Site Reports

Matthew Brockway, High School Principal

Site Administrator for Northern Region - Monterey Bay, North Bay, and Northern California

We are officially a month into the school year! It has been a whirlwind of excitement and learning for students, caretakers and staff. The Beginning of the Year Festivals are underway and off to a great start. As a staff, we have finished our MAP testing with 96% of students completing both ELA and Math. The hardwork and dedication of the teaching staff has been amazing to witness. I look forward to all that October brings!

Marcus White, Elementary Principal

Site Administrator for Central Region - Central Valley and Central Coast

Greetings From Elementary,

We are so excited to see our students and families at our annual back to school festivals. This is such a fun time to meet new families and reconnect with families that have been with us. Additionally, we have completed our first i-Ready diagnostic. This assessment gives us valuable data we utilize to support our learners. Finally, we have been eagerly learning our new platforms and how we can leverage them to increase student achievement. We are off to a great start and excited about what the rest of the year will bring.

Heather Tamayo, Middle School Principal

Site Administrator for Southern Region - Southern California

Greetings. September has come and gone, in what seems like a flash, and we find the first month of the 24/25 school year, as California Online Public Schools, is in the books. Middle School completed their first proctored i-Ready diagnostic test with a high level of participation. Led by Rachel Grimes, Middle School Assistant Principal, we were able to test 95.8% of our students in both math and reading and will now use the results to better understand the unique needs of each student, and how we can customize instruction. The implementation of proctored testing was made far more streamlined by our homeroom model, a structure that Middle School continues to embrace and recognize the distinct advantage of the connections that are made within the model.

Our students and staff continue to explore their new curriculum and enjoy all that it has to offer. The implementation has provided opportunities for our staff to work together and find solutions to needs that may arise and be an integral part of the shaping of systems and protocol. There has been a noticeable increase in the level of collaboration that has been seen this year, among both staff and students. Middle School teachers have shown remarkable professionalism and teamwork, growing within their roles and being amazing examples of what makes us the absolute best virtual option.

The Board welcomes participation by the members of the public telephonically. To address an item on the agenda, before the scheduled start of the meeting, an individual must write their name and a short description of the agenda item on which they wish to comment on the card provided and submit this to the Chair, along with any materials they want to have distributed to Board. Individuals who wish to address the Board telephonically must contact the School Leader by phone or by email at least twenty four (24) hours before the scheduled start of the Board meeting. If the individual wants to provide any written materials to the Board, these should be emailed to the School Leader at least twenty-four (24) hours before the scheduled start of the meeting.

The total time for any individual to present, either in person or via telephone, on an item on the agenda shall not exceed three (3) minutes, or six (6) minutes if the individual requesting to comment is a non English speaker and requires a translator, unless the Board grants additional time. However, in compliance with Board policy and the Brown Act, the Board is not permitted to discuss or take action on non-agenda items.

Individuals desiring to make a formal presentation to the Board on an item not on the agenda but desiring it be placed on the agenda must provide notice and written submissions detailing the subject of the presentation to the School Leader at least fourteen (14) days prior to the meeting. Any such presentations shall not exceed fifteen (15) minutes in duration, unless otherwise permitted by the Chair.

To view the Board Public Comment Policy, visit the CalOPS Governance Page at californiaops.org/governance.

No requests for public comment were submitted in advance. No member of the public was present in person.

III. Oral Reports

A. Superintendent's Report

R. Romero announced that he will cover updates through the first half of summer and R. Savage will cover the end of summer. He updated the board on Back to School and the activities that occurred. Lots of team building and fun events such as dinner in the park. He discussed the curriculum and how it has been implemented this year with training at and after BTS. There have also been Q&A sessions with the providers to best support staff, students, and families. He affirmed that the incredible CalOPS team is working through the bumps as they come and was confident that they will have the year running smoothly in no time.

R. Savage thanked R. Romero for presenting the items that R. Savage was not present for. He has been battling through a medical diagnosis, but is committed to being present for the school. He updated the board on enrollment numbers being lower than projected for the new school year. To be prudent, there will be cost-cutting measures that include reducing professional development and travel costs while enrollment numbers are brought up to where they need to be. In addition, state testing will be held virtually this year which should also be a huge cost reduction. He mentioned that strategies will be reviewed and adjusted to get enrollment on track this year and next. He noted that the current expectation is to reach 7500 students this year which would result in a manageable budget. In regards to authorizing districts, there was not much news. Most notably with the CUSD authorizing district, Heidi Crowley, announced her retirement and CalOPS will work with Assistant Superintendent C. Thompson in the interim.

E. Pavlich is hopeful that online state testing this year will result in a better turnout. No further comments from the board.

B. Principals' Report (attached)

M. White expressed his excitement for the new CalOPS school year. He mentioned the big learning curve for both staff and students, so teachers are focusing on building their relationships with families to ensure they feel supported.

H. Tamayo spoke on the high energy from staff and their patience with the new processes. She noted that the transition to the homeroom model being new for MS, but has proven to be highly effective for building relationships with students. Proctored i-Ready assessments are scheduled to begin Monday.

M. Brockway introduced himself as the new HS principal and mentioned his excitement at the new opportunity. He was thrilled by the energy and excitement he felt at BTS and expected this to follow through into the new school year while staff adjusts to the new platforms. MAP testing has started and there is a goal of 100% participation, which is close to completion. He looked forward to seeing how this school year will go, but wanted to emphasize the importance of compassion, grace, and patience throughout this journey.

C. Charter Impact Financial Report for CalOPS

K. Eng went over the attached financial presentation from Charter Impact on unaudited actuals from the 2023-24 school year.

UAR Highlights:

- **Attendance:** Locked at P2 ADA of 8,285
- **Revenues:** +1.6M to April, let by ESSER reconciliations
- **Expenses:** +\$690K, driven by PVS invoices—partially offset by 22-23 payroll reconciliations
- **Surplus:** \$5.6M total; +\$920K
- **Fund Balance:** \$28.9M
- **Cash:** \$36.7 as of 6/30

K. Eng circled back to go over the EPA actuals for 2023-24 and show expenses by school. These numbers were presented back in June, but the complete spending is required to be presented to the board and should also be posted on the CalOPS website. 5.3M in funding was available for the 23-24 SY and was allocated to Certificated Salaries.

D. Policy, Compliance, and State Accountability Report

D. Hertzler presented on legislative updates and noted that this year was a slow one in regards to any legislature that might affect CalOPS as an online charter. One piece of legislation was SB 153 which is still being revised and updated, but it is believed that the intent of the bill was to give flexibility to online schools. It was worded vaguely and collectively affects all non-classroom based schools, so lobbying is occurring to modify the verbiage.

D. Hertzler mentioned J. Stockdale and P. Pulsipher were in attendance for this board meeting as potential board members. Board members were encouraged to reach out and get to know them after the meeting. They will be brought to the board next month for consideration as board members.

D. Hertler next brought up the board training requirements. This year came with an additional Ethics Training requirement and Charter Impact prepared a training that covers school finance. He presented several options to ensure CalOPS Board compliance with this year's trainings including:

1. Holding a separate 'training only' board meeting to go over all board required training synchronously
2. Asynchronous training with the requirement of being completed by December 1, 2024
3. In person training
4. Training added onto the end of one of the 2024 scheduled board meetings

Survey will go out to determine which option would be best.

E. Student Achievement Update

L. Dombek shared the SET report for the 2023-24 school year. Goals include Grade Rate, Academics, and Engagement.

Grad Rate Goal

Grad rates were not yet uploaded to CALPADS, but should be ready to go for the next board meeting. Some of the things that played into grad rates were the following:

- Project Success was impactful last year and helped many students to meet their goals.
- Implemented a Q5 (Summer quarter) for 78 students to help them reach graduation faster. None of these students are now graduated, but are that much closer to graduation for 24/24 SY. This was implemented as CalOPS and summer school teachers were incredible at managing all the changes that were encountered.
- CHAMPS also pushed students to pass courses and was proven with a 76% overall pass rate.

Academic Goal

Every 10 weeks, 50% of PLC SMART goals (math and schoolwide) will be met

- Goals were met
- Schoolwide PLCs 50% of SMART goals met
- Math PLCs 64.5% of SMART goals met
- Great efforts were made to ensure success for students

Engagement Goal

Every 10 weeks, 90% of students will receive 5 successful contacts

- Data taken from Q4, this goal was met
- Schoolwide: 98.2%
- Elementary 98.6%
- Middle 100%
- High: 97.2%

L. Dombek shared the data for 2022-23 teacher assignments and asked if there were any questions from the board. With no questions, she moved onto her last item.

L. Dombek lastly discussed the math placement document that is required by the CalOPS Math Placement Policy. This data was from Oct 1, 2022-2023 and exhibited a growth in Alg 1 and decrease in Geometry assignments.

V. Action Items

A. Approval of Updated CalOPS Board of Directors Bylaws (attached)

A. Pulsipher made a motion to approve Action Item A, Updated CalOPS Board of Directors Bylaws.

D. Rivas seconded the motion.

D. Hertzler reminded the board that the CalOPS Board Bylaws were mentioned at the annual meeting and it was agreed upon that updates were warranted. This summer was spent revising the bylaws with legal counsel and how to align the bylaws with what is currently recommended for nonprofit boards. One bigger change is the structure of the board officers. This change would have CalOPS staff taking over the officer roles requiring actions be taken, so D. Hertzlet acting as Secretary and L. Carter acting as Treasurer. Board Chair and Vice Chair will remain with the Board members as they are, but Treasurer and Secretary have been redesignated to CalOPS staff to align with the roles described by bylaws. These changes will not affect the influence of the board. These changes to the bylaws were submitted to authorizing districts as required with no comments made.

The board **VOTED** to approve the motion.

Health & Safety Policies

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:

California Online Public Schools Central Coast
 California Online Public Schools Central Valley
 California Online Public Schools Monterey Bay
 California Online Public Schools North Bay
 California Online Public Schools Northern California
 California Online Public Schools Southern California

Approved by CalOPS Board of Directors on May 28, 2019

Revised August 2024

To go into effect immediately upon approval Applicable to all California Online Public Schools.

The California Online Public Schools (the "Corporation") Board of Directors ("Board") has approved the following Health and Safety Policies to provide a safe environment for students and staff, and reduce the liability of the California Online Public Schools (the "School").

The School will work with the Schools' insurance carriers, sponsoring districts, and other appropriate entities to ensure that this policy is implemented. The School will comply with applicable local, state and federal laws regarding Health and Safety. The School Safety Plan will be consistent with these Health and Safety Policies.

The appropriate sections of these policies and/or the implementation of these policies will be incorporated into the Employee Handbook, and Student and Family Policy Catalog. The Superintendent is responsible for implementation of these Health and Safety Policies.

School Employees

1. All employees will provide a current Tuberculosis Risk Assessment and/or appropriate Tuberculosis examination documentation in accordance with the current procedures and timelines implemented by Human Resources and/or the Schools' designated Administrative staff. New employees will provide this within two weeks of employment. School staff will not be permitted to attend in-person school events until a current Risk Assessment or clearance has been provided.
2. Credentialed employees will maintain current certification in CPR as required by their credential. The School may additionally require employees who work in direct contact with students to have First Aid certification. Employees will be informed of the current requirements or guidelines by Human Resources and/or the School's designated Administrative staff.
3. In accordance with Ed Code Sections 44830.1 and 45122.1, all employees will submit fingerprints for a criminal background check prior to employment. No employee can be employed by the School unless their criminal clearance has been received, reviewed and approved in accordance with the current procedures implemented by the School.

4. Volunteers or outside contractors or vendors may also be subject to a criminal background check. Such persons who only have “limited contact” with students, as determined by the Corporation in its sole discretion, will be exempt. The Superintendent or designee will consider the circumstances as listed in Ed. Code Section 45125.1 (c) when deciding whether there is more than “limited contact”. The Superintendent or designee will ensure that appropriate measures are taken to protect the safety of students that may come in contact with any person affiliated with the organization who has not received criminal record clearance.
5. The School will maintain a drug, alcohol and tobacco-free workplace, including e-cigarettes and vaping. The School’s Employee Handbook will include the current guidelines regarding drug testing. Employees who violate the drug, alcohol or tobacco policies are subject to disciplinary action in accordance with current school policies and the Employee Handbook.
6. The Schools’ employees will participate in Blood-Borne Pathogen Training annually, or as otherwise required by law. The training will include preventing contact with blood-borne pathogens as well as procedures if employees come into possible contact with blood-borne pathogens.
7. Employees are expected to use safe work practices at all times and to immediately report and correct any unsafe conditions that may occur. The School will develop guidelines for basic workplace safety policies, procedures and training, and will inform employees that they are responsible for immediately reporting any work related injury or illness to their supervisor or Human Resources.
8. The School will post Employee Safety information as required by law at any school office location.
9. The Corporation will maintain Workers’ Compensation insurance coverage for its employees. The Corporation may also, at the discretion of the Board, implement a separate disability insurance policy for full time employees. Worker’s Compensation insurance may not include coverage for volunteers or other members of the community who participate in School events.
10. All employees will receive regular training on preventing and reporting harassment (including sexual harassment) and the School Safety Plan will include a statement that the learning and work environment is to be free from harassment.
11. All employees will participate in annual training on child abuse reporting, and Human Resources will monitor completion of the training to be sure employees have completed it within the legally required timelines. The training will provide procedures and resources to employees for reporting suspected abuse or neglect. Additional information on the procedures will be included in the School Safety Plan.

Facilities

1. Safety considerations will be given a high priority in selecting a facility for the school office(s).
2. The School will operate in a facility that meets local building and fire safety codes.
3. The School will consult with the local Fire Marshall, as required, to ensure fire safety has been adequately addressed.
4. The facility will be equipped with an operational fire extinguisher. A functional fire alarm system, or suitable alternative, such as a sprinkler system, will also be in place. The School Safety Plan will address additional procedures to be implemented in case of fire or natural disasters.
5. All visitors to the School office(s) will sign in at the front desk. The School reserves the right to control who is in the school facility.

Fire/Natural Disaster/Intruder

1. The School will develop a School Safety Plan. In addition to plans for natural or man-made disasters, the School Safety Plan will also include procedures in case of a human threat (e.g. intruder/active shooter) at a School facility or School event venue. Procedures for staff training regarding emergency incident will be included in the Plan.
2. The School Safety Plan will include emergency site evacuation plans for the school offices. The evacuation plan will be coordinated with any other plans or requirements of the landlord and/or property management company, when applicable. The evacuation diagrams will be posted in the School offices in appropriate locations.
3. In the event of closure of the School offices due to an emergency closure, a process developed by Superintendent or designee will be in place to notify the Schools' families. The current notification process will be included in the Charter Petitions.
4. The School will maintain an emergency first aid kits at each office. The Site Administrator or designee is responsible for making sure the emergency kit is updated periodically. The School Safety Plan will include additional information on providing emergency medical care and/or first aid.
5. The School will maintain a list of all employees who regularly work on site at the School offices. This list, as well as the sign-in list of visitors, will be removed from the office in the case of an emergency evacuation.

Student Safety

1. The School will develop school safety guidelines and a Student Code of Conduct. These guidelines will be published in the Student and Family Policy Catalog. The safety guidelines will include an Internet safety policy. The Student Code of Conduct will include prohibition against threatening or harassing behavior, including sexual harassment, towards other students, staff, or other members of the school community.
2. If a student consistently breaks the rules and/or creates an environment that is not safe for fellow students, steps will be taken in accordance with the School's discipline policy as set out in the Suspension and Expulsion Policy.
3. The School Safety Plan will contain information about how School staff can protect the safety of students online, as well as at School events or at one of the school offices.

Student Health

1. The School is a virtual school and while outbreaks of a contagious illness are unlikely, the School shall notify all families if an unusual outbreak occurs that is related to a School activity.
2. Students entering the public school system in first grade, or for the first time if older, shall provide the school with the results of a health exam, or an appropriate waiver, during the enrollment process, in accordance with applicable laws.
3. The School will maintain health information and emergency information on each student. The School will ensure that students' records are updated. School staff members will have access to students' emergency contact information for emergency purposes.
4. The School will maintain a drug, alcohol and tobacco free environment (including e- cigarettes and vaping) at the school site and all school events. Students who violate this policy are subject to disciplinary action in accordance with the Schools' discipline policies in the Suspension and Expulsion Policy.
5. All employees will be notified in the Employee Handbook and during the annual Child Abuse Training of their responsibility to report any suspected instances of child abuse to the proper authorities. The School Safety Plan also contains procedures and resources for reporting suspected abuse.

6. Since CalOPS students do not attend the School in a classroom setting, administration of medications or prescription drugs remains primarily the responsibility of the parent or guardian. Students who require medication during the regular school day may be assisted in the administration of that medication by trained school personnel during school-sponsored field trips that occur during the regular school day.
7. The School does not currently provide health screenings, such as vision, hearing, dental or scoliosis screening, for students. In the case where a student's health may be affecting the student's academic performance, the Special Education staff may assist families in undergoing such screenings.

Field Trip/ School Event Safety

1. Parents maintain responsibility for student safety during school events. The School will develop appropriate procedures for field trips and other school events and these will be made available to families in the Student and Family Policy Catalog, and to staff through procedural manuals and/or the School Safety Plan. Release forms and other permission slips will be utilized by the School staff for School events.

While the School strongly discourages it, students over the age of 18 may attend field trips or other School events without adult supervision, and may drive to such events in accordance with the School's Field Trips & Excursions Policy in the Student and Family Policy Catalog. Students who attend school events without adult supervision are responsible for appropriate conduct in accordance with the School's guidelines.

Under limited circumstances, as laid out in the Field Trips & Excursions Policy, students over the age of 16 may drive to certain School events with parental permission and in accordance with any applicable state law.
2. First Aid measures may be administered by trained school staff members in case of accident or injury during a School event. The School Safety Plan will address emergency medical situations at School events and will provide additional procedures for various types of incidents.

Communicable, Contagious, or Infectious Disease Prevention

1. The School recognizes its shared responsibility with the home and the community to promote appropriate disease prevention procedures in the disinfecting of surfaces within the school facility and the proper handling and the cleaning up of blood and bodily fluids.
2. FCS desires to protect the entire school community without segregation, discrimination or stigma. Accordingly, infectious disease prevention shall be taught regardless of whether a student or adult is known to have an identified infectious disease.
3. All students will provide their School with documentation of immunization or valid medical exemption in accordance with current California law applicable to independent study programs. The School will maintain this documentation as part of the student's permanent record. Students without evidence that they have received the proper immunizations and who do not have valid medical exemption on file will be excluded from participation at any classroom-based instruction.
4. All employees shall be provided appropriate periodic instruction in basic procedures recommended by the California Department of Education and other public health agencies and associations.
5. Incidence and transmission of communicable diseases will be further limited through a rigorous program of immunization and health screening required of all students, faculty, and staff, as per state requirements. Students found to have communicable diseases will be included in all activities deemed by a physician to present no hazard of infection to other students.
6. The School shall strictly comply with its Exposure Control Plan for Infectious Diseases and Bloodborne

Pathogens (“Exposure Control Plan”) to reduce the spread of infectious diseases in the workplace. Whenever exposed to blood or other bodily fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures, as further outlined in the Exposure Control Plan.

Legal Requirements

1. The Corporation, on behalf of the School, will ensure that other legally required policies and procedures related to Health and Safety are in place, including, but not limited to a School Safety Plan, a Suicide Prevention Policy, prevention of bullying, information on access to mental health resources and prevention of human trafficking, etc. These items may be included in the Student and Family Policy Catalog, when appropriate.
2. The School will implement the California Healthy Youth Act, as applicable to charter schools. Initially, the schools will provide the required instruction in grades 7 and 10, but this is subject to change in future years if it is determined that alternative or additional grade levels should receive this instruction. The School will implement the required parent opt outs for the instruction, as described in Ed. Code Sections 51930-51939.

Title I District-Level Parent and Family Engagement Policy

[August, 2024-25]

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:

California Online Public Schools Central Coast
 California Online Public Schools Central Valley
 California Online Public Schools Monterey Bay
 California Online Public Schools North Bay
 California Online Public Schools Northern California
 California Online Public Schools Southern California

Revised August 2024

California Online Public Schools ("CalOPS" or the "Charter School") has developed a written Parent and Family Engagement Policy ("Policy") with input from Title I parents and families. This Policy describes the means for carrying out the following Title I parent and family engagement requirements.

2.0 With approval from the local governing board, California Online Public Schools has jointly developed with, and distributed to, parents and family members of participating children a written parent and family engagement policy, agreed upon by such parents, and updated periodically to meet the changing needs of parents and the school. (EC Section 11503; 20 United States Code [U.S.C.] Section [§] 6318[b][1-4])

At least one meeting is held annually to discuss the Parent and Family Engagement Policy and School Parent Compact. Further feedback is solicited through multiple avenues, including the phone, email, notifications, surveys or forms, regular school communications, field trips and back to school activities, and other parent-oriented activities. The CalOPS Board of Directors intends to maintain at least one parent representative among its members. The schools also survey parents each year in order to evaluate the school on a number of criteria, including student progress, teacher support, and the quality of curriculum.

- The Charter School makes effective use of all available technologies to distribute information to parents.
- In addition, parents are encouraged to set up conferences to discuss their student's performance.
- Regular school communications announce upcoming school events and meetings are available online to all parents.
- Certain critical communications may also be provided in print format. For example, the parent training modules are available in print as well as online, and official communications from the schools about withdrawals are also provided via hard-copy mail.
- The schools also develop and make available via the Student Information System ("SIS"), and school website, a Family and Student Policy Catalog that details all policies specific to the schools. Translation of materials or availability of materials in other formats (e.g., for those who have difficulty with their vision) are made available upon request.

2.1 Involvement of Parents in the Title I Program

The school-level parent and family engagement policy shall describe the means for how California Online Public Schools school shall carry out the following requirements: (20 U.S.C. § 6318[b][1])

- a) **The school convenes an annual meeting, at a convenient time, to which all parents of participating children shall be invited to attend and encouraged to attend, to inform parents and family members of their school's participation in the Title I program and to explain the requirements, and the right of the parents to be involved. (20 U.S.C. § 6318[c][1])**
 - Hold at least one annual meeting, with the option to participate virtually
 - Administer an annual parent satisfaction survey which includes questions about academic interventions.
 - Solicit feedback through multiple avenues, including surveys, telephone, school communications, and email.
- b) **The school offers a flexible number of meetings, such as meetings in the morning or evening, and may provide, with Title I funds, transportation, child care, or home visits, as such services relate to parental involvement. (20 U.S.C. § 6318[c][2])**

California Online Public Schools meetings are held virtually. The information regarding the meeting, including the meeting room links, are provided to the families at least one week in advance. The parent meetings are scheduled at select times during the school year and at varied times of day to give the greatest opportunity for our families to attend. All meetings are recorded, and the recording links are sent to all enrolled Caregivers along with any follow up information within one business day.

- c) **The school involves parents in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I program, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan. (20 U.S.C. § 6318[c][3])**

California Online Public Schools conduct an annual evaluation of the content and effectiveness of this Parent and Family Engagement Policy in improving the quality of its Title I, Part A plan. The evaluation includes identifying barriers to greater participation by parents in parent involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The schools use the findings of the evaluation about its Parent and Family Engagement Policy and activities to design strategies for more effective parent involvement, and to revise, if necessary (and with the involvement of parents) its parent involvement policies.

Evaluation methods include:

- Hold at least one annual meeting, with the option to participate virtually
 - Administer an annual parent satisfaction survey which includes questions about academic interventions.
 - Solicit feedback through multiple avenues, including survey, telephone, school communications, and email.
- d) **The school provides parents of participating children with the following:**
 - i. **Timely information about the Title I program. (20 U.S.C. § 6318[c][4][A])**

California Online Public Schools provide Title I program information to families throughout the school year. This information is provided to participating families in several formats including: email, Parent Square,, School Advisory Committee Meetings three times per school year, Parent/Admin Collaboration Meetings three times per school year, ELAC meetings and the LCAP input form.

- ii. **A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards. (20 U.S.C. § 6318[c][4][B])**

Our Board of Directors approves the curriculum and instructional material selections annually. The curriculum, including assessments, is aligned to the California Common Core State Standards, California Content Standards and Next Generation Science Standards, as adopted by the State Board of Education for English- Language Arts, Mathematics, Health Education, History- Social Science, Physical Education, Science, Visual and Performing Arts, and World Languages. Additional alignments are conducted for “a” to “g” guidelines. The curriculum is updated regularly based on a rigorous analysis of student performance on state standards as measured by state testing results and internal assessments. The curriculum offers high-quality content by integrating virtual textbooks, lesson plans, and other materials from leading publishers such as Discovery Education, McGraw-Hill, and HMH. In addition to these resources, it features technology-based content from top providers that introduces focused, grade-appropriate topics through interactive practice, embedded videos, and discussions. Real-time interaction between teachers and students is facilitated through LiveClass and Zoom sessions, which use web conferencing tools including voice over IP, chat, electronic whiteboards, and shared web browsing. These virtual classroom environments allow for individual and small group instruction.

- iii. **If requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible. (20 U.S.C. § 6318[c][4][C])**

California Online Public Schools is a fully online school that allows for regular parent, Caregiver, family and student interaction. Due to the nature of being online, all stakeholders have multiple opportunities to request and attend regular meetings as they feel appropriate. One such regular meeting is their bi weekly call with their homeroom teacher. Stakeholders can also request more frequent meetings as needed, Additional opportunities include but are not limited to:

- School Advisory Committee Meetings
- Parent/Admin Collaboration Meetings
- English Learner Advisory Committee Meetings
- Progress Monitoring Meetings
- Special Education meetings as appropriate
- Bi weekly phone calls
- LiveClass/ Zoom
- Social and Emotional support sessions

- e) **If the schoolwide program (SWP) plan is not satisfactory to the parents of participating children, the school submits any parent comments on the plan when the school makes the plan available to the local educational agency (LEA). (20 U.S.C. § 6318[c][5])**

If the plan for Title I, Part A, developed under Section I 006 of the ESSA, is not satisfactory to the parents of participating students, the schools will submit any parent comments with the plan when the schools submit the plan to the California Department of Education.

2.2 Building Capacity for Involvement

To ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, each school and local educational agency assisted under Title I, Part A shall carry out the following requirements: (20 U.S.C. § 6318[e])

- a) **The school provides assistance to parents of children served by the school or LEA, as appropriate, in understanding such topics as the challenging state academic standards, state and local academic**

assessments, the requirements of Title I, Part A, and how to monitor a child's progress and work with educators to improve the achievement of their children. (20 U.S.C. § 6318[e][1])

During the school year, teachers and parents communicate regularly via email, Parent Square, telephone, and Live Class/Zoom sessions. Teachers formally conference with parents regularly. In addition, parents are directly involved in checking daily student work for completeness and may view student grades and other progress indicators in real time. Progress reports are available to parents at least quarterly for every student. Parents receive notifications from the school about student attendance and participation in various aspects of the program.

Parents have the opportunity to be intimately familiar with their students' progress on a day-to-day basis. The schools' LMS and SIS platforms ensure that all parents have access to complete data about their children's learning on a 24/7 basis. In their students login in the LMS, parents can view in real time whether their student is on track and making adequate progress. Students who are not on track are identified if and when certain thresholds are reached related to completion of lessons, attendance, contact with the teacher, and/or submission of required assessments or assignments. The schools contact the parent of any student identified as needing support to discuss issues impeding student's progress and to discuss strategies for getting the student back on track. Parents are also provided with frequent reports on their student's progress. For students who are struggling, school staff meet to develop an intervention plan that directly involves the student and parent.

b) The school provides materials and training to help parents work with their children to improve their children's achievement, as appropriate, to foster parental involvement. (20 U.S.C. § 6318[e][2])

Materials to encourage parent involvement are provided (with no cost to the family) that include online training, a Student and Family Policy Catalog, and school communications such as newsletters and parent communications. Daily lesson plans are accessible 24/7 through the students login and enable parents to review and understand the objectives of each lesson so that they can support their student's learning effectively. The teaching and administrative staff, along with our curriculum and technical support staff are also available via emails, or telephone to provide required assistance and advising support.

California Online Public Schools provide ongoing training and support to help parents carry out their important role while making optimum use of the available technology tools and professional teacher support. The schools' specific training and support efforts include an orientation for parents to familiarize themselves with the features and components of the LMS. The training also includes building an effective understanding of the academic program (content, standards and assessment) as well as real-time tools for monitoring and improving student performance. Additional parent training opportunities are provided throughout the school year. There is an area of the schools' website specifically devoted to parent resources.

c) The school educates teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. (20 U.S.C. § 6318[e][3])

California Online Public Schools is committed to providing high-quality and ongoing professional development for both parents and staff to improve instruction and drive toward proficiency on academic standards. California Online Public Schools provides teacher training and professional development programs to equip teachers with the following:

- A working knowledge of the curriculum.
- How to communicate and work effectively with parents/families.
- How to utilize and navigate the tools in the LMS and SIS.
- How to develop personalized learning plans and individualized instructional programs, including communicating with parents regarding instruction.

- Review of the different forms of assessment and how to utilize test results to guide instruction.
- Knowledge of school processes and policies.
- How on-site staff and virtual teachers work collaboratively in the best interest of each student.

d) The school, to the extent feasible and appropriate, coordinates and integrates parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conducts other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children. (20 U.S.C. § 6318[e][4])

California Online Public Schools offer several online resources for our families to help integrate parent involvement and encourage support and participation in their child's education. Some of these supports are listed below:

- Parent Workshops - focussed on mental health topics to provide education and strategies to support their student's mental health and social emotional wellbeing.
- Parent Support Newsletter- Sent monthly and includes various mental health topics including suicide prevention, cyberbullying, coping with stress, etc.
- Open Office Hours - one on one support with a particular mental health concern in a brief consultation with our licensed clinical social worker.
- English Learning resources- including links to family and student resources and support
- Field Trip and Events information- including upcoming school events in our school regions.
- Counselor's Corner resources- including links to family and student resources that include academic supports, DEI resources and SEL supports.
- Private Parent Facebook Page- allowing families to speak with one another, sharing ideas, concerns, and questions.

e) The school ensures that information related to school and parent programs, meetings, and other activities is sent to parents of participating children in a format and, to the extent practicable, in a language the parents can understand. (20 U.S.C. § 6318[e][5])

As a virtual learning school, California Online Public Schools is able to use technology and the working partnership between parents and school staff to facilitate the full participation of parents who might otherwise face barriers to involvement. For example, parents with disabilities who might otherwise find it difficult to participate in their child's brick-and-mortar classroom can readily interact through our online tools and resources. CalOPS makes every effort to provide information in an understandable language and format so that parents can actively participate in their student's schooling.

f) The school provides such other reasonable support for parental involvement activities under this section as parents may request. (20 U.S.C. § 6318[e][14])

- Students have the opportunity to participate regularly in both face-to-face and virtual community activities. Face-to-face activities include field trips and community outings, in accordance with federal, state and local health guidelines. Teachers use the telephone quite extensively in communicating with students and parents.
- Canvas inbox is the private email system included in the LMS. This is a "closed" system. Students, parents, and teachers may only use it to communicate with each other, and are protected from spam, contact from strangers, and other mainstream email issues.
- Notifications, announcements, and other school details are sent via Parent Square allowing for timely communication between school staff, parents, and students.

- Other examples of support to be provided for parent involvement activities include, but are not limited to: providing multiple ways to attend meetings (face-to-face, phone, Zoom, LiveClass, and recordings), a private regional Facebook page for parent interactions, translating materials upon request, and holding one-on-one meetings and so forth.

2.3 Accessibility

In carrying out the parent and family engagement requirements of Title I, Part A, California Online Public Schools, to the extent practicable, shall provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports required under section 1111 of the ESEA (20 U.S.C. § 6311), as amended by ESSA, in a format and, to the extent practicable, in a language such parents understand. (20 U.S.C. § 6318[f])

- California Online Public Schools make effective use of all available technologies to distribute information to parents.
- In addition, parents are encouraged to set up conferences to discuss their student's performance.
- Regular school communications announce upcoming school events and are available online to all parents.
- Certain critical communications may also be provided in print format. For example, the parent training modules are available in print as well as online, and official communications from the schools about withdrawals are also provided via hard-copy mail.
- The school also develops and makes available via the school website, a Family and Student Policy Catalog that details all policies specific to the schools. Translation of materials or availability of materials in other formats (e.g., for those who have difficulty with their vision) are made available upon request.

2.4 School-Parent Compact

As a component of the school-level parent and family engagement policy, each school served under this part shall jointly develop with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The school-parent compact shall carry out the following requirements: (20 U.S.C. § 6318[d])

- a) Describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I, Part A to meet the challenging state academic standards, and the ways in which each parent will be responsible for supporting their children's learning; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time. (20 U.S.C. § 6318[d][1])**

California Online Public Schools has a responsibility to provide high-quality curriculum and instruction to all of its students. The CalOPS Board of Directors approves the curriculum, textbook, and instructional material selections annually therefore, all students receive online and offline materials needed to complete their course of study. The curriculum, including assessments, is aligned to the California Common Core State Standards, California Content Standards and Next Generation Science Standards, as adopted by the State Board of Education for English-Language Arts, Mathematics, Health Education, History-Social Science, Physical Education, Science, and World Languages. Additional alignments are conducted for "a" to "g" guidelines.

During the school year, teachers and parents communicate regularly via email, telephone, Zoom, LiveClass, and parent notification systems Teachers formally conference with parents regularly. In addition, parents are directly involved in checking daily student work for completeness and may view student grades and other progress indicators in real time. Progress reports are available to parents at

least quarterly for every student. Parents receive notifications from the school about student attendance and participation in various aspects of the program.

Parents understand that their participation in their child's education will positively impact his/her achievement and attitude. Therefore, they will do their best to:

- Ensure that their child attends/participates in school regularly.
- Ensure that their child will use positive school behavior.
- Encourage positive use of their child's additional/non-school time.
- Establish a time and quiet place for their child to complete schoolwork and support effort, completion, and correctness.

b) Address the importance of communication between teachers and parents on an ongoing basis through, at a minimum, the following: (20 U.S.C. § 6318[d][2])

1. Parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement. (20 U.S.C. § 6318[d][2][A])

California Online Public Schools hold parent-teacher conferences during which the School-Parent Compact is discussed as it relates to the individual child's achievement. If there are performance concerns, or if students are falling behind and in escalation, the student's teacher contacts parents via phone and/or email and includes other teaching or administrative staff as needed. The call focuses on the student's performance and what actions need to occur to get the student back on-track. Teachers may also set up an in-person meeting to discuss any student or parent concerns and to work collaboratively to set goals and identify a timeline for improvement.

2. Frequent reports to parents on their children's progress. (20 U.S.C. § 6318[d][2][B])

During the school year, teachers and parents communicate regularly via email, telephone, Zoom and Live Class sessions. Teachers formally conference with parents regularly. In addition, parents are directly involved in checking daily student work for completeness and may view student grades and other progress indicators in real time. Progress reports are available to parents at least quarterly for every student. Parents receive notifications from the school about student attendance and participation in various aspects of the program.

3. Reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities. (20 U.S.C. § 6318[d][2][C])

Parents have multiple opportunities to shape the overall school experience. They can volunteer to assist teachers with virtual student activities, serve on the schools' Board of Directors, hold an office on the ELAC committee, as well as participate in Title I planning meetings. Parents, Caregivers, and families may volunteer for the school, however, volunteering is not required.

4. Ensuring regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand. (20 U.S.C. § 6318[d][2][D])

We will provide opportunities for regular communication between parents and teachers through:

- Parent-teacher conferences;
- Frequent reports about your child's progress;
- Opportunities to talk to staff, and observe classroom activities;
- Ensuring regular communication between family members and school staff to the extent possible, in a language that family members can understand.

***The policy will be updated periodically to meet changing needs of parents and family members and the school. If the school has a process in place for involving parents and family members in planning and designing the school's programs,*

the school may use that process if it includes adequate representation of parents and family members of children receiving Title I, Part A services.

Per California Education Code Section 51747, California Online Public Schools ("CalOPS" or "Charter School") is required to evaluate whether it is in the best interest of a student to participate in independent study if they are failing to make satisfactory progress or are missing assignments. Section 51747 also requires CalOPS to implement a tiered re-engagement process for those students who are not attending or participating which also may trigger an evaluation to determine whether it is in the best interests of the student to remain enrolled in independent study. In those cases where an evaluation has been held and it has been determined that it is not in the best interest of the pupil to remain in independent study, the involuntary removal process described herein shall be triggered. Throughout this procedure, the words "parent" or "parents" shall also mean guardian, educational rights holder, or student who is age 18 or older.

The following is the recommended legally compliant process for Gen Ed students, students with IEPs or 504 Plans who require progress monitoring and potentially a determination as to whether the student should remain in independent study.

Should a CalOPS Student have a previous evaluation within their student record which determines that it is not in the best interest of the Student to remain in independent study (either by CalOps or another local educational agency), upon the first instance of violation of the master agreement as defined below, the process may advance to Step 3. Should a CalOPS Student be documented as a Student enrolled in another public school or in a private school that is charging the Student tuition as defined in Section 11965 of Title 5 of the California Code of Regulations, the process may advance to the involuntary removal notice process.

given attendance month (as defined in the attendance calendar), or
 (3) do not participate in the Charter School's offerings of synchronous instruction for more than fifty percent (50%) of the scheduled times in a school month, the Charter School must implement the following reengagement strategies:

1. Verifying the student's current contact information.
2. Notifying parents of lack of participation within one school day of the documentation of a non-attendance day or lack of participation.
3. A plan for outreach from the school to determine the student's needs, including a possible connection with health and social services, as necessary.

*Also Discuss the possibility with CT of ST being involuntarily removed from the school if there is no improvement.

If no improvement:

Step 2

HS/MS - CM/HRT will set up a meeting with themselves, the students counselor, ST and the Parent/Guardian.
Elementary - CM/HRT will set up a meeting with themselves, the student, parent/Guardian and the CM/HRTs supervisor to discuss:

- a. Absences / chronic absenteeism/lack of participation
- b. No Contact from ST
- c. No show to most recent check in with teacher of no-show IEP
- d. Lack of work completion
- e. Behavioral concerns

IEP meeting notes

3. During IEP meeting - Case Manager will review Student/Caretaker Success Agreement during IEP meeting
4. During IEP meeting - Case Manager will notify parent that a Manifestation Determination IEP meeting will be scheduled if there is continued lack of student progress.

Evaluation as to Whether it Is In the Best Interest of the Student to Remain in Independent Study

In accordance with the Charter School's Board policy on independent study, the Principal/AP and/or designee must conduct an evaluation to determine whether it is in the best interests of the student to remain enrolled in independent study upon the following triggers:

If the student is in violation of their Master Agreement:

- A) Missing two (2) consecutive contact appointments between the student and teacher
- B) Completion of less than 70% of the assigned work within a 4 week learning period; or
- C) Failure to submit the required and assigned work samples, assessments for one
 - (1) school month (learning period), or
 - (2) do not generate attendance for more than ten percent (10%) of the required school days in a given attendance month (as defined in the attendance calendar), or
 - (3) do not participate in the Charter School's offerings of synchronous instruction for more than fifty percent (50%) of the scheduled times in a school month, the Charter School must implement the following reengagement strategies.

Conducting the Evaluation

The evaluation may include, but is not limited, to the review of the following:

1. Attendance based on completion of assignments as quantified by the assigned teacher(s) of record;
2. Demonstration of skills on assignments;
3. Standardized test scores;
4. Written tests and reports if appropriate;
5. Oral or written presentations;
6. Student's attitude toward learning and achievement;
7. Punctual attendance at scheduled appointments;
8. Ability to meet scheduled appointments;
9. Preparedness for scheduled appointments;
10. Student demonstration of adequate and appropriate progress toward
11. Common Core State Standards;
12. Appropriate learning environment;
13. Parent (s) ability to support student learning in the home.
14. Student/Parent response to earlier interventions pursuant to this process.

As part of the evaluation process, the student, parent(s), will be invited to present evidence to the individual or individuals conducting the evaluation at the student-parent-educator conference. During this student-parent-educator conference, the Charter School will determine whether it is in the best interest of the student to remain in independent study. A written record of the findings of any evaluation made pursuant to this section must be maintained in the student's mandatory interim record. If it is determined that it is not in the best interest of the student to remain in independent study, Parent will be informed that Student will be recommended for involuntarily removal from the Charter School as further described below.

Step 4

IEP and 504 only students Additional Required Process for Students with a Section 504 Plan or IEP – Manifestation Determination:

IEP: Under the direction of administration, CM sets up MDR with IEP invite - CM, Prin/AP, School Psychologist, ST, and Parent/Guardian. (Asst Director -As needed.)

504: Under the direction of administration, Administrator sets up MDR with IEP invite - CM, Prin/AP, School Psychologist, ST, and Parent/Guardian. (Asst Director -As needed.)

If the Charter School recommends involuntary removal as a result of the evaluation described above, and the student has a Section 504 Plan or IEP, the Charter School must schedule a manifestation determination review (“MDR”) meeting within ten (10) school days of the decision to change the student’s placement. The MDR meeting must be completed prior to issuing the notice of involuntary removal described above.

The MDR meeting must include the parent and the relevant team members. The MDR team must review all relevant information in the student’s file, including the IEP/Section 504 Plan, any teacher observations, and any relevant information provided by the parent and determine the following:

1. Whether the basis of the recommendation for involuntary removal was caused by or had a direct and substantial relationship to the student’s disability; or
2. Whether the basis of the recommendation for involuntary removal was the direct result of the Charter School’s failure to implement the IEP or Section 504 Plan, as applicable.

If the answer to either question (1) or (2), above, is yes, then the basis for the involuntary removal was a manifestation of the student’s disability and the Charter School will follow applicable state and federal laws to ensure that the student is offered a free appropriate public education. The student cannot be involuntarily removed.

If the answer to both (1) and (2), above, is no, then the student may be involuntarily removed pursuant to the notice requirements and the process described above.

If the parent disagrees with the manifestation determination, the parent may appeal the decision by requesting a hearing with the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures. Until the process has been completed, the student must remain enrolled in CalOps unless voluntarily disenrolled by the parent or the student who is 18 or over.

The written determination shall include a day upon which the student may seek re-enrollment. A student who has been disenrolled under this procedure may not seek re-enrollment any earlier than the next academic school year.

Notice After Disenrollment

It has been verified that there is no available teacher on staff with the appropriate credential authorization to teach the subject area and that the EC §44258.7(c)(d) option should be used to address the need.
