Introduction

California Online Public Schools (CalOPS) are online public charter schools. This plan will apply to all of the California Online Public Schools operated by the California Online Public Schools Governing Board.

We have two business offices and do not have any physical school locations or classroom facilities. We do host field trips and other such face to face socialization events at venues we contract with throughout the state. This plan is written to provide a safe environment at both of the offices and at any off-site event, to the extent applicable.

Implementation of Plan

This School Safety Plan will be available to all staff, students, parents, and the community to review. It will be located on the [CalOPS Website](#).

School Safety Planning Committee

California Online Public Schools is committed to providing an orderly, safe, caring environment in which students feel comfortable, share responsibility for maintaining a positive school climate, and take pride in their school and their achievements. Attitudes and behaviors that promote mutual respect and harmonious relations are encouraged.

The CalOPS Board of Directors is responsible for the overall development of all school safety plans for its schools. Through the School Safety Committee, School Safety Plans are developed. The School Safety Planning Committee shall be composed of the following members: the principal or designee, one teacher who is a representative of the recognized certificated employee organization; one parent/guardian whose child attends the school; one classified employee who is a representative of the recognized classified employee organization; other members if desired.

Other local agencies, such as health care and emergency services, may be consulted if desired.

Other members of the school or community may provide valuable insights as members of the School Safety Planning Committee. Additional members may include:

- A representative from the local law enforcement agency
 - A representative from the local fire department agency
 - School counselor
 - Student representative(s)
 - Disciplinary team member
 - Staff leaders
 - Additional parent representatives
-

Child Abuse Reporting Procedures

It is our policy to ensure the safety and well-being of all children participating in activities sponsored by us, and to report suspected cases of child abuse and neglect consistent with the requirements of state law. We will not knowingly place an employee in a position that causes him or her to come into contact with children where the employee has been accused and/or convicted of crimes against children, child abuse, or child neglect. We ensure that individuals who come into contact with children have passed appropriate background screening measures. (see also the CalOPS Employee Handbook)

AWARENESS OF POSSIBLE ABUSE/NEGLECT

All individuals participating in activities affiliated with us that include children are responsible for being alert to possible abuse or neglect. We provide training to employees who interact with children on Child Abuse and Neglect, which includes guidelines for identifying and procedures for reporting any suspected child abuse or neglect, and employees must comply with the procedures established in this training.

Non-Imminent Danger Reporting Protocols

School staff of California Online Public Schools should follow reporting protocols for non-imminent danger if there are concerns for students and there are not immediate risks for personal safety for them or their family members.

Non-imminent danger situations are concerning, but the student is **not in immediate danger or in a life-threatening situation** that would require a call to emergency services.

Non-imminent danger situations could be discovered through submitted assignments, email messages, or phone calls with students, or it may be second-hand or hearsay. Concerns of non-imminent danger require a follow-up from the counselor or school leader.

School Staff Responsibilities:

1. Log the contact. Normal logging protocol should be followed. Due to the sensitive content, the Log should be marked as “Confidential.”
2. Inform the school leader or counselor from a separate phone or via instant message.
3. Email school leader and Hazel Eng with a summary of the situation and request for review as well as follow up instructions.
4. The school leader and/or counselor will determine if the reporting staff member should make a report to children’s services.
 - a. If so, the reporting staff member should contact children’s services as the person who initiated the student concern.
 - b. Search online for “children’s services in city/county” where the student lives.
 - c. In the email, note the incident number and the agency actions, e.g. if they will open an investigation.

Imminent Danger Reporting Protocols

School Staff associated with California Online Public Schools should follow reporting protocols for imminent danger if a student or family member has an immediate risk to their personal safety.

Imminent danger refers to first-hand, real-time reported information versus second-hand/ hearsay, and is an **immediate threat of harm**.

It is considered imminent danger when a student’s apparent perpetrator intends to cause harm, or such danger exists which could reasonably be expected to cause death or serious physical harm.

Students can also engage in imminent danger towards themselves or others. The term imminent or its equivalent (e.g., immediate, threatening, emergent, crisis) is short-term, rather than long-term, danger to self or others. When deciding if a situation is imminent, consider the specific nature or conduct, magnitude, probability, or frequency of harm.

School Staff Responsibilities

1. Upon receipt of the concern, the staff member will do one or both of the following:
 - a. Make a report with local children’s services.
 - i. Search online for “children’s services in city/county” where the student lives.
 - ii. Note the incident number and the agency actions, e.g. if they will open an investigation. You will add this information to an email in the subsequent steps of the process.
 - b. Contact local law enforcement if it is recommended by the agency or if the student requires immediate medical attention.
 - i. Call 911, either locally or in the city and state, in which the situation is occurring. Have the student’s name and address ready.
 - ii. Keep the student engaged in conversation and confirm his or her address or other

- iii. Remain on the line with 911 until emergency personnel arrives at the student's location or as otherwise instructed by the 911 operator.
2. Inform the crisis team from a separate phone or via instant message.
 - a. The crisis team consists of: school leader/administrator, School Social Worker (Shannon Doss), AP of Counseling (Hazel Eng for High School, Amber Cambria for TK-8th Grade)
3. Log the contact. Normal logging protocol should be followed for teaching staff. Counseling will follow up with a confidential log.
4. Email the crisis team with a summary of the situation and request for review as well as follow up instructions.
5. Submit a Child Welfare Referral for counseling/social work follow up.
6. The crisis team will coordinate next steps and notify staff if additional actions or information are needed.

Students with Special Needs During Emergencies

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. These needs should be documented on a student's IEP and/or 504 plan and plans should be made to ensure that evacuation and other response procedures accommodate the needs of all students. In some cases, this will require that an additional staff person be assigned to assist a student with special needs in case of an emergency.

Procedures to Allow Use of School Buildings for Emergency Shelters

If requested, the use of school office locations will be discussed with a public agency, including the American Red Cross, to determine the feasibility of using school offices and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare.

Opioid Overdose Response Protocol

STEP 1: Evaluate for Signs of Overdose.

- All employees will be trained to recognize the following signs of an opioid overdose:
 - Unconsciousness or inability to awaken;
 - Slow or shallow breathing or breathing difficulty, such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened; and
 - Fingernails or lips turning blue/purple.
- If any person is suspected of suffering an overdose, any employee shall first attempt to stimulate the person by:
 - Calling the person's name;
 - Then, vigorously grinding knuckles into the sternum (breastbone) or rub knuckles on the person's upper lip.
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If unresponsive, call 911, provide rescue breathing if the person is not breathing on their own, and otherwise follow 911 operator instructions until emergency responders arrive.

STEP 2: Call 911.

Calling 911 at the appropriate time is an essential step to getting someone with medical expertise to care for the person suspected of experiencing an opioid overdose. If no emergency medical services (EMS) or other trained personnel are on campus, activate the 911 emergency system immediately. All that needs to be reported is "Someone is unresponsive and not breathing" and then report the specific address and/or description of the location on the campus where the person is located. After relaying this information, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR and implement rescue breathing. Follow these and all instructions given by 911 operators until emergency responders arrive.

STEP 3: Support the Person's Breathing.

Supporting breathing is an important intervention and may be lifesaving on its own. Rescue breathing can be very

effective in supporting respiration, and chest compressions can provide ventilatory support.

- Rescue breathing for adults involves the following steps:
 - Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
 - Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
 - Place your mouth over the person's mouth to make a seal and give two slow breaths.
 - Watch for the person's chest (but not the stomach) to rise.
 - Follow up with one breath every 5 seconds.
- Chest compressions for adults involve the following steps:
 - Place the person on his or her back.
 - Press hard and fast on the center of the chest.
 - Keep your arms extended.

STEP 4: Assist Emergency Responders.

After emergency responders arrive on site, assist them with any requests they may have while tending to the individual experiencing the overdose. Keep other students and unnecessary persons out of the way and make sure the path is clear to the individual needing emergency assistance and back to an ambulance, if necessary. Continue to comply with 911 operator instructions until told to hang up.

DO's and DON'T's:

DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.

DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.

DO stay with the person and keep them warm.

DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum, or light pinching, the person may be unconscious.

DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.

DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.

DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into lungs can cause a fatal injury.

Discipline and Due Process for Students

The school's discipline, suspension, expulsion, and involuntary removal policies are in accordance with students' rights and with applicable law. As a charter school, the delineated suspension and expulsion offenses contained in California Education Code Section 48900 *et seq.* are not applicable to the school. However, the Board has reviewed those sections of California Education Code and utilized similar guidelines when they were deemed appropriate to the desired disciplinary environment of the school.

Board Policies

CalOPS follows formal due process procedures to deal with the discipline of students. Students are guaranteed due process of law. The discipline policies have been developed to identify the types of conduct subject to discipline, to offer an opportunity for a hearing in which the student may present evidence to defend his/her actions, and to ensure due process for the student. Discipline policies are approved by the Board and are reviewed regularly. The Board reviews the policies to be sure they are within all current legal guidelines and that

they are consistent with the school's mission and educational program.

Suspensions or expulsions for children designated as exceptional follow all appropriate state and federal policies, regulations, and laws. If a student with a disability violates a code of conduct, he or she will be disciplined according to the discipline measures described herein for up to 10 days. Upon subsequent violations that result in suspensions that exceed 10 days per school year or upon any recommendation for expulsion, the school will determine if the behavior manifested from the student's disability. If the school determines that the violation is not a manifestation of the student's disability, the school will apply the discipline procedures to the student in the same manner and for the same duration as the procedures would be applied to students without disabilities. However, if it is determined that the violation manifested from the student's disability, the school will conduct a functional behavior assessment and develop a behavior plan to address the behavior violation so that it does not recur.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. CalOPS will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities, for whom CalOPS has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by CalOPS for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardians right to request a hearing to challenge the involuntary removal. If a student's parent, guardian requests a hearing, CalOPS shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until CalOPS issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

CalOPS will use the following definitions:

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Superintendent or designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or CalOPS employee who referred the student to the Superintendent or designee.

The conference may be omitted if the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or CalOPS personnel. If a student is suspended without this conference, both the parent/guardian and the student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their

defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. The conference shall be held as soon as the student is physically able to return to school for the conference. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. If CalOPS officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Superintendent or designee, the student and the student's parent/guardian shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when CalOPS has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Superintendent or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial CalOPS Board of Directors following a hearing before it or by the CalOPS Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the CalOPS School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Superintendent or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act ("FERPA")) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the CalOPS disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at CalOPS to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

CalOPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by CalOPS or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

- a. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian, or legal counsel; and (c) elect to have the hearing closed while testifying.
- b. CalOPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
- c. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
- d. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
- e. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
- f. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

- g. If one or both of the support persons is also a witness, CalOPS must present evidence that the witness' presence is both desired by the witness and will be helpful to CalOPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
- h. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
- i. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
- j. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The Board of Directors shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

J. Written Notice to Expel

The Superintendent or designee, following a decision of the Board of Directors to expel, shall send written notice of the decision to expel, including the Board of Directors' adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Superintendent or designee shall send a copy of the written notice of the decision to expel to the chartering authority. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

K. Disciplinary Records

CalOPS shall maintain records of all student suspensions and expulsions at CalOPS. Such records shall be made available to the chartering authority upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from CalOPS as the CalOPS Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. CalOPS shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from CalOPS shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to CalOPS for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Superintendent or designee and the student and student's parent/guardian to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Superintendent or designee shall make a recommendation to the Board of Directors following the meeting regarding the Superintendent's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon CalOPS's capacity at the time the student seeks readmission or admission to CalOPS.

P. Notice to Teachers

CalOPS shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the CalOPS's Board policy on independent study, after missing the number of assignments indicated on the Master Agreement, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in

the student's best interest to remain in independent study, CalOPS may involuntarily remove the student after CalOPS follows the requirements of the Missed Assignment Policy or similar and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

- a. CalOPS shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that CalOPS or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

- a. Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

- a. Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, CalOPS, the parent/guardian and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and
- b. any relevant information provided by the parent/guardian to determine:
 - i. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
 - ii. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If CalOPS, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If CalOPS, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- i. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- ii. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- iii. Return the child to the placement from which the child was removed, unless the parent/guardian and CalOPS agree to a change of placement as part of the modification of the behavioral intervention plan.

If the CalOPS, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then CalOPS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or CalOPS believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or CalOPS the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and CalOPS agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if CalOPS believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian, or CalOPS may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

CalOPS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct. The Superintendent or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the CalOPS's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if CalOPS had knowledge that the student was disabled before the behavior occurred.

CalOPS shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to CalOPS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.

- c. The child's teacher, or other CalOPS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other CalOPS supervisory personnel.

If CalOPS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If CalOPS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. CalOPS shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by CalOPS pending the results of the evaluation.

CalOPS shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification of Dangerous Pupils

In accordance with state law, the Superintendent shall inform the teacher of a student who has committed any acts which constitute grounds for suspension or expulsion. Any information received by a teacher shall remain confidential and shall not be further disseminated.

Preventing Workplace Harassment

We unequivocally prohibit the harassment or intimidation of our employees based on age, race, color, religion, sex, pregnancy, gender identity, national origin, physical or mental disability, sexual orientation, marital status, veteran status, protected genetic information, or any other category protected by federal, state, or local law. We do not tolerate harassment or hostile actions in the workplace and take prompt action to correct any such situation.

Harassment is a form of discrimination that occurs when someone engages in unwelcome and reasonably offensive conduct based on a protected characteristic, and that conduct could adversely affect an employee's working conditions. This Policy applies to harassment of any employee by another employee, by a supervisor or manager, or by any other individual with whom an employee interacts in the course of his or her employment, including but not limited to customers, clients, vendors, suppliers, contractors, or other similar individuals.

Further, no employee will be punished or treated unfavorably because he or she refuses to submit to or participate in sexual harassment, and no employee will be rewarded or treated favorably because he or she submits to or participates in such conduct.

DEFINITION

Harassment can result from a broad range of actions, including, but not limited to:

- Verbal conduct: comments that could be considered harassing if they are likely to offend a reasonable person
- Visual conduct: visual materials that contribute to a hostile work environment by their sexually explicit or derogatory nature
- Physical conduct: touching that a reasonable person would find offensive
- Sexual Harassment: any unwelcome or unwanted conduct of a sexual nature, whether verbal, nonverbal, or physical, where:
 - It is expressed or implied that an employee's submission to or refusal of the conduct will have any effect on his or her employment, job assignment, wages, evaluation, promotion, training, future job opportunities, or other terms or condition of employment, or where such submission or refusal is used as a factor in decisions relating to the person's employment; or
 - The conduct substantially interferes with an individual's employment by creating an intimidating, hostile, or offensive work environment.

Some examples of sexually harassing conduct include, but are not limited to, the following:

- Unwanted sexual advances, or requests or demands for sexual favors or sexual acts;
- Verbal or physical conduct of a sexual nature that is not welcomed by another employee, such as repeated sexual flirtation, advances, innuendo, propositions, gestures, jokes, or mockery;
- The display or distribution of sexually-oriented objects, pictures, or literature, including illustrations, drawings or cartoons, including materials downloaded from computer systems via the internet, electronic mail, or other sources; or
- Any uninvited and unwelcome physical contact.

This Policy applies in the workplace and in any other work-related settings, such as business trips, sales meetings, conventions, or business-related social events: we expect employees to conduct themselves in a professional manner in the workplace and at any other time they are representing us. Such conduct is essential to promote quality work, and to ensure a work environment free of discrimination. Physical conduct of a sexual nature, even if welcomed by another employee, is prohibited in the workplace, or in any work-related setting.

Please refer to the online Harassment Training provided at the start of your employment for more detailed information on all forms of harassment and our policies on harassment.

INTERACTION WITH STUDENTS

Any employee who interacts with students in the course of their job should be familiar with and comply with the policies contained within the Student and Family Policy Catalog as it pertains to harassment or treatment of students. Harassment or treatment of a student that is prohibited by the Student and Family Policy Catalog is not tolerated and any employee who violates the policies in the Student and Family Policy Catalog may receive disciplinary action.

SANCTIONS

Any employee, supervisor, or manager, at any level, who violates this Policy, will be subject to discipline up to and including termination of employment.

COMPLAINT PROCEDURE

We encourage employees who believe they are being harassed to initially, where possible, inform the offender that his or her behavior is unwelcome, and ask the individual to stop the conduct. In addition, however, we encourage any employees who believe that they are being harassed or have been harassed to report the harassing conduct to Human Resources. In this way, we will be able to take action to stop the harassment before it becomes severe or pervasive.

If an employee believes that he or she is being or has been harassed, he or she should report the matter to Human Resources.

All complaints of harassment will be kept confidential to the extent reasonable and possible under the circumstances, and will be investigated promptly, thoroughly, and impartially.

If an investigation substantiates allegations of harassment, we will take immediate and appropriate corrective action that is designed to address, stop, and remedy the harassment, and to ensure that the harassment does not recur.

Any manager or supervisor who becomes aware of allegations of harassment must bring the allegations to the attention of Human Resources.

INVESTIGATION PROCEDURE

When an investigation is being conducted, Human Resources representatives will instruct and provide guidance

to participants of the investigation regarding confidentiality, and employees are expected to fully comply with these instructions in order to maintain the integrity of the investigation.

An employee who is questioned as part of an investigation must be forthcoming and candid in answering all questions and must not withhold information pertinent to the investigation.

Withholding information or providing false information during an investigation is a serious violation of this Policy and will subject an individual to disciplinary action, up to and including termination.

PROTECTION AGAINST RETALIATION

We prohibit any form of retaliation against an individual who makes a bona fide complaint of harassment, for assisting in a complaint investigation, for providing information in a complaint investigation, or for making any determination necessary under this Policy. Retaliation is a serious violation of this Policy, and any individual found to have retaliated against another person in violation of this Policy will be subject to discipline, up to and including termination of employment.

FALSE ACCUSATIONS OF MISCONDUCT

False and malicious complaints of harassment, as opposed to complaints which, even if erroneous, are brought in good faith, will result in appropriate discipline, up to and including termination.

AUTHORITY AND RESPONSIBILITY

If a supervisor or manager learns that an employee is suffering potentially harassing behavior, the supervisor or manager must act promptly to ensure that the harassing behavior is investigated, and if necessary, promptly stopped. All supervisors and managers are responsible for preventing employees from being subjected to harassment, and for reporting any complaint or incident of harassment to Human Resources immediately and at the very least within twenty-four (24) hours using the procedures outlined above. If an incident is not reported, but a manager is aware of potential harassment, this must also be reported immediately and at the very least within twenty-four (24) hours to Human Resources.

Supervisors, must immediately report any allegations of harassment that are learned of, even if the allegations are against themselves.

Once a supervisor learns of potentially harassing behavior, we have a legal duty to take prompt and effective action. This duty remains even if the complaining employee asks the supervisor to keep the matter confidential and to do nothing, especially if the alleged harassment is severe, ongoing, or potentially harmful to others.

Supervisors cannot promise to maintain complete confidentiality. Instead, supervisors must ensure that the potentially harassing behavior is reported to the appropriate officials as soon as possible. If the employee does not want to report the issue him or herself, the supervisor must do so.

Supervisors should address the employee's concerns and assure him or her that, while the supervisor cannot promise complete confidentiality, the matter will be kept as private as possible and that the employee will be protected from retaliation.

Supervisors should follow up with the employee periodically during the investigative process, as well as after the investigation has been completed, to ensure that he or she is not experiencing retaliation or further harassment.

WHISTLEBLOWER POLICY

A whistleblower as defined by this Policy is an employee who reports an activity that he/she considers to be illegal or dishonest to one or more managers of the employer. Examples of illegal or dishonest activities are violations of federal, state or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting.

If an employee has knowledge of or a concern of illegal or dishonest fraudulent activity, the employee is to contact his/her immediate supervisor and Human Resources. An employee who intentionally files a false report of wrongdoing will be subject to discipline up to and including termination.

The confidentiality of the whistleblower will be maintained to the extent that is reasonable. However, identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense. We prohibit retaliation against a whistleblower.

NON-RETALIATION

No employee will be retaliated against for reporting in good faith potential violations of any policy, or for filing, testifying, assisting with, or participating in any investigation, proceeding, or hearing conducted by the company or by a federal or state enforcement agency. Prohibited retaliation includes, but is not limited to, demotion, suspension, failure to give equal consideration in making employment decisions, failure to make employment recommendations impartially, adversely affecting working conditions, or otherwise denying an employment benefit.

Any individual who retaliates or attempts to retaliate will be subject to appropriate disciplinary action, up to and including termination of employment. If you feel that you have been retaliated against you should report this in writing to Human Resources.

It should be noted that frivolous complaints that have no merit upon investigation or which are made in clear and direct response to disciplinary actions against an employee with documented performance issues or policy violations will not protect the employee against further disciplinary action up to and including termination. However, such actions must clearly be directly related to the employee's own documented performance issues or policy violations.

ISSUE RESOLUTION PROCESS

We encourage open and direct lines of communication between employees at all levels of the organization. We respect the intelligence of our employees and their ability to speak for themselves. It benefits everyone when employees feel free to bring questions, suggestions and concerns directly to their managers. Examples of issues that should be handled through this resolution process include: concerns about the application of school policies and procedures within the school to school staff, parents and students; concerns about personnel decisions directly involving an individual or decisions affecting other individuals at the school; work conditions; questions about the competence and overall fitness of a colleague or a supervisor; and regulatory compliance.

Employees should follow the resolution process detailed below. Employees should always contact Human Resources immediately to deal with issues of discrimination or harassment as described in the Preventing Workplace Harassment policy of this Comprehensive School Safety Plan.

STEPS IN THE PROCESS

1. If the issue does not involve a violation of school policy or an ethical or regulatory requirement, meet with at least two levels of management. An employee must, in good faith, make every attempt to resolve the issue with his or her immediate manager and, if that is not successful, then with his or her next level manager. Fear of retaliation is not a legitimate reason to skip this step. If the issue does involve a violation of school policy or an ethical or regulatory requirement, then the employee should proceed directly to step 2.
2. If the immediate manager or the next level manager cannot resolve the issue, or if the issue involves a violation of school policy or an ethical or regulatory requirement, it is important to describe the issue, the desired result, and your proposed solution to the issue. This step should occur as soon as possible after the occurrence of the problem.
3. If the issue relates to a personnel matter or work condition, contact Human Resources. After an employee

fully describes the issue, Human Resources will help them and their manager consider how policies, procedures, and practices relate for the issue. Often, the policies in this Comprehensive School Safety Plan or in the Employee Handbook will dictate a resolution to the issue. If the issue involves a school policy or an ethical or regulatory requirement, contact a member of the school management team. Human Resources can provide you with the name of the appropriate contact or you can ask them to contact the appropriate individual on your behalf.

4. If your issue is not resolved by either Human Resources or School Services, you can request that your matter be presented to your school's governing body (if applicable) for final consideration or you can contact them directly. The contact information for your school's governing body is located on your school's web site.

(see also the CalOPS Employee Handbook)

Dress Code (including Gang-Related Apparel)

Any clothing worn or displayed at a school sponsored event that could reasonably be determined to threaten the health and safety of the school environment will be prohibited. Such determination will be made by on site administration or other school staff.

Safe and Orderly Environment

Required Student Safety Trainings for School Staff

CalOPS takes student safety and well-being very seriously, and believes that students should be able to learn in a safe and comfortable environment. Therefore, in addition to the comprehensive set of required courses and trainings for school staff that focus on educational practices, teachers are required to take two courses that focus specifically on student safety:

- Internet Safety: This course provides valuable information about practicing safe behaviors online.
- Students in Distress: Recognizing and Responding: This course is designed to ensure teachers and other school staff are familiar with the signs of student distress and know how to respond promptly and professionally when they observe such signs or behaviors.

All members of school staff must complete the trainings at the beginning of the school year, and refer to the trainings throughout the year as needed. School leadership tracks staff completion of these trainings to ensure all staff members have completed the trainings in the required time frame. Caretakers and Learning Coaches are asked to communicate and collaborate with teachers and other school staff as they work to fulfill their professional roles in supporting student safety and well-being. They are asked to involve additional parties as appropriate to address concerns, and to always keep student safety and well-being at the center of the conversation.

(see also the CalOPS Student and Family Policy Catalog)

Restriction on High Intensity Active Shooter Drills

Active Shooter response drills are not presently called for in this school safety plan, however, if any lockdown drills are ever held, they shall not be high-intensity drills, as that term is defined in Education Code section 32282, subdivision (a)(2)(K) and shall otherwise correspond to the limitations in the law for lockdown drills at public schools.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

CalOPS takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at a school site or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anononymously if

necessary—to the school leader.

A report can be sent by a legible written note, by email, or by telephone to the school leader. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

The school leader shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Instructional Continuity Plan (ICP)

2026 Instructional Continuity Plan (ICP)

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this plan applies:

California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Introduction and Purpose

The 2026 Instructional Continuity Plan (ICP) for California Online Public Schools establishes comprehensive procedures to ensure high-quality, equitable access to instruction during emergency-related disruptions. This plan fulfills California Education Code Section 32282(a)(3)(A) as added by SB 153 and outlines protocols to uphold the educational, social-emotional, and safety needs of all students, in alignment with state statutes. The ICP is designed for integration into the Comprehensive School Safety Plan (CSSP) and serves as a guiding document for emergency response, instructional delivery, and seamless transitions between remote and in-person modalities.

Activation, Authority, and Scope

The ICP is activated in response to emergencies that cause a temporary closure or significant disruption of school operations. Authority to activate and implement this plan resides with the Superintendent or designee of California Online Public Schools in consultation with the school board and site administrators. The ICP applies to all schools and programs under the jurisdiction of California Online Public Schools, ensuring comprehensive instructional continuity for all students. This plan is relevant to support requests for J-13A waivers beginning in the 2026–27 fiscal year in accordance with EC §§ 32282, 51747, and 51749.5.

Engagement with Pupils and Families

Engagement protocols will be initiated as soon as practicable, but no later than five calendar days following an emergency.

- Day 1–2: Initiate rapid needs assessment; provide immediate communications regarding emergency impact.
- Day 3–4: Establish and publicize two-way communication channels (e.g., phone, SMS, email, online platforms); distribute surveys or outreach forms to identify pupil and family needs.
- By Day 5: Ensure all families receive personalized contact, with particular attention to social-emotional, mental health, and academic needs.

- Ongoing: Monitor and respond to individual circumstances; provide interpreter services and translations as needed.

Access to Instruction

- Day 5–9: Deliver instructional materials (digital and/or print); provide devices or hotspots to students lacking reliable technology access.
- By Day 10: Initiate remote instruction, in alignment with EC §§ 51747 and 51749.5 for independent study where applicable.

Students will access remote instruction consistent with independent study requirements, ensuring full participation for all pupils.

- Transitional Kindergarten (TK)–Grade 3: Daily synchronous (live) instruction required.
- Grades 4–8: Daily live interaction and at least weekly synchronous instruction; content rigor must be equivalent to in-person expectations.
- Secondary Grades: Synchronous and/or live interaction as required to ensure equivalent access and academic rigor.

For remote instruction, all expectations will align with EC §§ 51747 and 51749.5, including teacher availability, academic progress monitoring, and engagement verification. All lesson delivery methods will ensure compliance with state standards and provide opportunities for individualized support as needed.

Access (Equity, Accessibility, and Inclusion)

California Online Public Schools ensures all students have equitable access to instructional materials and supports, including but not limited to technology, connectivity, and instructional resources.

- Distribution of learning devices (e.g., laptops, tablets) and mobile hotspots.
- Provision of printed materials for families unable to access online resources.
- Accommodations and supports for students with disabilities, including accessible instructional materials and specialized services.
- Language services and translated communication for English learners and their families.

- Implementation of communication resilience protocols, including backup methods in case of power, internet, or infrastructure disruptions.

Professional Learning

Staff will receive ongoing professional learning to effectively deliver instruction during emergencies, including the use of remote learning platforms, universal design for learning principles, accessibility strategies, and trauma-informed practices. Training will address best practices in synchronous and asynchronous instruction, effective communication with families, and support for students with diverse needs.

Well-Being and Support Services

California Online Public Schools will maintain continuity of support services, with special emphasis on social-emotional, mental health, counseling, attendance, and reengagement supports. Emergency food and nutrition services will continue or be resumed promptly.

- Counseling and social-emotional resources provided remotely and/or on-site as circumstances allow.
- Referrals and access to mental and mental health professionals.
- Continuous monitoring of student attendance and engagement; proactive outreach to students at risk of disengagement.
- Collaborative coordination with local agencies for wraparound support.

Site-Based Collaboration

Collaboration among site-based teams will continue throughout emergency disruptions. Grade-level, content-area, and multi-disciplinary teams will convene (virtually or in-person) to assess instructional progress, coordinate support services, and identify strategies to address emerging needs. Structured meeting schedules and feedback mechanisms will ensure timely sharing of information and effective problem-solving.

Return to Site-Based Learning / Transition Back to In-Person Instruction

Instructional schedules and expectations will return to regular models as soon as safely possible, with special accommodations and supports during transition periods as necessary.

Integration with Comprehensive School Safety Plan (CSSP)

This ICP is a required component of the California Online Public Schools Comprehensive School Safety Plan (CSSP), ensuring alignment with all aspects of emergency preparedness, crisis response, and post-emergency recovery. Adoption and implementation of the ICP supports the institution's readiness to request J-13A waivers in alignment with EC §§ 32282, 51747, and 51749.5 beginning in 2026–27.

Review and Updates of the ICP

The ICP will be reviewed and, as necessary, updated annually in coordination with the review cycle for the CSSP. Stakeholder input, regulatory updates, and after-action assessments will inform all revisions to maintain plan relevance and efficacy.
