## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

California Connections Academy Central Coast serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Cuyama Joint Unified School District, and enrolls students in three counties: Santa Barbara, Ventura, and San Luis Obispo. In the 2019-2020 school year, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Connections Academy Central Coast is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Connections Academy's goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Connections Academy Central Coast program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate which results in a large population of new students each year

A diverse and spread out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A high enrollment growth rate each year, so that every year the school is bigger and additional staff and other resources are needed

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year, as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Connections Academy Central Coast's 2023 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2023 Dashboard are prominently reflected in our school's Suspension Rate. California Connections Academy proudly boasts a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.5%. This accomplishment underscores our dedication to fostering open communication with our students, cultivating robust teacher-student relationships, and promoting academic consistency. It is also important to note that on the 2023 Dashboard English Learner Progress, College and Career, and Graduation Rate indicators show no performance color due to student numbers throughout all student groups.

However, the 2023 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Connections Academy Central Coast finds itself listed on the lowest performance level for Academic Performance, encompassing English Language Arts and Mathematics. An in-depth analysis of our school's 2023 Dashboard data shows the lowest level of

performance for English Language Arts was in the Socioeconomically Disadvantage student group with 99.9 points below standard with an increase of 57.7 points from the previous year. In Mathematics, the lowest level of performance was with the Hispanic student group, resulting in 177.9 points below standard, with an increase of 20.5 points from the previous year. Upon deeper examination of the data, we found that our participation rate in State Testing for all student groups is a key contributor to our points below standard and, consequently, our lowest performance level on the dashboard. As an online school, we encounter persistent challenges in ensuring our students participate in various testing locations. Consulting with key stakeholders, including parents, students, and staff, revealed that travel, time off work, and health or anxiety were the primary reasons behind this challenge. We are actively pursuing ways to help our families understand the importance of testing and participation by hosting parent and student meetings, offering smaller and more convenient testing locations, providing Saturday testing options, enhancing our curriculum, and offering practice testing to familiarize students with the testing process. Additionally, we have begun focusing on early testing grades at the elementary level, aiming to instill the importance of testing as a regular part of the academic year at California Connections Academy.

In conclusion, California Connections Academy Central Coast remains steadfast in its commitment to addressing areas of improvement highlighted by the 2023 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Connections Academy Central Coast.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Connections Academy are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Connections Academy Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

### Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional	\$940,949.55	No

		program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.		
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$700,136.02	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$446,616.71	
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$42,830.62	
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$66,713.93	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development,	\$42,687.00	No

		evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.		
<b>2.7</b>	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$5,452.78	
<b>2.8</b>	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$19,740.81	No

- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

## Measuring and Reporting Results

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College Preparation	Continue to improve guidance department policies and procedures to ensure students are enrolled in college prep curriculum, including analysis using student data to promote additional a-g, AP and honors coursework. Collect and analyze a-g course completion data and develop strategies to increase overall student performance in these courses.	\$122,861.20	No
3.2	Career Preparation (CTE)	Develop and implement formal Career Technical Education Pathways.	\$14,701.06	
3.3	AVID Program Implementation	Continue to implement and expand the AVID program to provide additional support for college readiness to at risk student populations.	\$1,582.29	
3.4	Credit Recovery and Summer Intervention	Additional credit recovery options will continue to be made available, including a more robust credit recovery program, known as Project Success, and students will be identified as eligible candidates via transcript evaluations which occur upon enrollment and at the end of each semester. Continued in house summer school program, allowing high school students to make up credits.	\$119,407.68	
3.5	Transition Plans	Monitor Individual Transition Plan goals for all high school Special Education students for goal mastery, in particular, for college and career awareness and independent living.	\$38,813.10	No
3.6	Graduation Rate Progress Monitoring	Continued implementation of an Early Warning and Response System known as the Rainbow List. The Rainbow List color codes high school students based on their degree of credit deficiency. With a clear focus on students' level of need, varied intervention and support can be targeted.	\$143,694.95	No

3.7	Dual Enrollment Options	Continued development of a Career College Access Pathway with a community college partner to expand dual enrollment options.	\$5,721.28	No
3.8	Early Intervention Program Development	Continued development and refinement of CHAMPS (Community Helps Achieve My Personal Success) program to identify 8th - 10th grade students who need more intervention regarding overall participation, credit deficiency, and engagement in our program.	\$8,145.24	No

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

# Local Control and Accountability Plan Instructions

## [Plan Summary](#)

## [Engaging Educational Partners](#)

## [Goals and Actions](#)

## [Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52061\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
  - (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
  - An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### Maintenance of Progress Goal

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

California Online Public Schools - California Online Public Schools (CalOPS) Board Meeting - Agenda - Tuesday May 7, 2024 at 3:30 PM  
accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

**A description of the effectiveness or ineffectiveness or the specific actions to date in making progress toward the goal.**

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

**A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.**

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

**Action #**

- Enter the action number.

**Title**

- Provide a short title for the action. This title will also appear in the action tables.

**Description**

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage or a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

California Connections Academy Monterey Bay serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Scotts Valley Unified School District, and enrolls students in five counties: Monterey, San Benito, San Mateo, Santa Cruz, and Santa Clara. In the 2019-2020 school year, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Connections Academy Monterey Bay is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Connections Academy's goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Connections Academy Monterey Bay program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate which results in a large population of new students each year

A diverse and spread out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A high enrollment growth rate each year, so that every year the school is bigger and additional staff and other resources are needed

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year, as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Connections Academy Monterey Bay's 2023 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2023 Dashboard are prominently reflected in our school's Suspension Rate, Chronic Absenteeism, Graduation Rate, and English Learner Progress. California Connections Academy proudly boasts a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.5%. This accomplishment underscores our dedication to fostering open communication with our students, cultivating robust teacher-student relationships, and promoting academic consistency. Additional Dashboard data shows our Chronic Absenteeism maintained with a slight 0.1% decline which equated to a 7.5% Chronically Absent rate, and our Graduation Rate, while declining by a 16.5% margin, remains above the state threshold of 68% at a 72.4% Grad Rate. All of which speak to our growing strengths as a school and community.

The 2023 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Connections Academy Monterey Bay finds itself listed on the lowest (very low) performance level for Mathematics and the low performance level for English Language Arts under Academic Performance. A deeper examination of the Academic Performance state indicators reveals that our Students with Disabilities and White student groups fall under both the Math and English Language Arts very low indicators. The lowest performance level for English Language Arts also includes Socioeconomically Disadvantaged students. This translates to an overall 40.4 points below standard, with a decline of 27.2 points from the previous year. In Mathematics, our performance resulted in 97.7 points below standard, with a decline of 22.7 points from the previous year and also includes our Hispanic student population. Upon deeper examination of the data, we found that our participation rate in State Testing for all student groups is a key contributor to our points below standard and, consequently, our lowest performance level on the dashboard. As an online school, we encounter persistent challenges in ensuring our students participate in various testing locations. Consulting with key stakeholders, including parents, students, and staff, revealed that travel, time off work, and health or anxiety were the primary reasons behind this challenge. We are actively pursuing ways to help our families understand the importance of testing and participation by hosting parent and student meetings, offering smaller and more convenient testing locations, providing Saturday testing options, enhancing our curriculum, and offering practice testing to familiarize students with the testing process. Additionally, we have begun focusing on early testing grades at the elementary level, aiming to instill the importance of testing as a regular part of the academic year at California Connections Academy.

In conclusion, California Connections Academy Monterey Bay remains steadfast in its commitment to addressing areas of improvement highlighted by the 2023 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Connections Academy Monterey Bay.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Connections Academy are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Connections Academy Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

### Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional	\$940,949.55	No

		program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.		
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$700,136.02	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$446,616.71	No
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$42,830.62	
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$66,713.93	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development,	\$42,687.00	No

		evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.		
<b>2.7</b>	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$5,452.78	
<b>2.8</b>	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$19,740.81	No

- Priority 6: School Climate (Engagement)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

			<p>Social and Emotional Well-Being: Actively monitor our EL students' social and emotional well-being to ensure that they feel supported and included in the school community. Monitor their level of school connectedness, sense of belonging, and participation through live class, ELD student/teacher groups, and one-on-one and small group contacts and communication to identify areas where additional support may be needed to promote positive outcomes for our EL students.</p>
<p><b>1.6</b></p>	<p><b>Action:</b> LTEL Support</p> <p><b>Need:</b> Providing LTEL support is essential for promoting equity, closing achievement gaps, and ensuring that all students have the opportunity to succeed academically. By providing targeted assistance and intervention for LTELs, our teachers and staff help build a more inclusive and supportive learning environment where all students can reach their full potential.</p> <p><b>Scope:</b></p>	<p>The actions designed to address the needs of Long-Term English Learners (LTELs) within our school are tailored to provide targeted support and intervention to this specific student population. By implementing these actions, we hope to effectively address the unique needs of LTELs and provide them with the support and resources they need to succeed academically and linguistically. These actions are designed to be responsive, evidence-based, and culturally relevant, ensuring that LTELs receive equitable access to high-quality education and opportunities for language development and academic achievement.</p>	<p>Monitoring the effectiveness of actions designed to support Long-Term English Learners (LTELs) involves tracking various metrics to assess progress and outcomes. These metrics include:</p> <p>English Language Proficiency: Measuring the changes in LTELs' English language proficiency levels over time using standardized assessments such as the English</p>

Use standardized test scores, grades, and other indicators of academic achievement to monitor progress and identify areas where additional support may be needed to improve outcomes.</p> <p>Parent and Family Engagement: Measurement of the level of parent and family engagement among LTELs and their families. Monitor participation in ELAC and all school meetings, parent-teacher conferences, and one on one or small group contacts to assess the effectiveness of efforts to engage families in supporting their child's education and academic success.</p>

			<p>Attendance and Dropout Rates: Continued assessment of our LTELs' attendance rates and dropout rates to identify trends and patterns that may impact academic achievement and graduation outcomes. Implementation of strategies to improve attendance and retention among LTELs, such as Progress Monitoring Meetings, to ensure that they stay engaged in school and on track to graduate.</p> <p>Post-Secondary Enrollment and Success: Tracking of our LTELs' post-secondary enrollment rates and success in higher education or career pathways after graduation. Monitor college enrollment rates, and completion of college preparatory courses to ensure that LTELs have access to opportunities for continued education and career advancement.</p>

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52061\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
  - (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
  - An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

California Online Public Schools - California Online Public Schools (CalOPS) Board Meeting - Agenda - Tuesday May 7, 2024 at 3:30 PM  
accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

**A description of the effectiveness or ineffectiveness or the specific actions to date in making progress toward the goal.**

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

**A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.**

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

**Action #**

- Enter the action number.

**Title**

- Provide a short title for the action. This title will also appear in the action tables.

**Description**

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage or a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

California Connections Academy Central Valley serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Alpaugh Unified School District, and enrolls students in five counties: Tulare, Kings, Kern, Fresno and Inyo. In 2006 the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Connections Academy Central Valley is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Connections Academy's goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Connections Academy Central Valley program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate which results in a large population of new students each year  
 A diverse and spread out population that has difficulty participating in State Testing.  
 A high percentage of high school students who enroll deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate  
 A high enrollment growth rate each year, so that every year the school is bigger and additional staff and other resources are needed  
 A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year, as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Connections Academy Central Valley's 2023 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process. While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2023 Dashboard are prominently reflected in our school's Suspension Rate, Chronic Absenteeism, and Graduation Rate. California Connections Academy proudly boasts a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.5%. This accomplishment underscores our dedication to fostering open communication with our students, cultivating robust teacher-student relationships, and promoting academic consistency. Additionally, the Chronic Absenteeism indicator has shown only a slight decline of 3.3% making our Chronically Absent rate 13.8%. Furthermore, The overall Graduation Rate has maintained by only declining a slight 0.9% keeping the Grad Rate indicator above the 68% State threshold at 77.3%. This maintenance speaks volumes about the unwavering commitment of our teachers and all staff toward student engagement, participation, and attendance. Thus encouraging our all school efforts of building community and the importance of regular contacts and interventions.

However, the 2023 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Connections Academy Central Valley finds itself listed on the lowest (very low) performance level for English Language Arts and the low level for Mathematics under the Academic Performance indicators. An in-depth analysis of these Academic Performance metrics finds English Language Arts and Mathematics subgroups mirror each other, by including Students with Disabilities and White student populations. Mathematics also includes the Two or More Races subgroup. The lowest performance level for English Language Arts translates to an overall 152.4 points below standard, with a decline of 12 points from the previous year. In Mathematics, our performance resulted in 190.2 points below standard, with a decline of 1.9 points from the previous year. Upon deeper examination of the data, we found that our participation rate in State Testing for all student groups is a key contributor to our points below standard and, consequently, our lowest performance level on the dashboard. As an online school, we encounter persistent challenges in ensuring our students participate in various testing locations. Consulting with key stakeholders, including parents, students, and staff, revealed that travel, time off work, and health or anxiety were the primary reasons behind this challenge. We are actively pursuing ways to help our families understand the importance of testing and participation by hosting parent and student meetings, offering smaller and more convenient testing locations, providing Saturday testing options, enhancing our curriculum, and offering practice testing to familiarize students with the testing process. Additionally, we have begun focusing on early testing grades at the elementary level, aiming to instill the importance of testing as a regular part of the academic year at California Connections Academy.

In conclusion, California Connections Academy Central Valley remains steadfast in its commitment to addressing areas of improvement highlighted by the 2023 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Connections Academy Central Valley.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2023 California Dashboard, California Connections Academy Central Valley qualifies for level two technical assistance regarding Priority 4: Pupil Achievement in English Language Arts and Mathematics, as well as Priority 8: Student Outcomes in the College and Career indicator. This designation is due to our white student population receiving the lowest indicator level in both state priorities.

For Pupil Achievement, our white student population of 90 eligible students scored 80.3 points below standard, declining by 19.1 points in English Language Arts and 129.9 points below standard, declining by 13.3 points in Mathematics. Regarding Student Outcomes, our white student population of 31 eligible students received the lowest metric on the college career indicator, with only 3.2% prepared. This data prompted us to reflect deeply on the services we provide not only to our white student population but to all students. We initiated technical assistance in January 2024 with the Tulare County Office of Education (TCOE) to guide us through this process. Our meetings since then have involved thoughtful reflection, discussion, and the development of a plan to improve our Pupil Achievement and provide services that promote academic success for all students, including our white student population.

Our focus has been on Pupil Achievement in English Language Arts and Mathematics, aiming to implement processes that drive positive change for our students to excel in these areas. Analyzing our student scores and state testing data from the 2023 Dashboard, we found that while our distance from the standard for all student groups was notably low, especially in math, it was the LOSS score penalty that predominantly kept us low. Lack of participation in state testing from our families was the primary reason for our low scores in most cases. As a fully online Charter School, we diligently educate our families on the importance of state testing but encounter obstacles such as travel, work schedules, and student health concerns.

Academic data shows that our students are academically or near academically proficient in comparable diagnostics like iReady for K-8 and MAP for high school. Participation in these internal diagnostics is high, over 95%, due to their virtual nature. Our survey of parents, students, and staff regarding state testing revealed that travel, work commitments, and student anxiety and health concerns were the top reasons for disengagement. Teachers and staff also cited inadequate curriculum and lack of CAASPP practice tests as factors contributing to low participation.

As a result, we devised the following actions in collaboration with our technical assistance team:

- Parent/Student Testing Information Nights
- Small Testing Sites
- More Testing Locations (Closer to More Families)
- Saturday Testing Sites
- Implementation of New Curriculum in all Content Areas and Grade Bands for the 24/25 School Year
- Implementation and Monitoring of IXL and Smarter Balanced CAASPP Testing Prep by all grade level teams and administration.

We anticipate these efforts will result in a 5% increase in academic scores for all student populations, including our white population, which currently exhibits the largest deficit. Specifically, our white student population will increase their distance from the standard and move closer to the state benchmark.

## Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Connections Academy are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Connections Academy Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment.	\$1,342,236.86	No

		The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.		
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$998,723.44	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$637,085.59	
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$61,096.62	
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$95,165.45	No

<b>2.6</b>	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$60,891.75	No
<b>2.7</b>	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$7,778.24	
<b>2.8</b>	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$28,159.68	No

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

# Local Control and Accountability Plan Instructions

## [Plan Summary](#)

## [Engaging Educational Partners](#)

## [Goals and Actions](#)

## [Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52061\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

#### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
  - (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
  - An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

**Metric #**

- Enter the metric number.

**Metric**

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

**Baseline**

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

California Online Public Schools - California Online Public Schools (CalOPS) Board Meeting - Agenda - Tuesday May 7, 2024 at 3:30 PM  
accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

**A description of the effectiveness or ineffectiveness or the specific actions to date in making progress toward the goal.**

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

**A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.**

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

**Action #**

- Enter the action number.

**Title**

- Provide a short title for the action. This title will also appear in the action tables.

**Description**

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage or a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

California Connections Academy North Bay serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Middletown Unified School District, and enrolls students in seven counties: Lake, Colusa, Glenn, Mendocino, Napa, Sonoma and Yolo. In 2014, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Connections Academy North Bay is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Connections Academy's goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Connections Academy North Bay program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate which results in a large population of new students each year

A diverse and spread out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A high enrollment growth rate each year, so that every year the school is bigger and additional staff and other resources are needed

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year, as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Connections Academy North Bay's 2023 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2023 Dashboard are prominently reflected in our school's Suspension Rate and maintenance of Chronic Absenteeism. We proudly boast a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.5%. Additionally, our Chronic Absenteeism has shown only a slight increase of 3.7%, reaching 15%, which is still above the state's rate of 24.3%. Despite this, we remain committed to educating our families, especially our unduplicated population, on the importance of attendance and engagement.

The 2023 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Connections Academy North Bay finds itself listed on the lowest performance level for Academic Engagement in regards to Graduation Rate, and Academic Performance, encompassing English Language Arts and Mathematics.

An in-depth analysis of our school's Graduation Rate on the 2023 Dashboard, reveals concerning declines overall. The Graduation Rate decreased by 13.3% to 64.5%, for all student groups. The number of students counted is 31. We remain vigilant in our efforts to improve our Graduation Rate through early intervention measures to prevent students from falling off track, our in-house credit recovery program, continued emphasis on student-homeroom teacher connections through regular contacts, and in-house summer school initiatives.

Moreover, California Connections Academy finds itself in the lowest performance level for Academic Performance in both English Language Arts and Mathematics. Our student groups in both of these areas mirror each other in one area, Socioeconomically Disadvantaged, and include White in the lowest Math performance level. The lowest performance level for English Language Arts translates to an overall 84.3 points below standard, with a decline of 57.6 points from the previous year. In Mathematics, our performance resulted in 159.2 points below standard, with a decline of 45.5 points from the previous year. Upon deeper examination of the data, we found that our participation rate in State Testing for all student groups is a key contributor to our points below standard and, consequently, our lowest performance level on the dashboard. As an online school, we encounter persistent challenges in ensuring our students participate in various testing locations. Consulting with key stakeholders, including parents, students, and staff, revealed that travel, time off work, and health or anxiety were the primary reasons behind this challenge. We are actively pursuing ways to help our families understand the importance of testing and participation by hosting parent and student meetings, offering smaller and more convenient testing locations, providing Saturday testing options, enhancing our curriculum, and offering practice testing to familiarize students with the testing process. Additionally, we have begun focusing on early testing grades at the elementary level, aiming to instill the importance of testing as a regular part of the academic year at California Connections Academy.

In conclusion, California Connections Academy North Bay remains steadfast in its commitment to addressing areas of improvement highlighted by the 2023 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Connections Academy North Bay.

### Needs Assessment:

Our 2023 graduation rate is 64.5%, below the ESSA-defined threshold of 68%. Our graduation rate percentage dropped 13.3%, from 77.8% to 64.5%, which put California Connections Academy North Bay the state threshold for the 2023 school year. As an organization, we are dedicated to improving and maintaining our graduation rate. Several groups were consulted to complete the following plan, including but not limited to school-wide leadership, high school-specific leadership, counseling leadership, student services leadership, and community and parents through our School Advisory Committee and English Learner Advisory Committee. These groups were consulted at regular intervals throughout the school year in order for all voices to be heard in the decision-making process. During these meetings, stakeholders were involved in all elements of the CSI plan by providing insight, input, and decision-making. The School Advisory Committee and English Learner Advisory Committee input reinforced the continuation of the in-house summer school program and credit recovery opportunities. High school-specific leadership input reinforced the work done to increase student-to-teacher contact rates and early intervention. The annual planning cycle starts each year in the spring (April/May) for the school year to come. The following is a sample of the data analyzed.

As reported by the California Dashboard, in 2023, the all-student graduation rate was 64.5%, which is still below 68% threshold set forth by the State. There was a 13.3% significant decrease in graduation rate from the 2022 graduation rate of 77.8%. The lowest group in 2022 was the Socioeconomically Disadvantaged group at 77.3%, and the highest was the White group at 92.3%. In 2023, the highest group was the Socioeconomically Disadvantaged student group at 66.7%, and the lowest was the Hispanic student group at 63.6%. As an organization, we are dedicated to continuing our efforts to increase the graduation rate and make significant annual progress with all student groups. Currently, the school tracks the change in the percent of students on track for graduation. In 2022-2023, 9th graders dropped to 72.5% on track for graduation after the conclusion of the first semester. In 2023-2024, 69.5% of 9th graders remained on track at the conclusion of the first semester, a decrease compared to the prior year. This percentage of 9th grade students falling off cohort so early is directly contributing to our low graduation rate and must continue to be addressed.

As an educational organization focused on continuous improvement, interventions to address the graduation rate have begun prior to being identified as CSI. These interventions include the continued focus on a homeroom model at the high school level, the conceptualization and implementation of the credit recovery program known as Project Success, and the continued development of the CHAMPS (Community Helps Achieve My Personal Success) program. The results of these programs are encouraging. As a result of the homeroom model, students have received an increase in successful contacts from staff. An increase in successful contacts relates to increased active engagement with our school program. Throughout the 2022-2023 school year, high school students received biweekly successful contacts (i.e. phone calls, small group lessons) at a rate of 98% as the year progressed. This has increased to 99.5% in the first semester of the 2023-2024 school year. Being fully aware of the realities of graduation rate, the high school staff has continued the refinement of an internal credit recovery program called Project Success. During the 2022-2023 school year, historically at-risk high school students passed an average of 94.5% of their classes in the Project Success program. During the first semester of the 2023-2024 school year, the average pass rate increased to 96.5%. Furthermore, the introduction of the CHAMPS program in 2021 has continued to be promising. In the first half of the 2023-2024 school year, the CHAMPS students had a pass rate of 85%. These successes provide justification and motivation to continue and expand these programs.

As a result of the school's continued focus on struggles with graduation rate and the potential for learning loss due to the pandemic, our school continues its own in-house summer school program that began in the summer of 2020. This was the first in its history. Prior to the summer of 2020, credit-deficient high school students were sent to a third-party program with a success rate of an average of around 50%

pass rate. Our in-house summer school has shown increased success from a 77% pass rate and an 85% summer graduation rate in 2020 to an 83% pass rate in the summer of 2023 and a 95% graduation rate for those in the last year of high school. These numbers show the benefit of our in-house summer school program in improving our overall graduation rate.

#### Root Cause Analysis:

-A graduation rate decline of 9% to 73.2% for all student groups and below the 68% threshold for some of our student groups needs to be addressed

-Students are falling off cohort early in high school, including the 9th-grade year, contributing to the decline in 4-year cohort graduation success.

-A high mobility rate is contributing to a large number of students enrolling who are deficient in credits.

#### Evidence-Based Interventions:

To make the best plan to meet our students' diverse needs, we utilized an evidenced-based decision-making process with stakeholders. In this case "The Practical Decision Maker" (Harvey, Bearley, Corkrum, 1997) was consulted. In order to choose our evidence-based interventions, we required the solution criteria to be a strategy that can contribute to achieving a 68% graduation rate or higher for all student groups. The possible solutions, i.e. the possible evidence-based interventions, were all the interventions listed below. As we identified our solution choices, we decided to use all interventions, considering that the needs of the students varied greatly. As a result of this needs assessment, root cause analysis, and decision-making process, the following evidence-based interventions will be implemented and continued:

-Early Warning and Response System: The Everyone Graduates Center at the Johns Hopkins University's School of Education (<http://new.every1graduates.org/>), describes tools and models to help schools increase graduation rates, among these is the Early Warning and Response System. "Early warning systems use readily available data to alert teachers and administrators to students who are on the pathway to dropping out." Based on the school's numbers of students falling off cohort as early as the 9th grade, the school will formally implement such a system. Implementation of this system involves:

1. Assembling longitudinal data for individual students on a) graduation status and b) potential predictors of dropout, such as student attendance, behavior, grades, and test scores;

2. Identifying the threshold level of each predictor that gives students a high probability of dropping out; and

3. Checking that the predictors identify a high percentage of the students in that district who dropout of school.

(<http://new.every1graduates.org/tools-and-models/early-warning-and-response-systems/>)

-Homeroom Model: Based on the encouraging results of the increase in engagement metrics, the school will continue the implementation and refinement of the homeroom model. The homeroom model in the virtual setting looks very similar to a traditional brick-and-mortar setting. Students are assigned in small groups to specific teachers, who may or may not teach them an academic subject. It is all teachers' responsibility to track and assist all their students, except that this burden is increased for the students in their homeroom with the overall outcome of deeper and more authentic relationships with the students and their families.

-High School Credit Recovery Program (Project Success): Another layer of the homeroom model is the high school credit recovery program known as Project Success. Within this program, credit-deficient students are clustered within a specific homeroom. Homeroom teachers are strategically selected from the four core subject areas and electives in order to accelerate the credit recovery of the school's students most at risk of not graduating on time.

- CHAMPS program: Community Helps Achieve My Personal Success (CHAMPS) is a program implemented in 2021 to identify students as soon as their second semester of their 8th-grade year who are either credit deficient by one more credits, taking additional courses, have

shown a propensity to struggle academically, or are struggling with school engagement.

-College and Career Access Pathway (CCAP): According to

<http://cacareerpathways.clasp.org>, "this joint initiative of the California Community Colleges Chancellor's Office and the California Department of Education allows high school students to dual enroll in up to 15 community college units per term; students may enroll in no more than four courses per term. Program goals are to develop seamless pathways from high school to community college for career technical education (CTE) or general education transfer, improve high school graduation rates, or help high school students achieve college and career readiness." We have partnered with Saddleback Community College for this program. In the 2021-2022 school year, its first full year of program implementation, we had 38 students enrolled. These students were provided up to two courses during this time and achieved a 78% pass rate. In the 2022-2023 school year, 79 students were enrolled with an 88% pass rate. For the first semester of the 2023-2024 school year, we have added an option for a third class and had an enrollment of 71 students. At the end of the first semester, these students had an 88% pass rate. We are encouraged by the success and continued growth of this program, as it has proven beneficial to our various student groups. This program has proven to be a success and we look forward to the growth of the program.

-In-House Summer School: Building off the success of the program implemented in 2020, we continue to refine our summer school program. In the summer of 2023, we saw a Summer School pass rate of 83% and a 95% grad rate. We will continue to work better to identify the students in need of summer school. We will also work to refine course offerings. Summer school will focus on both higher-grade students needing credits and lower-grade students needing foundational skills.

Identification of Resource Inequities:

The mission of California Connections Academy North Bay seeks to provide "a more personalized approach to learning to maximize these students' potential and meet the highest performance standards." In this case, students not achieving the basic requirement for a high school diploma are not "meeting the highest performance standards." Resource inequities may, therefore, be another contributor to this reality. To begin this process of identifying resource inequities, we assessed the fairness of our efforts. As stated in the Needs Assessment, some student groups do not exceed the 68% graduation rate threshold set by the State. Improvement is still needed. Students of all groups are still missing the target for graduation, which is why improvement in this area is so essential, but this fact also implies that there is fairness in the implementation of our program so that one student group is not succeeding at the expense of other groups. In an online school, all students receive the same access to all courses, the same materials, and the same level of teacher support and are held to the same standards of success. We plan to not only continue this fair implementation of our program but also continue to push for improvement of student graduation outcomes. Therefore, all students in need of support to get back on track for graduation will be included in all our efforts. This includes the Project Success credit recovery program, CHAMPS program, and the early warning and response system monitoring and support. The only metric used to identify eligibility into these support programs will be the level of credit deficiency. We believe that all students at risk of not graduating on time need additional school resources over and above what each student in our program normally receives to "catch up" to their 'on track' peers, and we will allocate additional resources. As a result, we plan to lower student-to-teacher ratios for those at greatest risk of not graduating through the combined efforts of the homeroom model and the Project Success credit recovery program. Also, material and human resources will be allocated to the continuation of the college and career access pathway, the early warning and response system, CHAMPS, and in-house summer school.

## **Monitoring and Evaluating Effectiveness**

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The CSI plan will be monitored following the stages of implementation described by Fixsen, “exploration, installation, initial implementation, and full implementation; the stages are dynamic within organizations such as schools and clinics, moving back and forth among stages as personnel and circumstances change.” (<https://nirn.fpg.unc.edu/>) The plan will be monitored at all times, with formal quarterly reports on the following data points:

- The percentage of all students who are on track to graduate, with the goal of all those in the current 4-year cohort to be above 68%.
- The percentage of undergraduates remaining on cohort to increase.
- Continue with the CCAP Program that was implemented in the Fall of the 2021-2022 school year.
- In-house summer school program refinement.
- Continued refinement and development of the CHAMPS program.

We will progress monitor these data points at least quarterly. School leadership, staff, and the community will be included in these progress monitoring sessions. All feedback will be considered for further programmatic refinements. These efforts will help the school determine the effectiveness of the selected evidence-based interventions, and this feedback and data will be utilized in future evidence-based decision-making.

## Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Connections Academy are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Connections Academy Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment.	\$276,749.87	No

		The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.		
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$205,922.36	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$131,357.85	
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$12,597.24	No
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social-emotional support for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$19,621.75	No

2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$12,555.00	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$1,603.76	
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$5,806.12	No

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

			impact of synchronous and asynchronous instructional tools on student outcomes, such as retention rates, graduation rates, and post-secondary success. As a completely online public school, we will continue to measure our student's ability to demonstrate proficiency in 21st-century skills, such as digital literacy, collaboration, and critical thinking, that are essential for their success in and beyond high school.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52061\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

#### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
  - (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
  - An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### Maintenance of Progress Goal

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

California Online Public Schools - California Online Public Schools (CalOPS) Board Meeting - Agenda - Tuesday May 7, 2024 at 3:30 PM  
accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

**A description of the effectiveness or ineffectiveness or the specific actions to date in making progress toward the goal.**

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

**A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.**

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

**Action #**

- Enter the action number.

**Title**

- Provide a short title for the action. This title will also appear in the action tables.

**Description**

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage or a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.

### LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

California Connections Academy Northern California serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Ripon Unified School District and enrolls students in eight counties: San Joaquin, Alameda, Amador, Calaveras, Contra Costa, Sacramento, and Stanislaus. In 2012, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Connections Academy Northern California is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Connections Academy's goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Connections Academy Northern California program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate which results in a large population of new students each year

A diverse and spread out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A high enrollment growth rate each year, so that every year the school is bigger and additional staff and other resources are needed

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year, as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Connections Academy Northern California's 2023 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process. While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data. Our strengths on the 2023 Dashboard are prominently reflected in our school's Suspension Rate and English Learner Progress. California Connections Academy proudly boasts a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.5%. This accomplishment underscores our dedication to fostering open communication with our students, cultivating robust teacher-student relationships, and promoting academic consistency.

Additionally, our English Learner Progress has shown a commendable increase of 3.8%, reaching 44.1%, signaling substantial progress toward English language proficiency. This growth speaks volumes about the efficacy of our English Language Development (ELD) plan and the unwavering commitment of our teachers, including those directly supporting our English Learner population and content area instructors, in equipping students with the requisite tools and support for advancement in this critical area. However, the 2023 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Connections Academy Northern California finds itself listed on the lowest performance level for both Academic Engagement, encompassing Chronic Absenteeism and Graduation Rate, and Academic Performance, encompassing English Language Arts and Mathematics. A deeper examination of the Academic Engagement state indicators reveals that our Students with Disabilities and Socioeconomically Disadvantaged groups are situated within both of these categories under the lowest performance level. For our Students with Disabilities student group, the proportion of chronically absent students increased by 9% from the previous year to 17.3%, while our Socioeconomically Disadvantaged student group experienced a 4% increase from the previous year to 19.6%. Acknowledging the paramount importance of engagement with all our students while prioritizing groups with the greatest needs, we are implementing several strategies to address Chronic Absenteeism at California Connections Academy. These include overhauling attendance tracking starting in Fall 2024, fostering ongoing communication among students, teachers, and parents, and implementing more efficient means to identify students in need of targeted intervention surrounding school engagement and attendance.

Furthermore, an in-depth analysis of our school's Graduation Rate on the 2023 Dashboard, particularly for our two lowest performing groups, Students with Disabilities and Socioeconomically Disadvantaged students, reveals concerning low growth and decline. The Graduation Rate for our Students with Disabilities population increased by 1% to 66.7%, while the Socioeconomically Disadvantaged population experienced a 12.3% decrease to 65.1%. Though any decrease in Graduation Rate for any student group is worrisome, it is noteworthy that California Connections Academy's all-student and student group Graduation Rate stands at 73.2%, surpassing the state threshold of 68%. We remain vigilant in our efforts to improve our Graduation Rate through early intervention measures to prevent students from falling off track, our in-house credit recovery program, continued emphasis on student-homeroom teacher connections through regular contacts, and in-house summer school initiatives.

Moreover, California Connections Academy finds itself in the lowest performance level for Academic Performance in both English Language Arts and Mathematics. Our student groups in both of these areas mirror each other in the areas of African American, English Learner, Hispanic, Two or more races, and, Students with Disabilities. The lowest performance level for English Language Arts translates to an overall 168.6 points below standard, with a decline of 37.8 points from the previous year. In Mathematics, our performance resulted in 216.6 points below standard, with a decline of 13 points from the previous year. Upon deeper examination of the data, we found that our participation rate in State Testing for all student groups is a key contributor to our points below standard and, consequently, our lowest performance level on the dashboard. As an online school, we encounter persistent challenges in ensuring our students participate in various testing locations. Consulting with key stakeholders, including parents, students, and staff, revealed that travel, time off work, and health or anxiety were the primary reasons behind this challenge. We are actively pursuing ways to help our families understand the importance of testing and participation by hosting parent and student meetings, offering smaller and more convenient testing locations, providing Saturday testing options, enhancing our curriculum, and offering practice testing to familiarize students with the testing process. Additionally, we have begun focusing on early testing grades at the elementary level, aiming to instill the importance of testing as a regular part of the academic year at California Connections Academy.

In conclusion, California Connections Academy Northern California remains steadfast in its commitment to addressing areas of improvement highlighted by the 2023 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Connections Academy Northern California.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2023 California Dashboard, California Connections Academy Northern California qualifies for level two technical assistance regarding Priority 4: Pupil Achievement in English Language Arts and Mathematics, Priority 5: Chronic Absenteeism and Graduation Rate, and Priority 8: Student Outcomes in the College and Career indicator. This designation is the result of our Socioeconomically Disadvantaged, Students with Disabilities, and our Hispanic Student Groups all receiving the lowest indicator level in both state priorities.

For Pupil Achievement, our scores for all students were 91.2 points below standard, declining by 13.1 points in English Language Arts and 152.4 points below standard, declining by 4.3 points in Mathematics. Regarding Chronic Absenteeism, the Socioeconomically Disadvantaged, Students with Disabilities, and Hispanic student populations performed 'very low' at a 13.2 Chronically Absent rate, which is a 3.5% increase from the previous year. Graduation Rate was also at the lowest level for these student groups with an average of 65.9 %. Lastly, regarding College and Career Indicators, this same student population scored 'very low'.

This data prompted us to reflect deeply on the services we provide not only to our SED, SWD, and Hispanic student population but to all students. We initiated technical assistance in January 2024 with the San Joaquin County Office of Education (SJCOE) to guide us through this process. Our meetings since then have involved thoughtful reflection, discussion, and the development of a plan to improve Pupil Achievement and provide services that promote academic success for all students, with a strong focus on our student population outlined above.

Our focus has been on Pupil Achievement in English Language Arts and Mathematics, aiming to implement processes that drive positive change for our students to excel in these areas. Analyzing our student scores and state testing data from the 2023 Dashboard, we found that while our distance from the standard for all student groups was notably low, especially in math, it was the LOSS score penalty that predominantly kept us low. Lack of participation in state testing from our families was the primary reason for our low scores in most cases. As a fully online Charter School, we diligently educate our families on the importance of state testing but encounter obstacles such as travel, work schedules, and student health concerns.

Academic data shows that our students are academically or near academically proficient in comparable diagnostics like iReady for K-8 and MAP for high school. Participation in these internal diagnostics is high, over 95%, due to their virtual nature. Our survey of parents, students, and staff regarding state testing revealed that travel, work commitments, and student anxiety and health concerns were the top reasons for disengagement. Teachers and staff also cited inadequate curriculum and lack of CAASPP practice tests as factors contributing to low participation.

As a result, we devised the following actions in collaboration with our technical assistance team:

- Parent/Student Testing Information Nights
- Small Testing Sites
- More Testing Locations (Closer to More Families)
- Saturday Testing Sites
- Implementation of New Curriculum in all Content Areas and Grade Bands for the 24/25 School Year
- Implementation and Monitoring of IXL and Smarter Balanced CAASPP Testing Prep by all grade level teams and administration.

We anticipate these efforts will result in a 5% increase in academic scores for all student populations, with emphasis on our SED, DWS and Hispanic populations, which currently exhibits the largest deficit. Specifically, our most deficient student populations will increase their distance from the standard and move closer to the state benchmark.

## Comprehensive Support and Improvement

#### Needs Assessment:

Our 2023 graduation rate is 73.2%, above the ESSA-defined threshold of 68%. However, our graduation rate percentage dropped 9%, from 82.2% to 73.2%, which put California Connections Academy Northern California in the 'schools falling under the 5% of lowest schools' category for the 2023 school year. As an organization, we are dedicated to improving and maintaining our graduation rate. Several groups were consulted to complete the following plan, including but not limited to school-wide leadership, high school-specific leadership, counseling leadership, student services leadership, and community and parents through our School Advisory Committee and English Learner Advisory Committee. These groups were consulted at regular intervals throughout the school year in order for all voices to be heard in the decision-making process. During these meetings, stakeholders were involved in all elements of the CSI plan by providing insight, input, and decision-making. The School Advisory Committee and English Learner Advisory Committee input reinforced the continuation of the in-house summer school program and credit recovery opportunities. High school-specific leadership input reinforced the work done to increase student-to-teacher contact rates and early intervention.

The annual planning cycle starts each year in the spring (April/May) for the school year to come. The following is a sample of the data analyzed.

As reported by the California Dashboard, in 2023, the all-student graduation rate was 73.2%, which is still above 68% threshold set forth by the State. However, there was a 9% decrease in graduation rate from the 2022 graduation rate of 82.2%. The lowest group in 2022 was the Students with Disabilities group at 65.6%, and the highest was the Two or More Races group at 80.7%. In 2023, the lowest group was the Socioeconomically Disadvantaged student group at 65.1%, and the highest was the White student group at 82.7%. As an organization, we are dedicated to continuing our efforts to increase the graduation rate and make significant annual progress with all student groups.

Currently, the school tracks the change in the percent of students on track for graduation. In 2022-2023, 9th graders dropped to 72.5% on track for graduation after the conclusion of the first semester. In 2023-2024, 69.5% of 9th graders remained on track at the conclusion of the first semester, a decrease compared to the prior year. This percentage of 9th grade students falling off cohort so early is directly contributing

to our low graduation rate and must continue to be addressed.

As an educational organization focused on continuous improvement, interventions to address the graduation rate have begun prior to being identified as CSI. These interventions include the continued focus on a homeroom model at the high school level, the conceptualization and implementation of the credit recovery program known as Project Success, and the continued development of the CHAMPS (Community Helps Achieve My Personal Success) program. The results of these programs are encouraging. As a result of the homeroom model, students have received an increase in successful contacts from staff. An increase in successful contacts relates to increased active engagement with our school program. Throughout the 2022-2023 school year, high school students received biweekly successful contacts (i.e. phone calls, small group lessons) at a rate of 98% as the year progressed. This has increased to 99.5% in the first semester of the 2023-2024 school year. Being fully aware of the realities of graduation rate, the high school staff has continued the refinement of an internal credit recovery program called Project Success. During the 2022-2023 school year, historically at-risk high school students passed an average of 94.5% of their classes in the Project Success program. During the first semester of the 2023-2024 school year, the average pass rate increased to 96.5%. Furthermore, the introduction of the CHAMPS program in 2021 has continued to be promising. In the first half of the 2023-2024 school year, the CHAMPS students had a pass rate of 85%. These successes provide justification and motivation to continue and expand these programs.

As a result of the school's continued focus on struggles with graduation rate and the potential for learning loss due to the pandemic, our school continues its own in-house summer school program that began in the summer of 2020. This was the first in its history. Prior to the summer of 2020, credit-deficient high school students were sent to a third-party program with a success rate of an average of around 50% pass rate. Our in-house summer school has shown increased success from a 77% pass rate and an 85% summer graduation rate in 2020 to an 83% pass rate in the summer of 2023 and a 95% graduation rate for those in the last year of high school. These numbers show the benefit of our in-house summer school program in improving our overall graduation rate.

#### Root Cause Analysis:

- A graduation rate decline of 9% to 73.2% for all student groups and below the 68% threshold for some of our student groups needs to be addressed
- Students are falling off cohort early in high school, including the 9th-grade year, contributing to the decline in 4-year cohort graduation success.
- A high mobility rate is contributing to a large number of students enrolling who are deficient in credits.

#### Evidence-Based Interventions:

To make the best plan to meet our students' diverse needs, we utilized an evidenced-based decision-making process with stakeholders. In this case "The Practical Decision Maker" (Harvey, Bearley, Corkrum, 1997) was consulted. In order to choose our evidence-based interventions, we required the solution criteria to be a strategy that can contribute to achieving a 68% graduation rate or higher for all student groups. The possible solutions, i.e. the possible evidence-based interventions, were all the interventions listed below. As we identified our solution choices, we decided to use all interventions, considering that the needs of the students varied greatly. As a result of this needs assessment, root cause analysis, and decision-making process, the following evidence-based interventions will be implemented and continued:

- Early Warning and Response System: The Everyone Graduates Center at the Johns Hopkins University's School of Education (<http://new.every1graduates.org/>), describes tools and models to help schools increase graduation rates, among these is the Early Warning and Response System. "Early warning systems use readily available data to alert teachers and administrators to students who are on the pathway to dropping out." Based on the school's numbers of students falling off

cohort as early as the 9th grade, the school will formally implement such a system. Implementation of this system involves:

1. Assembling longitudinal data for individual students on a) graduation status and b) potential predictors of dropout, such as student attendance, behavior, grades, and test scores;
2. Identifying the threshold level of each predictor that gives students a high probability of dropping out; and
3. Checking that the predictors identify a high percentage of the students in that district who dropout of school.

<http://new.every1graduates.org/tools-and-models/early-warning-and-response-systems/>

-Homeroom Model: Based on the encouraging results of the increase in engagement metrics, the school will continue the implementation and refinement of the homeroom model. The homeroom model in the virtual setting looks very similar to a traditional brick-and-mortar setting. Students are assigned in small groups to specific teachers, who may or may not teach them an academic subject. It is all teachers' responsibility to track and assist all their students, except that this burden is increased for the students in their homeroom with the overall outcome of deeper and more authentic relationships with the students and their families.

-High School Credit Recovery Program (Project Success): Another layer of the homeroom model is the high school credit recovery program known as Project Success. Within this program, credit-deficient students are clustered within a specific homeroom. Homeroom teachers are strategically selected from the four core subject areas and electives in order to accelerate the credit recovery of the school's students most at risk of not graduating on time.

- CHAMPS program: Community Helps Achieve My Personal Success (CHAMPS) is a program implemented in 2021 to identify students as soon as their second semester of their 8th-grade year who are either credit deficient by one more credits, taking additional courses, have shown a propensity to struggle academically, or are struggling with school engagement.

-College and Career Access Pathway (CCAP): According to

<http://cacareerpathways.clasp.org>, "this joint initiative of the California Community Colleges Chancellor's Office and the California Department of Education allows high school students to dual enroll in up to 15 community college units per term; students may enroll in no more than four courses per term. Program goals are to develop seamless pathways from high school to community college for career technical education (CTE) or general education transfer, improve high school graduation rates, or help high school students achieve college and career readiness." We have partnered with Saddleback Community College for this program. In the 2021-2022 school year, its first full year of program implementation, we had 38 students enrolled. These students were provided up to two courses during this time and achieved a 78% pass rate. In the 2022-2023 school year, 79 students were enrolled with an 88% pass rate. For the first semester of the 2023-2024 school year, we have added an option for a third class and had an enrollment of 71 students. At the end of the first semester, these students had an 88% pass rate. We are encouraged by the success and continued growth of this program, as it has proven beneficial to our various student groups. This program has proven to be a success and we look forward to the growth of the program.

-In-House Summer School: Building off the success of the program implemented in 2020, we continue to refine our summer school program. In the summer of 2023, we saw a Summer School pass rate of 83% and a 95% grad rate. We will continue to work better to identify the students in need of summer school. We will also work to refine course offerings. Summer school will focus on both higher-grade students needing credits and lower-grade students needing foundational skills.

Identification of Resource Inequities:

The mission of California Connections Academy Northern California seeks to provide "a more personalized approach to learning to maximize these students' potential and meet the highest performance standards." In this case, students not achieving the basic requirement for a high school diploma are not "meeting the highest performance standards." Resource inequities may, therefore, be another contributor to this reality. To begin this process of identifying resource inequities, we assessed the fairness of our efforts. As stated in the Needs Assessment, some student groups do not exceed the 68% graduation rate threshold set by the State. Improvement is still needed. Students of all groups

are still missing the target for graduation, which is why improvement in this area is so essential, but this fact also implies that there is fairness in the implementation of our program so that one student group is not succeeding at the expense of other groups. In an online school, all students receive the same access to all courses, the same materials, and the same level of teacher support and are held to the same standards of success. We plan to not only continue this fair implementation of our program but also continue to push for improvement of student graduation outcomes. Therefore, all students in need of support to get back on track for graduation will be included in all our efforts. This includes the Project Success credit recovery program, CHAMPS program, and the early warning and response system monitoring and support. The only metric used to identify eligibility into these support programs will be the level of credit deficiency. We believe that all students at risk of not graduating on time need additional school resources over and above what each student in our program normally receives to “catch up” to their ‘on track’ peers, and we will allocate additional resources. As a result, we plan to lower student-to-teacher ratios for those at greatest risk of not graduating through the combined efforts of the homeroom model and the Project Success credit recovery program. Also, material and human resources will be allocated to the continuation of the college and career access pathway, the early warning and response system, CHAMPS, and in-house summer school.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The CSI plan will be monitored following the stages of implementation described by Fixsen, “exploration, installation, initial implementation, and full implementation; the stages are dynamic within organizations such as schools and clinics, moving back and forth among stages as personnel and circumstances change.” (<https://nirn.fpg.unc.edu/>) The plan will be monitored at all times, with formal quarterly reports on the following data points:

- The percentage of all students who are on track to graduate, with the goal of all those in the current 4-year cohort to be above 68%.
- The percentage of undergraduates remaining on cohort to increase.
- Continue with the CCAP Program that was implemented in the Fall of the 2021-2022 school year.
- In-house summer school program refinement.
- Continued refinement and development of the CHAMPS program.

We will progress monitor these data points at least quarterly. School leadership, staff, and the community will be included in these progress monitoring sessions. All feedback will be considered for further programmatic refinements. These efforts will help the school determine the effectiveness of the selected evidence-based interventions, and this feedback and data will be utilized in future evidence-based decision-making.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback forms, and Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Connections Academy are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Connections Academy Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

In order to achieve in any manner, the school community needs to be engaged with one another. Actions associated with this goal are designed to help the school community engage in the pursuit of academic success and also success in society, both while enrolled in our school and beyond. All metrics associated with this goal are selected to measure engagement through the unique lens of our virtual environment as are relevant and available.

### Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.	\$2,892,036.12	No
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$2,151,888.65	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$1,372,689.58	
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$131,641.18	

2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$205,047.22	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$131,199.75	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$16,759.29	
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$60,673.95	No

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

3.1	College Preparation	Continue to improve guidance department policies and procedures to ensure students are enrolled in college prep curriculum, including analysis using student data to promote additional a-g, AP and honors coursework. Collect and analyze a-g course completion data and develop strategies to increase overall student performance in these courses.	\$377,617.49	No
3.2	Career Preparation (CTE)	Develop and implement formal Career Technical Education Pathways.	\$45,184.13	
3.3	AVID Program Implementation	Continue to implement and expand the AVID program to provide additional support for college readiness to at risk student populations.	\$4,863.22	
3.4	Credit Recovery and Summer Intervention	Additional credit recovery options will continue to be made available, including a more robust credit recovery program, known as Project Success, and students will be identified as eligible candidates via transcript evaluations which occur upon enrollment and at the end of each semester. Continued in house summer school program, allowing high school students to make up credits.	\$367,003.02	
3.5	Transition Plans	Monitor Individual Transition Plan goals for all high school Special Education students for goal mastery, in particular, for college and career awareness and independent living.	\$119,293.20	No
3.6	Graduation Rate Progress Monitoring	Continued implementation of an Early Warning and Response System known as the Rainbow List. The Rainbow List color codes high school students based on their degree of credit deficiency. With a clear focus on students' level of need, varied intervention and support can be targeted.	\$441,650.66	No

3.7	Dual Enrollment Options	Develop a Career College Access Pathway with a community college partner to expand dual enrollment options.	\$17,584.53	No
3.8	Early Intervention Program Development	Continued development and refinement of CHAMPS (Community Helps Achieve My Personal Success) program to identify 8th - 10th grade students who need more intervention regarding overall participation, credit deficiency, and engagement in our program.	\$25,034.63	No

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52061\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
  - (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
  - An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

California Online Public Schools - California Online Public Schools (CalOPS) Board Meeting - Agenda - Tuesday May 7, 2024 at 3:30 PM  
accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

**A description of the effectiveness or ineffectiveness or the specific actions to date in making progress toward the goal.**

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

**A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.**

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

**Action #**

- Enter the action number.

**Title**

- Provide a short title for the action. This title will also appear in the action tables.

**Description**

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage or a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

California Connections Academy Southern California serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Capistrano Unified School District and enrolls students in five counties: Orange, Los Angeles, Riverside, San Bernardino, and San Diego. In 2004, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Connections Academy Southern California is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Connections Academy's goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Connections Academy Southern California program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate which results in a large population of new students each year

A diverse and spread out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll deficient in the credits needed to graduate on time and therefore take more than 4 years to graduate

A high enrollment growth rate each year, so that every year the school is bigger and additional staff and other resources are needed

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year, as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Connections Academy Southern California's 2023 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2023 Dashboard are prominently reflected in our school's Suspension Rate and English Learner Progress. California Connections Academy proudly boasts a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.5%. This accomplishment underscores our dedication to fostering open communication with our students, cultivating robust teacher-student relationships, and promoting academic consistency.

Additionally, our English Learner Progress has shown a commendable increase of 4.2%, reaching 47.1%, signaling substantial progress toward English language proficiency. This growth speaks volumes about the efficacy of our English Language Development (ELD) plan and the unwavering commitment of our teachers, including those directly supporting our English Learner population and content area instructors, in equipping students with the requisite tools and support for advancement in this critical area.

However, the 2023 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Connections Academy Southern California finds itself listed on the lowest performance level for both Academic Engagement, encompassing Chronic Absenteeism and Graduation Rate, and Academic Performance, encompassing English Language Arts and Mathematics.

A deeper examination of the Academic Engagement state indicators reveals that our Hispanic and Socioeconomically Disadvantaged groups are situated within both of these categories under the lowest performance level. For our Hispanic student group, the proportion of chronically absent students increased by 4.3% from the previous year to 12.9%, while our Socioeconomically Disadvantaged student group experienced a 5.3% increase from the previous year to 16%. Acknowledging the paramount importance of engagement with all our students while prioritizing groups with the greatest needs, we are implementing several strategies to address Chronic Absenteeism at California Connections Academy. These include overhauling attendance tracking starting in Fall 2024, fostering ongoing communication among students, teachers, and parents, and implementing more efficient means to identify students in need of targeted intervention surrounding school engagement and attendance.

Furthermore, an in-depth analysis of our school's Graduation Rate on the 2023 Dashboard, particularly for our two lowest performing groups, Hispanic and Socioeconomically Disadvantaged students, reveals concerning declines. The Graduation Rate for our Hispanic population decreased by 7.8% to 79.2%, while the Socioeconomically Disadvantaged population experienced a 12.7% decrease to 73.7%. Though any decrease in Graduation Rate for any student group is worrisome, it is noteworthy that California Connections Academy's all-student and student group Graduation Rate stands at 78.4%, surpassing the state threshold of 68%. We remain vigilant in our efforts to improve our Graduation Rate through early intervention measures to prevent students from falling off track, our in-house credit recovery program, continued emphasis on student-homeroom teacher connections through regular contacts, and in-house summer school initiatives.

Moreover, California Connections Academy finds itself in the lowest performance level for Academic Performance in both English Language Arts and Mathematics. Our student groups in both of these areas mirror each other, including African American, English Learner, Hispanic, Two or more races, Socioeconomically Disadvantaged, Students with Disabilities, and White. The lowest performance level for English Language Arts translates to an overall 80.6 points below standard, with a decline of 34.6 points from the previous year. In Mathematics, our performance resulted in 146.1 points below standard, with a decline of 25.3 points from the previous year. Upon deeper examination of the data, we found that our participation rate in State Testing for all student groups is a key contributor to our points below standard and, consequently, our lowest performance level on the dashboard. As an online school, we encounter persistent challenges in ensuring our students participate in various testing locations. Consulting with key stakeholders, including parents, students, and staff, revealed that travel, time off work, and health or anxiety were the primary reasons behind this challenge. We are actively pursuing ways to help our families understand the importance of testing and participation by hosting parent and student meetings, offering smaller and more convenient testing locations, providing Saturday testing options, enhancing our curriculum, and offering practice testing to familiarize students with the testing process. Additionally, we have begun focusing on early testing grades at the elementary level, aiming to instill the importance of testing as a regular part of the academic year at California Connections Academy.

In conclusion, California Connections Academy Southern California remains steadfast in its commitment to addressing areas of improvement highlighted by the 2023 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Connections Academy Southern California.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

California Connections Academy Southern California

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Needs Assessment:

Our 2023 graduation rate is 78.4%, above the ESSA-defined threshold of 68%. However, our graduation rate percentage dropped 7.9%, from 86.3% to 78.4%, which put California Connections Academy Southern California in the 'schools falling under the 5% of lowest schools' category for the 2023 school year. As an organization, we are dedicated to improving and maintaining our graduation rate. Several groups were consulted to complete the following plan, including but not limited to school-wide leadership, high school-specific leadership, counseling leadership, student services leadership, and community and parents through our School Advisory Committee and English Learner Advisory Committee. These groups were consulted at regular intervals throughout the school year in order for all voices to be heard in the decision-making process. During these meetings, stakeholders were involved in all elements of the CSI plan by providing insight, input, and decision-making. The School Advisory Committee and English Learner Advisory Committee input reinforced the continuation of the in-house summer school program and credit recovery opportunities. High school-specific leadership input reinforced the work done to increase student-to-teacher contact rates and early intervention.

The annual planning cycle starts each year in the spring (April/May) for the school year to come. The following is a sample of the data analyzed.

As reported by the California Dashboard, in 2023, the all-student graduation rate was 78.4%, which is still above the 68% threshold set forth by the State. However, there was a 9% decrease in graduation rate from the 2022 graduation rate of 86.3%. The lowest group in 2022 was the Students with Disabilities group at 65.6%, and the highest was the Two or More Races group at 80.7%. In 2023, the lowest group was the Students with Disabilities student group at 68%, and the highest was the White student group at 81.3%. As an organization, we are dedicated to continuing our efforts to increase the graduation rate and make significant annual progress with all student groups.

Currently, the school tracks the change in the percent of students on track for graduation. In 2022-2023, 9th graders dropped to 72.5% on track for graduation after the conclusion of the first semester. In 2023-2024, 70.5% of 9th graders remained on track at the conclusion of the first semester, a decrease compared to the prior year. This percentage of 9th grade students falling off cohort so early is directly contributing to our low graduation rate and must continue to be addressed.

As an educational organization focused on continuous improvement, interventions to address the graduation rate have begun prior to being

identified as CSI. These interventions include the continued focus on a homeroom model at the high school level, the conceptualization and implementation of the credit recovery program known as Project Success, and the continued development of the CHAMPS (Community Helps Achieve My Personal Success) program. The results of these programs are encouraging. As a result of the homeroom model, students have received an increase in successful contacts from staff. An increase in successful contacts relates to increased active engagement with our school program. Throughout the 2022-2023 school year, high school students received biweekly successful contacts (i.e. phone calls, small group lessons) at a rate of 98% as the year progressed. This has increased to 99.5% in the first semester of the 2023-2024 school year. Being fully aware of the realities of graduation rate, the high school staff has continued the refinement of an internal credit recovery program called Project Success. During the 2022-2023 school year, historically at-risk high school students passed an average of 94.5% of their classes in the Project Success program. During the first semester of the 2023-2024 school year, the average pass rate increased to 96.5%. Furthermore, the introduction of the CHAMPS program in 2021 has continued to be promising. In the first half of the 2023-2024 school year, the CHAMPS students had a pass rate of 85%. These successes provide justification and motivation to continue and expand these programs.

As a result of the school's continued focus on struggles with graduation rate and the potential for learning loss due to the pandemic, our school continues its own in-house summer school program that began in the summer of 2020. This was the first in its history. Prior to the summer of 2020, credit-deficient high school students were sent to a third-party program with a success rate of an average of around 50% pass rate. Our in-house summer school has shown increased success from a 77% pass rate and an 85% summer graduation rate in 2020 to an 83% pass rate in the summer of 2023 and a 95% graduation rate for those in the last year of high school. These numbers show the benefit of our in-house summer school program in improving our overall graduation rate.

#### Root Cause Analysis:

-A graduation rate decline of 7.9% to 78.4% for all student groups with the lowest student group meeting the 68% threshold.

-Students are falling off cohort early in high school, including the 9th-grade year, contributing to the decline in 4-year cohort graduation success.

-A high mobility rate is contributing to a large number of students enrolling who are deficient in credits.

#### Evidence-Based Interventions:

To make the best plan to meet our students' diverse needs, we utilized an evidenced-based decision-making process with stakeholders. In this case "The Practical Decision Maker" (Harvey, Bearley, Corkrum, 1997) was consulted. In order to choose our evidence-based interventions, we required the solution criteria to be a strategy that can contribute to achieving a 68% graduation rate or higher for all student groups. The possible solutions, i.e. the possible evidence-based interventions, were all the interventions listed below. As we identified our solution choices, we decided to use all interventions, considering that the needs of the students varied greatly. As a result of this needs assessment, root cause analysis, and decision-making process, the following evidence-based interventions will be implemented and continued:

-Early Warning and Response System: The Everyone Graduates Center at the Johns Hopkins University's School of Education (<http://new.every1graduates.org/>), describes tools and models to help schools increase graduation rates, among these is the Early Warning and Response System. "Early warning systems use readily available data to alert teachers and administrators to students who are on the pathway to dropping out." Based on the school's numbers of students falling off cohort as early as the 9th grade, the school will formally implement such a system. Implementation of this system involves:

1. Assembling longitudinal data for individual students on a) graduation status and b) potential predictors of dropout, such as student attendance, behavior, grades, and test scores;
2. Identifying the threshold level of each predictor that gives students a high probability of dropping out; and
3. Checking that the predictors identify a high percentage of the students in that district who dropout of school.

<http://new.every1graduates.org/tools-and-models/early-warning-and-response-systems/>

-Homeroom Model: Based on the encouraging results of the increase in engagement metrics, the school will continue the implementation and refinement of the homeroom model. The homeroom model in the virtual setting looks very similar to a traditional brick-and-mortar setting. Students are assigned in small groups to specific teachers, who may or may not teach them an academic subject. It is all teachers' responsibility to track and assist all their students, except that this burden is increased for the students in their homeroom with the overall outcome of deeper and more authentic relationships with the students and their families.

-High School Credit Recovery Program (Project Success): Another layer of the homeroom model is the high school credit recovery program known as Project Success. Within this program, credit-deficient students are clustered within a specific homeroom. Homeroom teachers are strategically selected from the four core subject areas and electives in order to accelerate the credit recovery of the school's students most at risk of not graduating on time.

- CHAMPS program: Community Helps Achieve My Personal Success (CHAMPS) is a program implemented in 2021 to identify students as soon as their second semester of their 8th-grade year who are either credit deficient by one more credits, taking additional courses, have shown a propensity to struggle academically, or are struggling with school engagement.

-College and Career Access Pathway (CCAP): According to

<http://cacareerpathways.clasp.org>, "this joint initiative of the California Community Colleges Chancellor's Office and the California Department of Education allows high school students to dual enroll in up to 15 community college units per term; students may enroll in no more than four courses per term. Program goals are to develop seamless pathways from high school to community college for career technical education (CTE) or general education transfer, improve high school graduation rates, or help high school students achieve college and career readiness." We have partnered with Saddleback Community College for this program. In the 2021-2022 school year, its first full year of program implementation, we had 38 students enrolled. These students were provided up to two courses during this time and achieved a 78% pass rate. In the 2022-2023 school year, 79 students were enrolled with an 88% pass rate. For the first semester of the 2023-2024 school year, we have added an option for a third class and had an enrollment of 71 students. At the end of the first semester, these students had an 88% pass rate. We are encouraged by the success and continued growth of this program, as it has proven beneficial to our various student groups. This program has proven to be a success and we look forward to the growth of the program.

-In-House Summer School: Building off the success of the program implemented in 2020, we continue to refine our summer school program. In the summer of 2023, we saw a Summer School pass rate of 83% and a 95% grad rate. We will continue to work better to identify the students in need of summer school. We will also work to refine course offerings. Summer school will focus on both higher-grade students needing credits and lower-grade students needing foundational skills.

Identification of Resource Inequities:

The mission of California Connections Academy Southern California seeks to provide "a more personalized approach to learning to maximize these students' potential and meet the highest performance standards." In this case, students not achieving the basic requirement for a high school diploma are not "meeting the highest performance standards." Resource inequities may, therefore, be another contributor to this reality. To begin this process of identifying resource inequities, we assessed the fairness of our efforts. As stated in the Needs Assessment, some student groups do not exceed the 68% graduation rate threshold set by the State. Improvement is still needed. Students of all groups are still missing the target for graduation, which is why improvement in this area is so essential, but this fact also implies that there is fairness in the implementation of our program so that one student group is not succeeding at the expense of other groups. In an online school, all students receive the same access to all courses, the same materials, and the same level of teacher support and are held to the same standards of success. We plan to not only continue this fair implementation of our program but also continue to push for improvement of student graduation outcomes. Therefore, all students in need of support to get back on track for graduation will be included in all our efforts. This includes the Project Success credit recovery program, CHAMPS program, and the early warning and response system

monitoring and support. The only metric used to identify eligibility into these support programs will be the level of credit deficiency. We believe that all students at risk of not graduating on time need additional school resources over and above what each student in our program normally receives to “catch up” to their ‘on track’ peers, and we will allocate additional resources. As a result, we plan to lower student-to-teacher ratios for those at greatest risk of not graduating through the combined efforts of the homeroom model and the Project Success credit recovery program. Also, material and human resources will be allocated to the continuation of the college and career access pathway, the early warning and response system, CHAMPS, and in-house summer school.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The CSI plan will be monitored following the stages of implementation described by Fixsen, “exploration, installation, initial implementation, and full implementation; the stages are dynamic within organizations such as schools and clinics, moving back and forth among stages as personnel and circumstances change.” (<https://nirn.fpg.unc.edu/>) The plan will be monitored at all times, with formal quarterly reports on the following data points:

- The percentage of all students who are on track to graduate, with the goal of all those in the current 4-year cohort to be above 68%.
- The percentage of undergraduates remaining on cohort to increase.
- Continue with the CCAP Program that was implemented in the Fall of the 2021-2022 school year.
- In-house summer school program refinement.
- Continued refinement and development of the CHAMPS program.

We will progress monitor these data points at least quarterly. School leadership, staff, and the community will be included in these progress monitoring sessions. All feedback will be considered for further programmatic refinements. These efforts will help the school determine the effectiveness of the selected evidence-based interventions, and this feedback and data will be utilized in future evidence-based decision-making.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms.
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms.
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Engagement Target reviews.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Connections Academy are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Connections Academy Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

		The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage well with our program. Unduplicated students will be prioritized.		
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions at a mutually agreed-upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$6,085,005.71	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty engaging fully with our program, school staff will follow a well-outlined escalation process. This process consists of tiers of interventions set up to assist students in finding ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$3,881,624.59	No
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, and additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$372,248.50	No
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social-emotional support for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$579,822.51	No

2.6	Increasing Diversity and Inclusion	Our school is committed to increasing diversity and inclusion for our entire school community. We will participate in professional development and evaluate curriculum and instructional practices, all with the focus of ensuring we incorporate diverse and inclusive practices.	\$371,000.25	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in the identification, placement, and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$47,391.10	
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in person or virtually to enrich the school experience.	\$171,570.85	No

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

This can include measures such as college and career readiness, lifelong learning skills, and student success after graduation.</p>
<p><b>1.2</b></p>	<p><b>Action:</b> Diagnostic Assessments and MTSS Academic Interventions</p> <p><b>Need:</b> Diagnostic assessments and MTSS academic interventions are critical components of a comprehensive approach to supporting student learning and academic success across all grade levels and student groups. By identifying learning needs early, providing targeted interventions, and using data to inform decision-making, teachers and staff can help all students thrive academically.</p>	<p>Implementing diagnostic assessments and MTSS academic interventions on an LEA-wide basis addresses the diverse needs of students, promotes equity and access to support services, and fosters collaboration and coherence in educational practices throughout our school. Providing these diagnostics and supports addresses several needs, including equity and access for all students in our online environment, early intervention, data-driven decision making, professional collaboration and development, and compliance and accountability. It ensures that all students have the opportunity to receive high-quality support and achieve academic success.</p>	<p>Monitoring the effectiveness of diagnostic assessments and MTSS academic interventions requires a combination of quantitative and qualitative metrics.</p> <p>Student Progress and Growth: Measure changes in student academic performance over time, including improvements in internal diagnostics three times per year and standardized test scores,</p>

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52061\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
  - (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
  - An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

**Metric #**

- Enter the metric number.

**Metric**

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

**Baseline**

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

California Online Public Schools - California Online Public Schools (CalOPS) Board Meeting - Agenda - Tuesday May 7, 2024 at 3:30 PM  
accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

**A description of the effectiveness or ineffectiveness or the specific actions to date in making progress toward the goal.**

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

**A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.**

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

**Action #**

- Enter the action number.

**Title**

- Provide a short title for the action. This title will also appear in the action tables.

**Description**

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage or a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

### **SITE REPORTS**

#### **Northern Region: Kara Mannix, High School Principal Site Administrator for Monterey Bay, North Bay, and Northern California**

No matter how much we try to proactively prepare for it, state testing always takes us a bit by storm! Balancing day-to-day responsibilities along with testing duties is a big ask, but if anyone is up to the challenge it is our incredible team. They ensure they are focused on making the day welcoming and successful for each family who attends. I am forever impressed with the high school team's ability to balance testing with continuing to provide excellent service to their homeroom students as well as maintain their ongoing tasks. They are truly incredible.

#### **Central Region: Marcus White, Elementary Principal Site Administrator for Central Valley and Central Coast**

Greetings From Elementary,

Currently, we are right in the middle of state testing. This is always an incredibly exciting time for our staff and students, as we get to see one another in person. It is also a very busy time of the year. Teachers are working hard to balance their testing duties while continuing to provide great support to their homeroom students. I am proud of the way our team has pulled together and is supporting each other during this busy and important time.

#### **Southern Region: Heather Tamayo, Middle School Principal Site Administrator of Southern California**

As stated by my colleagues, testing is in full swing. We are constantly reevaluating how we bring testing to our families, in order to maximize participation and provide a positive experience. This year, with increased testing sites and Saturday options, our staff is incredibly busy balancing multiple critical tasks. Now, more than ever, our teachers are aware of the need to be professional and supportive during these in-person moments, as well as provide their students support while they are out of office. This is by far one of the busiest seasons, and yet our teachers consistently rise to the occasion. In addition to testing, our teachers are working hard to inform our families about the move to California Online Public Schools, and how to register. The future looks bright, and the energy among staff remains incredibly high.

## Outreach Update

After a multi-year pause since 2019 due to the pandemic, CalOPS made a triumphant return to the Los Angeles Times Festival of Books the weekend of April 20 and 21st. The event, promoted as the largest book festival in the country, attracted over 150,000 attendees. CalOPS teachers spoke with scores of prospective families about our school. Our school mascot, Gig, stole the show as adults and children alike clamored to be photographed with him. Gig met the Los Angeles Rams, Miss Los Angeles USA and attracted a lot of attention. We received online calendar listings in *KTLA Los Angeles*, *Discover Los Angeles* and other community publications.

Overall, we are expanding our school's promotional digital reach and enjoy watching our roster of social media platforms grow their audiences. We are excited to be gearing up for our 20th anniversary celebration in the fall!

# CHAMPS

Community  
Helps  
Achieve  
My  
Personal  
Success

## **Purpose: CHAMPS student have a history of struggling**

To identify our students who are either credit deficient, taking additional courses, or have shown a propensity to struggle academically in order to provide them with additional homeroom support. Generally students are 1 credit or more behind. However, CHAMPS students can struggle without failing or have a history of failing.

## **SPRING: 23/24:**

**91% of CHAMPS kids have had their second-semester conference!**

**What is a CHAMPS conference?:** A conference between HR teacher, student, parent, and counselor to discuss current high school status, which includes, credits, grades, courses, summer school, grad plans, etc.

# Grad Rate: What We Learned and Next Steps

- Continuing our focus on our credit deficient students: late enrollees, homeless youth, etc
- Project Success is going strong and focussing on meeting students needs
  - encouraging June 2024 grad date and not waiting until summer.
  - Looking closely at our smaller schools to impact grad rate.
  - Addition of "Q5", June 12 - Jun 20, for select PS students
- Focus continues on how to keep students on cohort prior to their senior year through CHAMPS and Progress Monitoring Meetings (PMM).
- Summer School opening in July
- More discussions in PLC, Department Meetings, and grade band surrounding grad rate.

**Thank you all for listening and please reach out at anytime with questions. Have a great evening!**

**II. Public Comment**

**A. Public Comment**

The Board welcomes participation by the members of the public telephonically. To address an item on the agenda, before the scheduled start of the meeting, an individual must write their name and a short description of the agenda item on which they wish to comment on the card provided and submit this to the Chair, along with any materials they want to have distributed to Board. Individuals who wish to address the Board telephonically must contact the School Leader by phone or by email at least twenty four (24) hours before the scheduled start of the Board meeting. If the individual wants to

provide any written materials to the Board, these should be emailed to the School Leader at least twenty-four (24) hours before the scheduled start of the meeting.

The total time for any individual to present, either in person or via telephone, on an item on the agenda shall not exceed three (3) minutes, or six (6) minutes if the individual requesting to comment is a non English speaker and requires a translator, unless the Board grants additional time. However, in compliance with Board policy and the Brown Act, the Board is not permitted to discuss or take action on non-agenda items.

Individuals desiring to make a formal presentation to the Board on an item not on the agenda but desiring it be placed on the agenda must provide notice and written submissions detailing the subject of the presentation to the School Leader at least fourteen (14) days prior to the meeting. Any such presentations shall not exceed fifteen (15) minutes in duration, unless otherwise permitted by the Chair.

To view the Board Public Comment Policy, visit the CalOPS Governance Page at <https://californiaops.org/governance/>

A member of the public was in attendance and wanted to bring attention to some things which had affected their education as a student at CalCA. The student noted that this was their first year attending CalCA and they were enrolled in several classes at the beginning of the year. The student expressed dissatisfaction with their experience and requested the board adjust their grade from a B to an A.

R. Savage clarified that, as per the California State Ed code, the teacher's grade cannot be altered, and congratulated the member of the public on passing such a demanding course.

D. Rivas concluded the public comment section of the agenda by reminding attendees that board meetings are intended for board members and additional attendees are not allowed to make comments moving forward with the rest of the agenda items.

No action is taken.

### **III. Oral Reports**

#### **A. Superintendent's Report**

R. Savage offered updates on relationship with Authorizing Districts. Constant communication is ongoing with CAPO, informal meeting to come after Spring Break. This will be prior to CAPO's next board meeting where they will have a public hearing and recognize the CalOPS name change. Been in contact with Scott's Valley Unified. Have heard from Ripon Unified. Recently discovered Middletown Unified has a new Superintendent, to be reached out to after Spring Break to develop relationships.

Updates on CCSA Conference were all positive. There was plenty of attention on DEI and student success. There was a lot of presence from online school options, which was comforting.

R. Savage also mentioned the high registration rate for state testing, the upcoming spring break, and the preparation efforts of teachers.

**B. Principals' Report (attached)**

M. White mentioned a generally positive mood with Spring Break in the upcoming week. Teachers have been developing plans to catch up students that are behind in coursework. The school year has been moving quickly and upon returning from Spring Break, elementary school will jump into state testing.

H. Tamayo emphasized the work of the A-Team to provide a great testing environment for students. Physical fitness testing for 7th grade is complete and upon returning from Spring Break, middle school will be diving into state testing. Middle school has been working to build relationships with families to ensure students have continuous support while some teachers are out for state testing. Staff has been taking trainings on new curriculum and look forward to the upcoming year with a fun, positive energy.

K. Mannix spoke about how quickly things will go once returned from Spring Break. There is focus on the balance in supporting students and families with state testing and coursework. There are upcoming mid-semester conferences which will wrap up soon. With the transition, this year has been intensive, but very exciting and motivating.

**C. Charter Impact Financial Report for CalOPS**

K. presented in place of M. Percin, highlighting a strong yield and a surplus forecast for the year, despite a slight drop in attendance. She noted an increase in expenses primarily due to benefits and emphasized the strong cash position of the schools.

Highlights include:

- Total enrollment forecasted at 8,491 students
- Total attendance forecasted at 8,324
- Revenue forecasted at \$122M; no major changes
- Expenses forecasted at \$112M; up 1%
- Surplus forecasted at \$9M with an ending fund balance forecasted at \$32.3M.
- Cash balance of \$41.5M
- Enrollment: strong; no changes
- Revenues: stable at \$122M
- Expenses: \$1.2M increase in total (+1%)
- Surplus: \$9M total; \$1.9M decrease
- Fund balance: \$32.3M
- Cash: \$41.5M; down from \$52.5M (PVS invoices)

A. Pulsipher asked about invoices due to PVS.

K. Eng answered that a recent payment in the past week brought CalOPS up to date and the schools will be caught up for the remainder of the year.

R. Romero added that payments were only delayed because they were withheld during negotiations on the amendment to the statement of agreement. It was not an inability to pay on CalOPS' end, but rather a strategic move to wrap up negotiations in December.

**D. Policy, Compliance, and State Accountability Report**

R. Romero filled in for D. Hertzler to present. He brought attention to the report from FCMAT and the legislative office, both of which were intended to look at the fiscal impact of non-classroom based schools. CSDC, CCSA and A+ organizations have authored Bill 1409 to ensure non-classroom based schools have representation. Nothing official yet, so CalOPS will have more to share, likely in August.

**E. Student Achievement Update**

L. Dombek shared kudos to the A Team for their preparation efforts ahead of state testing scheduled from April 20 to May 24. She highlighted the new addition of smaller testing sites and 3 Saturday testing sites, developed directly in response to family needs and requests from prior years. This has been received positively by both staff and families, as shown by high registration rates. Staff trainings have been ongoing and she will report back with updates as they come.

**IV. Consent Items**

**A. Approval of Minutes from the March 05, 2024 Board Meeting (attached)**

**B. Approval of Staffing Report (attached)**

**C. Approval of Expenditures over \$20k (attached)**

**D. Approval of Check Registry (attached)**

**E. Approval of Updated Admission Policy, Effective for the 24-25 SY (attached)**

**F. Ratification of Special Education Service Contracts (attached)**

P. Hedrick made a motion to approve the Consent Agenda, Items A-F.

E. Wickliffe seconded the motion.

D. Rivas asks about a charge on the check registry and K. confirms it is nothing to worry about and explains the need for the \$1 charge.

**V. Action Items**

**A. Approval of Raise and Salary Schedule (attached)**

A. Pulsipher made a motion to approve a 20% increase to all CalOPS staff members' salaries effective July 1, 2024. This 20% raise to all staff members salaries includes an increase of \$51,571.90 to the Superintendents Salary.

D. Rivas seconded the motion.

S. Ford notes the health of the CalOPS fiscal budget and the need to be competitive going into hiring for the next school year. Notes a mistake in the salary schedule that will be corrected and brought to the board for revision next month. The purpose is to attract and retain talent, improve education, and secure future success.

A. Pulsipher asks about fiscal impact.

R. Romero states that conservatively, there is a 5-7% reserve (7.5-10M) and we can be penalized for having too high a reserve. CalOPS works to balance the appreciation for staff and compensation, and fiscal responsibility.

The board **VOTED** to approve the motion.

**B. Approval of Bonus**

A. Pulsipher made a motion to approve a one-time bonus of 20% of an employees base salary pay, based on the 24-25 annual salary for all employees who have been with CalOPS during the 2023-24 school year prior to June 1, 2024, to be disbursed on July 10, 2024. This 20% Bonus to all staff members includes a bonus of \$61,886.28 to the Superintendent.

E. Wickliffe seconded the motion.

S. Ford proposes a one time 20% bonus on the 24-25 base salary for employees that have been with CalOPS prior to June 1, 2024 and are still with us upon dispersal. This is

a strategic move to keep talent and show appreciation to staff, keeping CalOPS a competitive employer.

A. Pulsipher made a motion to approve Action Item C, 2023-24 Auditor Selection.

E. Wickliffe seconded the motion.

T. Carrasco introduces this item in substitute of L. Carter. Ed code requires CalOPS to select an auditor, this item is to ask for selection for this years auditor. CLA has been used for auditing in the previous 5 years and has a great understanding of . They have proven themselves to be very accessible which is helpful throughout the process and they also have a relationship with Charter Impact \$73,870 annual fee is in line with comparable auditors.

### 2.4. ADDITIONAL TERMS AND CONDITIONS FOR INSIGHT VIDEO INTERPRETING

- (a) **TERMS REGARDING SOFTWARE APPLICATION.** The InSight video interpretation Services (the “Services”) are provided by LanguageLine through a proprietary desktop and/or tablet Application owned by LanguageLine (the “App”). The App must be downloaded by Customer to Customer-Supplied or Customer-Owned devices to use the Services (see Subsection (g) below for additional terms). The App is pre-installed and configured on LanguageLine-provided leased Equipment (see Subsection (h) below for additional terms). Customer agrees (a) that it will not make any copies of the App or attempt to reverse engineer it or make any changes to it; (b) that it will only download the App onto any iPad, tablet, or other digital computer device that is (i) Customer-Owned, (ii) LanguageLine-Owned, or (iii) purchased by Customer from an authorized seller of such devices, excluding other language services providers. Further, Customer will not use any iPad, tablet, or other digital computer device on which the InSight App is installed with any equipment provided by other language service providers; and (c) that the following uses of the Services are prohibited: the

# Statement of Work

## LanguageLine® Phone<sup>SM</sup> and InSight Video Interpreting®

- transmission of any message or other material which constitutes an infringement of any third party copyright or trademark; an unauthorized disclosure of a trade secret; the transfer of information or technology abroad in violation of any applicable export law or regulation; a violation of Section 223 of the Communications Act of 1934, as amended, 47 U.S.C. Section 223, or other criminal prohibitions regarding the use of telephonic or video devices to transmit obscene, threatening, harassing or other messages specified therein; a libelous or slanderous statement; or a violation of any other applicable statute or government regulation.
- (b) **INTELLECTUAL PROPERTY.** Customer acknowledges and agrees that all rights including copyright throughout the world in the App, in the LanguageLine TrueSound, Notepad™, InSight, and Interpreter on Wheels trademarks (collectively, the "Trademarks"), and in the issued patents and pending patents relating to the Equipment, are exclusively owned by LanguageLine, and that neither this Agreement, nor Customer's use of the Services, the App or the Equipment grants to Customer any right, title, or interest in or to the Services, the Equipment, the App, the Trademarks, or any of the other technology, systems, processes or other aspect of the Services, including but not limited to any intellectual property rights therein (collectively, the "LanguageLine Properties"). Customer expressly agrees that it shall not assert any rights in any of the LanguageLine Properties, or challenge LanguageLine's rights in or the validity of any of the LanguageLine Properties in any country, nation, or jurisdiction in the world, and Customer agrees that it shall not directly or through others copy, decompile, reverse engineer, disassemble, modify, or create derivative works of the App, or any aspect thereof. Customer agrees that this Paragraph shall survive the expiration of this Agreement and will continue to apply after the Agreement ends.
- (c) **ENCRYPTION.** Encryption is built into the App and the Services platform, ensuring the security of the live video as it traverses the Internet. This encryption allows LanguageLine to fulfill its obligation under any Customer Business Associate Agreement ("BAA") with respect to the Services. LanguageLine does not record any phone or video calls and therefore has no record of the call content. With respect to the App's electronic Notepad™ function, written information relayed during the call is encrypted. As with the live video, no recording or storing is made of information written on the Notepad™ and therefore this information cannot be retrieved after the call's completion.
- (d) **RESPONSIBILITY FOR UNAUTHORIZED USE.** Customer will safeguard its use of the Services against use by unauthorized persons and will be responsible for charges resulting from use of its Services, whether or not such use is authorized.
- (e) **AVAILABILITY OF SERVICES.** The Services may not be available at all times due to interruptions, technical problems, and/or system upgrades and maintenance. All interpreters provided in conjunction with the Services may not be available at all times and interpreters will be assigned solely by LanguageLine.
- (f) **QUALITY CONTROL.** Customer acknowledges that LanguageLine from time to time will monitor calls made through the Service for purposes of quality control.
- (g) **PURCHASED EQUIPMENT ADDITIONAL TERMS** (applies to the InSight App with Customer-Owned Equipment option only): Customer agrees that (a) the TrueSound patented technology and related audio equipment will not be used with any non-LanguageLine equipment/devices, and (b) the Equipment purchased from LanguageLine will not be used with or for any non-LanguageLine language interpretation services (including software and Apps).
- (h) **LEASED EQUIPMENT ADDITIONAL TERMS:** Under this option, LanguageLine will lease Equipment mutually agreed upon by LanguageLine and Customer for the duration of this Agreement for a monthly fee. The Parties acknowledge and agree that this Equipment remains the sole property of LanguageLine and will be returned to LanguageLine, undamaged, upon termination of this Agreement, unless superseded by a purchasing agreement. The Parties agree that the Equipment will be used for the sole and exclusive purpose of the Services and may not be configured, fixed and/or altered for any other purpose without express prior written consent from LanguageLine. Customer may not use any leased Equipment or the InSight App with any equipment, app, software or language services provided (through purchase, lease or otherwise) by a language services provider

other than LanguageLine. LanguageLine will enroll LanguageLine-Owned iPads in LanguageLine's MDM (Mobile Device Management) system. As a condition of the lease on LanguageLine-Owned Equipment, location services must be enabled "on" at all times, with "Always Allow Location Access" selected within the Hub application. Customer agrees that Equipment will be kept only at the Customer locations listed in this Agreement, or as otherwise mutually agreed by LanguageLine and Customer in writing. From time to time, upon twenty-four (24) hours' notice to Customer, LanguageLine, during a Customer's regular business hours, may enter the Customer's premises where the Equipment is located to inspect and maintain Equipment. Customer hereby agrees to such inspection by LanguageLine and agrees to provide such support and cooperation as is requested by LanguageLine. Customer assumes and bears all risk of loss and/or damage of Equipment, other than normal wear and tear, from the time that Equipment is delivered until returned to LanguageLine following the expiration of this Agreement. Customer will be charged and agrees to pay for any lost, stolen, or damaged Equipment. LanguageLine reserves all rights and remedies to re-take possession of the Equipment if Customer fails to pay any undisputed invoiced amounts owed hereunder.

- (i) **LIMITED WARRANTIES FOR EQUIPMENT.** LanguageLine warrants that Equipment shall be free from defects in materials and workmanship, except that all warranties are waived if (i) the Equipment has been altered or modified or the App, Equipment or components thereof are used other than as authorized under this Agreement, or (ii) the Equipment has been used by a person or entity other than the Customer or other permitted users. LANGUAGELINE DISCLAIMS ANY AND ALL OTHER WARRANTIES, INCLUDING ALL IMPLIED AND EXPRESS WARRANTIES OF EVERY KIND AND NATURE. Customer agrees that the sole and exclusive remedy for breach of warranty, damages or loss relating to Equipment is limited to the repair or replacement of the Equipment. Customer waives any and all legal claims for damages in connection with the Equipment.

### 3. OTHER FEES

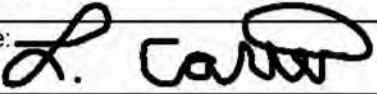

**3.1. FINANCE FEE.** Finance fee is applied to any past due balance. Interest will accrue from the date on which payment is due at a rate equal to the lesser of 1.5% per month or the maximum permitted by applicable law.

**3.2. OPTIONAL PAPER INVOICE.** Electronic invoices are provided at no charge. Paper invoice fee is applied if a paper invoice is required by the Customer..... \$1.75

**3.3. OPTIONAL CUSTOMIZATIONS**

(a) Report configuration per hour	\$250.00
(b) Report maintenance per month	\$30.00
(c) Training assistance on site per day per training	\$500.00

## Work Experience

---

### **HR Coordinator**

The Emme Group - Ontario, CA  
March 2022 to Present

As an Hr Coordinator , some of my tasks include submitting biweekly payroll for our restaurant locations, following up with workers comp claims and closing them out, and submitting our Mod Reports quarterly, as well as doing month-to-month trainings for safety. As we are a growing company, I also do recruitment in different locations and cities, which has let me learn to adapt to each different environment and personalities . I work with each restaurant to ensure our time management is as efficient as can be, which includes keeping labor low during slower seasons.

### **HR Supervisor**

Paolino Logistics - Ontario, CA  
April 2021 to February 2022

My position as an HR supervisor includes keeping a track record of everyone's attendance along with keeping everybody's I-9 information in organized files. One of my skills that has helped me out a lot is being bilingual with English and Spanish. I run recruiting along with all on boarding processing and I also do payroll.

### **Sales Representative**

STARCREST OF CALIFORNIA - Perris, CA  
April 2020 to October 2021

During my time at star crest my duties included taking orders from customers through the phone and assisting them with any trouble they had in their orders remotely and an office occasionally. Working at Starcrest my bilingual ability was put into use as I was able to help many Spanish-speaking customers.

### **Academic Specialist**

THINK Together - Moreno Valley, CA  
August 2018 to April 2020

During the time I have been at Think Together (an after school program) I have lead a role which included doing admin paperwork, entering data, filing, and facilitating lessons.

### **Clerk**

Hemlock Family Plaza - Moreno Valley, CA  
February 2019 to March 2020

During my internship as a clerk at Hemlock Medical Plaza Pharmacy my duties included data entry, filing paperwork, helping with mail out orders, and also filled prescriptions. I also did medical billing and took calls with patients which helped me improve my customer service skills.

Thank you for your order. We value your business and will continue to provide you excellent service in addition to our comprehensive product line.

GHA is an authorized and leading supplier for Microsoft, HP, Apple, Dell, Lenovo, VMWare, IBM and Cisco. GHA does not source any of these products from the gray market. If you have a pending quotation from a competitor that is significantly less in price, that may be a strong indication of gray market involvement. Please immediately bring this to the attention of your sales professional who can verify with the manufacturer for your benefit and protection. Your sales representative can also talk to you about the risks associated with doing business with a gray market supplier.

-The prices quoted may change due to market conditions beyond our control.

-GHA cannot be responsible for manufacturer availability or delays.

-No verbal quotations or promises can be honored unless set forth herein.

-Due to many people working from home, GHA will not be responsible for the boxes if lost or stolen after the delivery has been made, and if they are lost or stolen, you still agree to pay your GHA invoice. Signature will be required on all shipments.

-Handling Fees: Handling fees charged on shipments are in addition to the freight and insurance charges and vary.

-Returns Policy: Cloud Service Provider CSP orders for Microsoft require at least 30 days of cancellation notice from Buyer. Buyer agrees to pay for any cloud subscription usage incurred. For all other CSP s, GHA will pass through and honor the cancellation policy as stated in the original contract whether 30, 60 or 90 days of cancellation notice is required. Custom computers and technology orders are non-cancellable and non-returnable. No return will be accepted after 30 days from the invoice date. Goods accepted for credit upon return will be subject to handling/restocking charge, which shall be not less than 15% of the price of Goods. Custom-made Goods are not subject to cancellation or return under any circumstances. In no case are Goods to be returned without first obtaining Seller's written permission. Goods must be securely packed in the original packaging and delivered to Seller in an undamaged condition with Buyer being solely responsible for paying all return freight expenses and keeping the GHA invoice current within 30 days from the date of shipment regardless of the reason for a return. All returns must be accompanied by an authorized RMA number, which is valid for 15 days after date of issuance. GHA Technologies makes NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE with respect to the goods described hereon. Professional Service Organizations are separate companies from GHA. GHA is not responsible for their workmanship and there is no right to offset payment.

-International shipments/returns: Customer is responsible to pay all VAT, duties, customs charges, freight forwarding services, storage, handling, foreign exchange rates/fees, miscellaneous fees from any country, expedited or return freight expenses. Customer shall be liable; GHA is NOT responsible. GHA is not responsible for any return shipment expenses.

-This document shall be governed by the laws of the State of Arizona.

-You may view all Terms & Conditions at: <https://www.gha-associates.com/terms-and-conditions> - .

-THIS QUOTE HAS BEEN PROVIDED FOR CLIENT AND GHA PURPOSES ONLY\*\*

Thank you for your order. We value your business and will continue to provide you excellent service in addition to our comprehensive product line.

GHA is an authorized and leading supplier for Microsoft, HP, Apple, Dell, Lenovo, VMWare, IBM and Cisco. GHA does not source any of these products from the gray market. If you have a pending quotation from a competitor that is significantly less in price, that may be a strong indication of gray market involvement. Please immediately bring this to the attention of your sales professional who can verify with the manufacturer for your benefit and protection. Your sales representative can also talk to you about the risks associated with doing business with a gray market supplier.

-The prices quoted may change due to market conditions beyond our control.

-GHA cannot be responsible for manufacturer availability or delays.

-No verbal quotations or promises can be honored unless set forth herein.

-Due to many people working from home, GHA will not be responsible for the boxes if lost or stolen after the delivery has been made, and if they are lost or stolen, you still agree to pay your GHA invoice. Signature will be required on all shipments.

-Handling Fees: Handling fees charged on shipments are in addition to the freight and insurance charges and vary.

-Returns Policy: Cloud Service Provider CSP orders for Microsoft require at least 30 days of cancellation notice from Buyer. Buyer agrees to pay for any cloud subscription usage incurred. For all other CSP s, GHA will pass through and honor the cancellation policy as stated in the original contract whether 30, 60 or 90 days of cancellation notice is required. Custom computers and technology orders are non-cancellable and non-returnable. No return will be accepted after 30 days from the invoice date. Goods accepted for credit upon return will be subject to handling/restocking charge, which shall be not less than 15% of the price of Goods. Custom-made Goods are not subject to cancellation or return under any circumstances. In no case are Goods to be returned without first obtaining Seller's written permission. Goods must be securely packed in the original packaging and delivered to Seller in an undamaged condition with Buyer being solely responsible for paying all return freight expenses and keeping the GHA invoice current within 30 days from the date of shipment regardless of the reason for a return. All returns must be accompanied by an authorized RMA number, which is valid for 15 days after date of issuance. GHA Technologies makes NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE with respect to the goods described hereon. Professional Service Organizations are separate companies from GHA. GHA is not responsible for their workmanship and there is no right to offset payment.

-International shipments/returns: Customer is responsible to pay all VAT, duties, customs charges, freight forwarding services, storage, handling, foreign exchange rates/fees, miscellaneous fees from any country, expedited or return freight expenses. Customer shall be liable; GHA is NOT responsible. GHA is not responsible for any return shipment expenses.

-This document shall be governed by the laws of the State of Arizona.

## Ways To Pay Your Bill

- **Pay online** at [business.thehartford.com](https://business.thehartford.com). Some policies may not be available in our automated system.
- **Set up AutoPay** to make automatic payments from your bank account. Never worry about missing a payment. Enroll at [business.thehartford.com](https://business.thehartford.com).
- **Pay by phone** with a one-time payment from your bank account. Call our automated system at 1-866-467-8730. Some policies may not be available in our automated system.
- **Pay by mail** with the enclosed envelope. Include only your bill stub and payment. Allow at least 10 days for delivery. If you have other correspondence to send, do not send it with your payment. Mail it separately to: The Hartford, 301 Woods Park Drive, Clinton, NY 13323.
- **To mail Overnight/Express** payments, send payments only to: Deluxe - The Hartford Box #916, 3000 Kellway Drive Suite 120, Carrollton, TX 75006.

## Payment Rules And Bill Definitions

**Payment Application:** We will apply payments received in the following order:

- Past due and audit premium on expired or cancelled policies
- Past due premium on active policies
- Past due fees, then
- Current account changes

Alternate payment instructions with your check will not be honored. When you provide a check as payment, you authorize us to either use the information from your check to make a one-time electronic transfer from your bank account or process your payment as a check transaction.

**Installment Fee:** We charge this fee with each installment, except where prohibited by law.

**Late Fee:** You will be charged \$35.00 when the minimum amount due isn't paid by the due date.

**New Fees:** The total of all fees assessed on the current bill.

**NSF Fee:** You will be charged \$30.00 if your payment fails because of insufficient funds.

**Policy Change (Endorsement):** A change to your policy. Depending on what changes, you may end up owing more or less for your coverage.

**Policy Credits:** Some things, like audit results or endorsement changes, might put a credit back on your account. If your account has a balance, instead of issuing a refund, we use those credits toward your future payments. If your account has an overall credit balance, the refund will be issued to you using the same method you used to make your last payment (Electronic Funds Transfer, credit card or check).

**State/Local Surcharges or Fees:** Some states or municipalities require us to collect an extra amount on top of your premium.

**Metrics and Descriptions:**

**User:** User Metric reflects the maximum number of individuals authorized by the Customer to access and/or use the Service and Customer has paid for such access and/or use.

In the event Customer enables access to the Service to more Users over a given contract year than are allocated to such contract year as set forth above, then Instructure reserves the right, in its sole discretion, to invoice the Customer for such additional number of Users. In addition, the User fees set forth above are based on the assumption that Customer's Users will use the Service commensurate with the average usage patterns of users across Instructure's user base in the aggregate (such average usage being referred to herein as "Typical Use") and do not account for usage of the Service by Customer's Users beyond such Typical Use. To the extent the Users' usage of the Service, in the aggregate, exceeds the Typical Use at any given time, Instructure reserves the right, in its sole discretion, to increase the fees by an amount proportional to such excess usage. In the event Instructure increases the fees pursuant to this paragraph, Instructure shall send an invoice to Customer for the applicable increase along with documentation evidencing the additional usage of or additional Users who have access to the Service giving rise to such fee increase. Any invoice sent pursuant to the foregoing shall be due and payable within 30 days of receipt.

Product	Description
Canvas LMS Cloud Subscription	Storage included in the annual subscription fee is (i) Unlimited files and database storage, and (ii) 500 MB per (FTE/User/Enrollment/Seat) multimedia storage. Additional multimedia storage can be purchased for USD \$1.00 per 1GB per year.
Canvas Studio Cloud Subscription	Storage included in the annual subscription fee is (i) Unlimited files and database storage, and (ii) 500 MB per (FTE/User/Enrollment/Seat) multimedia storage. Additional multimedia storage can be purchased for USD \$1.00 per 1GB per year.

**Duration:** The Services provided under this Order Form shall begin on the first year Start Date set forth above and continue through the last year End Date set forth above, provided, however, that Instructure may provide certain implementation related Services prior to the first year Start Date at its sole discretion.

**Miscellaneous:** Instructure's support terms are available as follows:

MasteryConnect: <https://www.masteryconnect.com/support/>

As part of our commitment to provide the most innovative and trusted products in the industry, at times we must increase our renewal rates to cover additional expenses associated with advancing our products. If you have concerns with any increases, please reach out to your account representative.

In the event that Customer fails to execute this Order Form prior to the Start Date listed above, all fees shall become due payable upon Customer's receipt of an invoice.

**Terms and Conditions**

This Order Form shall be governed by the Master Terms and Conditions which can be found here: <https://www.instructure.com/policies/master-terms-and-conditions>

The provision of any Item Bank Services shall also be governed by the Addendum which can be found here: <https://www.instructure.com/policies/item-bank-addendum>.

In the event of any conflict between this Master Terms and Conditions and any addendum thereto and this Order Form, the provisions of this Order Form shall control.

The parties agreement with regards to Instructure's processing of personal data or personally identifiable information can be found at: <https://www.instructure.com/policies/data-processing>

**Auto Renewal Terms**

Recurring items on this Order Form (other than any 3rd Party Products) shall automatically renew for succeeding terms of 12 month duration at an annual price increase of 10% unless either party gives the other party 60 days' written notice of its intent not to renew prior to the expiration of the then-current term.

Any requests to change service deliverables as defined on the order form may incur a fee of ten percent (10%) of the remaining fees for the service.

## Approval or Fiscal Control Policy Revision (attached)

**Section:** VII. Action Items  
**Item:** C. Approval or Fiscal Control Policy Revision (attached)  
**Purpose:** Vote  
**Submitted by:**  
**Related Material:** CalOPS Fiscal Controls Policy DRAFT for Board Approval 4.30.24.pdf

## **FISCAL POLICIES and CONTROLS**

### **Background**

California Online Public Schools (CalOPS) is a California public benefit corporation (the Organization), with non-profit status from the IRS, which operates a network of public charter schools known as California Connections Academy. This network of charter schools is referred to as School or Schools in this policy.

### **Purpose**

The Board of CalOPS believes in implementing and following fiscal management practices to ensure that the Organization's funds are appropriately managed in order to support the Organization's and its Schools' mission and avoid any liability that could be attributed to the Board resulting from mismanagement. The Organization refers to the "California Charter School Accounting and Best Practices Manual" developed by Fiscal Control and Management Assistance Team (FCMAT) for guidance in the review and updating of these policies.

### **Policy**

School and corporate funds will be budgeted, accounted for, expended, and maintained in an appropriate fashion and in accordance with applicable Federal and State requirements. The following procedures have been established to facilitate this.

### **Procedures**

#### **A. Budgets**

The Chief Financial Officer of the Schools, in consultation with the Schools' Chief Executive Officer<sup>(1)</sup> and with the support of the financial services provider<sup>(2)</sup> and other relevant staff members, will coordinate the preparation of an annual operating budget with estimated revenue and expenditures prior to June 20 for the following fiscal year, defined as the twelve-month period ending June 30, unless otherwise required by law or other contract. The Board shall review and approve the budget prior to July 1 of each year. A fiscal year forecast based upon updated assumptions will be prepared before the opening of the new School year.

Approved annual operating budgets will be submitted to appropriate entities required by law in the format required by statute and/or regulation and/or contractual agreements, and by any required

<sup>1</sup> The Chief Financial Officer currently holds the title of Director of Finance. The Chief Executive Officer currently holds the title of Superintendent and may also be referred to as the School Leader. These titles are subject to change.

<sup>2</sup> Connections Education, LLC, dba Pearson Online and Blended Learning dba Pearson Virtual Schools USA is a current provider of fiscal support services through 6/30/2024 to the organization. This function is also being carried out by our new financial service provider, Charter Impact as of 7/1/2023 with full transition occurring after 7/1/2024.

deadlines.

Approved budgets will be used to monitor the financial activities of the year via the monthly financial reports. In addition, cash flow analysis (when needed), budget projections, and budget revisions, will be prepared periodically during the year to adjust for changes in revenue or expenses.

Budgets will be prepared that show the revenue, expenditures, and financial position for each School, as well as the Organization as a whole.

## **B. Controls, Budget, and Fiscal**

The School will maintain the following principles in its ongoing fiscal management practices to ensure that, (1) expenditures are authorized by and in accordance with amounts specified in the board-adopted budget, (2) the Organization and Schools' funds are managed and held in a manner that provides a high degree of protection of the Organization's assets, and (3) all transactions are recorded and documented in an appropriate manner:

### **1. Segregation of Duties**

The Organization will develop and maintain simple check request and purchase order forms to document the authorization of non-payroll expenditures. Proposed expenditures that are not pre-approved via Board action of a contracted amount should be approved by an administrator, who will review to determine whether it is consistent with the Board-adopted budget. An approved signer on the account will sign or otherwise approve purchase orders, check request forms, credit card expenses, or invoices.

All checks or purchases over Five Thousand (\$5,000) Dollars must be co-signed by two employees or officers who have been approved as a signatory on the School's checking account. Dual approval through electronic methods is also acceptable. Payments for invoices for operational services contracted by the School, and previously approved by the Board, including those for services provided by Connections, do not need to be countersigned or dually approved. Annually, the Chief Financial Officer will present a list of regular recurring expenses with estimated amounts of the payments to be made for pre-approval by the Board. Any payment made to a vendor on this list during each fiscal year, within the predetermined and pre-approved range, may be made with only one level of approval, rather than the two required for large, non-recurring expenses. The board will be provided a check registry with all checks sent out in the month in their monthly board documents.

All transactions will be posted on an electronic general ledger by a bookkeeper or through the account manager assigned by the approved fiscal services provider. This ledger will be maintained either with the local contracted bookkeeper, or with the fiscal services provider [in alignment with the standardized account code structure \(SACS\) and generally accepted accounting principles \(GAAP\)](#), and will be available upon request by the Organization or any School at any time. To ensure segregation of recording and authorization, the bookkeeper or assigned account manager may not co-sign check requests or purchase orders or approve purchases or expenses.

## 2. Banking Arrangements/Reconciliation

The Organization will maintain its accounts at a federally insured commercial bank or credit union in California<sup>3</sup>, as approved by the Board. New bank accounts or changes to existing bank accounts may be initiated by the Chief Executive Officer or Board President with Board Approval. Funds will be deposited in non-speculative accounts including federally insured savings or checking accounts or invested in non-speculative federally backed instruments. For all funds, the Board must appoint and approve all individuals authorized to sign checks or approve payments in accordance with these policies. The Chief Financial Officer may be given administrative access to all bank accounts for daily management and oversight. The Chief Executive Officer and Chief Financial Officer have the ability to grant members of the executive leadership team and the back office service provider the ability to act as alternative initiators and approvers for transactions within the bank accounts. Key members of the finance team may be given view access to the bank accounts for daily tasks such as account reconciliation, check verification and other essential duties.

Public funds received on behalf of any of the Schools may be held in a county Treasury account and passed through to the Organization's commercial bank upon request of the Chief Financial Officer and/or board approved designee.

Bank statements from private banking institutions will be available online or through a downloaded digital copy to the Organization's bookkeeper or assigned account manager for reconciliation. A report of the reconciliation will be provided to the Chief Financial Officer on a monthly basis and to the Board Treasurer upon request.

## 3. Purchasing Procedures

This section applies to purchases made by the Organization or Schools. All purchases or contracts over Twenty Thousand (\$20,000) Dollars must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services and should be approved by the Board, however, the Board may approve a designee to sign such contracts following Board approval. For purchases over Ten Thousand (\$10,000) Dollars, evidence of a good faith effort to secure the lowest possible cost should be made and documented. The administrator shall not approve invoices, purchase orders or check requests lacking such documentation and must also comply with the School's Procurement Policies. Documentation of the comparable bids and the Board decision, when applicable, shall be available prior to approval of checks, invoices and purchase order requests showing that at least two (2) vendors were contacted and such documentation shall be maintained in accordance with the retention policies for temporary fiscal records. If specialty goods or services are not available through multiple vendors, documentation may include this information in lieu of a cost comparison.

No public funds shall be expended for the purchase of alcoholic beverages. Other employee travel and expense reimbursement procedures are described below.

---

<sup>3</sup> All current bank accounts are with JP Morgan Chase.

All purchases for the Organization or the Schools should follow the purchase requisition process managed by members of the Finance team with approval from the Chief Executive Officer or the Chief Finance Officer. Additional designees may be given approval to order items with pre-approval from the Chief Executive Officer and the Chief Finance Officer on a case by case basis. All purchases must comply with state and federal public funds compliance regulations, further the academic achievement, mission and goals for the school, and can be demonstrated as a direct need of the school and our students.

#### **4. Record Keeping**

Transaction ledgers, invoices, receipts, canceled/duplicate checks, attendance and entitlement records, payroll records, and any other necessary fiscal documents will be maintained by the Organization in accordance with applicable state law, and as required in any contract or agreement, in a secure location for at least seven (7) years as set out in the Records Retention policy, or as long as required by applicable law, whichever is longer. Appropriate back-up copies of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored electronically. Paper documents may be compiled and stored in an on-site or off-site location after completion of the annual audit. The Schools will not typically charge for the costs of copying records when records are being requested by an oversight agency, through a subpoena, or in accordance with public records regulations, however, the Schools reserve the right to do so at a rate not to exceed twenty-five cents (\$0.25) per page. The School will attempt to provide records electronically, however, the actual cost of mailing records may be charged to the requestor. Copying charges only apply to the cost of reproduction, not to time spent searching for records. However, if electronic records are requested, the time needed to create an electronic version may be charged to the requestor.

#### **5. Fixed Assets**

The local contracted bookkeeper or the fiscal services provider shall establish and maintain and regularly update a listing of all equipment or furniture purchased by the School of with a value of over Five Thousand (\$5,000) Dollars. When the individual piece of equipment or furniture has an initial value over Five Thousand (\$5,000) Dollars it will be considered a capital asset rather than a non-capitalized expenditure. The listing shall include the original purchase price and date, a brief description, serial numbers or other identifying information when available, and other information appropriate for documenting the School's assets. The School shall maintain a separate segregated list of assets that were purchased with non-public funds, where applicable.

#### **6. Cash Collections**

All incoming checks or cash will be verified and entered into a check log in accordance with any internal control procedures developed by the school. All checks will be restrictively endorsed promptly. Receipts will be issued upon request. Any cash received must be deposited at the bank. When checks are taken or mailed for deposit, the person taking the checks will sign a separate log with the date and total amount taken for deposit. Checks may also be scanned and endorsed for electronic deposit to the bank, in which case the deposit record will be reviewed by a person separate from the one creating the electronic deposit. The deposit total and/or check images will be compared with the deposit record on the bank statements. All cash and checks will be kept locked

up prior to deposit. Deposits should be made as soon as possible on receipt of checks and/or cash and with a target of one week of receipt. Some payments for certain school activities may be held longer if needed.

The Organization and its Schools may accept electronic payments, via Zelle (or another similar system). All payments will be tracked monthly and provided to the bookkeeper for proper record keeping for budgetary purposes. Tracking will consist of the person who is sending the payment, the reason for the payment and the correct recipient for the payment. Deposits made electronically will be compared with the deposit record on the bank statements monthly.

## **7. Attendance Accounting**

The Chief Financial Officer or designee, in consultation with the Chief Executive Officer, will establish and maintain an appropriate attendance accounting system to ensure each School receives appropriate attendance credit. The annual audit will review actual attendance accounting records and practices to ensure compliance. The attendance accounting practices will be in conformance with applicable state regulations.

## **8. Annual Audit**

The Board or its Audit Committee (if one exists) shall contract for the services of an independent public accountant to perform an annual fiscal audit in compliance with State law. The audit shall cover the business of the Schools and Organization during the full fiscal year; be a financial audit conducted in accordance with generally accepted auditing standards; and, include, but not be limited to, (1) an analysis of each School's compliance with applicable laws and regulations; (2) any recommendations for improvement by the Organization; (3) any other comments deemed pertinent by the auditor, including the auditor's opinion regarding the financial statements; (4) an audit of the accuracy of the School's and Organization's financial statements, (5) an audit of each School's attendance accounting records, and (6) an audit of the School's internal controls practices. If the School receives over the current threshold established by the federal Office of Management and Budget from federal sources, the audit shall be prepared in accordance with any relevant Office of Management and Budget audit circulars. The audit shall be completed and submitted to the Board for review at a public meeting as soon as reasonably possible following the close of the fiscal year for which the audit is conducted and as mandated by state, charter or other law. Copies of the Audit will also be forwarded to any entities or public agencies, as required by the state's Charter School law, the charter and other relevant state regulations.

The Audit engagement and review process may be conducted by the Board's Audit Committee (if one is formed) on behalf of the Board.

## **9. Fiscal Reports**

The following reports will be prepared for Organization and maintained by the fiscal services provider on a monthly basis, will be reviewed by the Chief Financial Officer, and will be reported to the Board and/or its Treasurer. The financial information will be separated by School as necessary to allow review of the revenues and financial position of each School.

- Revenue and Expense Statement for the current fiscal year – showing actual results for the months already past and forecasts for future months
- Balance Sheet(s)
- Bank Reconciliation – listing all of the deposits and withdrawals for the period under review
- Accounts Receivable Detail
- Payroll Registers and/or compensation summaries
- Monthly Check Registry
- Enrollment Reports – showing the demographic makeup of the students who have enrolled in the School as well as other related statistical data, including data used to determine the monthly fees.

#### **10. Property and Liability Insurance**

The Organization shall ensure that the School retains appropriate property and liability coverage in accordance with the respective state law. Directors and Officers liability insurance for the Board shall also be obtained. Insurance will be kept in force at all times with any minimum limits as outlined in the charter and state law. Certificates of insurance and/or additional insurance requirements will be provided upon request in order to meet the needs of the Organization and Schools. The Organization may also seek out and obtain additional insurance coverage, upon approval by the Board, if in the best interests of the Organization.

#### **11. Contract Signing Authority**

Unless otherwise authorized or designated by the Board, all contracts entered into by the School for a monetary amount over Twenty Thousand (\$20,000) Dollars shall require the signature of the Chief Executive Officer or Board President. Routine contracts for the operation of the School such as for field trips, school events, state testing proctors and testing sites, janitorial services, other services etc. in a monetary amount of less than Twenty Thousand (\$20,000) Dollars may be signed by the Superintendent, Deputy Superintendent, Principal, Director of Finance or Director of Business Services.

#### **12. Corporate Tax Returns**

The Board will annually engage someone to prepare and submit the annual tax returns (Form 990 and Form 199) for the corporation of the Organization. The Board (and/or the Audit Committee of the Board) will annually review its policies and practices to be sure it is complying with any regulations or requirements of the Internal Revenue Service. Prior to submission of the tax returns, the Chief Financial Officer, other designated staff of the school, and/or financial service provider will review the tax returns for accuracy. Following completion of a final draft of the tax returns, the Board will receive and review the returns prior to the submission deadline. Appropriate extensions may be filed when needed. Typically, an annual extension from the November deadline to May is expected as the annual audit has not yet been conducted prior to November 15. Other extensions may be filed if necessary to allow for thorough preparation and review of the tax returns prior to submission.

### 13. **Petty Cash**

One or more petty cash funds, not to exceed Three Hundred (\$300) Dollars each, may be established by the Organization with an appropriate ledger to be reconciled periodically, but at least quarterly, by an administrative support employee who does not normally handle the petty cash. Petty cash expenditures are typically small amounts, usually less than one hundred (\$100) dollars, and do not need to be pre-approved by an administrator.

### 14. **Staffing and Staff Compensation**

#### **Executive Compensation**

As a best practice for a non-profit organization, at the time of hiring or increasing the compensation of the Chief Executive Officer, the Director of Business Services and Chief Financial Officer, the Board will review a comparison of salaries for chief executives (for example, superintendent,, principal , director , administrator, school leader, executive director, etc.) and CFOs (Chief Business Officials, Business Directors, Business Services Administrators, etc.) at other similar schools or organizations and make a determination, to be recorded in the minutes of the Board, that the proposed compensation for each position is “just and reasonable”. If compensation is increased by the same amount as all other employees, such as for an annual across the board raise, this process is not required.

#### **Discretionary Incentive Pay Policy**

Qualifying employees of California Online Public Schools, a nonprofit public benefit corporation that operates the California Connections Academy Schools (“Employer”) may, from time to time, be awarded discretionary incentive pay subject to the terms and conditions of this Discretionary Incentive Pay Policy (“Policy”).

Employer shall determine, in its sole and absolute discretion, the following: (1) if any incentive pay will be awarded; (2) the amount of the incentive pay to be awarded; (3) additional eligibility factors for incentive pay, if any; (4) the recipients of the incentive pay; and (5) when incentive pay will be awarded and paid to recipients. Employees have no expectation of receiving any incentive pay under this Policy and there is no guarantee that an employee’s receipt of incentive pay will result in receipt of any future incentive pay. This policy may be amended from time to time at the Employer's sole discretion.

#### **Minimum Eligibility Requirements**

To be eligible for incentive pay under this Policy, the employee must, at a minimum, be employed by the Employer on the date the payment is to be made. The Superintendent or designee may impose additional eligibility requirements in his or her sole discretion.

#### **New Hire Payment**

To help Employer hire the best possible candidates for employment and/or to fill those positions that are difficult to fill or are high-need, Employer has discretion to offer newly hired employees a one-time hiring incentive payment of up to \$10,000 per employee. Employer may award new hire

payments where the Superintendent or designee determines, in his or her sole discretion, that any of the following conditions exist: the position is in high need, there is a lack of qualified applicants, there is an urgency to fill the position, and/or any other relevant consideration.

### **Retention Payment**

To help Employer retain qualified employees, build institutional knowledge and promote stability throughout the school, Employer has discretion to pay employees a retention payment in an amount not to exceed 10% of the employee's annual base salary. Any such retention payment may be paid to the employee in installments over the course of the school year and the employee's right to payment must be conditioned on his or her continued employment with Employer on the date the retention payment is to be made. The Board has the ability to approve all retention payments above and beyond 10%.

### **Performance Payment**

To encourage and reward excellent performance, Employer has discretion to award employees a payment of up to 20% of the employee's salary, in an amount not to exceed \$12,000 annually per employee, unless approved by Employer's governing board for a higher cap. Employer may award performance payments where the Superintendent or designee determines, in his or her sole discretion, that it is warranted based on any of the following achievements or contributions by the employee as an individual or by the school as a whole: curriculum development, student performance improvements, positive evaluations, and/or any other relevant consideration. Employees must have advance administrative approval to undertake curriculum development or other projects that could qualify for a performance payment.

## **15. Independent Contractors**

If the Organization or School engages anyone to provide services who is classified as an Independent Contractor, the Organization will track and document the payments in a manner that will allow reporting to the IRS as required. Purchasing products from a vendor such as food or supplies is not considered a service. The IRS reporting applies to all contractors that provide services and that are not incorporated, and to all lawyers regardless of incorporation. A determination must be made in accordance with current state and federal guidelines as to whether a service provider qualifies as an Independent Contractor, based on the concepts of the degree of control over the contractor and the type of services provided. If the contractor does not meet the currently recognized standards as an independent contractor, then that person may need to become an employee of the Organization in order to provide the service. The Chief Financial Officer and/or the financial service provider will be responsible for the required annual reporting for all Independent Contractors hired directly by the Organization and/or Schools and will require appropriate documentation to support the proper reporting to the IRS and other applicable agencies, including collecting an IRS W9 form from each contractor upon engagement, and then as needed when information is updated by the contractor.

## 16. Fundraising and Donations

While the majority of the revenues for the Schools are from government sources, the Schools do on occasion receive donations from private sources. Donations received will be used for School operating purposes, and typically are used to support activities which directly support students, such as field trips, school in-person events, staff appreciation and graduation ceremonies. If supplies or equipment are purchased with donated funds, or if supplies or equipment are donated to the Schools, these become the property of the Organization. If the donation exceeds Five Thousand (\$5,000) Dollars in value, it must first be accepted by the action of the Board and the donor should indicate the purpose of the donation and any restrictions on use so the Board can determine whether to accept the donation and abide by any restrictions. Donated funds should not be used to pay for personnel costs, unless otherwise approved by the Board. If a single donation of Two Hundred Fifty (\$250) Dollars or more is received, the Organization will issue a written acknowledgement to the donor.

The Schools do not typically engage in fundraising activities whereby funds are donated directly to the Schools as part of the fundraiser. Students may on occasion organized fundraisers that benefit other charitable organizations or private persons (for example a family experiencing a severe loss), but funds for these activities should not flow through the School accounts and funds should be go directly to the organization who is benefitting from the fundraiser.

## 17. Expenditures on Political Activities

The Organization has received non-profit (501 (c) (3)) status from the IRS, and as such, expenses for certain political activities are not allowable. The type of expenditures includes but is not limited to staff time, use of school office equipment or supplies, travel expenses, etc. The types of activities which would are not allowed include:

- Endorsement of or opposition to any candidate for any public office
- Contributions to political parties or political action committees
- Expenditures for political advertisements
- Endorsement of or opposition to any ballot measure

The Organization's employees, Board members and other representatives may engage in the above political activities on their own time, using their own personal assets and resources, however, they may not act or appear to be acting on behalf of the Schools or Organization, and may not use Organization resources to assist any non-allowable political activities.

The Schools and Organization may expend a very limited amount of funds on allowable political activities. Allowable activities would be grassroots lobbying efforts on legislative matters which may have an impact on the School or Organization, such as proposed, pending or current legislative bills, laws, regulations, etc. Typically the resources used for this type of allowable activity would be a small amount of staff time to contact or meet with legislators. Staff time and other costs, if applicable, for allowable political activities will be estimated annually and reported with the best estimate of cost on the Organization's tax returns.

No federal funds, or assets obtained from federal funds, may be used for any political purpose.

## 18. Expense Reimbursement and Travel

Additional details of the procedures and guidelines for expense reimbursement will be developed and distributed by the Chief Financial Officer or designees, however, the following general procedures will be used when developing the more detailed procedures:

1. Expenses must be accompanied by a copy of the receipt prior to reimbursement. If a receipt is lost, a "Lost Receipt" form will be completed and approved.
2. Expense reimbursement requests will be reviewed and approved by designated managers, administrators and/or administrative support staff prior to reimbursement.
3. Employee meal reimbursement amounts will follow a standard amount, published annually to employees. Exceptions made will be within reason and will be approved by the Chief Financial Officer or Chief Executive Officer.
4. Expenses should be submitted for reimbursement within 30 days of incurring the expense, and ideally no later than 60 days. Employees will be informed that if expenses are not submitted within this time frame, the reimbursement may be denied.
5. Expense reimbursements will be submitted using acceptable current methods<sup>4</sup>. . Most expenses should be submitted using this system, although some expenses may also be reimbursed to employees or board members using a check request form or petty cash.
6. Notes should be included to explain the business purpose of the expense, and should include significant details such as the event, the persons participating, any unusual circumstances, etc.
7. Employee mileage reimbursement will follow the Schools' current guidelines and may include a reduction for work from home employees who travel for work purposes during normal working hours. The mileage reimbursement rate will be in accordance with the current rate issued by the IRS. Traffic or parking violations are the responsibility of the employee.
8. Out-of-state travel requires pre-approval from the Chief Executive Officer or Board.
9. Expenses that are subject to reimbursement must be for activities which support the mission of the Schools and its students. Examples of allowable expenses include travel and conference, mileage, meals, car rentals, school and office supplies, academic expenses, and other approved expenses.
10. Expenses that do not support the mission of the Schools and its students are not allowable and are not reimbursable. If a type of expense is in doubt, it should be presented to the Chief Executive Officer or Chief Finance Officer for a determination as to whether it supports the School and is part of the School budget. Expenses which are purely for an employee's convenience are not

---

<sup>4</sup> The online expense reimbursement system currently in use by the Organization is Concur.

reimbursable. Examples of non-allowable expenses include any alcohol, tobacco or drugs; medical expenses; memberships to health clubs or travel lounges; travel insurance; hotel honor bar; valet parking; laundry, cleaning or personal grooming expenses; theft or loss of personal property (unless the employee was on school business and had reasonably secured their belongings); personal expenses for the home while traveling including home or yard care, babysitting or pet sitting fees; personal entertainment including movies, video games, magazines, live shows or sporting events, entry fees, etc. (Note: Some costs of entertainment activities listed here may be allowable if they are incurred as part of a pre-approved team building activity which has a benefit to and in support of the School.) Reimbursement for gifts of any kind, including flowers, food or gift cards, is never allowed.

11. Tips for meals are allowable in appropriate circumstances where the employee received service, but should not exceed twenty percent (20%).
12. All orders for payment of money to a member of the Board may only be drawn for travel expenses, or subsistence allowances.

The vast majority of expenses should be paid for through the School and Organization's usual methods of payment so that employees incur a minimal amount of out of pocket expenses that need to be reimbursed.

Detailed guidelines for procedures and approval of all employee travel expenses should be in place, updated regularly, and communicated to all employees. Employee work related travel should be approved prior to the travel taking place, through the employee's supervisor at a minimum, and when out of the ordinary course of regular school activities (such as field trips, school events, employee meetings, etc.) by the Principal, Director and/or Chief Executive Officer.

## **19. Reserves and Fund Balance**

Each School will maintain a minimum cumulative ending fund balance as a "Reserve" that is at least Ten Thousand (\$10,000) Dollars. The goal for each school would be a minimum reserve amount that is equal to 3% of the annual expenditures, with an ideal target of 5% of annual expenditures. However, one purpose of the reserve funds is the use in a year when revenue is lower so that school services and programs do not need to be reduced. The Schools and Organization have language in the Statement of Agreement(s) with Connections which help to insure the minimum ending cumulative fund balance amount for each individual School by applying a service credit against the services provided by Connections. The cumulative ending fund balance, otherwise known as the School's Reserves, will be considered "Unassigned/Unappropriated" unless the Board takes action to assign some or all of the Reserves to a particular designation.

## **20. Interschool Transfers, Intra-organizational Loans and Blending of Funds**

The Organization governs and operates multiple charter schools. It is important to keep accurate fiscal records for each school separately as each is its own Local Educational Agency for

funding purposes, and each has its own authorizer and serves students in different counties. It is also important to maximize efficiency of operations and keep fiscal records for the Organization as a whole. For this reason, funds from the different Schools may be COMMINGLED but shall not be BLENDED, as defined below.

*Commingling* mixes or joins funds, however the origin, identity or source and the use of the funds can be traced, audited and documented. Funds may be mixed together or shared, but they can be accounted for separately when carefully commingled. Commingling should occur only when needed to carry out efficient operations for the school.

*Blending* occurs when the origin, identify, source or use of the funds is lost or unidentifiable, and the transaction cannot be traced. The source of funds must be matched with the use of funds, and if the funds sources and uses cannot be tracked to the origin, identity and purpose, then the funds would be considered blended and the transaction is not auditable. Blending of funds should not occur.

Commingling of funds to such an extent that the funds become blended is prohibited. Inter-fund or interschool loans and due to/due from transactions are allowable. Because one non-profit corporation with one federal identification number oversees and operates multiple charter schools, sharing of resources and allocation of expenses will take place, however, the accounting system and methods will be in place to ensure that blending of funds does not take place.

Transfer of Special Education funding between Schools of the Organization is allowed under the policies of the Special Education Local Plan Area as long as it is done in accordance with the Board approved Fund Reallocation Policy.

If there is a need for one School to access funds from a different School in the Organization, temporary transfer of funds is allowable from a school with surplus funds to a school in need of funds. This type of transfer will take place with Board approval and with the following terms:

- All intra-organizational receivables and payables that are settled or result in a zero balance as of the end of the fiscal year, as of the time the books for each school are closed, are not subject to any repayment terms or interest accruals.
- Any intra-organizational receivables and payables that are not settled to a zero balance as of the end of the fiscal year (as of the time the books for each school are closed) may be converted to an intra-organizational loan agreement, which will include the terms of repayment, the interest rate, which, if not zero, shall be reasonable, and the duration of the loan. The final terms of such a loan are subject to approval by the Board at the next regular meeting, but no later than prior to the completion of the annual audits.

## **21. Fraud Prevention**

It is in the best interests of the Schools and Organization to prevent fraud. Reporting of potential

fraud is encouraged, and employees have access to the whistleblower policy included in the Employee Handbook. The employee policies also include a description of both unethical behavior and of the professional and ethical behavior expected of all employees of the Organization. Methods to report unethical conduct are described, including confidential and anonymous methods to raise a concern or report fraudulent or otherwise illegal or unethical behavior. Creating a culture of professional and ethical behavior is an important goal which the leadership and management staff of the Organization are responsible for.

Strong internal controls also prevent fraud and misuse of School funds. The administrative staff is responsible for creating and carrying out strong internal control processes, for being well informed about the various types of fraud, for creating a culture of accountability and honesty, and for implementing actions to limit the possibility of fraud. Strong internal controls, some of which are described in these fiscal policies, are important to protect the Schools' employees as well as the Organization as a whole. The internal controls limit the opportunity, incentive, capability and rationalization which make fraud more likely, and also helps to identify the person suspected while excluding innocent individuals from suspicion.

## **22. Public Purpose for Expenditures**

The California Constitution prohibits using public funds for a gift to any individual or corporation or other governmental agency. The use of school funds should be to provide a benefit to the public, and not to benefit any individual, employee, corporation or other agency. This is intended to protect from the misuse of public money. The public funds of the Organization and its Schools may be expended if a direct and substantial public purpose is served by the expenditure and private individuals are only benefitted incidentally by the promotion of the public purpose. Even if an expenditure has a noble or virtuous purpose (such as supporting an employee experiencing a loss), or a moral or justifiable obligation (such as gratitude for services provided), this is not sufficient to determine that a public benefit exists. If expenditures provide a direct and tangible benefit to students' education, such as for staffing costs, materials, software, administrative expenses, etc., then these are easily justified as providing the public benefit of educating the Schools' students. For expenditures which are not as direct or tangible, the Board must make a determination of the public purpose prior to expenditure of these funds. This may be done via the budgeting process, and/or on a case by case basis for specific types of expenditures. This may involve a board policy which explicitly allows certain expenditures, such as incentives to students, student scholarships, staff team building activities, etc. Team building activities will be budgeted, and a list of the expected activities will be presented annually to the board at the beginning of the school year for review and transparency.

SAN JUAN CAPISTRANO, CA 92675

CALIFORNIA ONLINE PUBLIC SCHOOLS:

Enclosed is the organization's 2022 Exempt Organization return.

Specific filing instructions are as follows.

### **FORM 990 RETURN:**

This return has qualified for electronic filing. After you have reviewed the return for completeness and accuracy, please sign, date and return Form 8879-TE to our office. We will transmit the return electronically to the IRS and no further action is required. Please return Form 8879-TE to us as soon as possible, but no later than by May 15, 2024 the filing deadline.

In addition, tax-exempt organizations must make available for public inspection a copy of their annual returns for the preceding three years and exemption application, if applicable. An organization generally must furnish filings to anyone who requests them in person or in writing. An exempt organization may meet this requirement by posting all the documents on its website or at another organizations site as part of a database of similar materials. Specific requirements must be met to meet this exception.

### **CALIFORNIA FORM 199 RETURN:**

The California Form 199 return has qualified for electronic filing. After you have reviewed your return for completeness and accuracy, please sign, date and return Form 8453-EO to our office. We will then transmit your return to the FTB. Do not mail the paper copy of the return to the FTB.

No payment is required.

### **A few final reminders relating to your tax return filings:**

- There are substantial penalties for failure to properly disclose and report foreign financial accounts and foreign activity. Please make sure you have informed us of any foreign financial accounts or foreign activity so that we have the necessary information to complete any required disclosures or filings.
- Be sure to review the returns prior to signing as you have final responsibility for all information included in the returns. Please contact us if you have any questions or concerns.
- We recommend you keep a paper or electronic copy of your tax returns permanently. Supporting documentation should be kept for a minimum of seven years based on IRS guidance.

CLA exists to create opportunities – for our clients, our people, and our communities. We value our relationship with you and thank you for your trust and confidence in allowing us to serve you. ## Part II Declaration and Signature Authorization of Officer or Person Subject to Tax

Under penalties of perjury, I declare that  I am an officer of the above entity or  I am a person subject to tax with respect to (name of entity) \_\_\_\_\_, (EIN) \_\_\_\_\_ and that I have examined a copy of the 2022 electronic return and accompanying schedules and statements, and, to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the return to the IRS and to receive from the IRS (a) an acknowledgement of receipt or reason for rejection of the transmission, (b) the reason for any delay in processing the return or refund, and (c) the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the electronic return and, if applicable, the consent to electronic funds withdrawal.

**Section A. All Supporting Organizations**

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer lines 3b and 3c below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
b <b>Type I or Type II only.</b> Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c <b>Substitutions only.</b> Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? <i>If "Yes," provide detail in Part VI.</i>		
b Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? <i>If "Yes," answer line 10b below.</i>		
b Did the organization have any excess business holdings in the tax year? <i>(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)</i>		

**Part IV Supporting Organizations** (continued)

	Yes	No
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described on lines 11b and 11c below, the governing body of a supported organization?		
11a		
b A family member of a person described on line 11a above?		
11b		
c A 35% controlled entity of a person described on line 11a or 11b above? If "Yes" to line 11a, 11b, or 11c, provide detail in Part VI.		
11c		

**Section B. Type I Supporting Organizations**

	Yes	No
1 Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
1		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		
2		

**Section C. Type II Supporting Organizations**

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		
1		

**Section D. All Type III Supporting Organizations**

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
1		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
2		
3 By reason of the relationship described on line 2, above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		
3		

**Section E. Type III Functionally Integrated Supporting Organizations**
