SITE REPORTS

Northern Region: Kara Mannix, High School Principal Site Administrator for Monterey Bay, North Bay, and Northern California

As we settle into the Spring Semester we're looking towards next year's transition. Trainings are starting to ramp up, and our real challenge is staying focused on our present tasks and student success while also ensuring we're prepped and ready for a successful transition next year. While there is a lot on everyone's plates, we have an incredibly strong, knowledgeable, and resourceful team so we are in great shape. We are also looking forward to our mid year festivals, and having the chance to see families and staff in person.

Central Region: Marcus White, Elementary Principal Site Administrator for Central Valley and Central Coast

Enrollment has closed and second semester is in full swing. We have gathered and analyzed our diagnostic two data. There was much student growth and achievement to celebrate. Additionally, grade levels have collaborated on how to effectively support our students who have not shown the growth we know they are capable of. Finally, our team is really looking forward to seeing students and families at our mid-year festivals. This is such a special time to engage and encourage our CalOPS family.

Southern Region: Heather Tamayo, Middle School Principal Site Administrator of Southern California

Greetings from Southern California. Second semester is up and running, and enrollment has closed. For the second semester, we continue the daily work with our kids, yet we also embark on testing season. There has been a tremendous push to both prepare our students for the test itself, as well as get families registered. We also just wrapped up the mid-year i-Ready assessment, and will begin the work of looking at the data to better understand the strengths and areas of growth for our student body, as well as the individual learner. The 'all hands on deck' mindset is more alive than ever during this time of year. Finally, we look forward to our mid-year festivals where we are able to connect with our families.

Outreach Update

We are thrilled to share that school superintendent, Dr. Richard Savage, and the CalOPS name was referenced frequently in an article in the [U.S. News and World Report](#) where he discussed items to think about when considering an online school.

Special education teacher, Stephanie Parker, was honored as El Dorado Charter SELPA Educator of the Year at the "Inspiration to Action Symposium - The Power of Hope Charter SELPA" event in San Diego in early February. Here is a [video](#) created by the SELPA and shown at the event; it highlights her success and also features High School Assistant Director of Student Services, Mackenzie Duran.

The first of a regular series of CalOPS prospective family webinars was held on February 13th! It was attended by parents from throughout the state. Hosted by staff and CalOPS teachers, we will typically host these twice per month with the exception of May due to state testing conflicts.

We are ramping up our CalOPS social media activity and are showcasing a series of teacher and administrator videos on YouTube, posting school related content in addition to showcasing on Black History Month events on Facebook and Instagram. We will also soon launch our prospective family digital email campaigns.

Compliance Reporting

Area	Due Date	Description	Completed By	Board Must Approve	Signature Required	Additional Information
DATA	Feb-01	School Accountability Report Card - All public schools in California are required to prepare an annual SARC (2022/23). SARCs are intended to provide the public with important information about each public school and to communicate a school's progress in achieving its goals. EC Section 35256 requires LEA governing boards to approve SARCs for publication.	CaOps	Yes	No	https://www.cde.ca.gov/ta/ac/sa/
FINANCE	Feb-01	Nonclassroom-Based Funding Determination - Charter schools with an existing funding determination ending in 2023/24 must request a funding determination on or before February 1. Education Code [EC] Section 47632.5 prohibits charter schools from receiving any funding for nonclassroom-based instruction unless the State Board of Education (SBE) determines its eligibility for funding.	Charter Impact	No	Yes	https://www.cde.ca.gov/so/ch/nctri/funddet.asp
FINANCE	Feb-15	Board of Equalization Property Tax Exemption - Property used exclusively for public schools, community colleges, state colleges, and state universities is exempt from property taxation (article XIII, section 3, subd. (d), Revenue and Taxation Code section 202, subd. (a)(3)). The property is exempt from taxation on the basis of its exclusive use for public school purposes. If the property is not owned by the public school, the owner of the property is required to file a claim for the Lessor's Exemption. If the owner of the property does not claim the exemption, the public school may file the Public School Exemption claim.	Charter Impact	No	Yes	https://www.boe.ca.gov/proposals/lessor_exemption.htm
FINANCE	Feb-20	Certification of the First Principal Apportionment - The Principal Apportionment includes funding for the Local Control Funding Formula, the primary source of an LEA's general purpose funding; Special Education (AB 502); and funding for several other programs. The First Principal Apportionment (P-1), certified by February 20, is based on the first period data that LEAs report to CDE in November through January. P-1 supersedes the Advance Apportionment calculations and establishes each LEA's monthly state aid payment for February through May.	FYI	No	No	https://www.cde.ca.gov/ta/oa/pa/
DATA	Feb-26	CRDC - 2023-24 Submission Window (Dec 11, 2023-Feb 26, 2024) - The CRDC collects key information on civil rights indicators, including student enrollment and educational programs and services; most of which is disaggregated by race and ethnicity, sex, limited English proficiency, and disability status.	CaOps with Charter Impact support	No	No	https://crdc.comunities.ed.gov/#program
FINANCE	Feb-28	E-Rate FCC Form 470 Due date (FY2024) - To request bids for service, applicants certify an FCC Form 470 in the E-Rate Productivity Center (EPC). This is a formal process to identify and request the products and services you need so that potential service providers can review your requests and submit bids. The FCC Form 470 must be certified in EPC at least 28 days before the close of the filing window. February 28, 2024 is the deadline to certify an FY2023 FCC Form 470 and still be able to certify an FCC Form 471 within the FY2024 filing window.	CaOps	No	No	https://www.usac.org/s/tools/Form470
FINANCE	At Schools Discretion (by 2/29)	Mid-Year Local Control and Accountability Plan Update - The LCAP is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities. The LCAP provides an opportunity for local educational agencies (LEAs) to share their stories of how, what, and why programs and services are selected to meet their local needs. The components of the LCAP for the 2024-2025 LCAP mid-year update do not have the standard requirements of the year-end. There is no template, or minimum information that must be shared or posted. The schools should update their stakeholders as they see fit and must do so at a board meeting on or before the end of February. Charter Impact	Yes	Yes	https://www.cde.ca.gov/ft/iv/interimstatus.asp
DATA	Mar-01	CALPADS - Fall 2 deadline - Please be mindful that Level-2 certification within CALPADS means that these data have been reviewed and approved by your superintendent or IRC administrator. Failure to properly review and amend these data in CALPADS within the allotted amendment window will result in the improper certification of official Fall 2 data within CALPADS, which can impact a number of things, including LCFF funding, student course enrollments, staff assignments and English learner education services. Students' course enrollments, teacher course assignments, staff job assignments, FTE count and English Learner education services are reported datasets. This does not mean you can't reduce costs, but you must do so within the guidelines of federal MOE.	Charter Impact	No	No	http://chartercalopa.org/fiscal/

III. Oral Reports

A. Superintendent's Report

R. Savage has minimal updates today. Smooth transition from first to second semester. As for Sponsoring District Update, Ripon Charter Renewal was successful. CalOPS is currently working through the name change with CAPO Chartering District, will be presenting at April Board Meeting since it is deemed a Material Revision. Relationships are healthy with Sponsoring Districts.

On the transition, there was a leadership retreat last week to get all departments on the same page.

Props to J. Colombero on her efforts with Brandastic and Headstand. It is paying off with the interest seen by prospective families. With the way things appear now, enrollment targets look achievable.

Props to L. Dombek and her team for the hard work with training for new curriculum and platforms. This is a behind the scenes effort that will continue for the next 2-3 months. HR team is making great progress and is close to presenting benefit packages to staff for the upcoming year.

B. Principals' Report (attached)

M. White praises the elementary team. iReady diagnostic testing is in progress this week. The team plans to analyze the data provided by this to best support their students.

K. Mannix talks about the excitement of the new semester and a positive end to the previous semester. Still working to wrap up grades and data, but it is looking promising with what is currently known. Great improvements with World History! Project Success had highest pass rates ever!

D. Policy, Compliance, and State Accountability Report

D. Hertzler speaks to CA state budgeting. There was a forecasted \$58B shortfall in the budget, but Gov. Newsoms budget presents a \$38B shortfall. The good news for CalOPS is that there are no projected cuts to education budgets, so the school shouldn't be affected here, but there is a need to keep an eye on this as there could be unexpected cuts. Reserves are in a healthy place in case of emergencies for the short term. Had meeting with consultant lobbyist and there isn't much charter related news for upcoming legislation. A few more months until update on the Independent Study study. Just received text from trailer bill, little to do with charter schools so far.

Notifications to the Board: Form-700's are due April 1st to bring it back to the front of everyone's mind. Brown Act Training is also due, links will be resent soon.

E. Wickliffe seconded the motion.

D. Hertzler explains the updates made to the Comprehensive School Safety Plan. This plan is largely meant for brick and mortar schools, but it is also a legal requirement for Charters, so CalOPS worked with YMC to develop/revise the CSSP to standard. Namely, there were added sections regarding opioids and the CalOPS suspension and disciplinary policy, as well as updates to the school name. The revisions made were reviewed, adjusted, and approved by the Safety Committee to comply with legal requirements.

L. Dombek presents the Mid Year LCAP Update, noting that this item is new to the school, but has recently become a requirement. Allows for more detailed look at CalOPS goals and extra analysis to ensure they are met. New cycle for LCAP begins in June. A couple things to highlight for this documentation is that the goals are annual goals, and they align with SET goals that are reviewed quarterly to ensure everything is on target. More information to come at next months' meeting on how second semester ended and how CalOPS is moving into the third and fourth quarter.

The board **VOTED** unanimously to approve the motion.

Approval of Time and Effort Policy (attached)

Section: IV. Consent Items
Item: F. Approval of Time and Effort Policy (attached)
Purpose: Vote

Related Material: CalOps USD Time and Effort Policy and Procedures_Proposed.pdf

California Online Public Schools Time and Effort Policy and Procedures

Federal law requires employees funded with restricted programs to complete timesheets to support Time Accounting documentation. Recipients of federal grants are required to implement internal controls that safeguard the integrity of their programs to achieve intended results. Time documentation is required to ensure that the district is properly charging salaries and wages that are reasonable, necessary, and allowable in accordance with applicable program requirements. The Federal Education Department General Administrative Regulations (EDGAR) requires all employees who are fully or partially funded by federal programs to prepare and maintain time documentation.

PROGRAM/SITE MANAGER RESPONSIBILITIES

Each program/site manager must ensure that all federally funded employees and their supervisors are familiar with the time documentation guidelines and are complying with these requirements. *This includes training school staff* who are paid all or in part with federal funds on the basic purpose and intent of each federal program and why they are being paid, all or in part, with federal funds. Please review the Employee Guidelines outlined below.

EMPLOYEE GUIDELINES

All employees who are fully or partially funded by federal categorical funds must complete their time documentation on the approved forms. The type of documentation required depends on how the employee is funded and how many different grant activities (cost objectives) are assigned. Semi-annual or monthly reports are completed after the work period. Examples of categorically funded employees include instructional aides; teachers, resource teachers; parent liaisons, and many other classified and certificated employees.

There are three time-accounting forms used, depending on funding sources, work activities and schedule. Employees must fill out only one form that fits their position. The time accounting form must be certified by the proper designees (i.e. employee and/or supervisor). The employee's supervisor must have direct knowledge of the employee's activities.

TIME ACCOUNTING FORMS: SEMI-ANNUAL CERTIFICATION AND PERSONNEL ACTIVITY REPORT (PAR)

SEMI-ANNUAL CERTIFICATION for EMPLOYEES FUNDED 100% WITH ONE RESOURCE (See attached Exhibit A)

If an employee works 100% on one activity and is paid through one federal funding source only, (for example an instructional aide or resource teacher that is working at one school site or multiple sites with predetermined allocations and working on one goal on a set schedule), they will sign this form (see attached exhibit A) twice a year, which is submitted after each six-month work period. These will be completed in January for the July-December work period, and again in June for the January-June work period.

PERSONNEL ACTIVITY REPORT (PAR) - Calendar for Multiple Funding and Multiple Cost Objectives (see attached Exhibit B)

If an employee's work schedule varies daily or throughout the month, and/or the employee works at multiple sites with variable allocations, the employee should document their daily work schedule through a personnel activity report (PAR). The PAR (see attached exhibit B) should identify each program for which work was performed and the daily time dedicated to each program. The total documented time should account for the total activity for which each employee is compensated.

All multi-funded, multiple cost objective employees must complete PARs on a monthly basis.

REQUIRED REVIEW AND APPROVAL CYCLE:

Personnel Activity Report (PAR): After the last day of each month, the employee signs and submits their PAR completed, to their supervisor for review. The supervisor must date and sign the PAR after the end of the month and submit by the 10th of the following month. PARs should be signed or submitted by the last day of the following month.

RECONCILIATION PROCESS

Semi Annual Certification:

1. Program managers will collect the Semi-Annual Certification form from all employees that are required to complete it and ensure that all forms received are complete; verify the single cost objective; and provide copies to the Finance department.
2. The Finance department reviews each semi-annual and compares it to the actual payroll expenditure ledger to confirm semi-annual certification agrees with the budgeted funding distribution. Managers are notified of discrepancies between resource allocation and time on semi-annual forms.
3. Any differences between the payroll distribution and actual duties performed must be adjusted unless the difference is within the de minimis benefit rule.

Personnel Activity Report (PAR):

1. Program managers will collect the PAR form from all employees that are required to complete it and ensure that all forms are received are complete, and provide copies to the Finance department.
2. The Finance department reviews each PAR and compares it to the actual payroll expenditure ledger to confirm reported time activity agrees with the budgeted funding distribution. Managers are notified of discrepancies between resource allocation and time on calendars.
3. Any differences between the payroll distribution and actual duties performed must be adjusted unless the difference is within the de minimis benefit rule.
4. Reconciliation occurs quarterly in July, October, January and April, to coincide with each budget or actuals reporting period.

RECORD RETENTION

All semi-annual certifications and PARs are filed in a binder by Fiscal Year and are retained in the District for a period of 5 years.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of California Online Public Schools (the Organization), a California nonprofit public benefit corporation, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, in 2023 the Organization adopted new accounting guidance for leases. The guidance requires lessees to recognize a right-of-use asset and corresponding liability for all operating and finance leases with lease terms greater than one year. Our opinion is not modified with response to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Board of Directors
California Online Public Schools

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Board of Directors
California Online Public Schools

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Organization's financial statements as a whole. The Organization locations columns: Central Valley, North Bay, Southern California, Northern California, Central Coast, Monterey Bay, and Eliminations columns in the statements of financial position, activities, and cash flows as well as the supplementary information (as identified in the table of contents) accompanying supplementary schedules, and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and, except for the portion marked "unaudited," was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole. The Local Education Agency Organization Structure, which is marked "unaudited," has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated March 5, 2024 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

California Online Public Schools (the Organization) is a nonprofit public benefit corporation under the laws of the State of California for the purpose of managing and operating public charter schools. The Organization is economically dependent on state and federal funding.

Any of the charters may be revoked by their respective authorizing district for material violations of the charter, failure to meet pupil outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law.

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting and accordingly reflect all significant receivables and other liabilities.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

Costs of providing the Organization's programs and other activities have been presented in the statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. The expenses that are allocated include salaries and wages, pension expense, other employee benefits, payroll taxes, other fees for services, office expenses, and other expenses, which are tracked by separate subgroups directly coded to program or supporting services.

Cash and Cash Equivalents

The Organization defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Asset Classes

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

We report contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized.

Accounts Receivable

Accounts receivable represent amounts due from private persons, firms, or corporations based on contractual agreements or amounts billed but not received as of June 30, 2023. Due from federal and state governments consists of funds due from federal and state governments as of June 30, 2023. Management believes that all receivables are fully collectible; therefore, no provisions for uncollectible accounts were recorded.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost, if purchased, or at estimated fair value, if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the asset. The Organization capitalizes all expenditures for land, buildings, and equipment in excess of \$5,000.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as a liability of the Organization. The entire compensated absences liability is reported on the statement of financial position. Employees of the Organization are paid for days or hours worked based upon Board-approved schedules which include vacation. For employees who work 10 months per year, sick leave is accumulated up to 32 hours per year, up to a maximum total of 64 hours. For employees who work 12 months per year, sick leave is accumulated up to 40 hours per year, up to a maximum total of 80 hours. Sick leave with pay is provided when employees are absent for health reasons. Unused sick leave is forfeited upon termination of employment.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Amounts received from the California Department of Education are conditional and recognized as revenue by the Organization based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in net assets without donor restriction if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in net assets with donor restriction.

Contributions

All contributions are considered to be available for use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as contributions with donor restrictions. Restricted contributions that are received and released in the same period are reported as promises to give without donor restrictions. Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received in more than one year are recorded at fair value at the date of the promise. Conditional promises to give (those with a measurable performance or other barrier and a right of return) are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Conditional Grants

Grants and contracts that are conditioned upon the performance of certain requirements or the incurrence of allowable qualifying expenses (barriers) are recognized as revenues in the period in which the conditions are met. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenues in the statement of financial position. As of June 30, 2023, the Organization has conditional grants of \$18,957,972 of which \$12,600,524 is recognized as deferred revenue in the statement of financial position.

Other Revenue

Other revenue consists primarily of reimbursement for mandated state testing and other services. The performance obligation for providing these services is simultaneously received and consumed by the students; therefore, the revenue is recognized over the time consumed.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of the Organization is required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Organization is a nonprofit entity exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The Organization is subject to income tax on net income that is derived from business activities that are unrelated to the exempt purposes. The Organization files an exempt school return and applicable unrelated business income tax return in the U.S. federal jurisdiction and with the California Franchise Tax Board.

Leases

The Organization leases operating and office facilities. The Organization determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, and operating lease liabilities on the statement of financial position. Finance leases are included in financing ROU assets, and lease liabilities – financing on the statement of financial position.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the Organization's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. As most of leases do not provide an implicit rate, the Organization uses its a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. The Organization has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or ROU assets on the statement of financial position.

The Organization has elected not to separate nonlease components from lease components and instead accounts for each separate lease component and the nonlease component as a single lease component. The Organization's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

In evaluating contracts to determine if they qualify as a lease, the Organization considers factors such as if the Organization has obtained substantially all of the rights to the underlying asset through exclusivity, if the Organization can direct the use of the asset by making decisions about how and for what purpose the asset will be used and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Organization has elected to use a risk-free rate determined using a period comparable with that of the lease term for computing the present value of lease liabilities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standards

In February 2016, the FASB issued Accounting Standards Update 2016-02, *Leases* (ASC 842). The new standard increases transparency and comparability among organizations by requiring the recognition of ROU assets and lease liabilities on the statement of financial position. Most prominent of the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

The Organization adopted the requirements of the guidance effective July 1, 2022 and has elected to apply the provisions of this standard to the beginning of the period of adoption with certain practical expedients available.

The Organization has elected to adopt the package of practical expedients available in the year of adoption. The Organization has elected to adopt the available practical expedient to use hindsight in determining the lease term and in assessing impairment of the Organization's ROU assets.

The Organization elected the available practical expedients to account for existing capital leases and operating leases as finance leases and operating leases, respectively, under the new guidance, without reassessing (a) whether the contracts contain leases under the new standard, (b) whether classification of capital leases or operating leases would be different in accordance with the new guidance, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in the new guidance at lease commencement.

In addition, the Organization elected the hindsight practical expedient to determine the lease term for existing leases.

As a result of the adoption of the new lease accounting guidance, the Organization recognized on July 1, 2022 a ROU asset at the carrying amount of the lease asset of \$793,306. The Organization also recognized on July 1, 2022 a lease liability of \$835,146, which represents the present value of the remaining lease payments discounted using the Organization's incremental borrowing rate of 2.88%.

The standard had a material impact on the statement of financial position but did not have an impact on the statement of activities, nor the statement of cash flows. The most significant impact was the recognition of ROU assets and lease liabilities for operating leases.

Evaluation of Subsequent Events

The Organization has evaluated subsequent events through March 5, 2024, the date these financial statements were available to be issued.

**CALIFORNIA ONLINE PUBLIC SCHOOLS
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2023**

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date. Financial assets available for general expenditures comprise cash and cash equivalents and accounts receivable for the total amount of \$61,866,901.

As part of its liquidity management plan, the Organization monitors liquidity required and cash flows to meet operating needs on a monthly basis. The Organization structures its financial assets to be available as general expenditures, liabilities, and other obligations come due.

NOTE 3 CONCENTRATION OF CREDIT RISK

The Organization maintains bank accounts with financial institutions. Accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The Organization at times has deposits in excess of the FDIC insurance limit in these accounts. The Organization has not incurred losses related to these deposits.

The Organization maintains cash in the Orange County Treasury and Santa Barbara County Treasury (collectively referred to as the County). The County pools these funds with those of other educational organizations in the county and invests the cash. These pooled funds are carried at costs which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool. The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et. seq. The funds maintained by the County are either secured by federal depository insurance or collateralized. The fair value of the Organization's deposits in this pool as of June 30, 2023, as provided by the pool sponsor was \$1,665,216.

NOTE 4 PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment in the accompanying financial statements is presented net of accumulated depreciation. Depreciation expense was \$25,520 for the year ended June 30, 2023.

The components of property, plant, and equipment as of June 30, 2023 are as follows:

Leasehold Improvements	\$ 168,135

NOTE 5 EMPLOYEE RETIREMENT

Multiemployer Defined Benefit Pension Plans

Qualified employees are covered under multiemployer defined benefit pension plans maintained by agencies of the State of California.

The risks of participating in this multiemployer defined benefit pension plan are different from single-employer plans because: (a) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers, (b) the required member, employer, and state contribution rates are set by the California Legislature, and (c) if the Organization chooses to stop participating in the multiemployer plan, it may be required to pay a withdrawal liability to the plan. The Organization has no plans to withdraw from this multiemployer plan.

Plan Description

The Organization contributes to the State Teachers' Retirement System (STRS), a cost-sharing multi-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. According to the most recently available Comprehensive Annual Financial Report and Actuarial Valuation Report for the year ended June 30, 2022 total STRS plan net assets are \$300 billion, the total actuarial present value of accumulated plan benefits is \$434 billion, contributions from all employers totaled \$6.513 billion, and the plan is 74.4% funded. The Organization did not contribute more than 5% of the total contributions to the plan.

Copies of the STRS annual financial reports may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, California 95826 and www.calstrs.com.

Active plan members hired before January 1, 2013 are required to contribute 10.25% of their salary and those hired after are required to contribute 10.21% of their salary. The Organization is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for year ended June 30, 2023 was 19.10% of annual payroll. The contribution requirements of the plan members are established and may be amended by state statute.

The Organization's contributions to STRS for the past three years are as follows:

<u>Year Ended June 30,</u>	<u>Required Contribution</u>	<u>Percent Contributed</u>
2021	\$ 3,311,355	100%
2022	\$ 4,333,651	100%
2023	\$ 5,207,792	100%

NOTE 6 OPERATING LEASES – ASC 842

The Organization leases operating and office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through August 2024. Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases. Additionally, the agreements generally require the Organization to pay real estate taxes, insurance, and repairs. Some lease agreements also require the Organization to comply with certain covenants and to maintain certain financial ratios. As of June 30, 2023, the Organization believes it was in compliance with all ratios and covenants.

The following table provides quantitative information concerning the Organization's lease for the year ended June 30, 2023:

Lease Cost:	
Operating lease cost	\$ 383,505
Other Information:	
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows from operating leases	\$ 395,747
Right-of-use assets obtained in exchange for new operating lease liabilities:	793,306
Weighted-average remaining lease term - operating leases	1.1 Years
Weighted-average discount rate - operating leases	2.88%

The Organization classifies the total undiscounted lease payments that are due in the next 12 months as current. A maturity analysis of annual undiscounted cash flows for lease liabilities as of June 30, 2023, is as follows:

	<u>Operating Leases</u>
<u>Year Ending June 30,</u>

NOTE 7 CONCENTRATION OF MAJOR CONTRACT AND DISCRETIONARY CREDIT

The Organization entered into an educational products and services agreement with Connections Education to provide certain educational products and services to the Organization, which expires on June 30, 2023. Services provided including fiscal support services, human resources services, technology, and marketing, among others. The agreement for services also includes a protection against deficits clause which states that in any year, during the term of the agreement, if the Organization does not have sufficient positive net assets to offset the difference between total revenues and total expenditures, Connections Education LLC shall issue a credit to the Organization to the extent required to maintain positive net asset. During the year ended June 30, 2023, Connections Education LLC did not issued credits to the Organization.

NOTE 8 CONTINGENCIES, RISKS AND UNCERTAINTIES

The Organization has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement would not be material.

In the normal course of business, the Organization is subject to legal claims. After consultation with the Organization's legal counsel, management of the Organization is of the opinion that liabilities, if any, arising from such claims would not have a material effect on the Organization's financial position.

NOTE 9 SUBSEQUENT EVENT TRANSACTIONS

In November 2023, the Organization entered into a line of credit agreement for \$650,000 that expires in November 2028. Per the agreement, the monthly outstanding balance must be paid the following month.

PURPOSE OF SCHEDULES

NOTE 1 SCHEDULE OF INSTRUCTIONAL TIME

This schedule presents information on the amount of instructional time offered by the Organization and whether the Organization complied with the provisions of California Education Code.

NOTE 2 SCHEDULE OF AVERAGE DAILY ATTENDANCE

Average daily attendance is a measurement of the number of pupils attending classes of School. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels.

NOTE 3 RECONCILIATION OF ANNUAL FINANCIAL REPORT WITH AUDITED FINANCIAL STATEMENTS

This schedule provides the information necessary to reconcile the net assets of the charter schools as reported on the Annual Financial Report form to the audited financial statements.

NOTE 4 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Organization under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of operations of the Organization, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of the Organization.

NOTE 5 INDIRECT COST RATE

The Organization has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
California Online Public Schools
San Juan Capistrano, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of California Online Public Schools (the Organization), a nonprofit California public benefit corporation, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, cash flows, and functional expenses for the year then ended, the related notes to the financial statements, and have issued our report thereon dated March 5, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered The Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of The Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of The Organization's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did identify a deficiency in internal control that we consider to be material weaknesses and is documented in the Schedule of Findings and Questioned Costs as 2023-001. Other material weaknesses or significant deficiencies may exist that have not been identified.

Board of Directors
California Online Public Schools

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
California Online Public Schools
San Juan Capistrano, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited California Online Public Schools (the Organization) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2023. The Organization's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Organization's federal programs.

Board of Directors
California Online Public Schools

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Board of Directors
California Online Public Schools

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE AND REPORT ON INTERNAL CONTROL OVER STATE COMPLIANCE

Board of Directors

Report on Compliance

Opinion on State Compliance

We have audited California Online Public Schools's (the Organization) compliance with the types of compliance requirements applicable to the Organization described in the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel for the year ended June 30, 2023. The Organization's applicable State compliance requirements are identified in the table below.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that are applicable to the Organization for the year ended June 30, 2023.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's state programs.

Board of Directors
California Online Public Schools

Auditors' Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Our opinion on each state program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the noncompliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Organization's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2023-002, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Board of Directors
California Online Public Schools

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Organization's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

Questioned Costs: The error identified in the condition had a known error calculation for the decreased apportionment of \$6,493.

Repeat Finding: This is not a repeat finding.

Management Corrective Action Plan (Unaudited): For the 2023-2024 school year, the Organization will take two primary actions to ensure errors of this nature are found and corrected.

Firstly, the Organization's internal Enrollment and Attendance teams will conduct an audit of all Master Agreements for currently enrolled students to ensure these Master Agreements are valid for the 2023-2024 school year and have compliant dates and signatures. In prior years, this audit has occurred cooperatively between the Pearson Virtual Schools (PVS) and the Organization's teams. The Organization's internal Attendance and Enrollment teams will complete this audit independently this year. At the time of the writing of this corrective action, this audit has already begun and is scheduled to be completed by the beginning of calendar year 2024.

Secondly, for all newly enrolled students, the Organization's Enrollment team will put in place protocols to double check the work of PVS and check for Master Agreement Compliance upon enrollment. As a final safeguard, the Attendance team will continue established protocols of auditing Master Agreement compliance for newly enrolled students within the first month of enrollment.

For the 2024-2025 school year and beyond:

Enrollment of the 2024-2025 school year opens on February 1, 2024. From this date forward all enrollment tasks for the 2024-2025 school year and beyond will be exclusively handled by the Organization's Enrollment team. We have contracted with School Pathways as the Organization's Student Information System for the 2024-2025 school year and beyond. All application and enrollment tasks will be handled through this system. School Pathways is a system that is designed for nonclassroom-based schools. The signing, verifying, and approving of the Master Agreements is integrated into this system. The Master Agreement will be signed by all required parties prior to enrollment when families are in the "pre-enrollment" stage. Prior to enrollment, a member of the Organization will audit all required documents, including the Master Agreement. A team member of the Organization will also be responsible for finalizing the enrollment of a student and moving them from the "pre-enrollment" phase to the enrolled phase.

Following enrollment, similar to current procedures, the attendance/compliance team will audit all Master Agreements and enrollment documents by no later than the first quarter of the school year and continue to audit newly enrolled students on a monthly basis thereafter.
