminally ill. The honorary high school diploma will be clearly distinguishable from the regular diploma of graduation awarded by the Charter School.

Retroactive Diploma

Per AB1350/EC 51430(a)(4), the Charter School may retroactively grant a high school diploma to a student who has not received a high school diploma if they meet the following conditions:

1. The student was in their senior year of high school during the 2019–20 school year;
2. in good academic standing and on track to graduate at the end of the 2019–20 school year, as of March 1, 2020; and
3. unable to complete the statewide graduation requirements as a result of the COVID-19 crisis.

Withholding a Diploma

In accordance with Education Code section 48904, if the student willfully cut, defaced, or otherwise injured the school property or willfully not returned upon demand of an employee any property loaned to the student and after affording the student their due process rights, a student's diploma may be withheld until such time as the student or the student's parent/guardian has paid for the damages. The Charter School shall notify the parent/guardian/ERH of the student in writing of the pupil's alleged misconduct before withholding the student's diploma. If the student or the student's parent/guardian are unable to pay for the damages or return the property, the Charter School shall provide a program of voluntary work for the student in lieu of the payment of monetary damages.

Early Graduation and Graduation Date

At the close of the second (2nd) semester, the grade level Administrator, Counselor, and/or other staff will review each senior's records to ensure that these students have completed all graduation requirements. The High School Principal or designee will then initiate the "withdrawal for graduation" process in the Education Management System for those students who have completed all requirements. (See also the section below called *Enrollment Following Graduation Requirements*.) Students who have completed all graduation requirements at any time prior to the end of the second semester of their senior year may request early graduation by contacting the High School Principal. The High School Principal and other appropriate school staff will then review the student's records to ensure that all graduation requirements have been met. If the High School Principal grants approval for early graduation, they will initiate the "withdrawal for graduation" process. This includes marking the student's transcript to indicate graduate status. Once the student has graduated, the student will no longer be enrolled in a CalOPS School and will not have access to the Education Management System.

The graduation date for every student will be the date of the last day of the semester during which the student completes all graduation requirements. Students who complete their graduation requirements during the summer may be given a graduation date of the last day of the previous school year but will usually have a graduation date based on the date they complete all summer coursework. Students enrolled in credit recovery courses who are making up credits towards the graduation requirements (see section on Project Success below) may be eligible to have a mid-semester graduation date if they complete all the required credits and are approved by their counselor for a mid-semester graduation.

Exceptions to the graduation date policy will be made on a case by case basis and only with reasonable documentation of the reason that an earlier graduation date is needed. Exceptions will only be made by the Executive Director (or designee) upon recommendation by the High School Principal or Director of Counseling Services.

Enrollment Following Completion of Graduation Requirements

Students who complete all graduation requirements may remain enrolled with a full time load of courses through the remainder of the school year if they first entered ninth (9^{th}) grade less than four school years earlier (in other words if the student did not start high school more than four (4) years prior to the expected completion date at the end of that school year). Students who have taken longer than four (4) years to complete the high school graduation requirements must exit as a graduate at the end of the semester when they meet all the CalOPS graduation requirements.

Unofficial transcripts will be available to students via the Education Management System *as long as the student is enrolled in a CalOPS School*, and official transcripts will be available at any time by request through the School's contracted transcript service, Parchment. Graduates may also request unofficial transcripts through Parchment at any time. Early graduates will receive their diplomas *at the end of the second semester*, when the rest of the graduating class receives their diplomas. Early graduates are welcome to join in all graduation activities offered by their CalOPS School but must inform the school of their desire to participate in graduation activities at the same time they request early graduation.

CalOPS uses the transcript service Parchment to provide official transcripts, and unofficial transcripts to students who are no longer enrolled. Information on how to request transcripts through Parchment is available on the School's website. Please contact the school counselor or the school records department with any questions regarding transcript requests. Questions about transcripts can also be directed by email to **transcripts@californiaops.org**.

Graduation Ceremony

The Charter School's graduation ceremony and related activities (e.g. grad night) are extracurricular educational activities, such that participation in these activities is not an absolute right.

To participate in the graduation ceremony, students must demonstrate one of the following:

1. Completion of the minimum 220 credits as described above.
2. Eligibility for a Certificate of Completion, consistent with this Policy.

The Superintendent or designee will determine a student's ability to participate in graduation ceremonies and/or activities. Prior to denial of the privilege(s), the student, and where practicable their parent or guardian, shall be made aware of the grounds for such denial and shall be given an opportunity to respond to the proposed denial. If privilege(s) are to be denied, the student and parent/guardian shall receive written notice of the denied privilege and the means whereby the individual may appeal this decision. If a student has an IEP plan or 504 plan, any

decisions regarding that student's participation in graduation ceremony/activities will be made by the IEP/504 team and will include the parent/guardian.

Any student participating in a graduation ceremony or activity shall comply with Charter School policies pertaining to student conduct.

The Superintendent or designee may require graduating students to wear ceremonial attire, such as cap and gown, at the ceremony. Any required attire will be provided to students free of charge for use during the ceremony. A student and/or parent/guardian will have the option of purchasing a cap and gown as a keepsake. Students are permitted to wear tribal regalia or recognized objects of religious or cultural significance as an adornment at the graduation ceremony, in addition to but not instead of the required cap and gown. Any accessory, object or adornment that is likely to cause a substantial disruption of, or interference with, the graduation ceremony will not be permitted. Any graduating student who has completed basic training and is an active member of any branch of the United States Armed Forces may, at their option, wear their military dress uniform at the ceremony.

Comprehensive Sexual Health Education Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

This Policy of California Online Public Schools ("the Charter School" or "CalOPS") Board of Directors ("Board") has been adopted to meet the Legislative intent of the California Healthy Youth Act ("CHYA") as follows: (1) to provide students with the knowledge and skills necessary to protect their sexual and reproductive health from human immunodeficiency virus ("HIV") and other sexually transmitted infections and from unintended pregnancy;(2) to provide students with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; (3) to promote understanding of sexuality as a normal part of human development; (4) to ensure students receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end; and (5) to provide students with the knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors.

Definitions

- *"Age appropriate"*: topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group.
- *"Comprehensive sexual health education"*: education regarding human development and sexuality, including education on pregnancy, contraception, and sexually transmitted infections.

Instruction to Students

The CHYA requires that comprehensive sexual health education and HIV prevention education be provided to all CalOPS students in grades 7 to 12, inclusive, at least once in middle school or junior high school and once in high school. In compliance with the CHYA, the Charter School will ensure that all students in grades 7 to 12, inclusive, are provided the required instruction.

Further, CalOPS shall ensure that all instruction satisfies the following criteria:

1. Instruction and materials shall be age appropriate.
2. All factual information presented shall be medically accurate and objective.
3. All instruction and materials shall align with and support the purposes of Education Code Section 51930(b)(1)-(5) as stated in this Policy and shall:
    a. Be appropriate for use with students of all races, genders, sexual orientations, and ethnic and cultural backgrounds, students with disabilities, and English learners.
    b. Be made available on an equal basis to a pupil who is an English learner, consistent with the existing curriculum and alternative options for an English learner pupil as otherwise provided pursuant to applicable law.
    c. Be accessible to students with disabilities, including, but not limited to, the provision of a modified curriculum, materials and instruction in alternative formats, and auxiliary aids.
    d. Not reflect or promote bias against any person on the basis of any category protected by Education Code Section 220.

    h. Teach the value of and prepare students to have and maintain committed relationships such as marriage.
    i. Provide students with knowledge and skills they need to form healthy relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation.
    j. Provide students with knowledge and skills for making and implementing healthy decisions about sexuality, including negotiation and refusal skills to assist students in overcoming peer pressure and using effective decision making skills to avoid high-risk activities.
    k. Not teach or promote religious doctrine.

In-Service Training

The Charter School shall cooperatively plan and conduct in-service training for all CalOPS personnel that provide HIV prevention education, through regional planning, joint powers agreements, or contract services.

In developing and providing in-service training, the Charter School shall cooperate and collaborate with the teachers of CalOPS who provide HIV prevention education and with the department.

In-service training shall be conducted periodically to enable CalOPS personnel to learn new developments in the scientific understanding of HIV. In-service training shall be voluntary for CalOPS personnel who have demonstrated expertise or received in-service training from the department or federal Centers for Disease Control and Prevention.

The Charter School may expand HIV in-service training to cover the topic of comprehensive sexual health education in order for the CalOPS of sexual health.

Guest Speakers

The Charter School may contract with outside consultants or guest speakers, including those who have developed multilingual curricula or curricula accessible to persons with disabilities, to deliver comprehensive sexual health education and HIV prevention education or to provide training for CalOPS personnel.

All outside consultants and guest speakers shall have expertise in comprehensive sexual health education and HIV prevention education and have knowledge of the most recent medically accurate research on the relevant topic or topics covered in their instruction.

Parental Consent

CalOPS encourages students to communicate with their parents or guardians about human sexuality and HIV and to respect the rights of parents or guardians to supervise their children's education on these subjects. The Charter School intends to create a streamlined process to make it easier for parents and guardians to review materials and evaluation tools related to comprehensive sexual health education and HIV prevention education, and, if they wish, to excuse their children from participation in all or part of that instruction or evaluation. CalOPS recognizes that while parents and guardians overwhelmingly support medically accurate, comprehensive sex education, parents and guardians have the ultimate responsibility for imparting values regarding human sexuality to their children.

A parent or guardian of a pupil has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. The Charter School shall not require active parental consent ("opt-in") for comprehensive sexual health education and HIV prevention education.

Notwithstanding Education Code section 51513, anonymous, voluntary, and confidential research and evaluation tools to measure students' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex, may be administered to any pupil in grades 7 to 12, inclusive. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. The Charter School shall not require active parental consent ("opt-in") for these tests, questionnaires, or surveys in grades 7 to 12, inclusive. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to CalOPS.

Annual Notice

At the beginning of each school year, or, for a pupil who enrolls in a school after the beginning of the school year, at the time of that pupil's enrollment, CalOPS shall notify the parent or guardian of each pupil about instruction in comprehensive sexual health education and HIV prevention education and research on pupil health behaviors and risks planned for the coming year. The notice shall do all of the following:

1. Advise the parent or guardian that written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education are available for inspection.

2. Advise the parent or guardian whether the comprehensive sexual health education or HIV prevention education will be taught by CalOPS personnel or by outside consultants. The Charter School may provide comprehensive sexual health education or HIV prevention education, to be taught by outside consultants, and may hold an assembly to deliver comprehensive sexual health education or HIV prevention education by guest speakers, but if it elects to provide comprehensive sexual health education or HIV prevention education in either of these manners, the notice shall include the date of the instruction, the name of the organization or affiliation of each guest speaker, and information stating the right of the parent or guardian to request a copy of this Policy. If arrangements for this instruction are made after the beginning of the school year, notice shall be made by mail or another commonly used method of notification, no fewer than fourteen (14) days before the instruction is delivered.
3. Include information explaining the parent's or guardian's right to request a copy of this Policy and/or Education Code sections 51930-51939.
4. Advise the parent or guardian that the parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV prevention education and that in order to excuse their child they must state their request in writing to CalOPS.

For Students who Opt-Out

A pupil may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks, if CalOPS has received a written request from the pupil's parent or guardian excusing the pupil from participation.

A pupil may not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

While comprehensive sexual health education, HIV prevention education, or an anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks is being administered, an alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Freedom of Speech Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Students attending the School have the right to exercise free expression including, but not limited to the use of bulletin boards, distribution of printed materials or petitions, wearing buttons, badges and other insignia and the right of expression in official publications, whether or not the publications or other means of expression are supported financially by the school or by use of school facilities. The Board of Directors ("Board") respects students' rights to express ideas and opinions, take stands and support causes, whether controversial or not, through their speech, their writing, their clothing, and the printed materials they choose to post or distribute.

Student liberties of expression shall be limited only as allowed by law in order to maintain an orderly school environment and to protect the rights, health and safety of all members of the School community.

Students will not be disciplined solely on the basis of speech or other communication that would be constitutionally protected when engaged outside of school, but may be disciplined for harassment, threats, or intimidation unless constitutionally protected. Education Code § 48950.

Freedom of Expression Procedures

Circulation of Petitions and Other Printed Matter

Students shall be allowed to distribute petitions and other printed matter subject to these procedures.
The time of distribution shall be limited to the half hour before school begins, during the lunch period, and the half hour after school is dismissed.

The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions. Materials are not to be left undistributed or stacked for pick-up while unattended at any place in the School or on School grounds.

Buttons, Badges and Other Insignia of Symbolic Expression

Students will be permitted to wear buttons, badges, armbands, and other insignia as a form of expression.
Students will be subject to disciplinary action when expressive activities such as the distribution of materials, wearing of buttons or displays, or posting of notices or other materials:

1. Are obscene, libelous or slanderous;
2. Incite students so as to create a clear and present danger of the imminent commission of unlawful acts on school premises or of the violation of lawful School regulations or of the substantial disruption of the orderly operation of the School;

3. Express or advocate racial, ethnic or religious prejudice so as to create a clear and present danger of imminent commission of unlawful acts on School premises or of the violation of lawful School regulations or of the substantial disruption of the orderly operation of the School;
4. Are distributed in violation of the time, place and manner requirements;
5. Are in violation of current federal, state and local laws.

Unofficial School Publications

School officials may not ban the distribution of non-School-sponsored publications on School grounds. Writers and editors of unofficial student publications who violate any state or federal law may be disciplined after distribution. Students distributing or posting any materials that are obscene, libelous or slanderous, or which demonstrably incite students to commit unlawful acts on School premises, violate School rules, or substantially disrupt the School's orderly operation will be subject to disciplinary action.

The following points apply to unofficial student publications:

1. The School and its employees may disassociate themselves from the material printed inasmuch as it is not an official publication of the School.
2. School officials may reasonably regulate the time, place and manner of distribution. This distribution will be limited to:
    a. One half hour before school begins, during the lunch period, or the half hour after dismissal.
    b. In locations that do not obstruct the normal flow of traffic within the School or at entrances.
    c. Without undue noise.
3. No student shall use coercion to induce students or any other persons to accept printed matter or to sign petitions.
4. "Distribution" means dissemination of a publication to students at a time and place of normal School activity, or immediately prior to or subsequent thereto, by means of handing out free copies, selling or offering copies for sale, accepting donations for copies of the publication, or displaying the student publication in areas of the School which are generally frequented by students.

School officials cannot:

1. Prohibit the distribution of anonymous literature or require that literature bear the name of the sponsoring organization or author.
2. Ban the distribution of literature because it contains advertising.
3. Create regulations that discriminate against non-School-sponsored publications or interfere with the effective distribution of non-sponsored publications provided such publications abide by time, place and manner regulations.

Official School Publications

Pupil editors of official school publications shall be responsible for assigning and editing the news, editorial and feature content of their publications subject to the limitations identified above. It shall be the responsibility of a journalism advisor(s) of pupil publications within the School to supervise the production of the pupil staff, to maintain professional standards of English and journalism and to maintain the provisions provided in the Education Code relating to student expression.

Other Forms of Student Expression

Forms of student expression may include, but are not limited to speech, debate, assemblies, posters, bulletin board announcements, and the wearing of buttons, badges and armbands. In general, the laws pertaining to all forms of student expression are the same. The rights of students to express their opinions are recognized by law and are not limited to verbal expression. The basic guidelines listed above for publications apply to all forms of

student expression. No teacher or administrator shall interfere with such expression on the grounds that the message may be unpopular with students or faculty.

In conforming to state and federal laws, student expression must obey copyright laws; for example, student posters cannot use nationally registered and copyrighted characters such as those from Walt Disney or "Peanuts'" publications.

A student shall be subject to discipline for off-campus expression, including expression on off-campus Internet web sites, when such expression poses a threat to the safety of other students, staff, or school property, or substantially disrupts the educational program. The School director will document the impact the expression had or could be expected to have on the school program.

Distribution of Procedures Governing Student Rights

Site administrators will distribute copies of this Administrative Procedure to all teachers who are advisors of students who produce publications or present public performances. It is the responsibility of the School and site administrators to see that these guidelines are kept up-to-date and accurate.

Appeals

The pupil and a School staff member shall attempt to resolve the problem before consulting the administrative staff. If the issue cannot be resolved between the staff member and the pupil, the pupil may appeal the decision to the site administrator, and then to the Charter School Superintendent or his/her designee. As a final step, the pupil may follow the School's Uniform Complaint Procedures, as outlined in the Student and Family Policy Catalog.

California Online Public Schools

Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

A. Section 504 Policy

The Board of Directors of the California Online Public Schools ("CalOPS" or the "Charter School") recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education ("FAPE") and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a FAPE.

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA"). An impairment need not prevent or severely restrict a major life activity to be considered "substantially limiting."

The Charter School's Superintendent or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the

student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If CalOPS does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent's/guardian's procedural safeguards.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. CalOPS shall periodically review the student's progress and placement.

CalOPS not discriminate on the basis of disability or any other characteristic protected under law. CalOPS will implement this policy through its corresponding procedures.

B. Section 504 Procedures

A. Definitions

1. **Academic Setting** – the regular, educational environment operated by CalOPS.
2. **Individual with a Disability under Section 504** – An individual who:
    a. has a physical or mental impairment that substantially limits one or more major life activities;
    b. has a record of such an impairment; or
    c. is regarded as having such an impairment.
3. **Evaluation –** procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or procedures used with, all students in a school, grade or class.
4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school–sponsored events.
5. **FAPE** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.
6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.
7. **Physical or Mental Impairment** –
    a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive;

genitor-urinary; hemic and lymphatic; skin; and endocrine; or

b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

8. **504 Coordinator** – The Director of Student Services or designee shall serve as the Charter School's Section 504 Coordinator. The parents or guardians may request a Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator.

9. **Has a record of such an impairment** - means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. **Is regarded as having an impairment** - means

    a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

    b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. CalOPS will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.

2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.

3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.

4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.

6. The 504 Team will consider the following information in its evaluation of the student:

    a. Tests and other evaluation materials that have been validated for the specific purpose for

which they are used and are administered by trained personnel;

b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a FAPE. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the effects of an impairment.

9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.

10. Information from all sources shall be documented and carefully considered.

11. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.

2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.

3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.

4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated

that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.

6. The referral, assessment, evaluation and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.
7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.
8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.
9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.
10. CalOPS shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, CalOPS shall schedule a 504 Team meeting to review the existing 504 Plan. CalOPS shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.
11. A parent, guardian, or CalOPS shall have the right to audio record the proceedings of any team meetings held pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794). The parent or guardian or CalOPS shall notify the members of the team of the parent's, guardian's, or CalOPS's intent to audio record a meeting at least 24 hours before the meeting. If CalOPS initiates the notice of intent to audio record a meeting and the parent or guardian objects or refuses to attend the meeting because it will be audio recorded, the meeting shall not be audio recorded.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.
2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:
    - Examine relevant records
    - Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
    - Have the right to file a Uniform Complaint pursuant to Charter School policy
    - Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

   Director of Student Services
   33272 Valle Road
   San Juan Capistrano, CA 92675
   (800) 906-5166

   Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Superintendent or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with CalOPS or any district within the El Dorado Charter SELPA in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:

   - The specific decision or action with which the parent/guardian disagrees.
   - The changes to the 504 Plan the parent/guardian seeks.
   - Any other information the parent/guardian believes is pertinent.

5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:

   - Mediation by a neutral third party.
   - Review of the 504 Plan by the Superintendent or designee.

6. Within ten (10) calendar days of receiving the parent/guardian's request, the Superintendent or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Superintendent or designee.

7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Superintendent or designee.

8. The parent/guardian and the School shall be afforded the rights to:

   - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
   - Present written and oral evidence.
   - Question and cross-examine witnesses.
   - Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.
11. CalOPS shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

F. Suspension and Expulsion, Special Procedures for Students with Disabilities

CalOPS shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. CalOPS will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, CalOPS, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If CalOPS, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If CalOPS, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that CalOPS had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If the child has a BIP, review the BIP and modify it, as necessary, to address the

behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and CalOPS agree to a change of placement as part of the modification of the BIP.

If CalOPS, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then CalOPS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or CalOPS, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and CalOPS agree otherwise.

4. Special Circumstances

CalOPS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated CalOPS's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if CalOPS had knowledge that the student had a disability before the behavior occurred.

CalOPS shall be deemed to have knowledge that the student had a disability if one of the

following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to CalOPS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent has requested an evaluation of the child.

c. The child's teacher, or other CalOPS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other CalOPS supervisory personnel.

If CalOPS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If CalOPS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. CalOPS shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by CalOPS pending the results of the evaluation.

CalOPS shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

C. Parent/Student Rights in Identification, Evaluation, Accommodation and Placement

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. Please keep this explanation for future reference.

You have the right to:

1. Have your child take part in and receive benefits from public education programs without discrimination because of their disabling condition.
2. Have CalOPS advise you of your rights under federal law.
3. Receive notice with respect to Section 504 identification, evaluation and/or placement of your child.
4. Have your child receive a FAPE. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have CalOPS make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
5. Have your child educated in facilities and receive services comparable to those provided to non-disabled students.
6. Have your child receive special education and related services if your child is found to be eligible under the Individuals with Disabilities Education Improvement Act (IDEA 2004).

This includes the right to an evaluation before the initial placement of the student and before any subsequent significant change in placement.
8. Have your child be given an equal opportunity to participate in non-academic and extracurricular

activities offered by CalOPS.

9. Examine all relevant records relating to decisions regarding your child's Section 504 identification, evaluation, educational program, and placement.
10. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
11. Obtain a response from CalOPS to reasonable requests for explanations and interpretations of your child's records.
12. Request an amendment of your child's educational records if there is reasonable cause to believe they are inaccurate, misleading or otherwise in violation of the privacy rights of your child. If CalOPS refuses this request for amendment, the Charter School shall notify you within a reasonable time and advise you of your right to an impartial hearing.
13. Request mediation or file a grievance in accordance with Charter School's Section 504 mediation grievance and hearing procedures, outlined above.
14. Request an impartial hearing regarding the Section 504 identification, evaluation, or placement of your child. You and the student may take part in the hearing and have an attorney represent you.
15. File a formal complaint pursuant to the Charter School's Uniform Complaint Policy and Procedures. Please ask the Superintendent or designee for a copy of the Charter School's Uniform Complaint Policy and Procedures if you need one.
16. File a formal complaint with the U.S. Department of Education.

Student Use of Technology Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

The Board of Directors of California Online Public Schools ("CalOPS" or the "Charter School") finds that new technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. The Charter School offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. By its adoption of this Policy, the Board intends that technological resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Approved Use of Charter School Technology

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of an educational purpose. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

Artificial Intelligence (AI)

Use of AI tools should be in support of students' critical thinking and academic skill development, supplementing the educational process without undermining the integrity of academic work. Responsible uses will vary depending on the context, such as a classroom activity or assignment. Teachers will clarify if, when, and how AI tools will be used. Student disclosure on use of AI is required in all capacities, and citations regarding AI usage

may be necessary. Any assignment that is found to have used generative AI tools in unauthorized ways is subject to school policy. If a student is in doubt about permitted usage, please ask for clarification. The Charter School will ensure compliance with applicable laws and regulations regarding data security and privacy.

Notice and Acceptable Use Agreement

The Charter School shall notify students and parents/guardians about authorized uses of Charter School computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student's parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able to exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor students while they are using Charter School computers, laptops, or tablets to access the internet or online services on a Charter School campus and may have teacher aides, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The Superintendent or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Superintendent or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.[1] Students are expected to follow safe practices when using Charter School technology.

Charter School advises students:

[1]Refer to definitions provided at the beginning of this policy.

1. To never share passwords, personal data, or private photos online.
2. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
3. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
4. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Superintendent or designee shall block access to such sites on Charter School computers with Internet access.

The Superintendent or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

Acceptable Use Agreement

To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:

The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agreed upon use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.
7. **Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.

After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Assignment Options

2024-2025 School Year

The CalOPS Committee on Assignments (CoA) has reviewed the courses offered during the 24-25 school year and determined the need to assign teachers in the specific subject areas as indicated. It has been verified that there is no available teacher on staff with the appropriate credential authorization to teach the subject area and that the EC §44258.7(c)(d) option should be used to address the need. The following teachers have been identified as teachers with knowledge of the subject matter and who wish to take the teaching assignment. Teacher consent for these assignments has been confirmed. The CoA has determined that each teacher listed demonstrates sufficient knowledge and subject-matter competence in the subject of the assignment(s) and has approved the assignments as listed with clear verification, authorizing these individuals to teach the subject(s) requested without any conditions.

FISCAL Policies and Controls

School Year 2024-25

Background

California Online Public Schools (CalOPS) is a California public benefit corporation (the Organization), with non-profit status from the IRS, which operates a network of public charter schools known as California Online Public Schools. This network of charter schools is referred to as School or Schools in this policy.

Purpose

The Board of CalOPS believes in implementing and following fiscal management practices to ensure that the Organization's funds are appropriately managed in order to support the Organization's and its Schools' mission. It also will help avoid any liability that could be attributed to the Board resulting from mismanagement. The Organization refers to the "California Charter School Accounting and Best Practices Manual" developed by Fiscal Control and Management Assistance Team (FCMAT) for guidance in the review and updating of these policies.

Policy

School and corporate funds will be budgeted, accounted for, expended, and maintained in an appropriate fashion and in accordance with applicable Federal and State requirements. The following procedures have been established to facilitate this.

Procedures

A. Budgets

The Director of Finance of the Schools, in consultation with the Schools' Superintendent and with the support of the financial services provider([1]) and other relevant staff members, will coordinate the preparation of an annual operating budget with estimated revenue and expenditures prior to June 20 for the following fiscal year, defined as the twelve-month period ending June 30, unless otherwise required by law or other contract. The Board shall review and approve the budget prior to July 1 of each year. A fiscal year forecast based upon updated assumptions will be prepared before the opening of the new school year.

Approved annual operating budgets will be submitted to appropriate entities required by law in the format required by statute and/or regulation and/or contractual agreements, and by any required deadlines.

[1] Charter Impact however, this is to change if another vendor is contracted to support any of the schools financial management or reporting needs.

Approved budgets will be used to monitor the financial activities of the year via the monthly financial reports. In addition, cash flow analysis (when needed), budget projections, and budget revisions, will be prepared periodically during the year to adjust for changes in revenue or expenses.

Budgets will be prepared that show the revenue and expenditures and financial position for each School, as well as the Organization as a whole.

B. Controls, Budget, and Fiscal

The School will maintain the following principles in its ongoing fiscal management practices to ensure that, (1) expenditures are authorized by and in accordance with amounts specified in the board-adopted budget, (2) the Organization and Schools' funds are managed and held in a manner that provides a high degree of protection of the Organization's assets, and (3) all transactions are recorded and documented in an appropriate manner:

1. Segregation of Duties

The Organization will develop and maintain simple payment requests (formally known as check requests) and purchase order forms to document the authorization of non-payroll expenditures. Proposed expenditures that are not pre-approved via Board action of a contracted amount should be approved by an administrator, who will review to determine whether it is consistent with the Board-adopted budget.

Designated staff employed as part of the Executive Leadership Team, may be assigned a district credit card for business related expenses, such as transportation, food and lodging while on CalOPS approved business travel. Other expenses not related to business travel must obtain approval from the Superintendent or Director of Finance. An approved signer on the account or the Director of Finance will sign or otherwise approve purchase orders, payment request forms or invoices.

All checks or purchases over Five Thousand ($5,000) Dollars must be co-signed by two employees or officers who have been approved as a signatory on the School's checking account. Dual approval through electronic methods is also acceptable; these payments must be made by designated staff in the Financial Services Department that hold the title of Director or Assistant Director, with the proper payment requests or purchase order documentation. Payments for invoices for operational services contracted by the School, and previously approved by the Board do not need to be countersigned or dually approved. Annually, the Director of Finance will present a list of regular recurring expenses with estimated amounts of the payments to be made for pre-approval by the Board. Any payments made to a vendor on this list during each fiscal year, within the predetermined and pre-approved range, may be made with only one level of approval, rather than the two required for large, non-recurring expenses. The board will be provided a check registry with all checks sent out during the month in their monthly board documents.

All transactions will be posted on an electronic general ledger by a bookkeeper or through the account manager assigned by the approved fiscal services provider. This ledger will be maintained either with the local contracted bookkeeper, or with the fiscal services provider but will be available upon request by the Organization or any School at any time. To ensure segregation of recording and authorization, the bookkeeper or assigned account manager may not co-sign check

requests or purchase orders or approve purchases or expenses.

2. **Banking Arrangements/Reconciliation**

The Organization will maintain its accounts at a federally insured commercial bank or credit union in California[2], as approved by the Board. New bank accounts or changes to existing bank accounts may be initiated by the Superintendent or Board President with Board Approval. Funds will be deposited in non-speculative accounts including federally insured savings or checking accounts or invested in non-speculative federally backed instruments. For all funds, the Board must appoint and approve all individuals authorized to sign checks or approve payments in accordance with these policies. The Director of Finance and designated staff in the Financial Services Department with a title of Assistant Director or Director, may be given administrative access to all bank accounts for daily management and oversight. The Superintendent and Director of Finance have the ability to grant designated staff in the Financial Services Department with a title of Assistant Director or Director and the financial service provider the ability to act as alternative initiators and approvers for transactions within the bank accounts. Key members of the finance team may be given view access to the bank accounts for daily tasks such as account reconciliation, check verification and other essential duties.

Public funds received on behalf of any of the Schools may be held in a county Treasury account and passed through to the Organization's commercial bank upon request of the Director of Finance and/or board approved designee.

Bank statements from private banking institutions will be available online or through a downloaded digital copy to the Organization's bookkeeper or assigned account manager for reconciliation. Any checks outstanding beyond 90 days will be canceled as a stop payment and reissued to the intended vendor with adequate communication. A report of the reconciliation will be provided to the Director of Finance on a monthly basis and to the Board Treasurer upon request.

3. **Purchasing Procedures**

This section applies to purchases made by the Organization or Schools. All purchases or contracts over Twenty Thousand ($20,000) Dollars must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services and should be approved by the Board, however, the Board may approve a designee to sign such contracts following Board approval. For purchases over Ten Thousand ($ 10,000) Dollars, evidence of a good faith effort to secure the lowest possible cost should be made and documented. The administrator shall not approve invoices, purchase orders or payment requests lacking such documentation and must also comply with the School's Procurement Policies. Documentation of the comparable bids and the Board decision, when applicable, shall be available prior to approval of payment, invoices and purchase order requests showing that at least two (2) vendors were contacted and such documentation shall be maintained in accordance with the retention policies for temporary fiscal records. If specialty goods or services are not available through multiple vendors, documentation may include this information in lieu of a cost comparison.

[2] All current bank accounts are with JP Morgan Chase.

No public funds shall be expended for the purchase of alcoholic beverages. Other employee travel and expenses must be in accordance with the procurement and travel policies and should be considered a reasonable use of public funds for reimbursement. The procedures for such are described below.

All purchases for the Organization or the Schools should follow the purchase requisition process managed by members of the Finance Team with approval from the Superintendent or the Director of Finance. Additional designees may be given approval to order items with pre-approval from the Superintendent and the Director of Finance on a case by case basis with the proper documentation, i.e. payment request form, contract or purchase order. All purchases must comply with Federal and State public funds compliance regulations, further the academic achievement, mission and goals for the School, and can be demonstrated as a direct need of the School and its students.

4. **Record Keeping**

Transaction ledgers, invoices, receipts, canceled/duplicate checks, attendance and entitlement records, payroll records, and any other necessary fiscal documents will be maintained by the Organization in accordance with applicable state law, and as required in any contract or agreement, in a secure location, within the schools' buildings, storage facility or document management facility, for at least seven (7) years as set out in the Records Retention policy, or as long as required by applicable law, whichever is longer. Appropriate back-up copies of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored electronically.The Schools will not typically charge for the costs of copying records when records are being requested by an oversight agency, through a subpoena, or in accordance with public records regulations, however, the Schools reserve the right to do so at a rate not to exceed twenty-five cents ($0.25) per page. The School will attempt to provide records electronically, however, the actual cost of mailing records may be charged to the requestor. Copying charges only apply to the cost of reproduction, not to time spent searching for records. However, if electronic records are requested, the time needed to create an electronic version may be charged to the requestor.

5. **Fixed Assets**

The local contracted bookkeeper or the fiscal services provider shall establish and maintain and regularly update a listing of all equipment or furniture purchased by the School of with a value of over Five Thousand ($5,000) Dollars. When the individual piece of equipment or furniture has an initial value over Five Thousand ($5,000) Dollars it will be considered a capital asset rather than a non-capitalized expenditure. The listing shall include the original purchase price and date, a brief description, serial numbers or other identifying information when available, and other information appropriate for documenting the School's assets. The School shall maintain a separate segregated list of assets that were purchased with non-public funds, where applicable.

6. **Cash Collections**

All incoming checks or cash will be verified and entered into a check log in accordance with any internal control procedures developed by the school and shared with the financial service provider for proper accounting. All checks will be restrictively endorsed promptly. Receipts will be issued

upon request. Any cash received must be deposited at the bank. When checks are taken or mailed for deposit, the person taking the checks will sign a separate log with the date and total amount taken for deposit. Checks may also be scanned and endorsed for electronic deposit to the bank, in which case the deposit record will be verified by a person separate from the one creating the electronic deposit. The deposit total and/or check images will be compared with the deposit record on the bank statements. All cash and checks will be kept locked up prior to deposit. Deposits should be made as soon as possible on receipt of checks and/or cash and with a target of one week of receipt. Some payments for certain school activities may be held longer if needed.

The organization and its Schools may accept electronic payments, via Zelle (or another similar system). All payments will be tracked monthly and provided to the bookkeeper for proper record keeping for budgetary purposes. Tracking will consist of the sendee of the payment, the student attached to the payment, the reason for the payment, the amount of the payment and the date of the payment. Deposits made electronically will be compared with the deposit record on the bank statements monthly.

7. **Attendance Accounting**

The Director of Finance or designee, in consultation with the Superintendent, will establish and maintain an appropriate attendance accounting system to ensure each School receives appropriate attendance credit. The annual audit will review actual attendance accounting records and practices to ensure compliance. The attendance accounting practices will be in conformance with applicable state regulations.

8. **Annual Audit**

The Board or its Audit Committee (if one exists) shall contract for the services of an independent public accountant to perform an annual fiscal audit in compliance with State law. The audit shall cover the business of the Schools and Organization during the full fiscal year; be a financial audit conducted in accordance with generally accepted auditing standards; and, include, but not be limited to, (1) an analysis of each School's compliance with applicable laws and regulations; (2) any recommendations for improvement by the Organization; (3) any other comments deemed pertinent by the auditor, including the auditor's opinion regarding the financial statements; (4) an audit of the accuracy of the School's and Organization's financial statements, (5) an audit of each School's attendance accounting records, and (6) an audit of the School's internal controls practices. If the School receives over the current threshold established by the federal Office of Management and Budget from federal sources, the audit shall be prepared in accordance with any relevant Office of Management and Budget audit circulars. The audit shall be completed and submitted to the Board for review at a public meeting as soon as reasonably possible following the close of the fiscal year for which the audit is conducted and as mandated by state, charter or other law. Copies of the Audit will also be forwarded to any entities or public agencies, as required by the state's Charter School law, the charter and other relevant state regulations.

The Audit engagement and review process may be conducted by the Board's Audit Committee (if one is formed) on behalf of the Board.

9. **Fiscal Reports**

The following reports will be prepared for Organization by the financial service provider on a monthly basis, will be reviewed by the Director of Finance and will be reported to the Board and/or its Treasurer. The financial information will be separated by School as necessary to allow review of the revenues and financial position of each School.

- Revenue and Expense Statement for the current fiscal year – showing actual results for the months already past and forecasts for future months

The Organization may also seek out and obtain additional insurance coverage, upon approval by the Board, if in the best interests of the Organization.

11. **Contract Signing Authority**

Prior to submission of the tax returns, the Director of Finance, and/or other designated staff of the school, and/or financial service provider will review the tax returns for accuracy. Following completion of a final draft of the tax returns, the Board will receive and review the returns prior to the submission deadline. Appropriate extensions may be filed when needed. Typically, an annual extension from the November deadline to May is expected as the annual audit has not yet been conducted prior to November 15. 14. Staffing and Staff Compensation

Executive Compensation

As a best practice for a non-profit organization, at the time of hiring or increasing the compensation of any executive leadership position not on the board approved salary schedule. The Board will review a comparison of salaries for such positions at other similar schools or organizations and make a determination, to be recorded in the minutes of the Board, that the proposed compensation for each position is "just and reasonable". If compensation is increased by the same amount as all other employees, such as for an annual across the board raise, this process is not required.

Discretionary Incentive Pay Policy

Qualifying employees of California Online Public Schools, a nonprofit public benefit corporation that operates the California Online Public Schools ("Employer") may, from time to time, be awarded discretionary incentive pay subject to the terms and conditions of this Discretionary Incentive Pay Policy ("Policy").

Employer shall determine, with board approval, the following: (1) if any incentive pay will be awarded; (2) the amount of the incentive pay to be awarded; (3) additional eligibility factors for incentive pay, if any; (4) the recipients of the incentive pay; and (5) when incentive pay will be awarded and paid to recipients. Employees have no expectation of receiving any incentive pay under this policy and there is no guarantee that an employee's receipt of incentive pay will result in receipt of any future incentive pay. This policy may be amended from time to time at Employer's discretion, with board approval.

Minimum Eligibility Requirements

To be eligible for incentive pay under this policy, the employee must, at a minimum, be employed by Employer on the date the payment is to be made. The Superintendent or designee may impose additional eligibility requirements in his or her discretion, with board approval.

New Hire Payment

To help the Employer hire the best possible candidates for employment and/or to fill those positions that are difficult to fill or are high-need, Employer has discretion to offer newly hired employees a one-time hiring incentive payment of up to $10,000 per employee, with board approval. The

Employer may award new hire payments where the Superintendent and the Board agree that any of the following conditions exist: the position is in high need, there is a lack of qualified applicants, there is an urgency to fill the position, and/or any other relevant consideration.

Retention Payment

To help the Employer retain qualified employees, build institutional knowledge and promote stability throughout the school, the Employer has discretion to pay employees a retention payment in an amount not to exceed 10% of the employee's annual base salary. Any such retention payment may be paid to the employee in installments over the course of the school year and the employee's right to payment must be conditioned on his or her continued employment with Employer on the date the retention payment is to be made. The Board has the ability to approve all retention payments above and beyond 10%.

Performance Payment

To encourage and reward excellent performance, Employer has discretion to award employees a payment of up to 20% of the employee's salary, annually per employee, unless approved by Employer's governing board for a higher cap. Employer may award performance payments where the Superintendent or designee determines, with board approval, that it is warranted based on any of the following achievements or contributions by the employee as an individual or by the school as a whole: curriculum development, student performance improvements, positive evaluations, and/or any other relevant consideration. Employees must have advance administrative approval to undertake curriculum development or other projects that could qualify for a performance payment.

15. Independent Contractors

If the Organization or School engages anyone to provide services who are classified as an Independent Contractor, the Organization will track and document the payments in a manner that will allow reporting to the IRS as required. Purchasing products from a vendor such as food or supplies is not considered a service. The IRS reporting applies to all contractors that provide services and that are not incorporated, and to all lawyers regardless of incorporation. A determination must be made in accordance with current state and federal guidelines as to whether a service provider qualifies as an Independent Contractor, based on the concepts of the degree of control over the contractor and the type of services provided. If the contractor does not meet the currently recognized standards as an independent contractor, then that person may need to become an employee of the Organization in order to provide the service. The Director of Finance and/or the financial service provider will be responsible for the required annual reporting for all Independent Contractors hired directly by the Organization and/or Schools and will require appropriate documentation to support the proper reporting to the IRS and other applicable agencies, including collecting an IRS W9 form from each contractor upon engagement, and then as needed when information is updated by the contractor.

16. Fundraising and Donations

While the majority of the revenues for the Schools are from government sources, the Schools do have the ability to receive donations from private sources. Donations received will be used for School operating purposes, and typically are used to support activities which directly support

students, such as field trips, school in-person events, staff appreciation and graduation ceremonies. If supplies or equipment are purchased with donated funds, or if supplies or equipment are donated to the Schools, these become the property of the Organization. If the donation exceeds Five Thousand ($5,000) Dollars in value, it must first be accepted by the action of the Board and the donor should indicate the purpose of the donation and any restrictions on use so the Board can determine whether to accept the donation and abide by any restrictions. Donated funds should not be used to pay for personnel costs, unless otherwise approved by the Board. For all donations received, the Organization will issue a written acknowledgement to the donor for tax purposes. All donated funds will be deposited into a designated bank account for accounting and bookkeeping purposes.

Students may on occasion organize fundraisers that benefit other charitable organizations or private persons (for example a family experiencing a severe loss), but funds for these activities should not flow through the School accounts and funds should go directly to the organization who is benefitting from the fundraiser. The Organization and its administrators are not responsible or liable for the collection, promotion, management or distribution of any funds collected in the manner.

17. Expenditures on Political Activities

The Organization has received non-profit 501 (c) (3) status from the IRS, and as such, expenses for certain political activities are not allowable. The type of expenditures includes but is not limited to staff time, use of school office equipment or supplies, travel expenses, etc. The types of activities which would are not allowed include:

- Endorsement of or opposition to any candidate for any public office
- Contributions to political parties or political action committees
- Expenditures for political advertisements
- Endorsement of or opposition to any ballot measure

The Organization’s employees, Board members, and other representatives may engage in the above political activities on their own time, using their own personal assets and resources, however, they may not act or appear to be acting on behalf of the Schools or Organization, and may not use Organization resources to assist any non-allowable political activities.

The Schools and Organization may expend a very limited amount of funds on allowable political activities. Allowable activities would be grassroots lobbying efforts on legislative matters which may have an impact on the School or Organization, such as proposed, pending or current legislative bills, laws, regulations, etc. Typically the resources used for this type of allowable activity would be a small amount of staff time to contact or meet with legislators. Staff time and other costs, if applicable, for allowable political activities will be estimated annually and reported with the best estimate of cost on the Organization’s tax returns.

No federal funds, or assets obtained from federal funds, may be used for any political purpose.

18. Expense Reimbursement and Travel

The Superintendent and Director of Finance develops the procedures and guidelines for reasonable expense reimbursements which is outlined in the Travel Policy and reviewed at least once annually. Please refer to the current version of the Travel Policy for the most up to date rules and regulations related to allowable expenses when traveling for business purposes. In general, reimbursements must be submitted within 30 days of the expense, however the Superintendent, Deputy Superintendent or Director of Finance can approve reimbursements up to 60 days with good cause. Reimbursements can be issued through electronic payment options or via check. All travel must be for school purposes and pre-approved by the Superintendent or the Director of Finance. Expenses that do not support the mission of the Schools and its students or do not align with the standard practices outlined in the audit guide or the FCMAT guidelines are not allowable and will not be reimbursed.

The vast majority of expenses should be paid for through the School and Organization's usual methods of payment so that employees incur a minimal amount of out of pocket expenses that need to be reimbursed.

Detailed guidelines for procedures and approval of all employee travel expenses should be in place, updated regularly, and communicated to all employees.

19. Reserves and Fund Balance

Each School will maintain a minimum cumulative ending fund balance as a "Reserve" that is at least Ten Thousand ($10,000) Dollars. The goal for each school would be a minimum reserve amount that is equal to 3% of the annual expenditures, with an ideal target of 5% of annual expenditures. However, one purpose of the reserve funds is the use in a year when revenue is lower so that school services and programs do not need to be reduced. The cumulative ending fund balance, otherwise known as the School's Reserves, will be considered "Unassigned/Unappropriated" unless the Board takes action to assign some or all of the Reserves to a particular designation.

20. Interschool Transfers, Intra-organizational Loans and Blending of Funds

The Organization governs and operates multiple charter schools. It is important to keep accurate fiscal records for each school separately as each is its own Local Educational Agency for funding purposes, and each has its own authorizer and serves students in different counties. It is also important to maximize efficiency of operations and keep fiscal records for the Organization as a whole. For this reason, funds from the different Schools may be COMMINGLED but shall not be BLENDED, as defined below.

Commingling mixes or joins funds, however the origin, identity or source and the use of the funds can be traced, audited and documented. Funds may be mixed together or shared, but they can be accounted for separately when carefully commingled. Commingling should occur only when needed to carry out efficient operations for the school.

Blending occurs when the origin, identify, source or use of the funds is lost or unidentifiable, and the transaction cannot be traced. The source of funds must be matched with the use of funds, and if the funds sources and uses cannot be tracked to the origin, identity and purpose, then the funds would be considered blended and the transaction is not auditable. Blending of funds should not occur.

Commingling of funds to such an extent that the funds become blended is prohibited. Inter-fund or interschool loans and due to/due from transactions are allowable. Because one non-profit corporation with one federal identification number oversees and operates multiple charter schools, sharing of resources and allocation of expenses will take place, however, the accounting system and methods will be in place to ensure that blending of funds does not take place.

Transfer of Special Education funding between Schools of the Organization is allowed under the policies of the Special Education Local Plan Area as long as it is done in accordance with the Board approved Fund Reallocation Policy.

If there is a need for one School to access funds from a different School in the Organization, temporary transfer of funds is allowable from a school with surplus funds to a school in need of funds. This type of transfer will take place with Board approval and with the following terms:

- All intra-organizational receivables and payables that are settled or result in a zero balance as of the end of the fiscal year, as of the time the books for each school are closed, are not subject to any repayment terms or interest accruals.

- Any intra-organizational receivables and payables that are not settled to a zero balance as of the end of the fiscal year (as of the time the books for each school are closed) may be converted to an intra-organizational loan agreement, which will include the terms of repayment, the interest rate, which, if not zero, shall be reasonable, and the duration of the loan. The final terms of such a loan are subject to approval by the Board at the next regular meeting, but no later than prior to the completion of the annual audits.

21. Fraud Prevention

It is in the best interests of the Schools and Organization to prevent fraud. Reporting of potential fraud is encouraged, and employees have access to the whistleblower policy included in the Employee Handbook. The employee policies also include a description of both unethical behavior and of the professional and ethical behavior expected of all employees of the Organization. Methods to report unethical conduct are described, including confidential and anonymous methods to raise a concern or report fraudulent or otherwise illegal or unethical behavior. Creating a culture of professional and ethical behavior is an important goal which the leadership and management staff of the Organization are responsible for.

Strong internal controls also prevent fraud and misuse of School funds. The administrative staff is responsible for creating and carrying out strong internal control processes, for being well informed about the various types of fraud, for creating a culture of accountability and honesty, and for

implementing actions to limit the possibility of fraud. Strong internal controls, some of which are described in these fiscal policies, are important to protect the Schools' employees as well as the Organization as a whole. The internal controls limit the opportunity, incentive, capability and rationalization which make fraud more likely, and also helps to identify the person suspected while excluding innocent individuals from suspicion.

Fraud prevention controls will be established on all the Organization's banking accounts when available. Such controls will be in place to reduce check, wire and ACH fraud. Fraud control options will be reviewed annually to ensure that the most up to date protections are in place.

22. Public Purpose for Expenditures

The California Constitution prohibits using public funds for a gift to any individual or corporation or other governmental agency. The use of school funds should be to provide a benefit to the public, and not to benefit any individual, employee, corporation or other agency. This is intended to protect from the misuse of public money. The public funds of the Organization and its Schools may be expended if a direct and substantial public purpose is served by the expenditure and private individuals are only benefitted incidentally by the promotion of the public purpose. Even if an expenditure has a noble or virtuous purpose (such as supporting an employee experiencing a loss), or a moral or justifiable obligation (such as gratitude for services provided), this is not sufficient to determine that a public benefit exists. If expenditures provide a direct and tangible benefit to students' education, such as for staffing costs, materials, software, administrative expenses, etc., then these are easily justified as providing the public benefit of educating the Schools' students. For expenditures which are not as direct or tangible, the Board must make a determination of the public purpose prior to expenditure of these funds. This may be done via the budgeting process, and/or on a case by case basis for specific types of expenditures. This may involve a board policy which explicitly allows certain expenditures, such as incentives to students, student scholarships, staff team building activities, etc. Team building activities will be budgeted, and a list of the expected activities will be presented annually to the board at the beginning of the school year for review and transparency.
